§201.85 Commencement of functions of Office of Hearing Examiners.

In proceedings handled by the Office of Hearing Examiners, its functions shall attach upon notice of the institution of a formal proceeding involving a prehearing conference and/or a hearing by the Administration.

§201.86 [Reserved]

§201.87 Authority of presiding officer.

The officer designated to hear a case shall have authority to arrange and issue notice of the date, time and place of hearings; under appropriate circumstances consolidate dockets for joint hearing; sign and issue subpoenas authorized by law; take or cause depositions to be taken; rule upon proposed amendments or supplements to pleadings; hold conferences for the settlement or simplification of matters embraced in the proceedings; regulate the course of the hearing; prescribe the order in which evidence shall be presented; dispose of procedural requests or similar matters; hear and initially rule upon all motions and petitions before him; administer oaths and affirmations; examine witnesses, direct witnesses to testify or produce available evidence and to submit reports, studies

and analyses of data available to them which may be generally relevant and material to the determination of any questions of fact in issue; rule upon offers of proof and receive competent, relevant, material, reliable, and probative evidence; exclude irrelevant, immaterial, unreliable, repetitious or cumulative evidence; exclude cross-examination which is primarily intended to elicit self-serving declarations in favor of the witness; and limit cross-examination of any questions of fact in issue; for a full and true disclosure of the facts in issue; act upon petitions to intervene; act upon submission of facts, or argument; initially consider offers of settlement or other proposals of adjustment upon which recommendations to the Administration may be made; hear oral argument at the close of testimony; fix the time for filing briefs, motions and other documents to be filed in connection with hearings and replies thereto; and issue the initial or recommended decisions and dispose of any other pertinent matter that normally and properly arises in the course of proceedings. When the presiding officer is unavailable for any reason, and the exercise of any of his powers and functions, as described herein, is due, timely, and necessary, the Chief Hearing Examiner may exercise such powers and functions until the presiding officer becomes available or until his successor is designated.

§201.88 Postponement or change of place by presiding officer.

If, in the judgment of the presiding officer, convenience or necessity so requires he may postpone the time or change the place of hearing.

§201.89 Disqualification of presiding officer.

Any presiding officer may at any time withdraw if he deems himself disqualified, in which case another presiding officer will be designated. If a party to a proceeding, or his representative, files in good faith a timely and sufficient affidavit of personal bias or disqualification of a presiding officer, the Administration will determine the matter as a part of the record and decision in the case.

Subpart I—Summary Disposition (Rule 9)

§201.91 Filing of motions, answers.

Any party or (if a petition to intervene shall have been filed but not have been acted upon) any prospective party may at or before the first prehearing conference in any proceeding, or at such later time as might be allowed by the presiding officer, move with supporting affidavits for a summary disposition in his favor of all or any part of the proceeding. Any adverse party may within 20 days serve opposing affidavits or may countermove for summary disposition. Oral argument thereon may be granted in the discretion of the presiding officer.

§201.92 Ruling on motion.

The presiding officer may grant such motion if the application, motion, or other pleadings, affidavits or depositions, if any, and matters of official notice show that there is no genuine issue as to any material facts, that there is no necessity that further facts be developed in the record, and that such party is entitled to a decision as a matter of law.

§201.93 Review of ruling, appeal.

The order of the presiding officer denying a motion for summary disposition shall be subject to interlocutory appeal under the provisions of §201.123. An order granting a motion for summary disposition is automatically reviewable by the Administration in accordance with the provisions of §201.133 and shall not be final until acted upon by the Administration.

Subpart J—Prehearing Conference; Settlements; Procedural Agreements (Rule 10)

§201.101 Prehearing conference.

Prior to any hearing a prehearing conference may be held before the presiding officer. Written notice of a prehearing conference shall be transmitted by the Secretary of the Administration or the Chief Hearing Examiner

to all parties of record including persons whose petitions for leave to intervene in the proceeding have not theretofore been granted, and where practicable, by general release to the public press.

(a) At the prehearing conference the following matters, among others, shall be considered: (1) Petitions for leave to intervene; (2) motions for consolidation or severance of dockets for joint or separate hearing to the extent that the Administration has not theretofore taken specific action; (3) simplification and delineation of the issues to be heard; (4) designation of matters in respect of which official notice may be taken; (5) requests for discovery and production of evidence considered to be generally relevant and material to the issues in the proceeding; (6) stipulations; (7) limitation of number of witnesses, particularly the avoidance of duplicate expert witnesses; (8) procedure applicable to the proceeding; (9) offers of settlement, as hereinafter to be more particularly discussed in §201.103; and (10) scheduling of the dates for exchange of exhibits, written testimony both affirmative and rebuttal and establishing the date, time and place for hearing.

(b) If deemed necessary or appropriate, the presiding officer may also, on his own motion, or on motion of Public Counsel direct any party to a proceeding to prepare and submit exhibits setting forth studies, forecasts, or estimates on matters relevant and material to the issues in the proceeding to be sponsored by witnesses available for cross-examination thereon.

§201.102 Prehearing rulings.

The presiding officer will, where practicable, issue prehearing rulings, acting on petitions for leave to intervene, delineating the issues, summarizing the rulings made at the conference, specifying a schedule for the exchange of exhibits and written testimony, the date, time and place of hearing and specifying a time for the filing of exceptions to the rulings. The prehearing rulings shall be served upon all parties to the proceeding and any persons who participated in the conference. Exceptions to the prehearing rulings may be filed by any such party or person with-

in the time specified therein. The presiding officer may serve amended rulings in the light of the exceptions presented. Such rulings and amendments, if any, shall constitute the official account of the conference and shall control the subsequent course of the proceeding, but they may be reconsidered and modified at any time to protect the public interest or to prevent injustice.

§201.103 Opportunity for agreement of parties and settlement of case.

Where time, the nature of the proceeding, and the public interest permit, all interested parties shall have the opportunity for submission to and consideration by the presiding officer of offers of settlement, or proposals of adjustment together with facts and/or arguments relevant to such offers or proposals without prejudice to the rights of the parties. The presiding officer need not be present at any negotiations of such nature. The presiding officer shall issue an initial or recommended decision thereon recommending approval or disapproval of such offer of settlement or proposal of adjustment to the Administration for final action thereon. No agreement, offer, or proposal shall be admissible in evidence over the objection of any party in any hearing on the matter. When any settlement does not dispose of the whole proceeding, the remaining issues shall be determined in accordance with sections 7 and 8 of the Administrative Procedure Act.

Subpart K—Discovery and Depositions (Rule 11)

§201.109 Discovery and production of documents.

Upon request of any party showing good cause therefor, at the prehearing conference or otherwise upon notice to all other parties, the Administration or presiding officer may direct any party to produce and permit the inspection and copying or photographing, by or on behalf of the moving party, of any designated documents, papers, books, accounts, letters, photographs, objects, or tangible things, not privileged which constitute or contain evidence relating to any matter, not privileged, which is

relevant to the subject matter involved in the pending proceeding, and which are in his possession, custody or control. The order shall specify the time, place, and manner of making the inspection and taking the copies and photographs and may prescribe such terms and conditions as are just. In lieu of such inspections the material may be produced in exhibit form and served upon all parties to a formal proceeding. Such exhibits may also, upon request of any party, be offered in evidence at a hearing.

§ 201.110 Depositions: request for orders to take; time of filing.

The Administration or presiding officer may, upon proper request of a party to a proceeding or under circumstances deemed proper, issue an order to take a deposition regarding any matter, not privileged, which is relevant to the subject matter involved in the proceedings. A motion to take a deposition shall be filed not less than fifteen (15) days before the proposed date for taking the deposition, unless a shorter period is fixed under § 201.54, and shall set forth the reason for the deposition, the place and time of taking, the officer before whom it is to be taken, the name and address of each witness to be examined, if known, and, if the name is not known, a general description sufficient to identify him or the particular class or group to which he belongs, and whether the deposition is to be based upon written interrogatories or upon oral examination. If the deposition is to be based upon oral examination, the motion shall contain a statement of the matters concerning which each witness will testify. If the deposition is to be based on written interrogatories, the motion shall be accompanied by the interrogatories to be propounded, serially numbered. Copies of all motions to take depositions, and accompanying interrogatories, if any, shall conform to the requirements of subpart D of this part. Objection to the taking of such depositions may be made in an answer to such motion. Without prejudice to objection, the answer may also state objection to any individual interrogatory, and if the deposition is permitted, the presiding officer will rule upon such objections to interroga-

tories. A party served with an order to take a deposition on written interrogatories shall have ten (10) days after date of service of such order unless a shorter period is fixed under § 201.54, within which to file and serve written cross interrogatories, which shall be served pursuant to subpart D of this part. Answers to applications for cross interrogatories may be filed in accordance with § 201.80. Upon the issuance of an order by the Administration or the presiding officer for the taking of a deposition, the Docket Clerk shall mail a copy thereof to all parties, including the party who requested the deposition. An application to take a deposition in a foreign country will be entertained when necessary or convenient, and authority to take such deposition will be granted upon such notice and other terms and directions as are lawful and appropriate.

§ 201.111 Contents of order.

The order issued authorizing the taking of a deposition will state the name and address of each witness or a general description sufficient to identify him or the particular class or group to which he belongs, the matters concerning which the witness may be questioned, the place where, the time when, and the officer before whom the deposition is to be taken, any or all of which may or may not be the same as set forth in the motion filed. If the deposition is to be taken upon written interrogatories, a list of the interrogatories will accompany the order.

§ 201.112 Record of examination; oath; objections.

The officer before whom the deposition is to be taken shall put the witness under oath and shall personally, or by someone acting under his direction and in his presence, record the testimony of the witness. The testimony shall be taken stenographically, shall be translated to English, if necessary, and shall be transcribed unless the parties agree otherwise. All objections made at the time of the examination to the qualifications of the officer taking the deposition, or to the manner of taking it, or to the evidence presented, or to the conduct of any party, and any other objections to the proceedings,

shall be noted by the officer upon the deposition. Any party served with a notice to take an oral deposition may cross-examine a witness whose testimony is taken under such deposition. In lieu of cross-examination, parties served with notice of taking a deposition may transmit written interrogatories or cross-interrogatories to the officer taking the deposition, who shall propound them to the witness and record the answers verbatim together with any objections interposed thereto by adverse parties.

§ 201.113 Submission to witness, changes, signing.

When the testimony is fully transcribed the deposition of each witness shall be submitted to him for examination and shall be read to or by him. Any changes in form or substance which the witness desires to make shall be entered upon the deposition by the officer with a statement of the reasons given by the witness for making them. The deposition shall then be signed by the witness, unless the parties by stipulation waive the signing or the witness is ill or cannot be found or refuses to sign. If the deposition is not signed by the witness, the officer shall sign it and state on the record the fact of the waiver or of the illness or absence of the witness or the fact of the refusal to sign, together with the reason, if any, given therefor; and the deposition may then be used as fully as though signed, unless upon objection the presiding officer holds that the reasons given for the refusal to sign require rejection of the deposition in whole or in part.

§ 201.114 Certification and filing by officer; copies.

The officer taking the deposition shall certify on the deposition that the witness was duly sworn by him and that the deposition is a true record of the testimony given by the witness, and that said officer is not of counsel or attorney to either of the parties and is not directly or indirectly interested in the outcome of the proceeding or investigation. He shall then securely seal the deposition in an envelope endorsed with the title of the proceeding and marked "Deposition of (here insert

name of witness)", and shall promptly send the original and two copies thereof, together with the original and two copies of all exhibits, by registered mail to the Administration. Parties shall make their own arrangements with the officer taking the deposition for copies of the testimony and exhibits.

§ 201.115 Waiver of objections and admissibility.

Objections to the form of question and answer shall be made before the officer taking the deposition by parties or representatives present, and if not so made, shall be deemed waived. Depositions shall, when offered at the hearing, be subject to proper legal objections.

§ 201.116 Time of filing.

Any depositions to be offered in evidence shall be filed with the presiding officer not later than the close of the offering party's presentation.

§ 201.117 Inclusion in record.

No deposition or part thereof shall constitute a part of the record in any proceeding until received in evidence.

§ 201.118 Witness fees; expenses of taking depositions.

Witnesses whose depositions are taken pursuant to the regulations in this part, and the officer taking such deposition, shall severally be entitled to the same fees and mileage as are paid in the courts of the United States. All expenses of taking such depositions shall be paid by the party at whose instance the deposition is taken.

Subpart L—Subpoenas (Rule 12)

§ 201.121 Application for subpoena ad testificandum.

An application for a subpoena requiring attendance of a witness at a hearing may be made without notice by any party to the presiding officer, or, in the event that a presiding officer has not been assigned to a proceeding or the presiding officer is not available, to the Chief Hearing Examiner, for action by him or by a member of the Administration. A subpoena for the attendance of

a witness shall be issued on oral application at any time and shall be issued upon request of any interested party upon tender of an original and two copies of such subpoena. A record of the issuance of such a subpoena shall be entered in the docket.

§ 201.122 Application for subpoena duces tecum.

An application for a subpoena duces tecum for documentary or tangible evidence shall be in duplicate except that for good cause shown it may be made during the course of a hearing on the record to the presiding officer. Such application need not be served upon all parties. All such applications, whether written or oral, shall contain a statement or showing of general relevance and reasonable scope of the evidence sought and shall be accompanied by an original and two copies of the subpoena sought which shall describe the documentary or tangible evidence to be subpoenaed with as much particularity as is feasible.

§ 201.123 Standards for issuance of subpoena duces tecum.

The officer considering any application for a subpoena duces tecum shall issue the subpoena requested if he is satisfied the application complies with this section and the request is not unreasonable, oppressive, excessive in scope or unduly burdensome. No attempt shall be made to determine the admissibility of evidence in passing upon an application for a subpoena duces tecum and no detailed or burdensome showing shall be required as a condition to the issuance of any subpoena.

§ 201.124 Service and quashing of subpoenas.

Subpoenas issued under this section may be served upon the person to whom directed in accordance with subpart D of this part. Any person upon whom a subpoena is served may within seven (7) days after service or at any time prior to the return date thereof, whichever is earlier, file a motion to quash or modify the subpoena with the officer who issued the subpoena for action by him, and serve a copy of such motion to quash upon the party re-

questing the subpoena. If the person to whom the motion to modify or quash the subpoena has been addressed or directed has not acted upon such a motion by the return date, such date shall be stayed pending his final action thereon. The Administration may at any time review, upon its own initiative, the ruling of the officer denying a motion to quash a subpoena. In such cases, the Administration may at any time order that the return date of a subpoena which it has elected to review be stayed pending Administration action thereon.

§ 201.125 Attendance and mileage fees.

Persons attending hearings under requirement of subpoenas are entitled to the same fees and mileage as in the courts of the United States, to be paid by the party at whose instance the persons are called.

§ 201.126 Service of subpoenas.

If service of subpoena is made by a United States marshal or his deputy, such service shall be evidenced by his return thereon. If made by any other person, such person shall make affidavit thereto, describing the manner in which service is made, and return such affidavit on or with the original subpoena. In case of failure to make service, the reasons for the failure shall be stated on the original subpoena. In making service the original subpoena shall be exhibited to the person served, shall be read to him if he is unable to read, and a copy thereof shall be left with him. The original subpoena, bearing or accompanied by required return, affidavit, or statement, shall be returned without delay to the Administration, or if so directed on the subpoena, to the presiding officer before whom the person named in the subpoena is required to appear.

§ 201.127 Subpoena of Administration employees, documents, or things.

No subpoena for the attendance of an Administration officer or employee, or for the production of Administration documents or things shall be complied with except upon written authorization of the General Counsel upon written application by the party requesting the subpoena.

Subpart M—Hearing Procedures (Rule 13)

§ 201.131 Presentation of evidence.

(a) *Testimony.* Where appropriate, the Presiding officer may direct that the testimony of witnesses be prepared in written exhibit form and shall be served at designated dates in advance of the hearing. Evidence as to events occurring after the exhibit-exchange dates shall be presented by a revision of exhibits. Witnesses sponsoring exhibits shall be made available for cross-examination. However, unless authorized by the presiding officer, witnesses will not be permitted to read prepared testimony into the record. The evidentiary record shall be limited to factual and expert opinion testimony. Argument will not be received in evidence but rather should be presented in opening and/or closing statements of counsel and in briefs to the presiding officer subsequently filed.

(b) *Exhibits.* All exhibits and responses to requests for evidence shall be numbered consecutively by the party submitting same and appropriately indexed as to number and title and shall be exchanged on dates prior to the hearing prescribed in the pre-hearing rulings. Written testimony should be identified alphabetically. Two copies shall be sent to each party and two to the presiding officer. No response to a request for evidence will be received into the record unless offered and received as an exhibit at the hearing. The exhibits, other than the written testimony, shall include appropriate footnotes or narrative material explaining the source of the information used and the methods employed in statistical compilations and estimates and shall contain a short commentary explaining the conclusions which the offeror draws from the data. Rebuttal exhibits should refer specifically to the exhibits being rebutted. Where one part of a multipage exhibit is based upon another part, appropriate cross-reference should be made. The principal title of each exhibit should state precisely what it contains and may also contain a statement of the purpose for which the exhibit is offered. However, such explanatory statement, if phrased in an argumentative fashion, will not

be considered as a part of the evidentiary record. Additional exhibits pertinent to the issues may be submitted in a proceeding with the approval of the presiding officer.

(c) *Cooperation on basic data.* Parties having like interests are specifically encouraged to cooperate with each other in joint presentations particularly in such items as basic passenger, cargo, and scheduling data compiled from official or semiofficial sources, and any other evidence susceptible to joint presentation. Duplicate presentation of the same evidence should be avoided wherever possible.

(d) *Authenticity.* The authenticity of all documents submitted as proposed exhibits in advance of the hearing shall be deemed admitted unless written objection thereto is filed prior to the hearing, except that a party will be permitted to challenge such authenticity at a later time upon a clear showing of good cause for failure to have filed such written objection.

(e) *Statement of position and trial briefs.* A written statement of position should be exchanged by all counsel with copies to all other parties prior to the beginning of the hearing: *Provided, however,* That Public Counsel or counsel for a public body which has intervened as its interests may appear, may offer his statement of position at the conclusion of the evidentiary hearing, unless such is impracticable. This statement should include a showing of the theory of the case of the party submitting the statement and will not be subject to cross-examination. Trial briefs are acceptable but will not be required.

§ 201.132 Conduct of the hearing.

(a) *Order of presentation.* Normally the order of presentation at the hearing will be alphabetical in each of the following categories:

- (1) MarAd statistical material.
- (2) Shipper interests, United States and foreign government departments.
- (3) Applicants.
- (4) Intervenor.
- (5) Public counsel.

Normally, rebuttal should be presented without any adjournment in the proceedings.

(b) *Burden of proof.* The burden of proof shall be (1) upon an applicant for any form of government aid or grant; and (2) upon a proponent for the issuance of any rule or order within the jurisdiction of the Administration. The burden of going forward with rebuttal evidence in proceedings involving matters under paragraphs (b) (1) and (2) of this section shall fall upon opposing intervenors. Whenever an intervenor is permitted by the presiding officer to raise or advance a new issue in the proceeding, the burden of proof as to such issue shall fall upon such intervenor. If the burden of proof is met as to such new issue, the other parties shall have the burden of going forward with rebuttal evidence in such regard.

(c) *Requirement for submission of corrected copies of exhibits.* Each party shall present three fully corrected copies of its exhibits to be offered in evidence, one for the docket and two for the presiding officer.

(d) *Offer of exhibits in evidence.* The exhibits and written testimony sponsored by each witness shall be offered in evidence at the close of his direct examination to the extent practicable. After ruling upon motions to strike they shall be received in evidence subject to cross-examination. The presiding officer, in his discretion, may defer such ruling until after completion of cross-examination.

(e)(1) *Cross-examination.* Cross-examination shall be limited to the scope of the direct examination and, except for Public Counsel and counsel for public bodies which have intervened as their interests may appear, to witnesses whose testimony is adverse to the party desiring to cross-examine—this being intended specifically to prohibit so-called “friendly cross-examination”. Cross-examination, which is not necessary to test the truth and completeness of the direct testimony and exhibits, will not be permitted.

(2) *Re-cross-examination.* Second rounds of cross-examination normally will not be permitted unless it is necessary to cover new matters raised by a subsequent examination. Cross-examination of any particular witness shall be limited to one attorney for each party and shall not include subjects

which are not germane to the interest represented by the cross-examiner.

(f) *Oral motions.* Oral presentation on any motion or objection shall be limited to the party or parties making the motion or objection and the party or parties against which the motion or objection is directed and Public Counsel. Such presentation shall also be limited to one attorney for each party.

(g) *Official notice; public document items.* Whenever there is offered (in whole or in part) a public document, such as an official report, decision, opinion, or published scientific or economic statistical data issued by any of the executive departments (or their subdivisions), legislative agencies or committees, or administrative agencies of the Federal Government (including Government-owned corporations), or a similar document issued by a State or its agencies, and such document (or part thereof) has been shown by the offerer to be reasonably available to the public, such document need not be produced or marked for identification, but may be offered for official notice as a public document item by specifying the document or relevant part thereof.

(h) *Oral argument at hearings.* A request for oral argument at the close of testimony will be granted or denied by the presiding officer in his discretion.

§ 201.133 Appeal from ruling of presiding officer.

Rulings of presiding officers may not be appealed prior to, or during the course of, the hearing except where the presiding officer has granted a Motion for Summary Disposition under subpart I of this part, or in extraordinary circumstances where prompt decision by the Administration is necessary to prevent unusual delay, expense, or detriment to the public interest, in which instances the matter shall be referred forthwith by the presiding officer to the Administration. Any such appeal shall be filed within fifteen (15) days from the date of the ruling by the presiding officer.

§ 201.134 Separation of functions.

The separation of functions as required by section 5(c) of the Administrative Procedure Act shall be observed

in adversary proceedings involving controverted factual issues arising under the regulations in this part.

Subpart N—Evidence (Rule 14)

§ 201.136 Evidence admissible.

In any proceeding under the regulations in this part all evidence which is relevant, material, reliable and probative, and not unduly repetitious or cumulative shall be admissible. Irrelevant and immaterial or unduly repetitious or cumulative evidence shall be excluded.

§ 201.137 Rights of parties as to presentation of evidence.

Every party shall have the right to present his case or defense by oral or documentary evidence, to submit rebuttal evidence, and to conduct such cross-examination as may be required for a full and true disclosure of the facts.

§ 201.138 Unsponsored written material.

(a) *Material that may be deemed evidence.* Where a formal hearing is held, a party shall be afforded an opportunity to participate through submission of relevant, material, reliable and probative written evidence including official notice matters covered in § 201.132(g): *Provided*, That such evidence submitted by persons not present at the hearing will not be made a part of the record if opposed to by any party for good cause shown.

(b) *Material that may not be deemed evidence.* Letters expressing views or urging action and other unsponsored written material in respect of matters embraced in, or related to, a formal hearing will be placed in the correspondence section of the docket of the proceeding. These data are not to be deemed part of the evidence or part of the record in the material unless sponsored at the public hearing by an authenticating and supporting witness.

§ 201.139 Documents containing matter both material and not material.

Where written matter offered in evidence is embraced in a document containing other matter which is not intended to be offered in evidence, the

party offering shall present the original document to all parties at the hearing for their inspection, and shall offer a true copy of the matter which is to be introduced unless the presiding officer determines that the matter is short enough to be read into the record. Opposing parties shall be afforded an opportunity to introduce in evidence, or by stipulations other portions of the original document which are material and relevant.

§ 201.140 Records in other proceedings.

When any portion of the record before the Administration in any proceeding other than the one being heard is offered in evidence, a true copy of such portion shall be presented for the record in the form of an exhibit unless the parties represented at the hearing stipulate upon the record that such portion may be incorporated by reference.

§ 201.141 Stipulations.

The parties may, by stipulation in writing filed at the prehearing conference, or by written or oral stipulation presented at the hearing or by written stipulation subsequent to the hearing, agree upon any facts involved in the proceeding and include them in the record with the consent of the presiding officer. Proposed written stipulations shall be subscribed by the sponsors and served upon all parties of record. Only upon acceptance by all parties to the proceeding may a stipulation be noted for the record or received as evidence.

§ 201.142 Further evidence required by presiding officer during hearing.

At any time during the hearing the presiding officer may call for the production of further relevant and material evidence, reports, studies, and analyses upon any issue, and require such evidence, where available, to be presented by the party or parties concerned, either at the hearing or adjournment thereof in accordance with § 201.132(b). Such material shall be received subject to appropriate motions, cross-examination and/or rebuttal. If a witness refuses to testify or produce

the evidence as requested, the presiding officer shall report such refusal to the Administration forthwith.

§201.143 Exceptions to rulings of presiding officer unnecessary.

Formal exceptions to rulings of the presiding officer are unnecessary. It is sufficient that a party, at the time the ruling of the presiding officer is made or sought, makes known the action which he desires the presiding officer to take or his objection to an action taken, and his grounds therefor.

§201.144 Offer of proof.

An offer of proof made in connection with an objection taken to any ruling of the presiding officer rejecting or excluding proffered oral testimony shall consist of a statement of the substance of the evidence which counsel contends would be adduced by such testimony; and, if the excluded evidence consists of evidence in documentary or written form or of reference to documents or records, a copy of such evidence shall be marked for identification and shall accompany the record as the offer of proof.

Subpart O—The Record: Contents; Development; Perfection; Confidential Treatment (Rule 15)

§201.146 Receipt of documents after hearing.

Documents to be submitted for the record after the close of the hearing will not be received in evidence except upon ruling of the presiding officer. Such documents when submitted shall be accompanied by proof that copies have been served upon all parties, who shall have an opportunity to comment thereon; and shall be received not later than ten (10) days after the close of the hearing except for good cause shown, and not less than ten (10) days prior to the date set for filing briefs. Exhibit numbers should be assigned by counsel or the party. In computing the time within which to file such documents or other writings the five (5) additional days provided in §201.54 shall not apply. Documents which are submitted but do not comply with the provisions

of this rule will be filed in the correspondence section of the docket.

§201.147 Official transcript.

The Administration will designate the official reporter for all hearings. The official transcript of testimony taken, together with any exhibits and any briefs or memoranda of law filed therewith shall be filed with the Administration. Transcripts of testimony will be available in any proceeding under the regulations in this section, and will be supplied by the official reporter to the parties and to the public except when required for good cause to be held confidential, at rates not to exceed the maximum rates fixed by the contract between the Administration and the reporter.

§201.148 Corrections of transcript.

Motions made at the hearing to correct the record will be acted upon by the presiding officer. Motions made after the hearing to correct the record as to matters of substance rather than form, shall be filed with the presiding officer within ten (10) days after receipt of the transcript, unless otherwise directed by the presiding officer, and shall be served on all parties. Such motions may be in the form of a letter and shall certify the date when the transcript was received. If no objections are received within ten (10) days after date of service, the transcript will, upon approval of the presiding officer, be changed to reflect such corrections. If objections are received, the motion will be acted upon with due consideration of the stenographic record of the hearing.

§201.149 Copies of data or evidence.

Every person compelled to submit data or evidence shall be entitled to retain or procure a copy of transcript thereof on payment of proper costs.

§201.150 Record for decision.

The transcript of testimony and exhibits, together with all papers and requests (except the correspondence section of the docket), including rulings and any recommended or initial decisions filed in the proceeding shall constitute the exclusive record for decision. Final decisions will be predicated

on the same record, including the initial decision of the presiding officer.

§201.151 Objections to public disclosure of information.

Upon objection to public disclosure of any information sought to be elicited during a hearing, and a showing of cause satisfactory to the presiding officer, the witness shall disclose such information only in the presence of the presiding officer, official reporter and such attorneys or representatives of each party with demonstrated interests, as the presiding officer shall determine and after all present have been sworn to secrecy. The transcript of testimony shall be held confidential. Within five (5) days after such testimony is given, or document received, the objecting party shall file with the presiding officer a verified written motion to withhold such information from public disclosure, setting forth sufficient identification of same and the basis upon which public disclosure should not be made. Copies of said transcript and motion need not be served upon any other parties than those sworn to secrecy unless so ordered by the presiding officer.

Subpart P—Briefs, Requests for Findings, Decisions, Exceptions (Rule 16)

§201.155 Briefs; request for findings.

The time for filing briefs to the presiding officer, and extensions thereof, shall be fixed by him. The period of time allowed shall be the same for all parties unless the presiding officer, for good cause shown, directs otherwise. Normally there shall be an opening brief by the moving parties, an answering brief by the proponents of a contrary conclusion and a short reply by the moving parties. Briefs and statements of position as authorized, shall be served upon all parties pursuant to subpart D of this part. Briefs shall include a summary of evidence, together with references to exhibit numbers and pages of the transcript, and memoranda of law with appropriate citations of the authorities relied upon. They shall contain proposed findings of fact and conclusions in serially numbered paragraphs.

§201.156 Requests for extension of time for filing briefs.

Requests for extension of time within which to file briefs shall conform to the requirements of §201.53. Except for good cause shown, such requests shall be filed and served not later than five (5) days before the expiration of the time fixed for the filing of briefs.

§201.157 Reopening of a case by presiding officer prior to decision.

At any time prior to the filing of his initial or recommended decision, the presiding officer, either upon petition or upon his own initiative may, for good cause shown and upon reasonable notice, reopen the case for the receipt of further evidence.

§201.158 Decisions, authority to make and kinds.

To the presiding officer is delegated the authority to render initial or recommended decisions in all proceedings before him, including motions, petitions and other pleadings. Tentative or final decisions will be rendered by the Administration. The same officers who preside at the reception of evidence pursuant to section 7 of the Administrative Procedure Act shall render the initial or recommended decisions except where such officers become unavailable to the Administration, in which case another Presiding Officer will be designated to make such decision or certify the record to the Administration. Where the Administration requires the entire record in the case to be certified to it for initial decision, the Presiding Officer shall first recommend a decision, except that in rule making:

(a) In lieu thereof the Administration may issue a tentative decision or any of its responsible officers may recommend a decision or (b) any such procedure may be omitted in any case in which the Administration finds upon the record that due and timely execution of its functions in the public interest imperatively and unavoidably so requires.

§201.159 Decisions; contents and service.

All initial, recommended, tentative, and final decisions, whether rendered

orally or in writing shall include a statement of findings and conclusions, as well as the reasons or bases therefor, upon the material issues presented, as well as a statement of the appropriate rule, order, sanction, relief to be imposed, or the denial thereof. A copy of each decision when issued or when transcribed if orally rendered (and all orally presented decisions shall be stenographically recorded) shall be served on the parties to the proceeding, and furnished to interested persons upon request.

§ 201.160 Decision based on official notice.

Official notice may be taken of such matters as might be judicially noticed by the courts, or of technical or scientific facts within the general or specialized knowledge of the Administration as an expert body or of a document required to be filed with or published by a duly constituted governmental body: *Provided*, That where a decision or part thereof rests on the official notice of a material fact not appearing in the evidence of the record, the fact of official notice shall be so stated in the decision, and any party, on timely request, shall be afforded an opportunity to show the contrary.

§ 201.161 Exceptions to, and review by the Administration of initial or recommended decisions.

Within twenty (20) days after the service date of the initial or recommended decision, whether oral or in writing, unless a shorter period is fixed under § 201.54, any party may file exceptions to any conclusions, findings, or statements contained in such decision, and a brief in support of such exceptions. Such exceptions and brief shall constitute one document, shall indicate with particularity alleged errors, shall indicate pages of transcript and exhibit numbers when referring to the record, and shall be served on all parties pursuant to subpart D of this part. Whenever the presiding officer renders an initial decision, in the absence of the filing of exceptions thereto, or notice of review thereof by the Administration, such decision, shall upon the issuance of an appropriate order by the Administration, become the decision of

the Administration. Upon the filing of exceptions to, or notice of review of, an initial or recommended decision, such decision shall become inoperative until the Administration determines the matter. Where exceptions are filed to, or the Administration reviews, an initial or recommended decision, the Administration, except as it may limit the issues upon notice or by rule, will have all the powers which it would have in making the initial decision. Whenever the Administration shall determine to review an initial or recommended decision on its own initiative, notice of such intention shall be served upon the parties within thirty (30) days after the date when the initial or recommended decision is orally rendered and, if in writing, served.

§ 201.162 Replies to exceptions.

Any party may file and serve a reply to exceptions within twenty (20) days after date of service thereof, unless a shorter period is fixed pursuant to § 201.54. Such reply shall indicate pages of the transcript and exhibit numbers when referring to the record.

§ 201.163 Request for extension of time for filing exceptions and replies thereto.

Requests for extension of time within which to file exceptions, and briefs in support thereof, or replies to exceptions shall conform to the applicable provisions of subpart E of this part. Except for good cause shown, such requests shall be filed and served not later than five (5) days before the expiration of the time fixed for the filing of such documents.

§ 201.164 Certification of record by presiding officer.

The presiding officer shall certify and transmit the entire record to the Administration when: (a) Exceptions are filed or the time therefor has expired, (b) notice is given by the Administration that the initial or recommended decision will be reviewed on its own initiative, or (c) the Administration requires the case to be certified to it for initial decision.

Subpart Q—Oral Argument; Submission for Final Decision (Rule 17)

§ 201.166 Oral argument.

If oral argument before the Administration is desired on exceptions or replies to exceptions to an initial, recommended, or tentative decision, or on a motion, petition, or application, a request therefor shall be made in writing properly addressed to the Administration. Any party may make such request irrespective of his filing exceptions or replies. If a brief on exceptions or replies thereto are filed, the request for oral argument shall be incorporated therein. Requests for oral argument on any motion, petition, or application shall be made in the motion, petition, or application or in the reply thereto. Requests for oral argument will be granted or denied in the discretion of the Administration, and, if granted, the notice of oral argument will set forth the order of presentation and the amount of time to be allotted. Those who appear before the Administration for oral argument should confine their argument to points of controlling importance and shall limit their argument to points upon which exceptions have been filed. Where the facts of a case are adequately and accurately dealt with in the initial, recommended, or tentative decision, parties should, as far as possible, address themselves in argument to the conclusions. Effort should be made by parties taking the same position to agree in advance of the argument upon those who are to present their side of the case. The names of persons who will argue and the amount of time requested by each should be received by the Administration not later than ten (10) days before the date set for the argument. Ordinarily, consolidation of appearances at oral argument will permit the parties' interests to be presented more effectively in the time allotted.

§ 201.167 Submission to Administration for final decision.

A proceeding will be deemed submitted to the Administration for its determination as follows: (a) If oral argument is had, on the date of completion thereof, or if memoranda on points of

law are permitted to be filed after argument, the last date of such filing; (b) if oral argument is not had, the last date when exceptions or replies thereto are filed, or if exceptions are not filed, the expiration date for such exceptions or the date when all parties have stated that no exceptions will be filed; (c) in the case of an initial decision, the date of notice of the Administration to review the decision, if such notice is given.

Subpart R—Stay of Administration's Decision, Reopening of Proceedings (Rule 18)

§ 201.171 Stay of Administration's decision.

The Administration's decision or order shall be stayed pending resolution by the Administration of a petition for reopening, duly filed, and for so long as such Administration's action has not been finally disposed of in accordance with the provisions of section 7 of Department of Commerce Order 117 (Revised).

§ 201.172 Time for filing petition to reopen.

Except for good cause shown, and upon leave granted, petition to reopen under § 201.174, shall be filed with the Administration within twenty (20) days after the date of service of the Administration's decision or order in the proceeding, unless a different period is fixed under § 201.54.

§ 201.173 Reopening by Administration and modification or setting aside of decision.

Upon petition and a showing of compelling cause, filed in accordance with § 201.174, or on its own motion, the Administration may at any time reopen any proceeding under the regulation in this part for rehearing, reargument, or reconsideration in whole or in part. After reasonable notice and opportunity for hearing or such other procedure as the Administration may direct, the Administration may alter, modify or set aside in whole or in part its decision therein if it finds such action is required by changed conditions in fact or law or by the public interest.

§ 201.174 Petition for reopening.

A petition for reopening for the purpose of rehearing, reargument, or reconsideration, shall be made in writing, shall state the grounds relied upon, and conform to the requirements of subpart D of this part. If the petition is for the purpose of rehearing, said petition shall state the nature and purpose of the new evidence to be adduced and that such evidence was not available at the time of the prior hearing. If the petition be for reargument or reconsideration, the matter claimed to have been erroneously decided shall be specified and the alleged errors briefly stated. In case of exceptional circumstances, satisfactorily shown by the petitioner, a request for modification of rules or orders may be made by telegram or otherwise, upon notice to all parties or attorneys of record, but such request shall be followed by a petition filed and served in accordance with subpart D of this part.

§ 201.175 Answers to petition to reopen.

Answers to petitions to reopen shall conform to the requirements of subpart D of this part.

Subpart S—Judicial Standards of Practice (Rule 19)

§ 201.181 General matters.

(a) In general, the functions of the Administration involve hearing procedures comparable to those of a court and accordingly parties to proceedings before the Administration and persons representing these parties are expected to conduct themselves with honor and dignity. For the same reasons, the members of the Administration and those of its employees who participate with the Administration in the determination of formal proceedings are expected to conduct themselves with the same fidelity to standards of propriety that characterizes a court and its staff. The standing and the effectiveness of the Administration are in direct relation to the observance by it, its staff and the parties and attorneys appearing before it of the highest of judicial and professional ethics.

(b) It is essential in cases to be determined after notice and hearing and upon a record, or in any other cases which the Administration by order may designate, that the judicial character of the Administration be recognized and protected. As a consequence, from the time of the filing of an application or a petition which can be granted by the Administration only after notice and opportunity for hearing, or in the case of other matters from the time of notice by the Administration that such matters shall be determined after notice and opportunity for hearing, no ex parte communications, as hereinafter defined, are to constitute or be considered part of the record on which the final decision is to be predicated.

§ 201.182 Improper pressures.

It is determined to be improper that there be any effort by any person interested in a case before the Administration to attempt to sway the judgment of the Administration by undertaking to bring pressure or influence to bear upon the Administration, its staff, or the presiding officer assigned to the proceeding. It is further determined to be improper that such interested persons or any member of the Administration's staff or the presiding officer directly or indirectly give statements to the press or radio, by paid advertisements or otherwise, designed to influence the Administration's judgment in the matter. In addition, it is further determined to be improper that any person solicit communications to the Administration or any of its members, its staff or the presiding officer in the case other than by counsel of record who shall serve copies thereof on all other parties to the proceeding.

§ 201.183 Ex parte communications.

(a) Requests for expeditious treatment of matters pending with the Administration are deemed communications on the merits and as such are improper except when forwarded from parties to a proceeding and served upon all other parties thereto. Such communications from parties to a proceeding should be in the form of a motion and are to be dealt with as such by the Administration, the presiding officer, and

the parties to the proceeding. Any such request which is not made as a motion shall be placed in the public correspondence file and will not be considered by the Administration or any of its staff members or the presiding officer in connection with the disposition of the case.

(b) Written or oral communications involving any substantive or procedural issue in a matter subject to public hearing directed to a Member of the Administration, its staff, or the presiding officer in the case, from any individual in private or public life shall be deemed a private communication in respect of the merits of the case. These communications, unless otherwise provided for by law or a published rule of the Administration are deemed *ex parte* communications and are not to be considered part of any record or the basis for any official action by the Administration, members of its staff or the presiding officer: *Provided, however*, That this prohibition shall not be determined to apply to informal petitions or applications filed with the Administration; the usual informal communications between counsel including discussions directed toward the development of a stipulation or settlement between parties; communications of a nature deemed proper in proceedings in U.S. Federal courts; and communications which merely inquire as to the status of a proceeding without discussing issues or expressing points of view. Any prohibited communications in writing received by a Member of the Administration, its staff or the presiding officer shall be made public by placing it in the correspondence file of the docket which is available for public inspection and will not be considered by the Administration or the presiding officer as part of the record for decision. If the *ex parte* communication is received orally, a memorandum setting forth the substance of the conversation shall be made and filed in the correspondence section of the appropriate public docket.

Subpart T—Effective Date (Rule 20)

§ 201.185 Effective date and applicability of rules.

The regulations in this part shall become effective October 23, 1964, and shall apply only to cases which are designated for hearing on or after October 23, 1964: *Provided, however*, That the regulations in this part shall be applicable to cases designated for hearing prior to October 23, 1964, if consolidated with a case designated for hearing on or after that date. All other cases designated for hearing prior to October 23, 1964, shall be governed by the rules in effect immediately prior to such date.

Subpart U—Charges for Orders, Notices, Rulings, Decisions

§ 201.186 Charges for documents.

(a) *Copies of orders.* Notices, rulings, decisions (initial and final) issued by Hearing Examiners, the Maritime Subsidy Board and the Maritime Administration in all docketed proceedings may be obtained by parties other than those involved in docketed proceedings by requesting to be placed on the (monthly) mailing list.

(b) *Fees.* (1) Each request to be placed on the mailing list for one year shall be accompanied by the sum of \$15, which sum will be retained to recover the cost of processing.

(2) A subscriber on the mailing list will automatically receive copies of all orders, notices, rulings and initial and final decisions without charge.

(3) Single copies of initial and/or final decisions may be obtained upon request to Secretary, Maritime Subsidy Board, Washington, DC, 20590. Such request shall be accompanied by the sum of \$1, which sum will be retained to recover the cost of processing the request.

§202.1 Purpose.

The rules of this part prescribe procedures relating to Secretarial review of any decision, report, order or action of the Maritime Subsidy Board (Board) pursuant to Department Order 117-A (31 FR 8087, 15331). Section 6 of Department Order 117-A is reprinted here for the convenience of the public.

SEC. 6. *Review and finality of actions by Maritime Subsidy Board.* .01 The Secretary of Transportation (hereinafter referred to as “Secretary”) may, on his own motion or on the basis of a petition filed as hereinafter provided, review any decision, report and/or order of the Maritime Subsidy Board based on a hearing held pursuant to (a) statutory requirements or (b) Board order, by entering a written order stating that he elects to review the action of the Board. Copies of all orders for review shall be served on all parties of record (which phrase includes the Board). Petitions for review under this paragraph may be filed by parties of record, shall be in writing, and shall state the grounds upon which petitioner relies. Ten (10) copies of such petitions for review, together with proof of service thereof on all parties of record, shall be filed with the Secretary within fifteen (15) days after the date of the service of the Board’s decision, report or order. Parties of record may file replies in writing thereto. Ten (10) copies of such replies, together with proof of service thereof

on the petitioner and all other parties of record, shall be filed with the Secretary within ten (10) days after the date the petition for review is timely filed. Petitions for review and replies thereto shall be limited to the record before the Board. If a petition for review is filed within the time prescribed, a decision, report or order of the Board shall be final fifteen (15) days after expiration of the time prescribed for filing a reply thereto unless the Secretary, prior to expiration of the fifteen (15) days, enters a written order granting the petition for review. If no petition for review is filed within the time prescribed, a decision, report or order of the Board shall be final twenty (20) days after the date of service of the decision unless the Secretary, prior to expiration of the twenty (20) days, enters a written order stating that he elects to review the action of the Board. If upon any review the decision of the Secretary rests on official notice of a material fact not appearing in the evidence in the record, any party of record shall, if request is made within ten (10) days after the date of service of the Secretary’s decision on said party, be afforded an opportunity to show the contrary. The said ten (10) days shall constitute the period for a “timely request” within the meaning of section 7(d) of the Administrative Procedure Act.

.02 The Secretary may on his own motion review all actions of the Maritime Subsidy Board other than those referred to in paragraph .01 of this section by entering a written order stating that he elects to review the action of the Board. Any person having an interest in any action of the Board under this paragraph shall have the privilege of submitting to the Secretary within ten (10) days after the date of such Board action, a request that the Secretary undertake such review. Such request shall be in writing and shall state the grounds upon which the person submitting the same relies and his interest in the action for which review is requested. Ten (10) copies of such requests shall be submitted to the Secretary. Any other person having an interest in such matter shall have the privilege of submitting within fifteen (15) days after the date of the Board’s action, a written request that the Secretary not exercise such review. Copies of request that the Secretary undertake or not exercise review will be open for public inspection at the office of the Secretary of the Board. If either a request that the Secretary undertake review or a request that he not exercise review is submitted within the time prescribed, an action of the Board shall be final in ten (10) days after expiration of the time prescribed for submission of a request that review not be exercised unless the Secretary, prior to the expiration of the ten (10) days, enters a written order stating that he elects to review the action of the Board. If

Maritime Administration, DOT

§ 202.4

neither a request that the Secretary undertake review nor a request that he not exercise review is submitted within the time prescribed, an action of the Board shall be final in twenty (20) days after the date of such action unless the Secretary, prior to expiration of the twenty (20) days, enters a written order stating that he elects to review the action of the Board. Copies of all orders for review shall be served upon the Board, and upon all persons filing requests as herein described.

.03 If a timely petition for reconsideration is filed under the rules prescribed by the Board, the time for filing a petition or request for review by the Secretary under paragraph .01 or .02 of this section, respectively, or the entry of an order by the Secretary on his own motion electing to review an action of the Board under paragraph .01 or .02 of this section, shall, in the case of actions under paragraph .01 of this section run from the date of service of the Board's action and, in the case of actions under paragraph .02 of this section, run from the date of the Board's action, finally disposing of the issues presented by the petition for reconsideration.

.04 In computing any period of time under this section, the time begins with the day following the act, event, or default, and includes the last day of the period unless it is Saturday, Sunday, or national legal holiday, in which event the period runs until the end of the next day which is not a Saturday, Sunday, or such holiday. The prescribed time for action by the Secretary in a proceeding in which additional days have been added pursuant to the provisions of this paragraph shall be extended by the total of such additional days.

.05 Petitions and requests for review by the Secretary shall not be filed:

a. Unless the petitioner shall have first exhausted his administrative remedies (other than a petition for reconsideration) before the Maritime Subsidy Board; nor

b. With respect to interlocutory decisions of the Maritime Subsidy Board in actions or proceedings referred to in paragraphs .01 and .02 of this section.

.06 The Secretary may, for good cause and/or in order to prevent undue hardship in any particular case, waive or modify any procedural provision of this section by written order.

§ 202.2 Time and place for filings.

All petitions, requests and replies relating to Secretarial review of Maritime Subsidy Board actions shall be filed with the Office of the Secretary of Transportation, Department of Transportation. Such papers shall be filed in accordance with the provisions of and

within the time periods prescribed by Department Order 117-A.

§ 202.3 Form of petitions, requests and replies.

(a) All papers presented to the Secretary, other than records, shall bear on the cover the name and post office address of the party, and the name and address of the principal attorney or authorized representative (if any) for the party concerned. Certification shall be made that service of the paper has been made upon all parties of record (if any) and upon the Secretary of the Maritime Subsidy Board. One copy of every paper filed with the Secretary must in addition bear at its close the hand written signature of the party or attorney.

(b) All papers presented to the Secretary, other than records, shall, unless they are fewer than 10 pages in length, be preceded by a subject index of the matter contained therein, with page references, and a table of the cases (alphabetically arranged), textbooks, statutes and other material cited, with references to the pages where they are cited.

(c) Whenever a reference is made to a transcript, exhibit or other part of the record, such reference must be accompanied by a specific citation identifying the document and indicating the relevant page number of the document concerned.

(d) Papers filed with the Secretary should be logically arranged, with proper headings, concise, and free from irrelevant and unduly repetitious matter.

(e) It will not be necessary to reproduce the opinion of the Board.

§ 202.4 Petitions and requests for review—content.

Petitions and requests for review shall contain in the order here indicated—

(a) A reference to the decision, report, order or action of the Board;

(b) A concise statement of the interest of the party submitting the paper;

(c) A concise summary statement of the case containing that which is material to the consideration of the questions presented;

(d) A listing of each of the grounds upon which the party seeking review relies, expressed in the terms and circumstances of the case, each ground set forth in a separate, numbered paragraph;

(e) The argument, generally amplifying the material in paragraph (d) of this section and exhibiting clearly the points of law, policy and fact being presented, citing the authorities, statutes and other material relied upon. The argument should separately identify and treat each of the grounds upon which review is sought. In cases where reversible legal error is contended, a full legal argument on the points concerned should be presented. In cases where policy error is contended, it should be pointed out what policy of the Board is alleged to be wrong, what is wrong with it and what policy the submitting party advocates as the correct one. In cases where reversible factual error is contended, the findings of fact alleged to be erroneous should be pointed out along with citations to the record where appropriate. The party should further indicate precisely what it contends to be the correct findings of fact, with supporting references;

(f) A conclusion, specifying with particularity the action which the submitting party believes the Secretary should take.

§ 202.5 Replies and requests that review not be exercised—content.

Replies and requests that review not be exercised shall contain in the order here indicated—

(a) A reference to the decision, report, order, or action of the Board;

(b) A concise statement of the interests of the party submitting the paper;

(c) Where deemed necessary by the submitting party, a concise summary statement of the case explicitly pointing out any inaccuracy or omission in the statement of the other side, with references to the record where appropriate;

(d) A listing of the reasons why review should not be exercised, each reason set forth in a separate, numbered paragraph;

(e) The argument generally amplifying the material in paragraph (d) of this section and, in addition, specifi-

cally replying to the points of law, policy and fact presented by the other side (each stated separately) citing the authorities, statutes, and other material relied upon by the submitting party;

(f) A conclusion, specifying with particularity the action which the submitting party believes the Secretary should take.

§ 202.6 Grant or denial of review.

(a) A petition or request for review by the Secretary of any decision, report, order or action of the Board will not be granted unless significant and important questions of over-all policy requiring the Secretary's attention are involved or there appears to be significant legal, policy, or factual error in the Board's action.

(b) The parties and the Secretary of the Board will be notified, by Order, of the Secretary's decision to review a case on his own motion, and of his decision to review or to deny review of a case where a petition or request concerning review has been filed.

(c) Promptly upon notice of a decision by the Secretary to review a case subject to review under section 6.01 of Department Order 117-A, the Secretary of the Board shall certify to the Secretary the complete record of the proceeding before the Board and shall serve upon all parties a copy of such certification which shall adequately identify the matter so certified. The Secretary of the Board shall further serve upon all parties a copy of any further communication from the Board or Maritime Administration on such a case.

§ 202.7 Supplemental briefs.

If an order taking review is entered by the Secretary, further briefs supplementing the arguments set forth in the petitions and replies may be requested in cases where the Secretary deems such to be appropriate and desirable.

§ 202.8 Oral argument.

Generally, oral argument will not be necessary. However, the Secretary reserves the right to schedule such when he deems it desirable.

§ 202.9 Decisions by the Secretary of Transportation.

Decisions of the Secretary will be reached in accordance with applicable law and the evidence. Upon the determination of a case taken under review by the Secretary, a written decision and opinion which states the Secretary's conclusions and an explanation thereof will be issued.

§ 202.10 Petitions for reconsideration.

Petitions for reconsideration of decisions by the Secretary in any case taken under review will be considered, upon a showing of good cause, if filed within ten (10) days of service of the Secretary's decision.

§ 202.11 Ex parte communications.

Oral or written communications with the Department concerning a matter subject to Secretarial review under section 6.01 of Department Order 117-A, unless otherwise provided by law or by order, rule, or regulation of the Department, shall be deemed ex parte communications and shall not be part of the record and shall not be considered in making any recommendation, decision or action; *Provided, however,* That this rule shall not apply to customary informal communications with Department counsel, including discussions directed toward the development of a stipulation or settlement between parties; communications of a nature deemed proper in proceedings in U.S. Federal courts; and communications with Department counsel which merely inquire as to procedures or the status of a proceeding without discussing issues or expressing points of view. Any written communication subject to the above stated rule received by the Department shall be placed in the correspondence file of the case, which is available for public inspection. If an oral communication subject to the above stated rule is received, a memorandum setting forth the substance of the conversation shall be made and placed in the correspondence file.

trade route to which the application pertains in the 36 calendar months immediately preceding the date of the application.

(4) The average annual carriage by such person for the past 36 months on the trade route to which the application pertains.

(5) If applicable, specific information detailing firm and definite plans for the inauguration of a new service, including, as appropriate, but not limited to, approval by the board of directors or general partners, membership in applicable conference agreements, office openings or the retention of agents in the proposed service area, acquisition of vessels and related equipment, subsidy applications, applications for any needed Government approvals or advertisement for the proposed service.

(6) Such other information as the person believes should be considered in a determination of such person's right to intervene.

(c) *Answer.* (1) The answer shall be simultaneously filed with the petition for leave to intervene and shall specify the basis upon which such person asserts the application should be denied or granted subject to modifications.

(2) The answer shall set forth with particularity:

(i) The ground upon which opposition is based;

(ii) The factual matters which such person believes must be determined by the Administration;

(iii) The legal matters which such person believes must be determined by the Administration;

(iv) For each factual and legal matter raised such person's position and basis therefor; and

(v) The precise nexus between each factual and legal matter raised and the decision of the Administration.

(d) *Right to intervene in Opposition to applications.* (1) Leave to intervene in opposition to applications under section 605(c) of the Act will only be granted to operators of U.S.-flag vessels, and only to the extent, as demonstrated by the petition for leave to intervene, that such person provides an existing service, or that such person has firm and definite plans to provide a service, by a showing that its vessels operate in the same trade or on the

same trade route as that proposed by the applicant and so operate in a manner competitive with the specific service proposed by the applicant. Although persons seeking intervention need not call at the same specific ports proposed by the applicant by direct vessel calls, any filing based on intermodal service in opposition to an application shall demonstrate that such person regularly competes by intermodal service for cargo moving to or from ports in the service proposed by the applicant. The burden of demonstrating competition between the vessels of the person seeking intervention and those of the applicant will be with the person seeking such intervention. Leave to intervene will not be granted to those conducting a competing service on an intermittent or *de minimis* basis.

(2) Leave to intervene in opposition to applications under section 805(a) of the Act will be granted, as provided in the statute, to every person, firm, or corporation "having any interest" in such application.

§ 203.4 Replies.

Within ten (10) days after the date for filing answers, the applicant may file a reply specifically addressed to the issues raised in the answers and to oppose the grant to any petitioner of leave to intervene.

§ 203.5 Types of hearings.

(a) *Oral Evidentiary Hearing:* If, upon review of the application, answers, petitions to intervene and replies, the Administration determines that the proceeding involves a disputed issue of material fact which cannot be resolved on the basis of available information of record, and that the case is anticipated to involve the submission of extensive evidence, or the Administration determines that it is otherwise appropriate, the Administration may issue an order referring the case to an Administrative Law Judge for oral evidentiary hearing. Such hearing shall be conducted in accordance with the procedures set out in 46 CFR part 201. The Administration may resolve issues of intervention in such order or refer such issues to the Administrative Law Judge. The burden of establishing that there is a disputed

issue of material fact is upon the party seeking the oral evidentiary hearing.

(b) *Hearing on Submission of Written Evidence and Argument:* If, upon review of the application, answers, petitions to intervene and replies, the Administration determines that the proceeding involves a disputed issue of material fact which cannot be resolved on the basis of available information of record, but which is not anticipated to involve the submission of extensive evidence, the Administration may fulfill the hearing requirement in sections 605(c) and 805(a) of the Act by rendering a decision solely on the merits of papers submitted, provided that a full and true disclosure of the facts is made and such procedure is fair to all parties. The Administration may, in its discretion, direct the submission of briefs on legal issues together with evidence in written form, and/or the holding of oral argument before the Administration prior to issuing its final decision on the proceeding.

(c) *Show Cause Proceeding:* If, upon review of the application, answers, petitions to intervene and replies, the Administration determines that the proceeding does not or is not likely to involve a disputed issue of material fact or that if such facts exist they can be resolved on the basis of available information subject to official notice, and if the case is not anticipated to involve the submission of extensive evidence, the Administration may determine to handle the matter by show-cause proceeding. In that event, it will issue a decision setting out its tentative conclusions on all of the matters of fact and law at issue in the proceeding. A Notice summarizing such decision shall be published in the FEDERAL REGISTER in accordance with 46 CFR 201.72. Interested persons may file comments, including support or rebuttal for any matter officially noticed, within 30 days of the date of service of the tentative decision and responses to such comments shall be filed within ten days thereafter unless a shorter or longer period is provided by the Administration for such comments and answers.

§ 203.6 Oral evidentiary hearing before one or more members.

If an oral evidentiary hearing is to be conducted, the Maritime Administration, or the Maritime Subsidy Board or one or more of its members, may conduct such hearing. A member who is not present at the hearing may participate in the consideration and the decision of the case where the oral evidentiary hearing, if held, has been stenographically recorded in full and transcribed for the member's review.

SOURCE: 50 FR 25711, June 21, 1985, unless otherwise noted.

§ 204.1 Scope and procedure for filing claims.

This part prescribes the requirements and procedure for administrative settlement of claims against the United States, involving the Maritime Administration, under the Federal Tort Claims Act, based on death, personal injury, or damage to or loss of property. The controlling regulations are promulgated by the Department of Justice at 28 CFR Part 14—Administrative Claims Under Federal Tort Claims Act. These regulations supplement those of the Department of Justice and provide specific guidance regarding claims processing in the Maritime Administration.

§ 204.2 Claims payable.

Claims for death, personal injury, or damage to or loss of real or personal property are payable when the death,

injury or damage is caused by a negligent or wrongful act or omission of an employee of the Maritime Administration, while acting within the scope of employment and under circumstances in which the United States, if a private person, would be liable to the claimant under the law of the place where the act or omission occurred.

§ 204.3 Claims not payable.

A claim is not payable under the regulations in this part 204, if such tort claim is excluded from the scope of the Federal Tort Claims Act, as amended, pursuant to 28 U.S.C. 2680.

§ 204.4 Time limitations on claims.

(a) A claim can be settled only if presented in writing within two years after it accrues.

(b) The two year statute of limitations is not tolled until the Maritime Administration receives from a claimant, or the claimant's duly authorized agent or legal representative, an executed Standard Form 95, "Claims for Damage, Injury, or Death," or written notification of an incident, together with a claim for money damages in a sum certain, for death, personal injury, or damage to or loss of real or personal property. When a claim is received in any office, mail unit, or other Maritime Administration activity which does not have settlement authority over the claim, such office, unit or activity shall transmit it to the official vested with such authority without delay (see § 204.13, this part).

§ 204.5 Notification to claimant of action on claim.

(a) If a claim is approved (either for the amount claimed or less than such full amount), the claimant, prior to the disbursement of an award, shall sign a document releasing the United States, its agents and employees from all further claims relating to the incident giving rise to the approved claim.

(b) If the claim is finally denied, the official vested with such authority shall inform the claimant by certified or registered mail of the final denial of the claim. Notification of final denial

shall include a statement that a claimant who does not accept or is dissatisfied with the action may institute suit against the United States not later than six months after the date of mailing of the notice of final denial.

(c) A claimant may regard the failure of the Maritime Administration to make a final disposition of a claim within six months after the date of receipt of the claim by the Maritime Administration as a final denial for the purpose of filing suit.

§ 204.6 Payment of claims.

(a) Once the amount to be paid has been agreed upon, the agency shall attempt to forward a check for such amount to the claimant within thirty days.

(b) If a claimant is represented by an attorney, both the claimant and the claimant's attorney shall be designated as payees on any check delivered to the claimant's attorney.

§ 204.7 Delegation of authority.

(a) Subject to written approval of the Attorney General of the United States of any payment in excess of \$100,000, the Chief Counsel of the Maritime Administration is authorized to deny or settle and authorize payment of tort claims.

(b) The Associate Administrator for Administration is authorized to deny or settle and authorize payment of all tort claims in an amount not exceeding \$50,000.

(c) The Superintendent, United States Merchant Marine Academy (Academy), is authorized to deny or settle and authorize payment of tort claims originating from occurrences at the Academy in amounts not exceeding \$20,000.

[58 FR 29351, May 20, 1993]

§ 204.8 Where to file claims.

Claims shall be filed with the appropriate official as follows:

(a) Chief Counsel (MAR-200), Maritime Administration, Department of Transportation, Room 7232, Nassif Building, 7th and D Streets SW., Washington, DC 20590 (All claims over \$50,000).

(b) Associate Administrator for Administration (MAR-300), Maritime Administration, Room 7217, Nassif Building, 7th and D Streets SW., Washington, DC 20590 (All claims over \$20,000, but not over \$50,000, originating at the Academy, and all other claims not over \$50,000).

(c) Superintendent (MMA-5100), United States Merchant Marine Academy, Maritime Administration, Kings Point, N.Y. 11024 (All claims not over \$20,000 originating at the Academy).

[58 FR 29351, May 20, 1993]

§ 204.9 Indemnity or contribution.

(a) *Sought by the United States.* If a claim arises under circumstances in which the United States is entitled to indemnity or contribution under a contract or the applicable law governing joint tort-feasors, the Chief Counsel of the Maritime Administration shall notify the third party of the claim and request the third party to honor its obligation to the United States or to accept its share of joint liability. If the issue of third party indemnity or contribution is not satisfactorily adjusted, the underlying claim shall be settled only after consultation with the Department of Justice as provided in 28 CFR 14.7

(b) *Sought from the United States.* Claims for indemnity or contribution from the United States shall be settled under this part only if the incident giving rise to liability and the claim is otherwise cognizable under this part.

§ 204.10 Attorney's fees.

The request shall identify the specific format of data sought according to the report numbers listed in §207.2 of this part and shall state the trade routes or trade areas covered by the ODS application and identified by the Board in

its section 605(c) notice as published in the FEDERAL REGISTER. The letter requesting data and reports should be addressed to the Chief, Division of Trade Studies and Statistics (Code M-522), Maritime Administration, U.S. Department of Transportation, Room 4075, 14th and E Streets NW., Washington, DC 20590. (b) *Determination of data and reports.* The Chief, division of Trade Studies and Statistics, shall review and define the basic statistical data and reports applicable to a party's request, with special attention to §207.2(c) of this part, and promptly take all necessary steps to effect production. He shall expeditiously notify the requesting party, with a copy to all other parties and to the presiding Administrative Law Judge (for inclusion in the correspondence section of the official docket), as follows: the basic statistical data and reports being produced; and the schedule for distribution thereof to the parties and to the presiding Administrative Law Judge.

(d) *Dispute as to scope of data and reports.* If any party to the hearing disputes the scope of data and reports to be produced as defined in the notice issued by the Chief, Division of Trade Studies and Statistics, review by the Director, Office of Subsidy Administration, may be obtained by such party through filing of a written request for review with the Director, Office of Subsidy Administration. Concurrently, the requesting party shall furnish a copy of the request to the presiding Administrative Law Judge (for inclusion in the correspondence section of the official docket) and to each other party to the hearing. On the basis of the request for review, and such comments as any other party to the hearing may have filed within ten (10) days of the date on the request, the Director, Office of Subsidy Administration, shall determine the proper scope of the basic statistical data and reports to be produced. The determination shall be final. A copy of the determination shall be furnished to each party and to the presiding Administrative Law Judge (for inclusion in the correspondence section of the official docket).

(2) The approvals granted by paragraph (a)(1) of this section shall not apply to any such Transfer proposed to be made during any period when the United States is at war or during any national emergency, the existence of which has invoked the provisions of section 37 of the Shipping Act, 1916, as amended (46 App. U.S.C. 835), or to any such Transfer proposed to be made to a citizen of any country when such transfer would be contrary to the foreign policy of the United States as declared by an executive department of the United States.

(4) Except for Charters to Noncitizens of documented bulk cargo vessels engaged in carrying bulk raw and processed agricultural commodities from the United States to ports in the geographic area formerly known as the Union of Soviet Socialist Republics, or to other permissible ports of discharge for transshipment to the geographic area formerly known as the Union of Soviet Socialist Republics, pursuant to an operating differential subsidy agreement that is consistent with the

requirements of 46 CFR parts 252 and 294, this approval excludes and does not apply to Transfers to a Person who is subject, directly or indirectly, to control of an entity within the geographic area formerly known as the Union of Soviet Socialist Republics, Latvia, Lithuania, Estonia, Libya, Iraq, Bulgaria, Albania, North Korea, Laos, Cambodia, Mongolian Peoples Republic, Vietnam, or Cuba, unless such transferee is an individual who has been lawfully admitted into, and resides in, the United States, or to Charters for the carriage of cargoes of any kind to or from, or for commercial operation while within the waters of (as distinct from passage through), any of these countries. This list of countries is subject to change from time to time. Information concerning current restrictions may be obtained from the Vessel Transfer Officer.

(2) The Maritime Administrator hereby grants approval for the time charter of a Documented Vessel of any tonnage by a Citizen of the United States to a Bowaters Corporation for operation in the coastwise trade, subject to the following conditions:

(i) If non-self-propelled or, if self-propelled and less than 500 gross tons, no such vessel shall engage in the fisheries or in the transportation of merchandise or passengers for hire between points in the United States embraced within the coastwise laws except as a service for a parent or subsidiary corporation; and

(ii) If non-self-propelled or, if self-propelled and less than 500 gross tons, no such vessel may be subchartered or subleased from any such Bowaters Corporation except:

(A) At prevailing rates;

(B) For use otherwise than in the domestic noncontiguous trades;

(C) To a common or contract carrier subject to part 3 of the Interstate Commerce Act, as amended, which otherwise qualifies as a Citizen of the United

§ 221.15 Approval for transfer of registry or operation under authority of a foreign country or for scrapping in a foreign country.

(a) *Vessels of under 1,000 gross tons.* (1) The Maritime Administrator hereby grants approval for the Transfer to foreign registry and flag or Operation Under the Authority of a Foreign Country or for scrapping in a foreign country of Documented Vessels or vessels the last documentation of which was under the laws of the United States and which are of under 1,000 gross tons if at the time of such Transfer there are no liens or encumbrances recorded against the vessel in the U.S. Coast Guard Documentation Office at its last U.S. port of record.

(2) This approval shall not apply if the vessel is to be placed under the registry, or operated under the authority of, or scrapped in any country listed in § 221.13(a)(4) of this part.

(3) This approval shall not apply to any such Transfer proposed to be made during any period when the United States is at war or during any national emergency, the existence of which has invoked the provisions of section 37 of the Shipping Act, 1916, as amended (46 App. U.S.C. 835), or to any such Transfer proposed to be made to a citizen of any country when such transfer would be contrary to the foreign policy of the United States as declared by an executive department of the United States.

(b) *Vessels of 1,000 gross tons or more.* (1) Applications for approval of Transfer to foreign registry and flag or Operation Under the Authority of a Foreign Country or for scrapping in a foreign country of Documented Vessels or vessels the last documentation of which was under the laws of the United States and which are of 1,000 gross tons or more will be evaluated in light of—

(i) The type, size speed, general condition, and age of the vessel;

(ii) The acceptability of the owner, proposed transferee and the country of registry or the country under the authority of which the vessel is to be operated; and

(iii) The need to retain the vessel under U.S. documentation, ownership or control for purposes of national defense, maintenance of an adequate merchant marine, foreign policy considerations or the national interest.

(2) If the application is found to be acceptable under the criteria of this paragraph, approval will be granted. For vessels of under 3,000 gross tons, in the absence of unusual circumstances, no conditions will be imposed on the transfer. For vessels of 3,000 gross tons and above, approval will be granted upon acceptance by the owner of the terms and conditions referred to in paragraph (c) or (d) of this section, as applicable. Additional terms deemed appropriate by the Maritime Administrator may be imposed. The terms and conditions shall be contained in an Approval Notice and Agreement ("Contract") executed prior to issuance of the Transfer Order. Unless otherwise specified, the terms and conditions shall remain in effect for the period of the remaining economic life of the vessel or for the duration of a national emergency proclaimed by the President prior or subsequent to such Transfer, whichever period is longer. The economic life of a vessel for purposes of this regulation is deemed to be twenty (20) years for tankers and other liquid bulk carriers and twenty-five (25) years for other vessel types. This period is to be calculated from the date the vessel was originally accepted for delivery from the shipbuilder, but may be extended for such additional period of time as may be determined by the Maritime Administrator if the vessel has been substantially rebuilt or modified in a manner that warrants such extension.

(c) *Foreign transfer other than for scrapping.* If the foreign Transfer of a vessel referred to in paragraph (b) of this section is other than for the purpose of scrapping the vessel and other than a Transfer to the government of an acceptable foreign country, and in the absence of unusual circumstances as determined by the Maritime Administrator (for example a Transfer to an entity controlled by the government of an acceptable foreign country), the following conditions will be imposed on the transferee:

(1) *Ownership.* (i) Without the prior written approval of the Maritime Administrator, there shall be no further Transfer of ownership, change in the registry or Operation of such vessel Under the Authority of a Foreign Country; provided, however, that, if the Transfer of ownership is to a Citizen of the United States or other entity qualified under 46 U.S.C. 12102(a) to document a vessel and the vessel is thereafter documented under U.S. law, no prior written approval shall be required but the transferee shall notify the Vessel Transfer Officer in writing of such change in the ownership and the U.S. documentation within thirty (30) days after such change in ownership and documentation.

(ii) The restrictions contained in paragraph (c)(1)(i) of this section shall not be applicable to a change in ownership resulting from the death of the vessel owner, so long as notification of any such Transfer of ownership occurring by reason of death shall be filed with the Vessel Transfer Officer within 60 days from the date of such Transfer identifying with particularity the name, legal capacity, citizenship, current domicile or address of, or other method of direct communication with, the transferee(s).

(2) *Requisition.* The vessel shall, if requested by the United States, be sold or Chartered to the United States on the same terms and conditions upon which a vessel owned by a Citizen of the United States or documented under U.S. law could be requisitioned for purchase or Charter pursuant to section 902 of the Merchant Marine Act, 1936, as amended (46 App. U.S.C. 1242). If the vessel is under the flag of a country that is a member of the North Atlantic Treaty Organization (NATO), the Maritime Administrator will consider this condition satisfied if the owner furnishes satisfactory evidence that the vessel is already in noncommercial service under the direction of the government of a NATO country.

(3) *Trade.* Without the prior written approval of the Maritime Administrator, the vessel shall not carry cargoes of any kind to or from, or be operated commercially while within the waters of (as distinct from passage through), a country referred to in

§ 221.13(a)(4) of this part, nor shall there be any Charter or other Transfer of an interest in the vessel, other than to a Citizen of the United States, for carriage of cargoes of any kind to or from, or for commercial operation while within the waters of (as distinct from passage through), any such country.

(4) *Default.* In the event of default under any or all of the conditions set forth in paragraphs (c) (1), (2) or (3) of this section, the owner shall pay to the Maritime Administration, without prejudice to any other rights that the United States may have, as liquidated damages and not as a penalty, the sum of not less than \$25,000 or more than \$1,000,000, as specified in the contract, and the vessel shall be subject to the penalties imposed by 46 App. U.S.C. 808 and 839. Pursuant to 46 App. U.S.C. 836, the Maritime Administrator may remit forfeiture of the vessel upon such conditions as may be required under the circumstances of the particular case, including the payment of a sum in lieu of forfeiture, and execution of a new agreement containing substantially the same conditions set forth above and such others as the Maritime Administrator may deem appropriate and which will be applicable to the vessel for the remaining period of the original agreement. In order to secure the payment of any such sums of money as may be required as a result of default, the transferee shall contractually agree, in form and substance approved by the Chief Counsel of the Maritime Administration, to comply with the above conditions and to provide a United States commercial surety bond or other surety acceptable to the Maritime Administrator for an amount not less than \$25,000 and not more than \$1,000,000, depending upon the type, size and condition of the vessel. "Other surety" may be any one of the following:

(i) An irrevocable letter of credit, which is acceptable to the Maritime Administrator, issued or guaranteed by a Citizen of the United States or by a Federally Insured Depository Institution;

(ii) A pledge of United States Government securities;

(iii) The written guarantee of a friendly government of which the transferee is a national;

(iv) A written guarantee or bond by a United States corporation found by the Maritime Administrator to be financially qualified to service the undertaking to pay the stipulated amount;

(v) If the transferee is controlled in any manner by one or more Citizens of the United States, a contractual agreement in form and substance acceptable to the Chief Counsel of the Maritime Administration by the transferee and the Citizens of the United States with authority to exercise such control, if found by the Maritime Administrator to be financially qualified, jointly and severally to pay the stipulated amount, such agreement to be secured by the written guarantee of the transferee and each of the Citizens of the United States or other form of guarantee as may be required by the Maritime Administrator; or

(vi) Any other surety acceptable to the Maritime Administrator and approved as to form and substance by the Chief Counsel of the Maritime Administration.

(d) *Foreign transfer for scrapping.* If the transfer of control, whether or not there is a transfer of registry, of a vessel referred to in paragraph (b) of this section is for the purpose of scrapping the vessel abroad, the following conditions will be imposed on the transferee:

(1) The vessel or any interest therein shall not be subsequently sold to any Person without the prior written approval of the Maritime Administrator, nor shall it be used for the carriage of cargo or passengers of any kind whatsoever.

(2) Within a period of 18 months from the date of approval of the sale, the hull of the vessel shall be completely scrapped, dismantled, dismembered, or destroyed in such manner and to such extent as to prevent the further use thereof, or any part thereof, as a ship, barge, or any other means of transportation.

(3) The scrap resulting from the demolition of the hull of the vessel, the engines, machinery, and major items of equipment shall not be sold to, or utilized by, any citizen or instrumentality of a country referred to in § 221.13(a)(4) of the part, nor may such scrap be exported to these countries. The engines, machinery and major items of equip-

ment shall not be exported to destinations within the United States.

(4) In the event of default under any or all of the conditions set forth in paragraphs (d) (1), (2) or (3) of this section, the transferee shall pay to the Maritime Administration, without prejudice to any other rights that the United States may have, as liquidated damages and not as a penalty, the sum of not less than \$25,000 or more than \$1,000,000, as specified in the contract, depending upon the size, type and condition of the vessel. This payment shall be secured by a surety company bond or other surety satisfactory to the Maritime Administrator. "Other surety" may be one of those set out in paragraph (c)(4) (i) through (vi) of this section.

(5) There shall be filed with the Vessel Transfer Officer a certificate or other evidence satisfactory to the Chief Counsel of the Maritime Administration, duly attested and authenticated by a United States Consul, that the scrapping of the vessel (hull only) and disposal or utilization of the resultant scrap and the engines, machinery and major items of equipment have been accomplished in accord with paragraphs (d) (2) and (3) of this section.

(e) *Resident agent for service.* (1) Any proposed foreign transferee shall, prior to the issuance and delivery of the Transfer Order covering the vessel or vessels to be transferred, designate and appoint a resident agent in the United States to receive and accept service of process or other notice in any action or proceeding instituted by the United States relating to any claim arising out of the approved transaction.

(2) The resident agent designated and appointed by the foreign transferee shall be subject to approval by the Maritime Administrator. To be acceptable, the resident agent must maintain a permanent place of business in the United States and shall be a banking or lending institution, a ship-owner or ship-operating corporation or other business entity that is satisfactory to the Maritime Administrator.

(3) Appointment and designation of the resident agent shall not be terminated, revoked, amended or altered without the prior written approval of the Maritime Administrator.

(4) The foreign transferee shall file with the Vessel Transfer Officer a written copy of the appointment of the resident agent, which copy shall be fully endorsed by the resident agent stating that it accepts the appointment, that it will act thereunder and that it will notify the Vessel Transfer Officer in writing in the event it becomes disqualified from so acting by reason of any legal restrictions. Service of process or notice upon any officer, agent or employee of the resident agent at its permanent place of business shall constitute effective service on, or notice to, the foreign transferee.

(f) *Administrative provisions.* (1) The subsequent Transfer of ownership or registry of vessels that have been Transferred to foreign ownership or registry or both, or to Operation Under the Authority of a Foreign Country, that remain subject to Maritime Administration contractual control as set forth above, will be subject to substantially the same Maritime Administration policy considerations that governed the original Transfer, including such changes or modifications that have subsequently been made and continued in effect. Approval of these subsequent Transfers will be subject to the same terms and conditions governing the foreign Transfer at the time of the previous Transfer, as modified (if applicable).

(2) The authorization for all approved transactions, either by virtue of 46 App. U.S.C. 808, 835 and 839 or the Maritime Administration's Contract with the vessel owner, will be by notification in the form of a Transfer Order upon receipt of the executed Contract, the required bond or other surety, and other supporting documentation required by the Contract.

(3) In order that the Maritime Administration's records may be maintained on a current basis, the transferor and transferee of the vessel are required to notify the Vessel Transfer Officer of the date and place where the approved transaction was completed, and the name of the vessel, if changed. This information relating to the completion of the transaction and any change in name shall be furnished as soon as possible, but not later than 10 days after the same has occurred.

§221.17 Sale of a documented vessel by order of a district court.

(a) A Documented Vessel may be sold by order of a district court only to a Person eligible to own a Documented Vessel or to a Mortgagee of the vessel. Unless waived by the Maritime Administrator, a Person purchasing the vessel pursuant to court order or from a Mortgagee not eligible to document a vessel who purchased the vessel pursuant to a court order must document the vessel under chapter 121 of title 46, United States Code.

(b) A Person purchasing the vessel, pursuant to court order or from a Mortgagee not eligible to document a vessel who purchased the vessel pursuant to a court order, and wishing to obtain waiver of the documentation requirement must submit a request including the reason therefor to the Vessel Transfer Officer.

(c)(1) A Mortgagee not eligible to own a Documented Vessel shall not operate, or cause operation of, the vessel in commerce. Except as provided in paragraph (c)(2) of this section, the vessel may not be operated for any purpose without the prior written approval of the Maritime Administrator.

(2) The Maritime Administrator hereby grants approval for a Mortgagee not eligible to own a Documented Vessel to operate the vessel to the extent necessary for the immediate safety of the vessel or for repairs, drydocking or berthing changes, but only under the command of a Citizen of the United States.

§221.19 Possession or sale of vessels by mortgagees or trustees other than pursuant to court order.

(a) A Mortgagee or a trustee of a preferred mortgage on a Documented Vessel that is not eligible to own a Documented Vessel does not require the express approval of the Maritime Administrator to take possession of the vessel in the event of default by the mortgagor other than by foreclosure pursuant to 46 U.S.C. 31329, if provided for in the mortgage or a related financing document, but in such event the vessel may not be operated, or caused to be operated, in commerce. The vessel may not, except as provided in paragraph (b) of this section, be operated for any other

purpose unless approved in writing by the Maritime Administrator, nor may the vessel be sold to a Noncitizen without the approval of the Maritime Administrator.

(b) The Maritime Administrator hereby grants approval for such Mortgagee or trustee to operate the vessel to the extent necessary for the immediate safety of the vessel, for its direct return to the United States or for its movement within the United States, or for repairs, drydocking or berthing changes, but only under the command of a Citizen of the United States.

(c) A Noncitizen Mortgagee that has brought a civil action *in rem* for enforcement of a preferred mortgage lien on a citizen-owned Documented Vessel pursuant to 46 U.S.C. 31325(b)(1) may petition the court pursuant to 46 U.S.C. 31325(e)(1) for appointment of a receiver and, if the receiver is Person eligible to own a Documented Vessel, to authorize the receiver to operate the mortgaged vessel on such terms and conditions as the court deems appropriate. If the receiver is not a Citizen of the United States, the vessel may not be operated in coastwise trade without prior written approval of the Maritime Administrator.

Subpart C—Preferred Mortgages on Documented Vessels: Mortgagees and Trustees

§ 221.21 Purpose.

The purpose of this subpart is to implement responsibilities of the Maritime Administrator with respect to approving Mortgagees and trustees of preferred mortgages on Documented Vessels pursuant to 46 U.S.C. 31322(a)(1)(D) (iii) and (vi) and 31328(a) (3) and (4).

§ 221.23 Notice/approval of noncitizen mortgagees.

(a)(1) Notice is hereby given that pursuant to statute any Noncitizen may be a preferred Mortgagee of the following Documented Vessel types if the vessel has been operated exclusively and with *bona fides* for one or more of the following uses, under a Certificate of Documentation with an appropriate endorsement and no other, since initial documentation or renewal of its docu-

mentation following construction, conversion, or transfer from foreign registry, or, if it has not yet so operated, if the vessel has been designed and built and will be operated for one or more of the following uses:

- (i) A fishing vessel;
- (ii) A fish processing vessel;
- (iii) A fish tender vessel; and
- (iv) A pleasure vessel.

(2) A vessel of a type specified in paragraphs (a)(1) (i) through (iii) of this section will not be ineligible for the approval granted by this paragraph by reason of also holding or having held a Certificate of Documentation with a registry or coastwise endorsement, so long as any trading under that authority has been only incidental to the vessel's principal employment in the fisheries and directly related thereto.

(b) The Maritime Administrator hereby grants approval for any Noncitizen to be a preferred Mortgagee of the following Documented Vessel types, provided that Noncitizen is not subject, directly or indirectly, to control of any country identified in § 221.13(a)(4) of this part:

- (1) A vessel under 1,000 gross tons;
- (2) An oil spill response vessel documented pursuant to 46 U.S.C. 12106; and
- (3) A vessel operating on inland lakes or waters from which there is no navigable exit to an ocean for that vessel.

(c) The Maritime Administrator hereby grants approval to the granting or transfer of a preferred mortgage of a Documented Vessel to a Federally Insured Depository Institution, so long as it shall continue to remain a Federally Insured Depository Institution. This approval shall not apply to any such preferred mortgage proposed to be made or transferred during any period when the United States is at war or during any national emergency, the existence of which has invoked the provisions of section 37 of the Shipping Act, 1916, as amended (46 App. U.S.C. 835), or to a preferred mortgage proposed to be made or transferred to a citizen of any country when such transfer would be contrary to the foreign policy of the United States as declared by an executive department of the United States, nor shall it apply if that Federally Insured Depository Institution is subject,

directly or indirectly, to control of any country identified in §221.13(a)(4) of this part.

(d) Other Noncitizens may be granted approval by the Maritime Administrator as preferred Mortgagees, on a case-by-case basis, subject to such conditions as the Administrator may prescribe. No such Noncitizen may serve as a preferred Mortgagee of Documented Vessels, however, unless it shall first have filed with the Vessel Transfer Officer an application pursuant to §221.25(a) of this part and received approval therefor pursuant to §221.25(b).

§221.25 Application for approval as mortgagee.

(a) Noncitizen mortgagees qualifying under §221.23 (a), (b) or (c) need not file an application.

(b) Each applicant for approval as a Mortgagee of a preferred mortgage pursuant to §221.23(d) shall submit a completed Maritime Administration Form MA-29 to the Vessel Transfer Officer.

(c) Each approval of an application to be an approved Mortgagee shall be in writing and an original of such approval shall be provided by the Maritime Administrator to the approved Mortgagee.

(d) A list of Mortgagees who have received transactional approval will be published from time to time in the FEDERAL REGISTER, but current information as to the status of a particular Person may be obtained from the Vessel Transfer Officer.

§221.27 Permitted mortgage trusts.

(a) An instrument or evidence of indebtedness secured by a preferred mortgage on a Documented Vessel to a trustee may be issued, assigned, transferred to or held in trust for the benefit of, a Noncitizen if the trustee is a State or the United States Government. No application to, approval by or notice to the Maritime Administrator is required on the part of the United States Government or such State, or on the part of the mortgagor.

(b) As to all other Persons, an instrument or evidence of indebtedness secured by a mortgage on a Documented Vessel to a trustee may be issued, assigned, transferred to or held in trust

by a trustee for the benefit of a Noncitizen only if the trustee has been approved by the Maritime Administrator under this subpart, in which event no further application to, approval by or notice to the Maritime Administrator is required.

(c) If an approved trustee at any time shall no longer qualify to serve in such capacity under this subpart:

(1) The trustee shall notify the Vessel Transfer Officer of such failure to qualify not later than twenty (20) days after the event causing such failure;

(2) The Maritime Administrator shall publish a disapproval notice and order and provide the trustee and the Coast Guard with a copy thereof; and

(3) Within thirty (30) days of the date of notification provided for in paragraph (c)(1) of this section, the trustee shall have transferred its fiduciary responsibilities to a successor trustee that has been approved by the Maritime Administrator pursuant to this subpart.

(d) Any Noncitizen may be a trustee of a preferred mortgage of the Documented Vessel types specified in §221.23(a) of this part, subject to the same conditions specified therein.

§221.29 Approval of corporate citizen trustee.

No corporation shall serve as a trustee pursuant to this part unless it shall first have filed with the Vessel Transfer Officer an application for approval pursuant to §221.33(a) of this part and received approval therefor pursuant to §221.33(b). Any approval granted pursuant to this section shall terminate if the approved institution shall fail at any time to meet the requirements of paragraphs (a) through (e) of this section. A corporate trustee will be approved under 46 U.S.C. 31328 (a)(3) and (b) if it—

(a) Is a Citizen of the United States (the Maritime Administrator reserves the right to require proof of citizenship);

(b) Is organized as a corporation, and is doing business, under the laws of the United States or of a State;

(c) Is authorized under those laws to exercise corporate trust powers;

(d) Is subject to supervision or examination by an official of the United States Government or of a State; and

(e) Has a combined capital and surplus (as stated in its most recent published report of condition) of at least \$3,000,000.

§ 221.31 Approval of corporate noncitizen trustee.

(a) No corporate Noncitizen may serve as a trustee unless it shall first have filed with the Vessel Transfer Officer an application pursuant to § 221.33(a) of this part and received approval therefor pursuant to § 221.33(b). A corporate noncitizen trustee will be approved under 46 U.S.C. 31328 (a)(4) and (b) if it—

(1) Is organized as a corporation, and is doing business, under the laws of the United States or of a State;

(2) Is authorized under those laws to exercise corporate trust powers;

(3) Is subject to supervision or examination by an official of the United States Government or of a State;

(4) Has a combined capital and surplus (as stated in its most recent published report of condition) of at least \$3,000,000; and

(5) Is not a Person who is subject, directly or indirectly, to control of any country identified in § 221.13(a)(4) of this part.

(b) Any approval granted pursuant to paragraph (a) of this section shall terminate if the approved institution shall fail at any time to meet the requirements of that paragraph.

§ 221.33 Application for approval as trustee.

(a) Each applicant for approval as a trustee shall submit a completed Maritime Administration Form MA-579 to the Vessel Transfer Officer.

(b) Each approval of an application to be an approved trustee shall be in writing and an original of such approval shall be provided by the Maritime Administrator to the approved trustee.

(c) Each approval of a trustee shall be effective for a period of five (5) years from the date of issuance, subject to renewal for additional five (5) year periods upon satisfaction of the provisions of § 221.35.

(d) A list of approved trustees will be published from time to time in the FEDERAL REGISTER, but current information as to the status of a particular Person may be obtained from the Vessel Transfer Officer.

(e) Entities approved as trustees under the provisions of §§ 221.29 and 221.31 of this part may act as a trustee without specific transactional approval of the Maritime Administrator.

§ 221.35 Renewal of approval of trustee.

(a) Upon the filing of an acceptable Maritime Administration Form MA-580, approval of a trustee continuing to meet the requirements of this subpart will be extended for an additional period of five (5) years.

(b) The form shall be submitted to the Vessel Transfer Officer not later than the last business day of, and not earlier than the thirtieth (30th) calendar day before expiration of, the five (5) year period then in effect.

§ 221.37 Conditions attaching to approvals.

Every approval granted by the Maritime Administrator pursuant to 46 U.S.C. 31322(a)(1)(D) (iii) or (vi) or 31328(a) (3) or (4) and this part shall be subject to the following conditions whether or not incorporated into a document evidencing such approval:

(a) An approved Mortgagee or trustee shall promptly respond to such written requests as the Maritime Administrator may make from time to time for information or reports concerning its continuing compliance with the terms or conditions upon which such approval was granted;

(b) An approved Mortgagee or trustee shall promptly notify the Maritime Administrator after a responsible official of such Mortgagee or trustee obtains knowledge of a foreclosure proceeding in a foreign jurisdiction involving a Documented Vessel on which such approved Mortgagee or trustee holds a mortgage under or pursuant to its approval under §§ 221.23, 221.25, 221.29, or 221.31 of this part and to which 46 App. U.S.C. 808(c) and section 221.11 of this part are applicable. Such Mortgagee or trustee shall ensure that the court or other tribunal has proper notice of

those provisions, including the requirement that the vessel remain documented under the laws of the United States following any such sale; and

(c) An approved trustee shall not assume any fiduciary obligation in favor of Noncitizen beneficiaries that is in conflict with any of the restrictions or requirements of this part 221.

Subpart D—Transactions Involving Maritime Interests in Time of War or National Emergency Under 46 App. U.S.C. 835 [Reserved]

Subpart E—Civil Penalties

§ 221.61 Purpose.

This subpart describes procedures for the administration of civil penalties that the Maritime Administration may assess under 46 U.S.C. 31309 and 31330, and section 9(d) of the Shipping Act, 1916, as amended (46 App. U.S.C. 808(d), pursuant to 49 U.S.C. 336.

NOTE: Pursuant to 46 U.S.C. 31309, a general penalty of not more than \$11,000 may be assessed for each violation of chapter 313 or 46 U.S.C. subtitle III administered by the Maritime Administration, and the regulations in this part that are promulgated thereunder, except that a person violating 46 U.S.C. 31328 or 31329 and the regulations promulgated thereunder is liable for a civil penalty of not more than \$27,500 for each violation. A person that charters, sells, transfers or mortgages a vessel, or an interest therein, in violation of 46 App. U.S.C. 808 is liable for a civil penalty of not more than \$11,000 for each violation. These penalty amounts are in accordance with Public Law 101-410, as amended by Public Law 104-134. Criminal penalties may also apply to violations of these statutes.

[61 FR 56901, Nov. 5, 1996]

§ 221.63 Investigation.

(a) When the Vessel Transfer Office obtains information that a Person may have violated a statute or regulation for which a civil penalty may be assessed under this subpart, that Officer may investigate the matter and decide whether there is sufficient evidence to establish a *prima facie* case that a violation occurred.

(b) If that Officer decides there is a *prima facie* case, then that Officer may

enter into a stipulation with the Party in accordance with § 221.67 of this subpart, or may refer the matter directly to a Hearing Officer for procedures in accordance with § 221.73 to 221.89 of this subpart.

§ 221.65 Criteria for determining penalty.

In determining any penalties assessed, the Vessel Transfer Officer under § 221.67 and the Hearing Officer under §§ 221.73 to 221.89 of this part shall take into account the nature, circumstances, extent and gravity of the violation committed and, with respect to the Party, the degree of culpability, any history of prior offenses, ability to pay and other matters that justice requires.

§ 221.67 Stipulation procedure.

(a) When the Vessel Transfer Office decides to proceed under this section, that Office shall notify the Party in writing by registered or certified mail—

(1) Of the alleged violation and the applicable statute and regulations;

(2) Of the maximum penalty that may be assessed for each violation;

(3) Of a summary of the evidence supporting the violation;

(4) Of the penalty that the Vessel Transfer Officer will accept in settlement of the violation;

(5) Of the right to examine all the material in the case file and have a copy of all written documents provided upon request;

(6) That by accepting the penalty, the Party waives the right to have the matter considered by a Hearing Officer in accordance with §§ 221.73 to 221.89 of this subpart, and that if the Party elects to have the matter considered by a Hearing Officer, the Hearing Officer may assess a penalty less than, equal to, or greater than that stipulated in settlement if the Hearing Officer finds that a violation occurred; and

(7) That a violation will be kept on record and may be used by the Maritime Administration in aggravation of an assessment of a penalty for a subsequent violation by that Party.

(b) Upon receipt of the notification specified in paragraph (a) of this section, a Party may within 30 days—

(1) Agree to the stipulated penalty in the manner specified in the notification; or

(2) Notify in writing the Vessel Transfer Officer that the Party elects to have the matter considered by a Hearing Officer in accordance with the procedure specified in §§221.73 through 221.89 of this subpart.

(c) If, within 30 days of receipt of the notification specified in paragraph (a) of this section, the Party neither agrees to the penalty nor elects the informal hearing procedure, the Party will be deemed to have waived its right to the informal hearing procedure and the penalty will be considered accepted. If a monetary penalty is assessed, it is due and payable to the United States, and the Maritime Administration may initiate appropriate action to collect the penalty.

§ 221.69 Hearing Officer.

(a) The Hearing Officer shall have no responsibility, direct or supervisory, for the investigation of cases referred for the assessment of civil penalties.

(b) The Hearing Officer shall decide each case on the basis of the evidence before him or her, and must have no prior connection with the case. The Hearing Officer is solely responsible for the decision in each case referred to him or her.

(c) The Hearing Officer is authorized to administer oaths and issue subpoenas necessary to the conduct of a hearing, to the extent provided by law.

§ 221.71 Hearing Officer referral.

If, pursuant to §221.67(b)(2) of this subpart, a Party elects to have the matter referred to a Hearing Officer, the Vessel Transfer Officer may—

(a) Decide not to proceed with penalty action, close the case, and notify the Party in writing that the case has been closed; or

(b) Refer the matter to a Hearing Officer with the case file and a record of any prior violations by the Party.

§ 221.73 Initial Hearing Officer consideration.

(a) When a case is received for action, the Hearing Officer shall examine the material submitted. If the Hearing Officer determines that there is insuffi-

cient evidence to proceed, or that there is any other reason which would make penalty action inappropriate, the Hearing Officer shall return the case to the Vessel Transfer Officer with a written statement of the reason. The Vessel Transfer Officer may close the case or investigate the matter further. If additional evidence supporting a violation is discovered, the Vessel Transfer Officer may resubmit the matter to the Hearing Officer.

(b) If the Hearing Officer determines that there is reason to believe that a violation has been committed, the Hearing Officer notifies the Party in writing by registered or certified mail of—

(1) The alleged violation and the applicable statute and regulations;

(2) The maximum penalty that may be assessed for each violation;

(3) The general nature of the procedure for assessing and collecting the penalty;

(4) The amount of the penalty that appears to be appropriate, based on the material then available to the Hearing Officer;

(5) The right to examine all the material in the case file and have a copy of all written documents provided upon requests; and

(6) The right to request a hearing.

(c) If at any time it appears that the addition of another Party to the proceedings is necessary or desirable, the Hearing Officer will provide the additional Party and the Party alleged to be in violation with notice as described above.

(d) At any time during a proceeding, before the Hearing Officer issues a decision under §221.89, the Hearing Officer and the Party may agree to a Settlement of the case.

§ 221.75 Response by party.

(a) Within 30 days after receipt of notice from the Hearing Officer, the Party, or counsel for the Party, may—

(1) Pay the amount specified in the notice as being appropriate;

(2) In writing request a hearing, specifying the issues in dispute; or

(3) Submit written evidence or arguments in lieu of a hearing.

(b) The right to a hearing is waived if the Party does not submit a request to

the Hearing Officer within 30 days after receipt of notice from the Hearing Officer, unless additional time has been granted by the Hearing Officer.

(c) The Hearing Officer has discretion as to the venue and scheduling of a hearing. The hearing will normally be held at the office of the Hearing Officer. A request for a change of location of a hearing or transfer to another Hearing Officer must be in writing and state the reasons why the requested action is necessary or desirable. Action on the request is at the discretion of the Hearing Officer.

(d) A Party who has requested a hearing may amend the specification of the issues in dispute at any time up to 10 days before the scheduled date of the hearing. Issues raised later than 10 days before the scheduled hearing may be presented only at the discretion of the Hearing Officer.

§ 221.77 Disclosure of evidence.

The Party shall, upon request, be provided a free copy of all the evidence in the case file, except material that would disclose or lead to the disclosure of the identity of a confidential informant and any other information properly exempt from disclosure.

§ 221.79 Request for confidential treatment.

(a) In addition to information treated as confidential under § 221.77 of this subpart, a request for confidential treatment of a document or portion thereof may be made by the Person supplying the information on the basis that the information is—

(1) Confidential financial information, trade secrets, or other material exempt from disclosure by the Freedom of Information Act (5 U.S.C. 552);

(2) Required to be held in confidence by 18 U.S.C. 1905; or

(3) Otherwise exempt by law from disclosure.

(b) The Person desiring confidential treatment must submit the request to the Hearing Officer in writing and the reasons justifying nondisclosure. The Hearing Officer shall forward any request for confidential treatment to the appropriate official of the Maritime Administration for a determination hereon. Failure to make a timely re-

quest may result in a document being considered as nonconfidential and subject to release.

(c) Confidential material shall not be considered by the Hearing Officer in reaching a decision unless—

(1) It has been furnished by a Party; or

(2) It has been furnished pursuant to a subpoena.

§ 221.81 Counsel.

A Party has the right to be represented at all stages of the proceeding by counsel. After receiving notification that a Party is represented by counsel, the Hearing Officer will direct all further communications to that counsel.

§ 221.83 Witnesses.

A Party may present the testimony of any witness either through a personal appearance or through a written statement. The Party may request the assistance of the Hearing Officer in obtaining the personal appearance of a witness. The request must be in writing and state the reasons why a written statement would be inadequate, the issue or issues to which the testimony would be relevant, and the substance of the expected testimony. If the Hearing Officer determines that the personal appearance of the witness may materially aid in the decision on the case, the Hearing Officer will seek to obtain the witness' appearance. The Hearing Officer may move the hearing to the witness' location, accept a written statement, or accept a stipulation in lieu of testimony.

§ 221.85 Hearing procedures.

(a) The Hearing Officer shall conduct a fair and impartial proceeding in which the Party is given a full opportunity to be heard. At the opening of a hearing, the Hearing Officer shall advise the Party of the nature of the proceedings and of the alleged violation.

(b) The material in the case file pertinent to the issues to be determined by the Hearing Officer shall first be presented. The Party may examine, respond to and rebut this material. The Party may offer any facts, statements, explanations, documents, sworn or unsworn testimony, or other exculpatory items that bear on the issues, or

which may be relevant to the size of an appropriate penalty. The Hearing Officer may require the authentication of any written exhibit or statement.

(c) At the close of the Party's presentation of evidence, the Hearing Officer may allow the introduction of rebuttal evidence. The Hearing Officer may allow the Party to respond to rebuttal evidence submitted.

(d) In receiving evidence, the Hearing Officer shall not be bound by the strict rules of evidence. In evaluating the evidence presented, the Hearing Officer shall give due consideration to the reliability and relevance of each item of evidence.

(e) After the evidence in the case has been presented, the Party may present argument on the issues in the case. The party may also request an opportunity to submit a written statement for consideration by the Hearing Officer. The Hearing Officer shall allow a reasonable time for submission of the statement and shall specify the date by which it must be received. If the statement is not received within the specified time, the Hearing Officer may render a decision in the case without consideration of the statement.

§ 221.87 Records.

(a) A verbatim transcript of a hearing will not normally be prepared. The Hearing Officer will prepare notes on material and points raised by the Party in sufficient detail to permit a full and fair review of the case.

(b) A Party may, at its own expense, cause a verbatim transcript to be made, in which event the Party shall submit, without charge, two copies to the Hearing Officer within 30 days of the close of the hearing.

§ 221.89 Hearing Officer's decision.

(a) The Hearing Officer shall issue a written decision. Any decision to assess a penalty shall be based on substantial evidence in the record, and shall state the basis for the decision.

(b) If the Hearing Officer finds that there is not substantial evidence in the record establishing the alleged violation, the Hearing Officer shall dismiss the case. A dismissal is without prejudice to the Vessel Transfer Officer's right to refile the case if additional

evidence is obtained. A dismissal following a rehearing is final and with prejudice.

(c) The Hearing Officer shall notify the Party in writing, by certified or registered mail, of the decision and, if adverse, shall advise the Party of the right to an administrative appeal to the Maritime Administrator or an individual designated by the Administrator from that decision.

(d) If an appeal is not filed within the prescribed time, the decision of the Hearing Officer constitutes final agency action in the case.

§ 221.91 Appeals.

(a) Any appeal from the decision of the Hearing Officer must be submitted in writing by the Party to the Hearing Officer within 30 days from the date of receipt of the Hearing Officer's decision.

(b) The only issues that will be considered on appeal are those issues specified in the appeal which were raised before the Hearing Officer and jurisdictional questions.

(c) There is no right to oral argument on an appeal.

(d) The Maritime Administrator or an individual designated by the Administrator will issue a written decision on the appeal, and may affirm, reverse, or modify the decision, or remand the case for new or additional proceedings. In the absence of a remand, the decision on appeal is final agency action.

(e) The Maritime Administrator or an individual designated by the Administrator shall notify the Party in writing, by certified or registered mail, of the decision on appeal and, if adverse, shall advise the Party of the right of appeal to the courts.

§ 221.93 Collection of civil penalties.

Within 30 days after receipt of the Hearing Officer's decision, or a decision on appeal, the Party must submit payment of any assessed penalty in the manner specified in the decision letter. Failure to make timely payment will result in the institution of appropriate action to collect the penalty.

(b) The Maritime Administrator hereby grants approval for any transaction occurring on or after July 3, 1991 and prior to June 3, 1992 that was lawful under 46 CFR part 221, revised as of October 1, 1991.

SOURCE: 53 FR 23119, June 20, 1988, unless otherwise noted.

§249.1 Purpose.

This part prescribes certain regulations governing the placement of marine hull insurance on vessels built or operated with subsidy or covered by vessel obligation guarantees issued pursuant to Title XI of the Merchant Marine Act, 1936, as amended (Act). (46 U.S.C. 1271-1279)

§249.2 Policy.

(a) It is the policy of the Maritime Administration (MARAD) that companies subject to requirements for the placement of marine hull insurance shall be afforded the widest possible opportunity to obtain the necessary coverage, with minimal regulatory constraints, with financially sound underwriters, and that such placement should not create any unnecessary impediments to competitive maritime operations.

(b) It is also the policy of MARAD to require owners of vessels with ODS or Title XI obligation guarantees to allow the American marine insurance market the opportunity to compete for the marine hull insurance on their vessels before such insurance is placed. Consistent with sound business judgment, owners will be expected to place their

insurance with the American market to the maximum extent possible when the rates, terms and conditions offered by American underwriters are competitive with those offered by foreign underwriters.

§249.3 Amounts of insurance.

MARAD will inform the owner of each vessel that is subsidized or covered by vessel obligation guarantees, prior to initial placement and at least annually thereafter, of the minimum amount of insurance required to be placed on the vessel.

§249.4 Eligibility.

In General. All required marine hull insurance must be placed with:

- (a) Underwriters licensed to do business in one or more of the United States;
- (b) Underwriters at Lloyds;
- (c) Member companies of the Institute of London Underwriters; or
- (d) Other underwriters specifically approved in advance by the Maritime Administration.

§249.5 Eligibility criteria.

(a) *U.S. Underwriters.* Underwriters licensed to do business in a state are eligible to participate without further consideration, provided they have at least a B security rating, as published in the latest edition of A.M. Best's Insurance Reports, and the amount of insurance does not exceed the limitation on risk prescribed in §249.8.

(b) *Foreign Underwriters.* (1) Underwriters at Lloyds are eligible to participate without further consideration.

(2) Underwriters which are members of the Institute of London Underwriters (ILU) (i.e., *member* companies, not parents or affiliates of the member companies) are eligible to participate without further consideration, provided that the ILU member company actually underwriting the risk maintains a trust fund in the United States for the benefit of its U.S. policyholders in an amount at least equal to the minimum provided in §249.7(d), and the

amount insured does not exceed the limitation on risk prescribed in § 249.8. Parent companies or affiliates of the ILU member companies are treated as other foreign underwriters under subsection (c) of this section.

MARAD reserves the right to review this eligibility at any time.

(c) *Other Foreign Underwriters.* Foreign underwriters, other than those specified in paragraphs (b) (1) and (2) of this section, may also be eligible to participate in the writing of marine hull insurance on MARAD program vessels, if approved to do so in accordance with the procedures contained in §§ 249.6 and 249.7.

(d) *Documentation of eligibility.* It shall be the responsibility of the vessel owner and its broker to ensure that the requirements of this section are met, and they should be able to provide MARAD, upon request, with documentation to that effect.

§ 249.6 Application procedures.

(a) MARAD may grant specific approval for underwriters described in § 249.5(c) to participate in the writing of marine hull insurance on MARAD program vessels, only in advance of any actual placement.

(b) Only those foreign underwriters who have obtained a high rating (A or comparable) from an accepted international rating service may apply, and if approved, such approval will be contingent upon continued maintenance of such rating. MARAD will make available to interested parties the names of any accepted international rating service.

(c) To seek approval, an applicant shall submit to MARAD:

(1) Certified financial data for the five previous years in sufficient detail to enable MARAD to assess the financial strength and solvency of the applicant. Normally, this would be the same data which the underwriter must submit to the regulatory agency in its country of domicile. However, MARAD may request additional data if the applicant's submissions are considered inadequate;

(2) A comprehensive description and English language version of the insurance regulatory regime that is in place in the insurer's country of domicile.

(After review, MARAD may contact the foreign national regulatory authorities, as appropriate);

(3) An affidavit in writing, executed by an agent of the applicant who is a domiciliary of the United States, and supported by appropriate documentation, to demonstrate that there is nothing in either law or practice to preclude a U.S. insurer from obtaining the same access to the applicant's home market as the applicant is seeking to the U.S. market, and

(4) The details of its reinsurance program, if it wishes to write any risks in excess of five percent of its policyholders' surplus. These details shall be accompanied by a statement that clearly demonstrates the special circumstances and good cause by which MARAD should be persuaded to modify its general policy on limitation of risk described in § 249.8.

§ 249.7 Approval

(a) Approval of the applicant will be based upon an assessment of the applicant's financial condition and solvency, its rating by an accepted international rating service, suitability of the regulatory regime under which the applicant must operate in its home country, and on the principle of reciprocal non-discrimination. MARAD will not approve access to the U.S. hull insurance market, if U.S. insurers are denied similar access to the hull insurance market in the applicant's home country.

(b) MARAD will publish in the FEDERAL REGISTER each Notice of Application received from foreign underwriters described in § 249.5(c), affording interested persons an opportunity to bring to MARAD's attention any discriminatory laws or practices relating to the placement of marine hull insurance which might exist in the applicant's country of domicile.

(c) In granting approval, MARAD will consider all materials available to it, and may impose reasonable terms and conditions upon any such approvals granted.

(d) Upon approval, applicant will be required to establish and maintain for the benefit of its U.S. policyholders a U.S. trust fund in the amount of at least \$1.5 million, such amount to be

reviewed periodically (but not more frequently than annually), and adjusted as appropriate. This requirement may be satisfied by means of an appropriate irrevocable letter of credit.

(e) All policies, at the time of issuance, shall contain the latest American Institute of Marine Underwriters' forms, or equivalent, as approved by MARAD.

(f) All policies issued by foreign underwriters shall include New York Subable Clause or Service of Suit (USA) Clause.

(g)(1) To maintain approval, foreign underwriters, other than those specified in §249.5(b), shall, in addition to retaining the high rating from an accepted international rating service, file annual financial statements in the same level of detail as required for original approval. Such statements shall be due within 120 days after the close of the underwriter's annual accounting period.

(2) In addition, a new affidavit concerning the lack of discriminatory laws or practices related to hull insurance in the underwriter's home market, as described in §249.6(c)(3), shall be filed annually at the same time as the financial statements.

(h) Since there is no annual re-approval required, foreign underwriters which are approved shall agree to submit additional information, as requested by MARAD, if it has reason to believe there has been a change in the underwriter's financial status or business practices which could affect the quality of its security. Failure to provide such information on a timely basis could result in immediate withdrawal of the authorization to write hull insurance on MARAD program vessels.

§ 249.8 Limitation on risk.

(a) Underwriters may take a line on any single risk in excess of five percent of its Policyholders' Surplus only with the prior approval of MARAD. MARAD will grant such approval to certain underwriters only in special circumstances, and for good cause shown. The standard to be applied in such cases shall be that the underwriter's *net* retention on any single risk may not exceed five percent of its Policyholders' Surplus, the gross amount of

the risk may not exceed its surplus, and the reinsurers must have a high (A or comparable) rating from an accepted international rating service.

(b) The vessel owner shall also provide MARAD with a mortgagee's interest policy in an amount equal to the difference between the net retention and the amount of the line taken by such underwriter.

§ 249.9 American market participation.

(a) Owners of vessels receiving ODS or Title XI vessel obligation guarantees, or their brokers, shall offer to the American marine insurance market the opportunity to compete for the placement of marine hull insurance on each vessel. Consistent with sound business judgment, owners will be expected to place their insurance with the American market to the maximum extent possible when the rates, terms and conditions offered by American underwriters are competitive with those offered by foreign underwriters. MARAD will make available a list of approved American underwriters and their capacities.

(b) In the event that less than 50 percent of the placement is made with the American marine insurance market, the owners, or their brokers, shall file an affidavit confirming that the risk has been offered to a substantial portion of the American market. The affidavit shall list the American underwriters to which the risk was offered, and such underwriters shall account for at least 50 percent of the approved American market capacity, or 75 percent in the event that more than 75 percent of the risk was placed in foreign markets.

(c) Failure to comply with (a) or (b), above, may result in MARAD requiring that the risk be reoffered and that the existing placement be modified, as deemed appropriate.

§ 249.10 Non-discrimination policy.

To administer effectively the policy regarding non-discrimination against U.S. insurers in other countries, as described in §§249.6(b)(3) and 249.7(a), MARAD seeks the assistance of the American marine insurance industry to

provide information at the time of publication of Notice of Application described in §249.7(b) concerning the existence of any discriminatory laws or practices in the marine hull insurance market abroad. Upon receipt of such information, MARAD will take whatever action it deems appropriate.

§249.11 Confidentiality.

(a) If the data submitted under this rule contain information that the submitter considers to be commercial or financial information and privileged or confidential, or otherwise exempt from disclosure under the Freedom of Information Act (FOIA) (5 U.S.C. 552), the submitter shall assert a claim of exemption at the time the data are submitted. The claim shall be made in a letter contained in a sealed enveloped marked "Confidential Information," addressed to the Secretary, Maritime Administration. The submitter shall stamp or mark "confidential" on the top of each page containing information claimed to be confidential.

(b) In claiming an exemption under FOIA, the submitter must state the basis for such action, including supporting information showing: (1) That the information claimed to be confidential is a trade secret or commercial or financial information in accordance with statutory and decisional authority; and (2) that measures have been taken by the submitter of the information to ensure that the information has not been disclosed or otherwise made available to the public, or, if the information has been disclosed or otherwise becomes available to the public, why such disclosure or availability does not compromise the confidential nature of the information.

(c) In the event of a subsequent request for any portion of the data under the FOIA, those submissions not so claimed by the submitter will be disclosed, and those so claimed will be subject to the initial determination by the Secretary, Maritime Administration.

(d) If the Secretary makes a determination unfavorable to the submitter, the submitter will be advised that MARAD will not honor the request for confidentiality at the time of any re-

quest for production of information under the FOIA by third parties.

§249.12 Waivers.

The provision of this part may be waived in writing, for special circumstances and good cause shown, provided the procedures adopted are consistent with the Act and with the intent of these regulations.

§251.1 Applications for construction-differential subsidy under Title V, Merchant Marine Act, 1936, as amended.

(a) Applications under section 501 of the Act for subsidy to aid in the construction of new vessels or the reconstruction of existing vessels, to be operated in the foreign commerce of the United States, shall be filed on form FMB-8 in accordance with the instructions annexed thereto.¹

(b) Applications for aid in the construction of new vessels to be operated in domestic trade shall be filed on Form VA-9 in accordance with the instructions annexed thereto.¹

APPENDIX No. 1—POLICY

1. To the maximum practical extent as determined by the Maritime Subsidy Board applicants for construction-differential subsidy (CDS) under Title V of the Merchant Marine Act of 1936, as amended, shall duplicate designs of ships previously approved by the

¹Copies of forms referred to may be obtained on request from the Secretary, Maritime Subsidy Board, Washington, D.C.

Board for Subsidized Ship Construction. Such duplication contemplates retention of: Hull form; major structure, i.e., shell, transverse bulkheads, decks, girder systems; etc.; machinery horsepower and arrangement; and arrangement of deck house. However the Board will permit modifications such as changes to reefer cargo capacity, deep tankage, and cargo gear in a manner so as not to disrupt the basic configuration of the ship and without sacrificing gains that can be made from group production. New ship designs will be considered from any operator who has already constructed sufficient ships of a given design to have optimized the economy of standardized ship construction, when the applicant feels that a new design is necessary in exceptional cases and justifies this need to the Board. Where the Board concludes contrary to an applicant that a previously developed design can be satisfactorily adapted to requirements of the intended service at a substantial saving compared with building to a new design, invitations to bid shall be issued for both the standard design and the custom design of the owner's preference. Construction-differential subsidy will be based on whichever design requires the least subsidy.

2. The Board may require such variations from designs of ships previously approved as are necessary to optimize the economic utilization of mechanization and labor saving equipment with the potential of reducing operating-differential subsidy (ODS). Other nonstandard equipment or shipbuilding components shall be eligible for CDS, only if (a) their effect is to decrease the total sum of such CDS and ODS projected over the life of a ship, or (b) when it can be demonstrated with reasonable certainty that the added investment will produce a return to the owner of at least 10 percent per annum after taxes over the life of the investment.

3. Value engineering provisions will be included in all construction-differential subsidy contracts and construction contracts. Value engineering items considered mandatory by the Board prior to or during the development of the bidding plans and specifications and during the actual ship construction period shall be incorporated in the plans and specifications or incorporated in the ship. If the mandatory items are not acceptable to the owner the difference in cost, as determined by the Board, between the value engineered and the installed item will be borne by the owner. This paragraph shall not be construed (a) as revising the present appeal rights of the shipowner, or (b) as imposing upon the shipbuilding contractor any requirement for employment of a specific number of value engineering personnel.

4. Subsidy for changes under the construction contract will be allowed only when the net effect of the change will with reasonable certainty (a) comply with the standard in 2

(a) or (b) above, (b) correct a deficiency in design which is clearly essential, or (c) comply with a change in the requirement of a regulatory body which becomes effective after 30 days preceding bid opening. Any changes desired by the owner which do not adversely affect the safe, efficient or economical operation of the ship will be permitted, but without the benefit of subsidy. Subsidy for changes under category 2(b) shall be based on an estimate as to what the work would have cost if it had been included in the bidding specifications.

5. Post-contract engineering costs incurred by the owner for engineering review and plan approval will be subsidized within a ceiling. The owner's expenses for such engineering and plan approval shall be limited for subsidy purposes to a maximum of 2 percent of the low bid for each of one ship in each contract. This limitation shall apply to liner cargo vessels of the break bulk type with no more than twelve passengers, but including special features such as mechanization, container carrying devices, special cargo handling equipment, refrigeration spaces and special deep tanks, etc. This upper limit shall be adjusted downward to take into account features including, but not limited to, standardized design, successive flights of ships in the same yard, or successive flights of ships in different yards.

6. Construction-differential subsidy on owner's engineering expenses for inspection when only one ship is being built shall be limited to an amount equal to 1.3 percent of the bid price. For multiple ship construction the amount subsidizable will be 1.3 percent of the contract price per ship plus an additional increment of 0.36 percent for each vessel beyond the first. For example, the subsidizable amount for inspection on a four ship contract would be 1.3 percent plus 1.08 percent (0.36×3) or 2.38 percent times the cost of the each of four ship bid price.

This limitation shall apply to liner type cargo vessels of the break bulk type with no more than 12 passengers but including special features such as mechanization, container carrying devices, special cargo handling equipment, refrigeration spaces and special deep tanks, etc. This upper limitation shall be adjusted downward to take into account features including, but not limited to, standardized design, or other vessels for the same owner and in the same shipyard.

7. Interior decorators' fees will be limited to a maximum of \$10,000 per contract.

8. Construction-differential subsidy will not apply to owner furnished equipment. All material or equipment to which construction-differential subsidy shall apply must be included in the plans and specifications upon which the competitive ship construction bids are based or included in authorized changes under contract.

9. Notwithstanding any of the foregoing limitations on subsidy the Board will in exceptional cases authorize subsidy or research and development grants for new ship concepts or individual ship features whose economic justification lie in the possibility of future major advances in ship construction or operation and which in the Board's judgment may lead to greater efficiency and economy.

APPENDIX NO. 2—STATEMENT OF GENERAL POLICY

1. The appropriations available for the payment of construction-differential subsidy by the Maritime Subsidy Board necessarily are limited. Present replacement program schedules for individual operators repeatedly have been revised and extended in recent years in accordance with the operating-differential subsidy contracts. It is possible that further delay will occur in the replacement of some of the vessels required to be replaced pursuant to the existing contractual obligations of those operators under operating-differential subsidy contracts with the Government. These standards are designed to provide better guidance for the operators and the Government in making the judgments necessary in selecting from among competing applications for limited funds. This policy will apply to requests for and allocations of appropriations for fiscal year 1967 and thereafter. It furthermore applies only to awards of financial assistance in the construction of vessels for liner service.

2. (a) To provide for the optimum development of the American Merchant Marine in number of vessels and in shipping capability, the Board will allocate federal financial assistance for construction or reconstruction of vessels so as to give priority to those proposals which, having met all requirements of Title V, Merchant Marine Act, 1936, will in the Board's opinion utilize such assistance to obtain the greatest shipping capability and productivity possible. In making its determinations under this policy, the Maritime Subsidy Board will take into consideration the following factors:

(1) Number of vessels proposed for construction by the applicant.

(2) Cubic and deadweight capacities and speed of the proposed vessels.

(3) Proposed cargo handling equipment and techniques for transfer of cargo in and out of vessels and to and from inland points. In this connection, the applicant will be required to set forth the estimated rate of loading and of discharge of cargo, as well as the adaptability of the proposed vessel to integrated systems of transportation embracing both ocean and overland transportation.

(4) Estimated domestic cost of construction.

(5) Estimated revenues and cost of operation; and with respect to wage cost, the proposed manning schedule on the proposed vessels.

(6) The applicant's intention to seek operating subsidy and if so, the duration and amount of such subsidy payments.

The Board will weigh the above factors in such a fashion as will measure the productivity of the vessel (i.e., its carrying capacity, speed, and rate of cargo handling) against the Government's cost of construction and operating aid. The Board will award aid (so far as funds are available) for the construction of those vessels otherwise eligible, as will give the greatest productivity for each dollar of Government aid.

(b) The Board reserves for determination at a later time standards to be applied in the allocation of federal financial assistance for the construction of vessels to be used in non-liner operations.

APPENDIX NO. 3—CONSTRUCTION-DIFFERENTIAL SUBSIDY FOR MACHINERY AND ELECTRIC PLANT SPARE PARTS

1. The total cost of machinery and electric plant spare parts (whether shore-based or carried aboard ship), which are in addition to those spare parts required by all cognizant regulatory bodies (including ABS, Coast Guard and the FCC), which shall be eligible for CDS, shall not exceed the amount determined by application of the percentages shown in the Table below:

² Cost of spare anchor, propeller, or tailshaft is not included in this allowance and is handled as a separate Maritime Subsidy Board action.

3. This regulation shall be implemented in accordance with the following procedures and guidelines:

(a) The allowance is to be calculated by the Maritime Administration and will be included in the contract price for all new contracts for which CDS is awarded after this regulation becomes effective. For ships under contract on the effective date of this regulation, the regulation shall form the basis for permitting a change under contract for additional spare parts to be subsidized, provided that a request for CDS participation is submitted to the Maritime Administration prior to delivery of the applicable ship.

(b) The allowance is to be fixed and will not be escalated under the escalation provisions (if any), of the contract. For changes to existing contracts, the allowance will be computed based on the original contract price.

(c) An audit, as deemed appropriate by the Maritime Administration, will be made at the end of the contract to determine total spare parts expenditures and a change under contract will be issued if actual expenditures are less than the allowance. The audit will be based on Maritime Administration review of a priced list, by shipyard purchase orders, of spare parts furnished pursuant to this § 251.11.

(d) Shipping and shipyard handling costs are to be included in the allowance.

(e) If the cost of material in a cost class is increased or decreased by reason of a change under contract, the total spare parts allowance will not be increased or decreased unless included as part of the change under contract.

(f) The actual expenditure of funds for spare parts by the Owner need not correspond to the percentages shown in the table which are used to determine the total amount eligible for CDS.

(g) An owner may exceed the limit set by this regulation, provided such excess is for his sole account.

Subpart A—Introduction

§252.1 Purpose.

This part prescribes regulations implementing provisions in Title VI of the Merchant Marine Act, 1936, as amended (46 App. U.S.C. 1171-1176 and 1178-1181) governing operating-differential subsidy for bulk cargo vessels engaged in carrying bulk cargo in essential services in the foreign commerce of the United States.

[51 FR 40425, Nov. 7, 1986, as amended at 61 FR 32706, June 25, 1996]

§252.2 Policy.

The policy of the Merchant Marine Act, 1936, as amended, is set forth in section 101 thereof, as follows:

It is necessary for the national defense and development of its foreign and domestic commerce that the United States shall have a merchant marine (a) sufficient to carry its domestic water-borne commerce and a substantial portion of the water-borne export and import foreign commerce of the United States and to provide shipping service essential for maintaining the flow of such domestic and foreign water-borne commerce at all times, (b) capable of serving as a naval and military auxiliary in time of war or national emergency, (c) owned and operated under the United States flag by citizens of the United States insofar as may be practicable, (d) composed of the best-equipped, safest, and most suitable types of vessels, constructed in the United States and manned with a trained and efficient citizen personnel, and (e) supplemented by efficient facilities for shipbuilding and ship repair. It is hereby declared to be the policy of the United States to foster the development and encourage the maintenance of such a merchant marine.

§252.3 Definitions.

When used in this part:

(a) *Act* means the Merchant Marine Act, 1936, as amended (46 U.S.C. 1101-1294).

(b) *Maritime Administrator* means the Maritime Administrator, Department of Transportation of the Department of Transportation.

(c) *Board* means the Maritime Subsidy Board of the Maritime Administration.

(d) *Bulk cargo vessel* means a vessel built to carry solid, liquid or gaseous commodities that in normal shipment are contained only by the vessel's structure.

(e) *Citizen of the United States* includes a corporation, if all directors of the corporation are citizens of the United States, partnership or association but only if it is deemed a citizen of the United States under section 2 of the Shipping Act, 1916, as amended (46 U.S.C. 802).

(f) *Contracting Officer* means the Associate Administrator for Maritime Aids.

(g) *Fiscal year* means any annual period beginning on July 1 and ending on June 30.

(h) *Foreign-flag competition* means those foreign-flag vessels deemed by the Board to be competitive with the subsidized vessel.

(i) *Gross revenue* means the operator's total gross receipts from cargoes or fixtures of a vessel or both.

(j) *Operating-differential subsidy agreement (ODSA)* means the agreement entered into by the operator and the United States government for the payment of operating-differential subsidy.

(k) *Operating-differential subsidy (ODS)* means, except as the operator and the United States government should agree upon a lesser amount, the excess of the cost of subsidizable items of expense incurred in the operation under United States registry of a vessel over the estimated fair and reasonable cost of the same items of expense (excluding any increase in the cost of such items necessitated by features incorporated for national defense), if such vessel were operated under the registry of a foreign country whose vessels are substantial competitors of the vessel, or such sums as the Board may determine to be necessary to make the cost of operating such vessel competitive with the cost of operating similar vessels under the registry of a foreign country.

(l) *Operator* means any individual, partnership, corporation or association that contracts with the United States government under Title VI of the Act to receive ODS.

(m) *Reduced crew period* means any period in port beginning on the day that a vessel's normal crew complement is reduced by 4 or more men and division of wages is not paid for the missing men and ending on the day prior to the day that the vessel's crew complement is restored to not more than 3 men less than the normal crew complement, or division of wages is paid for the missing men, or the vessel is temporarily or permanently withdrawn from subsidized service, whichever occurs first.

(n) *Region Director* means the Region Director of the Maritime Administration within whose region the principal office of the operator is located.

(o) *Subsidized service* means the operation of a vessel other than in the coastal or intercoastal trade in accordance with the terms and conditions of the ODSA.

§ 252.4 Waivers.

Subpart B—Eligibility and Agreement

§ 252.10 Eligibility.

Any citizen of the United States may apply to the Board for the payment of ODS for the operation of a bulk cargo vessel in an essential service in the U.S. foreign commerce.

§ 252.11 Application forms.

Application forms may be obtained from the Secretary, Maritime Administration, Department of Transportation, Washington, DC 20590.

§ 252.12 Approval.

The Board may not approve an application for the payment of ODS until the Board has determined, in addition to other statutorily required determinations, that:

(a) The operation of the vessel in an essential service is required to meet foreign-flag competition and to promote U.S. foreign commerce;

(b) The vessel was built in the United States, or built foreign and determined to be eligible for ODS pursuant to the applicable law at the time it was built or acquired, and the vessel is documented under the laws of the United States.

(c) The applicant owns or leases, or can and will build or purchase or lease, a vessel or vessels of the size, type, speed and number, and with the proper equipment required to enable him to operate in an essential service in such manner as may be necessary to meet competitive conditions and to promote U.S. foreign commerce;

(d) The applicant possesses the ability, experience, financial resources and other qualifications necessary to enable him to conduct the proposed operation of the vessel to meet competitive conditions and promote U.S. foreign commerce;

(e) The granting of the aid applied for is necessary to place the proposed operations of the vessel on a parity with the vessels of foreign competitors, and is reasonably calculated to carry out

effectively the purposes and policy of the Act;

(f) The vessel is of steel or other acceptable metal, is propelled by steam or motor, and is as nearly fireproof as practicable; and

(g) The vessel is constructed in accordance with plans and specifications approved by the Board and Secretary of the Navy, with particular reference to economical conversion into an auxiliary naval vessel, or approved by the Board and Navy Department as otherwise useful to the United States in time of national emergency.

[40 FR 43490, Sept. 22, 1975, as amended at 51 FR 40425, Nov. 7, 1986]

§ 252.13 Contract.

Upon approval by the Board of an application for ODS, the applicant and the United States may enter into an ODSA.

Subpart C—Operation

§ 252.20 Subsidized and nonsubsidized voyages.

(a) *Subsidized voyages*—(1) *Minimum operation.* The operator shall operate each subsidized vessel for a minimum of 335 days each year in the worldwide carriage of bulk cargo in the U.S. foreign commerce and in the carriage of such cargo between foreign ports.

(2) *Commencement.* The first voyage shall commence at the time provided in the ODSA. All subsequent voyages shall commence at 0001 hours local time of the day following the day of termination of the previous voyage or, in the event that a reduced crew period follows such termination, at 0001 hours local time of the day following the day on which such reduced crew period terminates.

(3) *Termination.* A voyage shall terminate at 2400 hours local time:

(i) In a U.S. port, on the day of completion of (a) paying off the crew from foreign articles, (b) discharge of cargo at the last U.S. port of discharge, or (c) voyage repairs, whichever event occurs last;

(ii) In a foreign port, on the day (a) of completion of the discharge of cargo if the vessel loads cargo in such port of

discharge, (b) prior to the day of commencement of loading cargo if the vessel departed its last port of cargo discharge in ballast;

(iii) In the case of special circumstances such as strike or lack of cargo activity, on the day approved by the Region Director upon request for a variance by the operator; or

(iv) On the final voyage, on the day provided in the ODSA for termination of the final voyage.

(4) *Periods of reduced crew, idleness, delay or lay-up—(i) Report by operator.* The operator shall report promptly to the Region Director any reduced crew period and any period of idleness, lay-up or delay occurring during or between voyages and the facts and circumstances relating to any such period.

(ii) *Region Director's finding.* The Region Director shall make a finding as to whether the period reported by the operator could have been avoided through the efficient and economical operation of the vessel and whether operating costs were reduced to a minimum in accordance with sound commercial practice. The Region Director shall, by means of a written report, promptly advise the operator and Contracting Officer of his finding.

(iii) *Contracting Officer's determination.* The Contracting Officer shall consider the Region Director's finding and shall determine what costs, if any, shall be subsidized during the period reported by the operator. The Contracting Officer shall promptly advise the operator of his determination in writing.

(b) *Nonsubsidized voyages in the U.S. foreign commerce.* (1) For any period of nonsubsidized service in the U.S. foreign commerce with respect to which the Board has granted prior authorization, a vessel shall go off subsidy after 2400 hours local time of the day of final discharge of cargo on the last subsidized voyage, or in the event the nonsubsidized voyage follows a subsidized period of reduced crew, idleness or lay-up, the vessel shall be deemed to be off subsidy at 0001 hours local time of the day following the day on which such period of reduced crew, idleness or lay-up terminates. The vessel shall continue in this nonsubsidized service

until 2400 hours local time of the day of final discharge of the nonsubsidized cargo after which time the vessel will resume subsidized status. In the event the vessel makes consecutive nonsubsidized voyages during any such period of nonsubsidized service, it will remain in nonsubsidized status until completion of the final nonsubsidized voyage.

(2) For the purposes of meeting the requirements set forth in §§ 252.20(a) and 252.21, any such nonsubsidized voyage will be considered in the same manner as a subsidized voyage.

(3) Voyage reports shall be submitted upon the completion of each nonsubsidized voyage in the same manner as specified in § 252.23(a) and shall clearly indicate that the voyage is nonsubsidized.

[40 FR 43490, Sept. 22, 1975, as amended at 43 FR 4858, Feb. 6, 1978; 51 FR 40426, Nov. 7, 1986]

§ 252.21 Essential service requirement.

(a) *Essential service.* A vessel which is not subject to a charter, or a vessel subject to a charter which does not exceed 5 years duration and which may not be extended beyond 5 years duration by exercise of an option either within the charter or contained in a separate agreement, shall be deemed to be in an essential service, within the meaning of section 211(b) of the Act. The operator shall be entitled to the full amount of ODS payable under the operator's ODSA (less any reduction with respect to the carriage of cargo in the coastwise or intercoastal trades, as described in section 605(a) of the Act). A vessel subject to a charter which exceeds 5 years duration, or which may be extended beyond 5 years duration by exercise of an option (pursuant to provision of the charter or any separate agreement), shall not be deemed to be in an essential service unless such charter has been approved by the Maritime Administrator pursuant to paragraph (b) of this section.

(b) *Approval of charters.* Charters of vessels that exceed 5 years duration or that may be extended beyond 5 years duration by exercise of an option (pursuant to provision of the charter or any separate agreement) shall be submitted to the Maritime Administrator for review and approval at least 30 days prior to execution of such charter. Charters

exceeding 5 years shall be approved if the Maritime Administrator finds that the vessel will probably be employed during a substantial portion of its economic life in carrying a significant volume of cargo in the U.S. foreign commerce. The Maritime Administrator shall base this finding on all relevant considerations, including but not limited to, the terms of the charter, the business of the charterer and the normal tendency for bulk operators to participate substantially in U.S. foreign commerce. When the Maritime Administrator has made this finding with respect to a vessel, its operations during any period of subsidized service while subject to that charter shall be deemed to be operation in an essential service. The payment of ODS for such period shall not be reduced because of any amendment to this section or any other provision in this part 252 made prior to expiration of the charter. ODSA default provisions shall be applicable to noncompliance with this requirement. Charters that do not exceed 5 years and do not provide for extension beyond 5 years do not have to be submitted for approval by the Maritime Administrator, unless otherwise required by the ODSA. Charters previously approved by the Maritime Administration under existing procedures are deemed approved for purposes of this section.

(c) *Modification of requirement.* The Board shall have the authority to modify prospectively the provisions of this section as future circumstances may dictate. However, any such modification made by the Board shall apply only to charters that are executed on or after the date of the Board action, and the Board shall have discretion in determining whether such modification shall have general or limited applicability.

(d) *Applicability.* This is a general requirement applicable to the payment of ODS to operators of all types of bulk cargo vessels. The provisions of any ODS regulations pertaining specifically to dry bulk cargo vessels as may be finally adopted by the Maritime Administration and set forth in title 46, Code of Federal Regulations, shall govern as to dry bulk cargo vessels where such

provisions are inconsistent with those contained in this section.

[45 FR 30442, May 8, 1980]

§ 252.22 Substantiality and extent of foreign-flag competition.

(a) *Type and tonnage groupings.* Foreign-flag competition shall be determined, as of January 1 of the year preceding January 1 of the subsidized year, by surveying a data file known as "Merchant Fleets of the World" that is maintained by MARAD. All foreign-flag bulk cargo vessels included in this data file are divided by type and category, and further subdivided by class. Classes include, but are not limited to general tanker, chemical tanker, OBO, general dry bulk carrier and wood chip carrier. Each vessel class is further divided into deadweight tonnage ranges as follows:

(1) Range A—vessels of less than 25,000 DWT;

(2) Range B—vessels of 25,000 but less than 50,000 DWT;

(3) Range C—vessels of 50,000 but less than 100,000 DWT; and

(4) Range D—vessels of 100,000 or more DWT.

(b) *Competitive classes and range.* The following classes of foreign-flag vessels in the same tonnage range as the subsidized vessel shall be deemed to be competitive with the subsidized vessel:

Subsidized Vessels and Foreign-flag Class

(1) General tanker—general tanker

(2) Chemical tanker—general and chemical tankers

(3) OBO—general dry bulk carriers and tankers, OBO, bulk/oil, ore/oil and ore carriers

(4) General dry bulk carrier—general dry bulk carriers

(c) *Grouping and ranking competitive foreign-flags.* The foreign-flag vessels deemed to be competitive with the subsidized vessel shall be grouped by nationality and ranked according to the total deadweight tonnage under each foreign-flag.

(d) *Competitive foreign flag.* The competitive foreign flag shall be the flag with the greatest total tonnage in the range.

(e) *Largest foreign flag not competitor.* In the event that the Board believes

that the competitive foreign-flag so determined pursuant to this § 252.22 is not a substantial competitor of any particular operator, the Board may determine the foreign-flag competition in a manner that more accurately reflects the true competition of the particular operator. In making this determination, the Board shall consider the written views of the operator and any other interested parties.

[40 FR 43490, Sept. 22, 1975, as amended at 45 FR 8024, Feb. 6, 1980; 51 FR 40426, Nov. 7, 1986]

§ 252.23 Financial and other reporting requirements.

(a) *Voyage report.* The operator shall submit a voyage report to the Director, Office of Subsidy Administration, Maritime Administration, Washington, DC 20590, upon the completion of each subsidized voyage. Each voyage report shall include the following:

(1) Name of vessel and voyage number.

(2) Subsidy contract number.

(3) Vessel activity, including the following:

(i) Ports of voyage commencement and termination, including dates and times.

(ii) Loading ports, including dates of arrival and departure and long tons of cargo loaded (specify commodity).

(iii) Discharge ports, including dates of arrival and departure and long tons of cargo discharged.

(iv) Other ports, ports of bunkering, emergency calls, etc., including dates of arrival and departure (specify reason for call).

(4) All reduced crew periods, all periods of idleness, lay-up and delay, and all related correspondence with the Region Director.

(b) *Condition of vessels, inspection and repairs.* In order that the Maritime Administration may participate in the inspection of vessels, in compliance with part 272 of this subchapter, the operator shall give at least 24 hours notice to the Region Director as to the time and place of vessel inspections.

(c) *Vessel insurance*—(1) *Policies.* Upon the binding of any insurance policy with respect to a subsidized vessel, the operator shall submit promptly to the Director, Office of Marine Insurance, Maritime Administration, Washington,

DC 20590, for approval of the Maritime Administration, a signed copy of each cover note issued by the operator's brokers, which, to the extent applicable, shall set forth as to such vessel the amounts covered by hull, increased value and other forms of total loss protection, as well as protection and indemnity insurance. Such cover notes shall include the rates, the amounts placed in the different markets, the participating underwriters, the amount underwritten by each underwriter, and the amounts of the deductibles. Upon request, copies of the policy shall be submitted to the Maritime Administration for examination.

(2) *Cancellation and policy changes.* The operator shall advise the Maritime Administration promptly of the cancellation of any policy of insurance, any changes in the terms or underwriters of any policy of insurance, any period of lay-up that permits the collection of return premiums, and the occurrence of any major casualty or total loss covered by a policy of insurance.

(d) *Financial statements.* The operator shall submit, in triplicate, to the Director, Office of Financial Approvals, Maritime Administration, Washington, DC 20590, the following reports, including management footnotes where necessary to make a fair financial presentation:

(1) Not later than 120 days after the close of the operator's semiannual accounting period, a Form MA-172 on a semiannual basis, in accordance with 46 CFR 232.6.

(2) Not later than 120 days after the close of the operator's annual accounting period an audited annual financial statement, in accordance with 46 CFR 232.6.

(Reporting requirements for paragraph (a) were approved by the Office of Management and Budget under control number 2133-0024 and reporting requirements for paragraph (d) were approved by the Office of Management and Budget under control number 2133-005)

[40 FR 43490, Sept. 22, 1975, as amended at 45 FR 30443, May 8, 1980; 47 FR 25530, June 14, 1982. Redesignated and amended at 51 FR 40426, Nov. 7, 1986]

§ 252.24 Continued eligibility for subsidy.

Operators shall remain eligible for ODS so long as they are engaged in service which would, under this part and sections 601(a), 602, and 605(c) of the Act, qualify for approval of an ODSA. The payment of ODS will be made only for carriage of commercial cargoes for which U.S.-flag vessels are in direct competition with foreign-flag vessels. An example of cargo that is excluded is bulk cargo reported by a shipper as the U.S.-flag share of cargoes subject to an agreement (including a unilateral commitment by a foreign government which has the effect of reserving cargoes for U.S.-flag vessels), between the United States and a foreign government in connection with any U.S. cash transfer foreign assistance program. In such a circumstance, there is no foreign-flag competitions for such cargoes.

Subpart D—Calculation of Subsidy Rates

SOURCE: 51 FR 40426, Nov. 7, 1986, unless otherwise noted.

§ 252.30 Amount of subsidy payable.

(a) *Daily rates.* Daily ODS rates shall be used to quantify the amount of ODS payable except for the ODS rates applicable to maintenance and repair expenses, as described separately in § 252.32. The daily ODS rate represents the cost differential between the subsidized vessel and its foreign-flag competition. A daily rate shall be calculated for each subsidized item of expense identified in the ODSA (with the exception of ODS rates applicable to maintenance and repair expenses), and the total of all items is the daily amount of ODS payable for approved vessel operating days, excluding reduced crew periods.

(b) *Reduced crew periods.* For reduced crew periods, as defined in § 252.3 of this part, a man-day reduction amount, calculated separately for officers and unlicensed crew members, shall be used to reduce the daily wage ODS rate to conform to the complement remaining on the vessel. The man-day reduction

amounts shall be determined by dividing the daily wage ODS for officers and unlicensed crew members by the number of subsidizable crew members in each category. For each day of a reduced crew period, the man-day amount shall be multiplied by the number of crew members missing for that day, and the resulting product shall be deducted from the daily ODS rate. The difference shall be the ODS payable for such day. (See illustration in Schedule C at § 252.41 of this part.)

(c) *Review of rates.* Daily subsidy rates shall be reviewed every six months. For the item, "wages of officers and crews," the daily rate shall be calculated for fiscal periods July 1 through June 30, in accordance with provisions of the Act. During the period January through June, adjustments—paid as a lump sum or as a daily amount—shall be made to wage ODS so that the correct amount of ODS for the full fiscal period is received by the operator. For other subsidizable items of expense, the daily rate shall be calculated for calendar years.

(d) *Negative rates.* When an ODS rate in any category is less than zero, indicating that the subsidized operator is at an advantage rather than a disadvantage in such category, the negative rate shall be deducted from positive rates in determining the daily ODS amount payable.

(e) *Operator Comments.* The operator shall have the opportunity to comment on each subsidy rate as calculated by MARAD. The operator and contracting officer shall make every effort to resolve disagreements that arise. In the event of a disagreement that cannot be resolved, comments received from the operator and the contracting officer's recommendation shall be presented to the Board for its consideration in determining subsidy rates.

[51 FR 40426, Nov. 7, 1986, as amended at 58 FR 17349, Apr. 2, 1993]

§ 252.31 Wages of officers and crews.

(a) *Definitions.* When used in this part:

(1) *Base period.* The first base period under the wage index systems, as provided in section 603 of the Act, is the

period beginning July 1, 1970 and ending June 30, 1971. Thereafter, base period means any annual period beginning July 1 and ending June 30, with respect to which the Board establishes a base period cost. At intervals of not less than two years, nor more than four years, the Maritime Subsidy Board shall establish a new base period. Base periods shall be announced by the Board prior to the December 31 date that would be included in the new base period.

(2) *Base period cost*—(i) *Initial base period*. For the initial base period of subsidized service, the term *base period cost* means the collective bargaining cost as of January 1 of that base period.

(ii) *Subsequent base periods*. For base periods subsequent to the initial base period, the term *base period cost* means the average of the collective bargaining cost as of January 1 of such fiscal year, and the base period cost of the previous base period, indexed to January 1 of the new base period by an index compiled by the Bureau of Labor Statistics. This index shall consist of the average annual change in wages and benefits placed into effect for employees covered by collective bargaining agreements, with equal weight to be given to changes affecting employees in the transportation industry (excluding the off-shore maritime industry) and to changes affecting employees in private non-agricultural industries other than transportation. However, such base period cost shall not be less than a minimum, nor more than a maximum amount, determined as a percentage of the collective bargaining cost computed for January 1 of such base period in accordance with the following schedule:

	Minimum (pct)	Maximum (pct)
Base period following a:		
2 year cycle	97½	102½
3 year cycle	96¼	103¾
4 year cycle	95	105

(3) *Collective bargaining cost (CBC)* means the annual cost, calculated on the basis of the per diem rate of expense, as of January 1 of the annual fiscal periods July 1 through June 30, of all items of expense required by the op-

erator through a collective bargaining or other agreement, covering the employment of the approved manning complement of the subsidized vessel, including payments required by law to assure old-age pensions, unemployment benefits or similar benefits, and taxes or other governmental assessments on crew payrolls.

(4) *Approved manning complement* means the complement approved by the Board for subsidy.

(5) *U.S. wage cost (WC)* means the annual cost, calculated on the basis of the per diem rate of expense as of January 1 of the annual fiscal periods July 1 through June 30, of all items of expense required of the operator through a collective bargaining or other agreement, covering the employment of the normal manning complement of the subsidized vessel, including payments required by law to assure old-age pensions, unemployment benefits or similar benefits, and taxes or other governmental assessments on crew payrolls.

(6) *Normal manning complement* means the crew complement established by a collective bargaining or other agreement with the officers and unlicensed crew of the vessel. When ratings of different salaries are in the same job during the year, the base wages of the rating carried most of the time shall be used.

(7) *Subsidizable wage cost* means, (i) with respect to a base period, the base period cost, and (ii) in any fiscal period other than a base period, the most recent base period cost, increased or decreased by the change from January 1 of the base period to January 1 of the non-base period. The subsidizable wage cost shall not be less than 90 percent nor greater than 110 percent of the collective bargaining cost as of January 1 of such period.

(8) *Unpredictably timed costs* are collective bargaining costs that are not regularly incurred. Examples of unpredictably timed costs are such costs as severance pay, shortfalls, special assessments, and war zone bonuses.

(b) *Method of calculating collective bargaining cost (CBC)*. CBC shall be determined by pricing out, for the approved crew complement, the per diem total of fixed costs specified in the collective bargaining agreement and adding a per

diem total of variable costs obtained from the cost experience of the subsidized vessel during the first nine months of the preceding calendar year.

(1) *Fixed Costs.* The per diem total of fixed costs shall include all costs that are stated in specific or determinable amounts per time period and, based on operating experience, do not vary. In cases where a monthly amount is specified in the agreement, the per diem amount shall be determined by dividing the monthly amount by 30. When a daily amount is specified it shall be used. Examples of fixed costs are:

- (i) Base wages;
- (ii) Non-watch pay;
- (iii) Vacation pay (including contributions to vacation funds);
- (iv) Tool allowance;
- (v) Clothing and uniform allowances; and
- (vi) Per diem contributions for pension, training, welfare, unemployment, including unallocated contributions placed in escrow.

(2) *Variable costs.* Variable costs are regularly incurred employment costs which vary with ship operating experience. The per diem aggregate of variable costs as of January 1 shall be determined by applying a ratio to the per diem aggregate of base wage costs as of January 1, the numerator of which shall be the total of variable costs for the first nine months of the preceding calendar year and the denominator of which shall be the total of base wage costs for the first nine months of the preceding calendar year. Variable costs include but are not limited to:

- (i) Payroll taxes (including social security taxes);
- (ii) Overtime and penalty pay;
- (iii) Variable pension, training, welfare, unemployment, and vacation costs;
- (iv) Pay in lieu of time off;
- (v) Transportation and travel allowances;
- (vi) Payments to relief officers and crews;
- (vii) Wages and other expenses of USMMA cadets and extra messmen;
- (viii) Board and lodging allowances;
- (ix) Overlap in wages (a maximum of three days for officers and two days for unlicensed crew); and
- (x) Penalty cargo bonuses.

(c) *Method of calculating U.S. wage cost (WC).* Two different calculations of WC are necessary—a per diem amount for every ship type on the service and a per month amount for the predominant ship type (most voyages) on the service. The purpose of the per month calculation is to make a comparison with the monthly foreign wage costs. The relationship of WC to foreign costs for the predominant ship is applied to the per diem WC for other ship types in the service to estimate comparable foreign costs for them.

(1) *Calculation of per diem WC.* The per diem WC shall be calculated by the same method that applies to CBC, except that the normal manning complement shall be used.

(2) *Calculation of per month WC.* The costs and manning level used in this calculation shall be the same as those used for the per diem WC.

(d) *Data submission requirements.* For purposes of calculating CBC and WC the operator shall each year submit Form MA-790 and, as appropriate, current copies of all collective bargaining or other agreements, memoranda of understanding, and arbitration awards, which specify the fixed costs as of January 1. Schedule A of Form MA-790, which covers wage costs on voyages terminated during the first nine months of the previous calendar year, shall be submitted by December 31. Schedule B of Form MA-790—normal manning complement, rates of pay, and contributions in effect on January 1 of the current year—shall be submitted by January 31. Form MA-790, Schedules A and B, shall be submitted to the Director, Office of Ship Operating Costs, Maritime Administration, 400 Seventh Street, SW., Washington, DC 20590.

(e) *Example Calculation.* The following is a sample calculation of CBC and WC:

¹ Normal manning complement.² Approved manning complement.

(f) *Method of calculating foreign wage costs.* The foreign wage cost (FC) of the principal foreign-flag competitor and the comparable WC of the subsidized vessel are matched as of January 1 of the last fiscal year preceding the subsidized fiscal year for purposes of determining the wage cost of the principal foreign flags. The following procedures are used:

(1) *Manning.* The foreign manning complement in number and nationality for the principal foreign-flag competitor shall be constructed for the subsidized vessel type using the manning scales and practice of the competitor as developed through an examination of alien crew manifests, payrolls, and other reliable information. The commonly used crew complement of the competitor shall be adjusted to fit the predominant vessel type, in recognition of differences in physical characteristics that would affect manning scales. Where the manning complement cannot be estimated with reasonable substantiation, it will be deemed to be identical with that of the subsidized vessel.

(2) *Method.* The method of calculating FC shall be the same as that used for WC, provided that it is possible to obtain foreign cost data on the same basis as wage cost data. Preference shall be given to pricing out for fixed costs and to cost experience for vari-

able costs. Where applicable, foreign currencies shall be converted into U.S. currency equivalents by using the average of end-month exchange rates for the period July through June that includes the January 1 for which FC is calculated. The exchange rates shall be obtained from the publication, "International Financial Statistics", published monthly by the International Monetary Fund. If exchange rates for particular foreign currencies are not available in this publication, they shall be obtained from the United States Department of the Treasury.

(3) *Foreign wage costs.* The per diem composite foreign wage cost is determined by multiplying the per diem WC for the U.S. ship type, calculated as of January 1 of the subsidized fiscal year, by the ratio of FC to WC, calculated as of January 1 of the last fiscal year preceding the subsidized fiscal year. The following is a sample calculation of the foreign percentage.

(g) *Determination of daily wage rate.* The foreign wage cost is deducted from subsidizable wage costs to determine the daily wage subsidy rate. Table 1 is an example calculation of a daily wage subsidy rate using the procedures described in this section.

(h) *Unpredictably timed costs (UTC)* are subsidized by calculating costs incurred during the previous six months and converting them into a daily rate. A lump sum amount would be paid for special lump sum assessments or for per man-day increases to benefits plans which become effective during the six

months following the establishment of the daily rate. In either case, the percentage subsidy rate—which is the differential percentage between the subsidizable wage cost and the foreign wage cost—is used to establish the amount of subsidy payable for UTC incurred.

(1) UTC expenses such as severance pay and area bonuses shall be eligible for subsidy payment without obtaining prior approval and subsidy shall be paid as a lump sum amount.

(2) Expenses such as shortfalls in benefit fund contributions, special assessments for benefits funds, and retroactive wage increases may be treated as UTC if the cost increase was not negotiated. Such costs must be approved as UTC by the Director, Office of Ship Operating Costs. To the extent such expenses qualify for UTC, the Director shall determine the appropriate method of paying subsidy—added to the per diem wage subsidy rate and/or as a lump sum amount treated separately.

§ 252.32 Maintenance (upkeep) and repairs.

(a) *Subsidy items.* The fair and reasonable maintenance and repair costs not compensated by insurance, if eligible for subsidy under the ODSA and the regulations in 46 CFR part 272, incurred by the operator during the calendar year.

(b) *Subsidy rate.* The subsidy rate for maintenance and repair shall be the U.S.-foreign cost differential determined from price estimates of representative items of maintenance and repair work and by using the repair

practices of the foreign-flag competition. See paragraph (b)(4) of this section for an example calculation.

(1) *Cost survey.* MARAD shall select a sample of jobs which are representative of the various types of maintenance and repair work—drydocking and underwater repairs, machinery repairs, hull and deck repairs, electrical repairs, exterior painting and interior painting, etc. The jobs shall be described fully and combined into a standard set of specifications based on a particular type of vessel. The same specifications shall be used for obtaining all price estimates. MARAD shall

§ 252.32

46 CFR Ch. II (10–1–97 Edition)

request reliable and mutually acceptable ship repair cost experts to ascertain the U.S. and foreign M&R prices. MARAD shall survey foreign countries during a three-year cycle. The survey year prices shall be adjusted in the years between surveys by price adjustments estimated by the ship repair cost experts.

(2) *Country cost differential.* A country cost differential shall be determined for each country where work was performed on the competitive vessels. The country cost differential shall be 100 percent minus the ratio of the estimated foreign price to the U.S. price estimate. The U.S. price estimate shall be representative of the coastal area included in the subsidized service (for example East Coast) or, if more than one coast is served, the coast where the company is home based. For example:

DETERMINATION OF COUNTRY COST DIFFERENTIAL		
[Year—1985; U.S. Atlantic—Gulf Coast; Foreign Country—Singapore]		
Repair category	Foreign price	U.S. price
Drydocking and Underwater Repairs	\$89,840	\$300,245

Exterior Painting	5,035	30,640
Interior Painting	390	1,470
Estimate Totals	316,220	917,010
Foreign/U.S. Price Ratio—34%.		

Country Cost Differential (100–34)—66%.

(3) *Distribution of repairs.* The distribution of repairs refers to the countries where M&R work was performed on the vessels of the foreign-flag competitor. When data on the repairing practices are obtained directly from the foreign competitor, they shall be used. If information about such practices is unavailable—or only partially available—data, published by the classification societies and Lloyd's Voyage Record, reporting the dates and localities of drydocking and completion of the various types of vessel surveys, shall be used for determining the geographical distribution of the unknown repairing practices. If such information is unavailable, repairing practices shall be determined on the basis of the industry as a whole.

(4) *M&R subsidy rate.* The U.S.-foreign cost differential for the foreign-flag competitor shall be determined by multiplying the percentage distribution of repairs for each country where repair work was performed by the country cost differential for that country, and by adding the resulting weighted cost differential for all countries. For example:

ABC BULK COMPANY, INC., MAINTENANCE AND REPAIR SUBSIDY RATE				
Principal competitor	Distribution of repairs		Country cost differential percent	Weighted cost differentials _____ (1) × (2) (percent)
	Country	Percent		
Liberia	(1)		(2)	(3)

	Japan	20	36	7.2
	Singapore	65	57	37.1
Subsidy rate	47

(c) *Data submission requirement.* The operator is required to submit a Subsidy Repair Summary (Form MA-140)

quarterly, in accordance with 46 CFR part 272.

[51 FR 40426, Nov. 7, 1986, as amended at 54 FR 5086, Feb. 1, 1989; 58 FR 17349, Apr. 2, 1993; 61 FR 32706, June 25, 1996]

§ 252.33 Hull and machinery insurance.

(a) *Subsidy items.* The fair and reasonable net premium costs (including stamp taxes) of hull and machinery, increased value, excess general average, salvage, and collision liability insurance against risks and liabilities covered under the terms and conditions of policies approved as to form and coverage by MARAD, less lay-up returns, shall be eligible for subsidy and used for determining the U.S.-foreign cost differential. Port risk premiums are eligible for subsidy but not for determining the U.S.-foreign cost differential.

(b) *U.S.-foreign cost differential.* A U.S.-foreign cost differential shall be calculated for the service. Due to the difficulty of comparing forms and costs of hull and machinery insurance coverages, the following assumptions shall be used for estimating the composite premium cost of the foreign-flag competitor.

(1) *Coverage.* The foreign competitive vessels have the same types and amounts of insurance coverages and deductible averages as the subsidized vessels.

(2) *Premium rate.* The foreign competitive vessels are insured in the British market and the rate for such vessels is the same as the British market rate for the subsidized vessels. If the operator carries all of its insurance in the American market, the American market rate shall be assumed to be the same as the British market rate.

(3) *Repairs.* Insurable repairs of the foreign competitive vessels are performed in the same countries and in the same distribution as non-insurable repairs, and the cost differential for such repairs shall be the same as the maintenance and repair percentage differential.

(4) *Particular average.* The percentage of particular average repair claims for the foreign competitive vessels is the same as the percentage of particular average repair claims for the subsidized vessels. The particular average portion of the premium cost for the subsidized vessels shall be determined as follows:

(i) *Percentage.* The particular average portion of the premium cost shall be determined by applying a percentage to

the hull and machinery premium cost after deducting the estimated total loss premium. The percentage is based on insured claims experience. The percentage shall be determined by dividing the total of underwriter's absorptions for particular average domestic repair claims paid and estimated by the total of underwriter's absorptions for all claims paid and estimated (excluding total loss and constructive total loss claims) under the hull and machinery portion of the insurance coverage, except that such percentage shall not exceed eighty-five (85) percent. The percentage is based on the claims experience of the subsidized vessels for the five (5) calendar year period preceding the subsidized year. For subsidized operators that do not have five years of claims experience, the average percentage of particular average domestic repair claims for all similar subsidized vessels shall be used unless the operator can submit data to substantiate its own claims cost experience on similar vessels.

(ii) *Data submission requirement.* The operator shall submit the five year claims experience, invoices showing net premium costs and coverages for the subsidized year, and lay-up returns for the previous year to the Director, Office of Ship Operating Costs, not later than sixty (60) days after the close of each calendar year.

(c) *Calculation.* In calculating the subsidized premium cost, the following steps shall be taken:

(1) The particular average portion of the premium cost shall be adjusted in order to give effect to the repair cost differential for the foreign competitive vessels by applying the complement of the maintenance and repairs percentage cost differential (100 percent minus the differential) to the particular average portion of the premium cost. The adjusted particular average foreign premium cost shall be added to the net premium cost excluding the particular average portion to determine the composite foreign premium cost.

(2) The foreign premium cost shall be subtracted from the operator's total premium cost to determine the difference in dollars. The percentage differential is determined by dividing the dollar difference by the operator's total

premium cost. An example calculation is included in Table 2.

(3) The net premium cost of the subsidized vessels shall be divided by the number of days in the calendar year and the resultant daily insurance cost shall be multiplied by the U.S.-foreign cost differential percentage applicable to the most recent year to determine the daily amount of subsidy for hull and machinery insurance.

§ 252.34 Protection and indemnity insurance.

(a) *Subsidy items.* Items eligible for determination of subsidizable costs and the U.S.-foreign cost differential are:

(1) *Premiums.* The fair and reasonable net premium costs (including stamp taxes) of protection and indemnity, excess insurance, second seamen's insurance, "tovalop" or other forms of pollution insurance, bumbershoot (only that portion identified as applicable to P&I insurance), cargo liability if excluded from the primary policy, supplemental calls against liabilities covered under the terms and conditions of policies approved as to form and coverage by MARAD, less lay-up return premiums, shall be eligible for subsidy and used for determining the U.S.-foreign cost differential.

(2) *Deductibles.* The fair and reasonable cost of crew claims paid by and pending with the operator under the deductible provision of the protection and indemnity insurance policy approved as to form and coverage by MARAD, to the extent that such cost would have been paid by the insurance underwriter under the terms of the policy, except for the fact that it did not exceed the deductible provision of the policy, shall be eligible for subsidy. For subsidy purposes, the deductible absorption shall not exceed \$50,000 for each accident or occurrence, provided however, that benefits paid on unearned wages, if excluded from coverage under the protection and indemnity insurance policy, shall be eligible, notwithstanding that the deductible provisions of the policy may be exceeded.

(b) *Assumptions made in calculation.* For purposes of determining subsidy for protection and indemnity insurance, it shall be assumed that the cost differential between the subsidized vessels and the foreign competitive vessels is limited to those portions of premium costs and deductible absorptions which are related to crew liability and that the cost of all other liabilities is the same for both the subsidized vessels and the foreign competitive vessels.

(c) *Calculation.* The following is the method of calculating the U.S.-foreign cost differential for premiums:

(1) *General.* A differential shall be calculated for the service of the vessels. Since the premium cost for all other liabilities is assumed to be the same for both the U.S. and foreign competitive vessels, the calculation of the differential for protection and indemnity insurance premiums is in effect based on the difference between U.S. and foreign premium costs for crew liabilities. Premium costs are determined in costs per gross registered ton (GRT).

(2) *Reporting requirement.* The operator shall submit the total premium cost for the subsidized year, plus any supplemental calls and lay-up return premiums not previously reported, to the Director, Office of Ship Operating Costs, not later than 60 days after the beginning of such year. The data shall be supported by invoices from the insurance underwriter.

(3) *U.S. crew liability cost.* the crew liability portion of the total premium cost shall be determined by applying a percentage to the total premium cost based on five (5) years of claims experience for the five years commencing six years prior to January 1 of the subsidized year. The percentage shall be determined by dividing the total of underwriter's absorptions for crew claims, paid and estimated, by the total of underwriter's absorptions for all claims, paid and estimated. The crew claims portion shall be limited to eighty-five (85) percent unless the operator can substantiate a higher percentage as a result of having crew liability and all other liabilities insured with different underwriters. The operator shall submit the five-year claims experience not later than 60 days following the close of each calendar year.

(4) *All other liabilities cost—U.S. and foreign.* The all other liabilities portion of the U.S. premium cost shall be determined by subtracting the crew liability portion from the total premium cost. The same cost shall be used for the all other liabilities portion of the foreign-flag competitor's premium cost.

(5) *Foreign crew liability cost.* The crew liability cost of each principal foreign-flag competitor shall be used, if reli-

able cost data can be obtained. If such data cannot be obtained for a principal competitor, and it is determined that such competitor has a non-national crew, the crew liability cost for similar vessels registered under the flag of the crew's nationality may be used, at the Board's discretion, provided reliable cost data are obtained. If no reliable cost data are obtained for a competitor, the crew liability cost for that competitor shall be estimated by multiplying the subsidized operator's crew liability portion of the total premium cost by the ratio of that competitor's wage costs (FC) to the subsidized operator's wage costs (WC), as determined in the calculation of the wage differential.

(6) *U.S.-Foreign cost differential.* The U.S.-foreign cost differential shall be the excess of the operator's total premium cost over the principal foreign-flag competitor's estimated total premium cost, expressed as a percentage, calculated in the following manner.

ABC BULK COMPANY, INC., PROTECTION AND INDEMNITY INSURANCE PREMIUMS, 1985

Premium cost (per GRT)	United States	Liberia
Crew liability	¹ \$3.98	² \$1.27
All other liability	\$1.06	\$1.06
Total cost	\$5.04	\$2.33
Differential—Excess of U.S. cost over foreign cost		\$2.71
U.S.-foreign cost differential (pct)		53.77

¹ Determined by applying 79.03% (based on 5-year claims experience) to total GRT premium rate of \$5.04.

² Crew Liability data obtained by Maritime Administration.

NOTE: The unweighted percentage of foreign to U.S. wage costs would be used to estimate the foreign cost if the foreign crew liability data were not available.

(d) *Daily subsidy rate.* The daily subsidy rate shall be calculated in the following manner:

(1) *Premiums.* The net premium costs per calendar day for the subsidized year shall be multiplied by the U.S.-foreign cost differential percentage determined for the most recent year. The product shall be the daily amount of subsidy for P&I premiums.

(2) *Deductibles.* (i) The eligible illness and injury crew claims paid and pending for each calendar year of a three-year period commencing six years prior to January 1 of the subsidized year, shall be recalculated, if necessary, to

§ 252.40

46 CFR Ch. II (10–1–97 Edition)

reflect the operator's current deductible levels. These expenses, after audit, shall be multiplied by the percentage wage differential, and determined in the calculation of wage subsidy for the appropriate fiscal period. The resulting calendar period P&I deductible subsidy for the three-year period shall be divided by the voyage days for the period to arrive at an aggregate daily P&I deductible subsidy. The aggregate fiscal period wage subsidy accrued for the three-year period shall be divided by the voyage days for the period to arrive at an aggregate daily wage subsidy amount. The aggregate daily P&I deductible subsidy for the three-year cal-

endar period shall be divided by the aggregate daily wage subsidy for the three-year period. The P&I deductible differential shall be divided by the fiscal period wage differential in the service for the three-year period, and the resulting percentage shall be applied to the wage per diem calculated for each ship type in the service to derive the daily amount of subsidy for P&I deductibles. As to pending claims previously recognized in the historical period, only the amount of changes in cost with respect to such claims shall be subsequently recognized. The following methodology shall determine subsidy for P&I deductibles.

DETERMINATION OF DAILY AMOUNT OF SUBSIDY FOR P&I DEDUCTIBLES

Item	Calendar year 1979	Calendar year 1980	Calendar year 1981	Total

C5-B	9,300	×3.69	343.17
C6-C	9,600	×3.69	354.34

(ii) In cases where national insurance schemes cover crew claims costs in their entirety, resulting in no cost to the foreign competitor for deductible absorptions, the composite percentage differential for wages shall be adjusted by substituting a zero cost for such foreign competitor in the calculation of the differential. The adjustment of the wage percentage differential shall not be used for Japan, where operators incur minimal costs for deductible absorptions, rather than no costs. For Japan, the insurance related costs which are normally included in the calculation of Japanese wage costs shall

be excluded in adjusting the wage percentage differential for this purpose.

(3) *Data submission requirement.* The operator is required to submit annually a certified statement of eligible and audited crew claims as identified in paragraph (d)(2) of this section for the historical period identified therein. The report shall be submitted to the Director, Office of Ship Operating Costs, no later than January 1 of the subsidized year.

Subpart E—Subsidy Payment and Billing Procedures

§ 252.40 Payment of subsidy.

(a) *Submission of voucher.* At the close of each calendar month, the subsidized operator may submit a voucher, and include for payment in such voucher the

Maritime Administration, DOT

amount of ODS accrued for the voyages terminated during the period.

(b) *Maintenance and repair subsidy.* In the case of payments for maintenance and repair subsidy only, the subsidized operator shall submit an initial voucher and include for payment in such voucher a percentage of the ODS payable for the period covered by the voucher, which percentage shall be negotiated between MARAD and the subsidized operator, but in no instance shall exceed 90 percent. Upon the completion of MARAD's determinations that the expenses are fair and reasonable, MARAD's computation of the ratio of subsidized vs. nonsubsidized days during the calendar year in which the last voyage terminated, and the Office of the Inspector General's audit of subsidizable expenses, the subsidized operator shall submit a final voucher for an adjustment of the amount of subsidy paid.

§ 252.42 Appeals procedures.

(a) *Appeals of annual or special audits.* An operator who disagrees with the findings, interpretations or decisions in connection with audit reports of the Office of the Inspector General and who cannot settle said differences by negotiation with the Contracting Officer may submit an appeal to the Maritime Administrator from such findings, interpretations or decisions in accordance with Part 205 of this chapter.

(b) *Appeals of administrative determinations—(1) Policy.* An operator who disagrees with the findings, interpretations or decisions of the Contracting Officer with respect to the administration of this part may submit an appeal from such findings, interpretations or decisions as follows:

(i) Appeals shall be made in writing to the Secretary, Maritime Subsidy Board, Maritime Administration, within 60 days following the date of the document notifying the operator of the administration determination of the Contracting Officer. In his appeal to the Secretary the operator shall indicate whether or not he desires a hearing.

(ii) The appellant will be notified in writing if a hearing is to be held and whether he is required to submit additional facts for consideration in connection with the appeal.

(iii) When a decision has been rendered by the Board, the appellant will be notified in writing.

(2) *Appeal to the Secretary of Transportation.* An operator who disagrees with the Board may appeal such findings and determinations by filing a written

Maritime Administration, DOT

petition for review of the Board's action with the Secretary of Transportation. The petition shall be filed in accordance with provisions of the Department of Transportation pertaining to Secretarial review.

(3) *Hearings*. The Rules of Practice and Procedures, 46 CFR part 201, subpart M, shall be followed for all hearings granted under 46 U.S.C. 1176 and 46 CFR 252.42.

Subpart A—General

§ 272.1 Purpose.

The purpose of this part is to prescribe the requirements and procedures for determining the condition of vessels receiving operating-differential subsidy, to prescribe the requirements for reporting and substantiating maintenance and repair (M&R) expenses, and to establish the criteria and procedures for determining whether a M&R expense is subsidizable.

§ 272.2 Scope.

Except as otherwise provided in subpart B, the provisions of this part apply only to vessels operating under an operating-differential subsidy agreement which provides for the payment of M&R subsidy, except that this part does not apply to any vessel operating under an operating-differential subsidy agreement for the carriage of bulk raw and processed agricultural commodities from the United States to the Union of Soviet Socialist Republics, pursuant to part 294 of this chapter.

§ 272.5 Prior instructions superseded.

The provisions of this part supersede any provisions of MARAD Circular Letters and Accounting Instructions applicable to M&R and dated prior to the effective date of these regulations to the extent that the provisions of this part may be inconsistent with the provisions of such prior instructions.

Subpart B—Requirements and Procedures for Determining the Condition of Eligible Vessels

§ 272.11 Scope.

This subpart applies to any Eligible Vessel, other than one operating under an ODSA subject to part 294 of this chapter.

§ 272.12 Determining the condition of eligible vessels.

The Operator of an Eligible Vessel shall make the vessel available whenever MARAD may require, in any of the following instances:

(a) At the commencement of the first subsidized voyage, except for a newly constructed vessel which enters subsidized service immediately upon delivery by the shipyard, and for which there is a prior condition survey report. If that subsidized service commences outside the continental limits of the United States, the vessel may be surveyed at the first United States port of call;

(b) At the commencement of the first voyage following the effective date for M&R subsidy established by MARAD, if such M&R rate was not established at the commencement of the vessel's first voyage;

(c) Upon the discontinuance of a M&R subsidy rate;

(d) Upon resumption of subsidized voyages after temporary withdrawal from subsidized operation. The vessel

shall not be considered as having been temporarily withdrawn from subsidized service if it performed unsubsidized voyages in a subsidized service of the Operator;

(e) Upon withdrawal from subsidized service, either temporarily (subject to the provisions of paragraph (d) of § 272.14), or permanently;

(f) During the dry docking period incident to the vessel's American Bureau of Shipping Special Surveys;

(g) Upon termination of the last voyage under the ODSA, or at the end of the contract period, with respect to subsidized vessels in idle status at that time; or

(h) At any other time that MARAD considers to be appropriate.

§ 272.13 Operator's responsibilities.

Whenever MARAD notifies an Operator that a survey of an Eligible Vessel is required under this section, the Operator shall:

(a) Make the vessel immediately available for survey if the vessel is in a port of the United States at the time of notification, or make the vessel available for survey immediately upon arrival at the first port of call in the United States if the vessel is not in a port of the United States at the time of notification; and

(b) Furnish to the Secretary of the Board the following:

(1) A copy of each American Bureau of Shipping report and every other salvage association or damage survey report; and

(2) Copies of certificates or other evidence of compliance with applicable laws, rules, and regulations as to vessel condition and operation, including, but not limited to, those administered by the United States Coast Guard, Environmental Protection Agency, Federal Communications Commission, Public Health Service, or their respective successors, and compliance with all applicable treaties and conventions to which the United States is a signatory.

(Approved by the Office of Management and Budget under control number 2133-0007)

§ 272.14 Survey procedures.

(a) *Prior to survey.* Unless otherwise directed by MARAD, the Operator of a

vessel which is required to be surveyed under this subpart shall contact the ship operations unit of the Region Office in which the survey is to be conducted.

(b) *Operator's assistance to surveyor.* The Operator shall assist the marine surveyor performing the survey for MARAD and shall permit access by that surveyor to all parts of the vessel, its log books, and other official records. The Operator may designate a representative to accompany the marine surveyor during the survey, but no Operator's representative is required to be present during the survey.

(c) *On-subsidy surveys.* An on-subsidy survey consists of the following:

(1) *Vessel survey.* This includes an inspection and the completion of reports by the surveyor, in sufficient detail to reveal a comprehensive picture of the conditions noted.

(2) *On-subsidy survey report.* The on-subsidy survey report consists of:

(i) Ship Survey Report, Form MA-58; and

(ii) As appropriate for the circumstances of the survey and the respective vessel, Forms MA-55 (Turbines and Gears Report); MA-56 (Tooth Contact Report); MA-57 (Drydock Report); and MA-59 (Measurements of Piston Rings and Grooves).

(d) *Off-subsidy surveys.* An off-subsidy survey consists of the following:

(1) *Repair specifications.* The Operator shall prepare and furnish to the appropriate Region Office detailed repair specifications covering all repair work attributable to completed subsidized service.

(2) *Off-subsidy survey report.* The survey report for an off-subsidy survey consists of the repair specifications required by paragraph (c)(1) of this section, and the findings of the Region Office on these specifications after the survey required by paragraph (c)(2) of this section.

§ 272.15 Execution of condition survey reports.

Every survey report shall be signed by:

(a) The Operator's representative, when designated pursuant to § 272.13(a), but only if that representative was in attendance during the survey;

(b) The Operator's superintendent engineer or equivalent;

(c) The marine surveyor who conducted the survey; and

(d) The appropriate representative of the Region Office for the Region in which the survey was conducted.

§ 272.16 Non-compliance with survey requirements.

MARAD may disallow any one or more M&R claims otherwise eligible for subsidy if an Operator fails to:

(a) Contact the appropriate Region Office as required by § 272.14(a);

(b) Comply with provisions of § 272.14(c)(1) with respect to repair specifications, or to make the vessel reasonably available for inspection before its next sailing; or

(c) Comply with any other requirement specified in this subpart B.

Subpart C—Eligibility Criteria for M&R Subsidy; Substantiation of M&R Expenses

§ 272.21 General eligibility criteria.

(a) *Eligible maintenance and repairs.* Costs of maintenance and repair are eligible for M&R subsidy participation if they are:

(1) Performed on an Eligible Vessel;

(2) Necessary, because of subsidized operation, for the M&R or replacement of damaged or worn parts of the vessel's hull, machinery, or Permanent Equipment;

(3) Uncompensated by insurance;

(4) Considered fair and reasonable by the Board;

(5) Of Domestic Origin; and

(6) Otherwise eligible in accordance with provisions of this part.

(b) *Off-subsidy survey items.* Any M&R contained in an executed off-subsidy survey report is eligible maintenance and repair if:

(1) Paragraphs (a) (1) through (6) of this section are met;

(2) The work is accomplished by the Operator before or during the next drydocking period (periodic or otherwise); and

(3) The vessel is either owned by the same Operator who owned it at the time of the off-subsidy survey, or ownership was transferred to the Federal

Government pursuant to section 510 of the Act (46 App. U.S.C. 1160).

(c) *Operator furnished items.* In addition to the general requirements of paragraph (a) of this section, the cost of the Operator's materials, supplies, or both, furnished by the Operator which are necessary to the performance of eligible M&R, is eligible for M&R subsidy if:

(1) The items for which the cost was incurred are issued by the Operator from ship's inventory or the Operator's shoreside inventory, or are issued by direct purchase to the ship repair yard, other independent contractor, or shore gang labor; and

(2) No subsidy, whether M&R or otherwise, has previously been paid for such material, supplies, or both; and

(3) The items are of Domestic Origin.

(d) *Costs associated with shore gang labor.* In addition to the general requirements of paragraph (a) of this section, the costs incurred with respect to the Operator's employment of U.S. shore gang labor necessary for the performance of eligible M&R are eligible for M&R subsidy participation only if such costs are:

(1) For direct labor charges;

(2) For eligible Spare Parts, as described in paragraph (e) of this section; or

(3) Incidental to the payment of wages for the direct labor, to the extent that such costs are required by State or Federal law or by collective bargaining agreements.

(e) *Spare parts.* Spare parts are eligible for M&R subsidy if they are:

(1) Necessary for eligible M&R;

(2) Issued by the Operator from the Operator's shoreside inventory or issued by direct purchase to a U.S. ship repair yard, U.S. independent contractor, or U.S. shore gang labor; and

(3) Placed aboard an Eligible Vessel, and

(4) Of Domestic Origin.

§ 272.22 Improvements and other similar work.

(a) *Eligible expenditures.* Any expenditure not in excess of \$200,000 for work effected during any one or a series of repair periods, which the Operator and MARAD consider to be an Improvement, is eligible for M&R subsidy if

otherwise eligible for such subsidy pursuant to provisions of this Part.

(b) *Capital expenditures.* An expenditure in excess of \$200,000 for work effected during any one or a series of repair periods, which is not necessary for maintenance or repair shall be considered to be a capital expenditure, ineligible for M&R subsidy, except that work on an Eligible Vessel which the operator considers to be an Improvement is eligible for M&R subsidy if, before awarding this work:

(1) The Operator submits a written request to the Director, Office of Ship Operations, for consideration of the expenditures;

(2) The Director determines that the work is an Improvement and is technically acceptable; and

(3) The Associate Administrator for Maritime Aids approves M&R subsidy for the work, as appropriate, pursuant to the provisions of title VI of the Act.

(c) *Improvements performed in more than one repair period.* Whenever an Operator desires to spread the work incident to any Improvement over more than one repair period, the operator shall give written notice to the Director, Office of Ship Operations, prior to commencement of the work, as to the scope of work involved, expected benefits, the number of voyages over which the work will be spread and the estimated total cost. The operator shall report in the Subsidy Repair Summary (Form MA-140) the actual total cost of such work, covering the repair period in which it is finally completed, and shall attach a copy of the acknowledgment of such notification to the Form MA-140.

§ 272.23 Examples of ineligible expenses.

Expenses ineligible for M&R subsidy participation include, but are not limited to, the following examples:

(a) *Specialized improvements.* Any expenditure or Improvement required to alter, outfit or otherwise equip a vessel for its intended subsidized service which MARAD determines should have been performed before the initial entry of the vessel into subsidized service;

(b) *Convenience items.* Any expenditure for items that the Region Director determines to be aboard a ship only for

the convenience of the Operator or crew members, and which are not considered integral parts of the vessel and are not required for seaworthiness, navigation or the health or well-being of the crew or passengers.

(c) *Unsupported expenses.* Any expense item which the Operator fails to substantiate adequately with documentation, as required by § 272.24.

(d) *Untimely requests for review.* Any disallowed expense item for which the Operator fails to make a timely request for review, as required by § 272.43.

(e) *Untimely appeals.* Any expense item disallowed in the final determination by the Director, Office of Ship Operations, for which the Operator fails to make a timely appeal to the Board, pursuant to § 272.43.

(f) *Absence of notice of multi-repair period Improvements.* Any expenses for an Improvement extending over more than one repair period in which the Operator did not notify the Director, Office of Ship Operations, as required by § 272.22(c).

(g) *Cargo expenses.* Any expense of special cargo fittings of a temporary nature, dunnage, ceiling, battens, the cleaning of cargo holds and tanks for cargo, the reading and certification of temperatures for refrigerated cargoes, and similar expenses.

(h) *Stevedore damage.* Any expense or any damage to the vessels or cargo gear directly attributable to a stevedore.

(i) *Rented equipment.* Any expense for the rental of Permanent or Expendable Equipment, such as compressors, paint floats, and other similar items for use by shore gangs or ship's crew on repair or other work, radar, radio telephones, and other similar items for use by ship's crew in ship operations.

(j) *Special requirements for trade routes.* Any expense for the initial installation of equipment necessary for the vessel's particular trade route, such as Suez Canal davits, which should have been installed before the entry of the vessel into the particular subsidized service.

(k) *General operating expenses.* Any expense for the loading of stores, the landing and sorting of laundry, pilot service, tug charges, removing surplus equipment to warehouses, and other

similar expenses which do not involve actual maintenance and repair.

(l) *Items attributable to unsubsidized operations.* Any item of maintenance or repair that is clearly attributable to unsubsidized operation, including expenses noted in on-subsidy surveys for repairs which clearly should have been made before departure from the last United States port on the first voyage:

(1) In subsidized service, or

(2) Upon resumption of subsidized operation following temporary withdrawal.

(m) *Overdue classification and inspection requirements.* Any expenses for work required by a classification society or an agency of the Federal Government, which was due (irrespective of any grace period granted) and not completed before the first voyage:

(1) In subsidized service, or

(2) Upon resumption of subsidized operation following temporary withdrawal, except when such work is attributable to prior subsidized service.

(n) *Foreign maintenance and repairs.* Any expense for any item of M&R, including insurance repairs, that is not of Domestic Origin.

(o) *Marine or other loss.* Any part of an expense or a repair which is recovered or recoverable from an insurer or another party.

(p) *Consumables, expendables.* Any procurement expense for consumables, expendables, and Expendable Equipment, when used or installed by ship's crew or furnished for inclusion in ship's inventory, and any expense for maintenance, repair, or replacement of Expendable Equipment.

(q) *Excessive costs.* Costs for M&R which MARAD considers excessive, after allowing the Operator an opportunity to present all relevant facts pertinent to such costs.

(r) *Overhead costs.* Any expense included in shore gang labor charges which is an overhead item, as prescribed by 46 CFR part 232—Uniform Financial Reporting Requirements.

(s) *Guarantee items.* Any expense for an item adjudged or noted as being a guarantee item of a construction or repair contractor.

[55 FR 34919, Aug. 27, 1990, as amended at 57 FR 34690, Aug. 6, 1992]

§ 272.24 Subsidy repair summaries.

(a) *Filing requirements.* The Operator of an Eligible Vessel shall submit to the appropriate MARAD regional Ship Operations Office a Subsidy Repair Summary (Form MA-140) for each quarter of a calendar year in which one or more of the Operator's Eligible Vessels (including any vessel which has been temporarily withdrawn from subsidized service) terminates a voyage. This quarterly report shall include supporting documents and information, as described in paragraph (c) of this section. This summary may be for either a single voyage or multiple voyages, and shall be filed not later than 120 days after:

(1) The close of the calendar quarter in which a voyage is terminated, or

(2) The date the reported vessel is temporarily or permanently withdrawn from subsidized service.

(b) *Form requirements.* MARAD will make available one copy of Form MA-140 upon request. Each Operator shall furnish its own supply of the form and prepare each form for submission. Information on any Form MA-140 shall pertain to only one vessel. The Operator's superintendent engineer or other responsible official shall certify every summary submitted by an Operator in the following manner:

This is to certify that, to the best of my knowledge and belief, and based on recorded entries through (Date), this is a true and correct statement of repair and maintenance expenditures for the period stated, and that the repair and maintenance items indicated as eligible for subsidy participation are reasonably attributable to service subsequent to commencement of the first voyage under the Operating-Differential Subsidy Agreement and were necessary, satisfactorily completed, and the price is fair and reasonable (exceptions are listed on separate page).

(c) *Categorization.* The Operator shall exercise due diligence in identifying each item in the Form MA-140 within the following three separate categories:

(1) *Claimed for subsidy.* This includes the following:

(i) M&R

(ii) Spare Parts

(iii) Improvements

(2) *Marine loss.* If any M&R expense is incurred because of marine loss, the

Operator shall list such an M&R expense under this separate category, and shall exclude such expense from the totals for the "Claimed for Subsidy" and "Non-Subsidized Items" categories provided for in this section.

(3) *Non-subsidized items.* This category shall include builders' guarantee items, foreign repairs, and other items of M&R expense not claimed for subsidy.

(d) *Required supporting documents and information—*(1) *General.* The Operator shall support every item in the Form MA-140 with documents or other information, in sufficient detail to permit MARAD to determine the fairness and reasonableness of the prices for the submitted work. With respect to any claims for M&R performed outside the United States, the Operator shall submit with the claim a certificate, signed either by the Operator (if it uses its own shore gang labor or materials from its own inventory) or by an official of the ship repair yard or the independent contractor performing the work, stating that the M&R were performed with materials, labor, or both, of Domestic Origin.

(2) *U.S. Independent contractors.* If a U.S. independent contractor performed M&R work, the Operator shall support each such expense with one copy of the contractor's invoices covering the work performed. If an invoice is not itemized and fully descriptive of the work performed with item prices then the Operator shall attach to the contractor's invoice other supporting documentation, such as specifications, prepared in sufficient detail to permit a determination of the fairness and reasonableness of the prices for each segment of the work performed.

(3) *Operator's shore gang.* If an Operator's own U.S. shore gang has performed any M&R work, the Operator shall submit with the Form MA-140 specifications covering that work, prepared in sufficient detail (including the material and labor cost of each item) to permit a determination of the specific cost of each segment of work performed.

(4) *Operator furnished material.* Whenever an Operator furnishes to a contractor material obtained either from the Operator's own ship stores or shoreside inventory, or by direct pur-

chase for a specific job, the Operator shall include on the invoice, requisition form or other form of transfer memorandum the item number for which the material was used and the contract number covering the work performed.

(5) *Spare parts.* The Operator shall ensure that the invoice covering any Spare Part for an Eligible Vessel which is to be used or installed as an integral, permanent part of the vessel, indicates the specific piece or part of the vessel's hull, machinery, or Equipment for which the Spare Part was obtained.

(6) *Foreign repairs.* Operators receiving M&R subsidy shall submit copies of all U.S. Customs entry forms detailing foreign expenditures on behalf of Eligible Vessels. The copies shall include all expenditures made during the quarter.

(Approved by the Office of Management and Budget under control number 2133-0007)

§ 272.25 Requirements for subsidy repayment.

(a) *Repayment of M&R subsidy for compensated marine or other loss.* If an Operator eventually receives compensation from an insurer or any other person for a marine loss or any other loss for which M&R subsidy has been paid, the Operator shall repay to MARAD an amount equal to the amount of subsidy paid with respect to that loss.

(b) *Repayment of M&R subsidy for Improvements—three year service requirement.* If, within three years after the completion of an Improvement for which M&R subsidy was paid, the Operator permanently withdraws the Eligible Vessel from the ODSA, the Operator shall repay to MARAD an amount equal to the amount of M&R subsidy paid with respect to that Improvement unless MARAD shall have determined that such action was beyond the control of the Operator.

(c) *Repayment of M&R subsidy due to allocation of costs.* If the allocation of total M&R costs required by § 272.41(e) of this part results in the allocation of a lesser amount of subsidizable M&R costs than were actually paid for during the calendar year, the Operator shall repay to MARAD the amount of ODS which was paid in excess of the allocated subsidizable costs.

(d) *Administrative action.* If an Operator fails to repay an M&R subsidy required to be repaid by this section, MARAD may either reduce any ODS payable by the amount of M&R subsidy required to be repaid by this section, or take any other action necessary to secure repayment.

Subpart D—Penalties

§ 272.31 Determination of penalty.

Operators whose Eligible Vessels have undergone foreign repairs, which MARAD determines are non-emergency in nature, may be subject to a penalty in an amount equal to the total cost (exclusive of applicable U.S. Customs duties) of such foreign repairs and purchases, such penalty to be effected by a deduction from the Operator's total ODS otherwise accrued. The Director, Office of Ship Operating Assistance, shall notify the Operator by letter with respect to:

- (a) MARAD's determination of a penalty and the reasons therefore; and
- (b) Whether the determination is final or subject to the submission of additional information.

§ 272.32 Mitigation of penalty.

The Director, Office of Ship Operating Assistance, may decide, after a non-emergency foreign repair occurs, to mitigate the penalty. Any mitigation of penalty shall be based on a determination that special circumstances existed at the time of repair. The Director shall not consider the difference in the price of foreign and domestic repair work in making this determination, and shall not grant prior approval of foreign repairs. In determining whether special circumstances existed, the Director shall consider, among others, the following factors:

- (a) The trading area of the vessel both before and after the repair was performed;
- (b) Loss of revenue and effect on vessel utilization if the vessel had returned to the United States for repairs;
- (c) The additional operating expense which would have resulted from a return to the United States to repair the vessel; and
- (d) Whether the repairs could have been deferred until return to the United

States, taking into consideration the Coast Guard requirements for dry docking and special surveys.

§ 272.33 Appeals.

The Operator may appeal final penalty determinations of the Director, Office of Ship Operating Assistance, to the Board, as provided in § 272.43(c) of this part.

Subpart E—Examination, Audit, Review and Appeal Procedures

§ 272.41 Requirements for examination and allocation of M&R expenses.

(a) *Examination requirement.* Pursuant to the specific limitations on M&R subsidy in section 603 of the Act, the Region Office shall examine the expenses submitted by an operator on Form MA-140 in order to determine eligibility to receive M&R subsidy and the reasonableness of such expenses.

(b) *Operator's responsibility.* During the examination, the operator shall provide, at the request of the Director or other official of the Region Office, any further documentation or information necessary to support an M&R expense. If such documentation or information, including information required under paragraph (e) of this section, is not received at the Region Office on a timely basis, the Director or other official of the Region Office may disallow the M&R expense.

(c) *Notification of examination results.* At the completion of the examination the Director or other appropriate official of the applicable Region Office shall notify the Operator by letter of the results of the examination, and shall state the reason for each disallowance of an item claimed for subsidy and/or each nonapproval of a marine loss item.

(d) *Record retention requirements.* To facilitate an audit examination of M&R made pursuant to § 272.42 of this part, the Operator shall maintain files arranged by vessel and voyage, which shall include, at a minimum, a copy of the Region Office notice letter, a copy of the Form MA-140 with all supporting documents submitted therewith, and

the condition survey report. The Operator shall retain all the required materials in files for not less than 3 years after completion of the audit.

(1) *Limitation on approval.* Any approval for payment of M&R subsidy for a marine loss item shall be subject to rescission or modification if the Operator subsequently receives insurance or other compensation for the item. The Region Finance Officer may at any time request verification that the Operator has not received such compensation.

(2) *Status report on approved marine loss items.* The Operator shall advise the Region Finance Office by letter as to whether insurance or other compensation will be recovered for the marine loss item. The Operator is responsible for ensuring that the letter reaches the applicable Region Office within 120 days after:

(i) The date on which all repairs for damage attributed to the "Policy Voyage" (as defined in the Operator's insurance policy) are completed, when the amount for such repairs does not exceed the franchise or deductible of the policy, or

(ii) The date of the underwriter's rejection of the Operator's marine loss insurance claim or claims.

(Reporting and recordkeeping requirements contained in paragraph (d) introductory text were approved by the Office of Management and Budget under control number 2133-0007)

[55 FR 34919, Aug. 27, 1990, as amended at 61 FR 32706, June 25, 1996]

§ 272.42 Audit requirements and procedures.

(a) *Required audit.* In connection with the audit of the Operator's subsidizable expenses, the Office of the Inspector General, Department of Transportation, shall audit for MARAD the Operator's M&R costs, as necessary, for the determination of final subsidy rates. The Operator shall substantiate those costs recorded on the books of account which have been approved by the Administration.

(b) *Notification of audit results.* Upon completion of the audit by the Office of Inspector General, the MARAD Office of Financial Approvals shall notify the Operator of the audit results, including

any items disallowed and the reasons for such disallowance.

[57 FR 34690, Aug. 6, 1992]

§ 272.43 Review and appeal procedures.

(a) *Exclusive procedures.* Notwithstanding the audit appeal procedures of part 205 of this chapter, the provisions of this section shall be the exclusive remedy available to an Operator for the review and appeal of any disallowance of subsidy for a M&R expense claimed or any penalty assessed pursuant to § 272.31.

(b) *Request for review.* An Operator may request review by:

(1) The Director, Office of Ship Operations, with respect to any disallowance by the Region office of a claimed M&R expense, after receiving the notification required by § 272.41(c); or

(2) The Director, Office of Financial Approvals, with respect to any disallowance of a claimed M&R expense, after receiving the notification required by § 272.42(b).

(c) *Timeliness of request.* The Operator shall file all requests for review pursuant to paragraph (b) of this section within 60 days after the date of the audit notification. Any disallowance with respect to which the Operator fails to file a timely request for review shall be final and shall not be subject to appeal to the Board pursuant to paragraph (e) of this section.

No ODS agreement, including any amendments thereto concerning additional services or revised service area, shall be made under Title VI of the Act, unless the applicant establishes in its application to the satisfaction of the Board, that the vessel operations proposed to be subsidized will be conducted in a manner which will not preclude the applicant from earning at least 50 percent of its inbound gross freight revenue and at least 50 percent of its outbound gross freight revenue for each service covered by the application from the carriage of competitive cargo.

§ 280.4 Standards governing payment of ODS.

(a) *Full payment.* Except to the extent otherwise provided in § 280.8, ODS shall be paid in full to the operator for vessel operations on the inbound and outbound legs of each service if, during the

calendar year, at least 50 percent of the inbound and 50 percent of the outbound gross freight revenues earned on voyages terminated during the calendar year, for each service, are earned from the carriage of competitive cargo.

(b) *Reduction in payment—(1) Inbound leg of service.* The amount of ODS payable for the inbound leg of a service for the calendar year shall be reduced as provided in paragraph (b)(3) of this section if, during the calendar year, less than 50 percent of the inbound gross freight revenue earned in such service, on voyages terminated during the calendar year, is earned from the carriage of competitive cargo.

(2) *Outbound leg of service.* The amount of ODS payable for the outbound leg of a service for the calendar year shall be reduced as provided in paragraph (b)(3) of this section if, during the calendar year, less than 50 percent of the outbound gross freight revenue earned in such service, on voyages terminated during the calendar year, is earned from the carriage of competitive cargo.

(3) *ODS reduction formula.* The reduction in ODS payable required by paragraphs (b) (1) and (2) of this section for any calendar year shall be made by reducing the amount payable on one or more ODS vouchers for the subsequent calendar year by a cumulative amount equal to an amount determined in accordance with the following table:

Percent of inbound or outbound gross freight revenue from carriage of competitive cargo	ODS reduction ¹
40 to 49.9	20
30 to 39.9	40
20 to 29.9	60
10 to 19.9	80
0 to 9.9	100

¹ Expressed in percent of total ODS payable for cargo carriage on the inbound or outbound leg of the service.

(4) *Last calendar year exception.* The provisions of this paragraph do not apply to the last calendar year of an ODS agreement except to the extent that any reduction in ODS payable required by this section for the calendar year immediately preceding the last calendar year is to be made, pursuant to paragraph (b)(3) of this section, on ODS vouchers submitted in the last calendar year.

§ 280.5 Criteria for determining whether or not civilian preference cargo is carried at a premium rate.

Civilian preference cargo shall be considered to be carried at a premium rate unless carried:

(a) At the tariff commodity rate published in a conference tariff or at the stated minimum level or floor rate for an open-rated commodity published in a conference tariff, *Provided*, That the international rate conference issuing such tariff commodity rate, stated minimum level, or floor rate has at least one foreign-flag carrier as a voting member, or

(b) At a rate or tariff agreement rate, or at the stated minimum level or floor rate for an open-rated commodity, established by a rate making group other than an international rate conference, *Provided*, That such rate making group has at least one foreign-flag carrier as a voting member, or

(c) At a rate approximately the same as or less, or at a rate that the subsidized operator by use of indices or other mechanism can demonstrate is reasonably equated to or less, than a rate quoted or actually charged by a foreign-flag carrier for the same commodity with the same or a competitive origin and destination and within a reasonably similar time period. This paragraph is applicable to, but is not limited to, rates:

(1) Established by a conference or other rate making group that has only U.S. flag carriers as voting members;

(2) Quoted by an individual member of an international rate conference or other rate making group with permits an individual member to negotiate or otherwise establish its own rate; or

(3) Quoted by a carrier and not published in any conference tariff.

§ 280.6 Calendar year accounting.

Except as provided in § 280.9 (relating to the final year of an ODS agreement), the calculations required under this part for years after 1973 shall be on the basis of voyages terminated during the calendar year. Calculations for the calendar year 1973 shall be made on the basis of voyages commenced and terminated in 1973.

§ 280.7 Reporting and recordkeeping requirements.

(a) *Reporting requirement.* Except as provided in § 280.9 of this part (relating to the final year of an ODS agreement), each operator shall submit to the Secretary (two copies) and to the Region Director (one copy), by March 31 of the succeeding year, a report for each calendar year setting forth for each service; the total gross revenue, the miscellaneous gross revenue, the inbound and outbound gross freight revenues, the wayport gross freight revenue, and the outbound and inbound gross freight revenues earned from the carriage of military cargo and from the carriage of civilian preference cargo carried at premium rates as determined pursuant to § 280.5. See § 280.10(b) for the form of the report required to be submitted by this paragraph.

(b) *Recordkeeping requirement.* In support of each report submitted pursuant to this section or § 280.9, each operator shall:

(1) Maintain and make available for audit upon request, records for each service, outbound and inbound, which show for each item of civilian preference cargo carried during the calendar year, the name of the commodity carried according to the tariff description, the rate at which it was carried, the world rate for the commodity for the same or a competitive origin and destination and within a reasonably similar time period, and whether or not the item was considered to have been carried at a premium rate, or

(2) Establish upon request to the satisfaction of the Region Director, by demonstration of its accounting system or by other reasonable means, that the report filed under paragraph (a) of this section is substantially correct.

(c) *Certification of report.* Each report submitted pursuant to this section or § 280.9 must be accompanied by a certification by a responsible official of the operator in the following form:

I hereby certify to the best of my knowledge and belief that this report is complete and accurate and conforms to the requirements of 46 CFR part 280.

(d) *Requirements for requesting confidentiality.* (1) Except as otherwise provided in this paragraph, the information contained in any report submitted pursuant to this section or § 280.9 is not entitled to be considered confidential for purposes of the Freedom of Information Act (5 U.S.C. 552).

(2) If an operator desires confidential treatment of any information contained in such a submitted report, the operator is required to file concurrently with each such report a written request for a determination of confidentiality.

(3) The operator shall include in any confidentiality request filed under this paragraph:

(i) A precise, item-by-item specification of the information in the report that the operator asserts is within one of the exemptions from disclosure in 5 U.S.C. 552(b);

(ii) A statement as to whether each identified item is treated as confidential by the operator and the steps taken by the operator to ensure that confidentiality; and

(iii) An explanation of how release of each identified item would cause substantial competitive injury to the operator, and the exact nature of that injury.

(4) An operator's general, unexplained assertions of exemption under section 552(b) are insufficient and the item or items concerned will not be considered for confidential treatment.

(e) *Determination.* (1) If it is determined that an exemption is applicable to an item or items of information which have been properly specified and supported in a confidentiality request under paragraph (d) of this section, the operator will be so notified in writing.

(2) If it is determined that no exemption is applicable to or that none will be asserted for an item of information included in a confidentiality request, the operator will be given a written statement of and reasons for that determination.

§ 280.8 Certain ODS agreement provisions not affected.

The provisions of this part are not intended to supersede contractual or other requirements dealing with

sailings, and the carriage of full loads of military or bulk cargoes.

§ 280.9 Special rules for last year of ODS agreement.

(a) *Reduction in payment of ODS.* ODS payable during the last year of any ODS agreement shall be reduced, as provided in paragraph (b) of this section, if on a cumulative basis for each quarter of the calendar year:

(1) Less than 50 percent of the inbound gross freight revenue earned on the inbound leg of a service, or

(2) Less than 50 percent of the outbound gross freight revenue earned on the outbound leg of a service, is earned from the carriage of competitive cargo. Any reduction required by this paragraph is in addition to any reduction in ODS payable for the preceding calendar year as required by paragraph (b) (3) of § 280.4.

(b) *Amount and method of required reduction—*(1) *Quarterly voucher.* As required by paragraph (a) of this section, the amount payable on the ODS voucher for the last month of any quarter of the last calendar year is to be reduced by an amount determined by applying the table in paragraph (b)(3) of § 280.4 to the cumulative ODS payable.

(2) *Insufficient ODS payable—*(i) *Vouchers for subsequent months.* If the total amount of reduction required to be made pursuant to (b)(3) of § 280.4 or paragraph (b)(1) of this section or both, is greater than the amount of ODS payable on the ODS vouchers for the last month of the 1st, 2nd, or 3rd quarter of the last calendar year, the operator shall carry an amount equal to this excess forward to one or more of the months subsequent to such quarter of the last calendar year as a reduction in the ODS payable on the ODS voucher for any such subsequent months.

(ii) *Voucher in the final quarter.* If the amount of reduction required by paragraph (b)(1) of this section is greater than the amount of ODS payable on the ODS voucher for the last month of the final quarter of the last calendar year, the Maritime Administrator may apply an amount equal to this excess as a reduction of any outstanding ODS payable to the operator for the last calendar year or any preceding years.

Maritime Administration, DOT

§ 280.11

(c) *Reporting requirements.* During the last year of the ODS agreement, the operator shall submit a report to the Secretary (two copies) and to the Region Director (one copy) for each quarter of the calendar year, providing for each such quarter on a cumulative basis for the calendar year, the information required by paragraph (a) of § 280.7. The reports required by this paragraph shall be submitted concurrently with the operator's vouchers for the 3rd, 6th, 9th and 12th months of the calendar year. Each report submitted pursuant to this paragraph is also subject to the other applicable requirements of § 280.7.

(d) *Cumulative quarterly accounting.* The calculations required under this section shall be made on the basis of the cumulative voyages terminated from the beginning of the calendar year through the reported quarterly period.

(e) *Special procedures.* Whenever the Maritime Administrator, Department of Transportation determines that the provisions of this section may fail at any time to protect the interests of the Maritime Administration, the Maritime Administrator may take any measures necessary to ensure against an overpayment of ODS or to ensure the prompt repayment of any such overpayment.

§ 280.10 Waiver.

The Board has the power to waive the requirements of any provision of this part for a specific period of time under special circumstances and for good cause shown.

§ 280.11 Example of calculation and sample report.

(a) *Example of calculation.* The provisions of this part may be illustrated by the following example:

Company A operates several vessels engaged in carrying cargo, passengers and mail from the west coast of the United States outbound to foreign ports in the Far East, cargo

between the foreign ports in the Far East, and cargo from foreign ports in the Far East inbound to the west coast of the United States. Company A's operation on this service is subsidized under an ODS agreement made in accordance with § 280.3. Total annual subsidy payable for Company A's service is \$1 million. In 1976 Company A's total gross revenue was \$10 million, computed as follows:

Outbound gross freight revenue	\$4,000,000
Inbound gross freight revenue	4,000,000
Wayport gross freight revenue	1,000,000
Miscellaneous gross revenue	1,000,000
Total gross revenue	10,000,000

Of the \$4 million outbound gross freight revenue \$1,600,000, or 40 percent, was earned from carriage of competitive cargo. Of the \$4 million inbound gross freight revenue \$1,200,000, or 30 percent, was earned from carriage of competitive cargo. Accordingly, total ODS payable to Company A for voyages terminated during the calendar year 1976 is reduced by \$240,000, from \$1 million to \$760,000, as follows:

OUTBOUND LEG OF SERVICE	
ODS payable	\$400,000
(Outbound freight revenue, \$4 million, divided by total gross revenue, \$10 million, times total ODS payable for service, \$1 million.)	
Percent reduction of ODS payable	20%
(40% carriage of competitive cargo requires 20% reduction in ODS payable.)	
Amount of reduction in ODS payable	\$80,000
(20% of \$400,000.)	
INBOUND LEG OF SERVICE	
ODS payable	\$400,000
(Inbound freight revenue, \$4 million, divided by total gross revenue, \$10 million, times total ODS payable for service, \$1 million.)	
Percent reduction of ODS payable	40%
(30% carriage of competitive cargo requires 40% reduction in ODS payable.)	
Amount of reduction in ODS payable	\$160,000
Total amount of reduction in ODS payable	\$240,000
(\$80,000 plus \$160,000.)	
Total ODS payable for service in 1976 (after reduction)	\$760,000
(\$1 million minus \$240,000.)	

(b) *Sample report.* Reports providing the information required by §§ 280.7 and 280.9 shall be made in the following form:

Sec.

281.1 Information and procedure required under liner operating-differential subsidy agreements.

281.2 Definitions.

281.3 Method of commencing and terminating voyages and of determining idle status.

281.4 Treatment of subsidy during idle status and off-hire period.

281.5 Right of Maritime Administrator to recover subsidy for any period of idleness.

281.6 Interpretation.

AUTHORITY: Sec. 204, 49 Stat. 1987, as amended; 46 U.S.C. 1114. Interpret or apply sec. 606, 49 Stat. 2004, as amended; 46 U.S.C. 1176.

§281.1 Information and procedure required under liner operating-differential subsidy agreements.

In compliance with the terms of the operating-differential subsidy agreement, the following information shall be submitted to the Maritime Administration by each operator who is a party to any such agreement and operates liner type vessels pursuant to such agreement.

(a) *Sailing schedules, routes, etc.* (1) One copy of a list of sailings is required to be submitted not later than the 5th day of each month, listing each outbound sailing during the preceding month. Such list shall show for each such sailing: (i) Vessel name; (ii) voyage number; (iii) last continental U.S. port; (iv) sailing date; and (v) the service on which the sailing took place.

(2) A "Final Report" in five copies shall be submitted not later than 15 days after the end of the month in which the voyage is terminated and shall show: (i) The time and ports at which the voyage commenced and terminated; (ii) the arrival and sailing dates of the vessel at and from each United States and foreign port, including ports of call for bunkering and/or mail only; (iii) explanation of any delay in excess of 2 days at a United States or foreign port; (iv) appropriate notation of official authorization for any deviations from the service described in the applicable contract.

(3) The procedures outlined in paragraphs (a) (1) and (2) of this section shall be effective on the first of the month following publication in the FEDERAL REGISTER.

(4) The sailing schedules and lists of sailings specified in this paragraph shall be sent to the Division of Trade

Studies, Office of Subsidy Administration, Maritime Administration, Washington, DC 20590.

(b) *Condition of vessels, inspection and repairs.* (1) In order that the Maritime Administration may have an opportunity to participate in the inspection of the vessels, the operator is required to give at least twenty-four hours' notice to the Maritime Administration as to the time and place of making inspections. In the event the Maritime Administration's representative is not available, the operator shall employ an independent surveyor, who shall be satisfactory to the Maritime Administration, and proceed with inspection, and a report thereof shall be made to the Maritime Administration on forms MA-55, MA-56, MA-57, and MA-58, sworn to by persons making the inspection.

(2) The operator shall give due notice to the local office of the Division of Maintenance and Repair, at the port at which the vessel is to be available, of the port, date and time for the making of repairs or replacements in the United States.

(3) In connection with further requirements, reference is made to General Order 20 (Part 271 of this chapter) and supplements thereto for more detailed instruction.

(4) Vessel repairs are to be performed within the continental limits of the United States, except in emergency cases the necessity for which the operator should be prepared to justify upon audit.

(c) *Insurance.* (1) Immediately upon the binding of any insurance with respect to any vessel covered by the operator's subsidy agreement, there shall be submitted to the Division of Insurance Office of the Comptroller, Maritime Administration, Washington, DC 20590, for the Maritime Administration's approval, a signed copy of each cover note issued by the operator's brokers, which, to the extent applicable, shall set forth as to such vessel the amounts covered by hull, disbursements and other forms of total loss protection, as well as P and I insurance. Such cover notes shall include the rates, the amounts placed in the different markets, the companies interested, the policy numbers and the

amount underwritten by each policy; also, there shall be shown the amount of the deductible average, if any. Upon request, policies shall be submitted to the Maritime Administration for examination and return.

(2) The Maritime Administration shall be advised promptly of any cancellation, changes in terms, or companies interested, and of any lay-up periods which will permit of the collection of return premiums, and of any major casualty or total loss which may occur.

(3) Insurance arranged in conformity with the requirements of applicable mortgages held by the United States will be deemed sufficient to comply with the requirements of the operator's operating-differential subsidy agreement.

(4) The Maritime Administration furthermore, wishes to emphasize its desire that as much of the American Merchant Marine insurance coverage as is practicable be placed in the American insurance market. Therefore, when a renewal of policies or new insurance is under negotiation by an operator subject to the provisions of this order, it is urgently requested that particular attention be given to the Maritime Administration's desire as herein expressed with regard to markets in which such insurance may be placed, and that the Maritime Administration be notified in ample time to give consideration to the pertinent facts and circumstances of each case, so that prior to the attachment of such insurance, approval thereof or suggested changes may be indicated.

(d) *Inventories.* Twenty-four hours' notice shall be given to the Maritime Administration as to the time and place of inventorying classification-required spare parts, ship's spare equipment, fuel and stores as are customarily inventoried and the cost of which is charged to the voyage accounts. If, upon giving the above-required notice, the Maritime Administration's representatives are not present, the operator is to proceed with his inventory in the normal way. The operator may use his own inventory forms, one copy of which shall be sworn to by the persons taking the inventory and included in the voyage accounting.

(e) *Partial payments on account.* When partial payments are desired on account of operating-differential subsidy accruals, the operator should communicate with the Comptroller, Maritime Administration, Washington, DC 20590, who shall forward necessary instructions and forms to be used.

(f) *Current financial reports.* Each operator shall prepare current financial reports as specified in this paragraph and shall submit one copy each to the appropriate Region Director of the Maritime Administration and three copies each to the Director, Office of Financial Analysis, Maritime Administration, Washington, DC 20590, as follows:

(1) *Internal management reports.* Each month the operator shall submit copies of such portions of its internal management reports that provide an estimate of its current operating results.

(2) *Quarterly balance sheets.* The operator shall prepare balance sheets as of March 31, June 30, and September 30 of each calendar year in conformity with section 282.6(A) of the Uniform System of Accounts (Part 282 of this chapter) and shall submit each as soon as practicable but not later than 45 days after the end of the respective quarter.

(3) *Quarterly and cumulative income statements.* The operator shall prepare income statements for the quarterly periods January 1, to March 31, April 1 to June 30, and July 1 to September 30, and for cumulative periods from January 1 to the end of the second and third quarters of each calendar year in conformity with section 282.6(B) of the Uniform System of Accounts (Part 282 of this chapter) and shall submit each statement as soon as practicable but not later than 45 days after the end of the respective quarter.

(4) *Annual financial report.* The operator shall submit Maritime Administration Form 172 for each calendar year by March 31 of the succeeding year. If the operator is unable to submit Form 172 by March 31 of the succeeding year he shall, prior to such March 31, request an extension for the filing of Form 172 from the Director, Office of Financial Analysis and shall submit by such March 31:

(i) A balance sheet for the year ending on December 31, in conformity with

section 282.6(A) of the Uniform Systems of Accounts; and

(ii) An income statement for the quarterly period October 1 to December 31 and an income statement for the year ending on December 31, in conformity with section 282.6(B) of the Uniform System of Accounts.

(5) *Vessel performance reports.* Vessel performance reports shall be prepared for the period January 1 to March 31 of each calendar year, and from January 1 to the end of each succeeding quarter of the calendar year, in the form provided in Exhibit A of paragraph (f)(7) of this section and consistent with the allocation bases provided in paragraph (f)(6) of this section and shall include:

(i) A grand summary of all terminated voyage results for the reporting period including any idle status period occurring during the reporting period and any additional charges or credits from prior terminated periods;

(ii) Summaries of each service by vessel type, as indicated in Exhibit (D) of paragraph (7) of this section, as of December 31 of each year;

(iii) Individual reports by vessel for each idle status period occurring during any reporting period.

Vessel performance reports shall be submitted with the quarterly balance sheets and income statements required under paragraphs (f) (2) and (3) of this section and must be reconciled with voyage revenue and expense from all operations as reported in the income statement. "Depreciation Vessels" is an example of a reconciling item. Vessel performance reports which are properly prepared and filed will satisfy the reporting requirements for sub-schedules 3002 of the Maritime Administration Form 172.

(6) *Allocation bases.* The allocation bases to be applied in preparation of vessel performance reports required by paragraph (f)(5) of this section are as follows:

(i) *Terminal expenses.* Terminal expenses defined by accounts 855 through 866 of the Uniform System of Accounts (section 282.3(E) of this chapter), including depreciation accounts, for each terminal shall be allocated between terminated and unterminated voyages on the basis of freight payable tons loaded and discharged on each vessel

and voyage during the reporting period, except that in the case of terminals handling only one cargo carriage technology type (CCTT), which can be expressed in common units such as twenty-foot equivalent container units (TEU's) or the number of individual barges, such common unit may be used for allocating terminal expenses by vessel and voyage for each terminal, as shown in Exhibit B of paragraph (f)(7) of this section.

(ii) *Container/barge expense*—(A) *Allocation of expense*. Container/barge expense defined by accounts 867 through 899 of the Uniform System of Accounts (section 282.3(F) of this chapter), including depreciation accounts, shall be segregated between container and barge cost pools. Accounts 879, 880, and 894 shall be allocated between container and barge cost pools on an allocation basis developed by the operator.

(B) *Allocation of cost pools*. Container and barge cost pools shall be allocated among vessels by voyage and idle status for each vessel in the same ratio that the total container or barge capacity of each vessel multiplied by vessel days bears to the total container or barge capacity of the operator's entire fleet multiplied by vessel days. Total container or barge capacity of a vessel means the total container or barge capacity of the vessel, expressed in TEU's for containers and single units for barges, multiplied by the total number of containers or barges acquired for each available container or barge slot on the vessel. Vessel days means the number of days in the period for which an allocation of cost pools is being made. Containers and barges purchased by an operator for utilization in a particular trade route shall be allocated by vessel capacity among the vessels in the trade route for which they were purchased. See Exhibit C of paragraph (f)(7) of this section.

(iii) *Administrative and general expenses*. Administrative and general expenses defined by accounts 901 through

979 of the Uniform System of Accounts (section 282.3(G) of this chapter) shall be allocated to terminated voyages for each vessel type by service or for each vessel by voyage, as required by paragraph (f)(5) of this section, based on the ratio that total terminated voyage operating expenses (accounts 701-773 of the Uniform System of Accounts) plus total terminated voyage operating revenue (accounts 601-624 of the Uniform System of Accounts) for each bears to the total terminated voyage operating expense plus total terminated voyage operating revenue for the period, except that account 945 (advertising passengers) will be allocated directly to passenger vessels based on passengers carried, account 955 (contributions to pools) may be allocated as an administrative and general expense or directly to vessel and voyage based on pool statements, and that portion of accounts 960 and 961 (interest expense) representing interest on vessels shall be allocated to vessels and voyages in the same ratio that depreciation is distributed among all vessels in the fleet. In addition to the above exceptions, significant interest expenses related to purchases of containers and barges should be charged directly to container and barge pools prior to allocation of the container and barge pools.

B. Sample allocation of terminal expenses by vessel and voyage.

C. Sample allocation of container/barge expenses by vessel and voyage.

§ 281.2 Definitions.

As used in §§ 281.2 through 281.6 of these regulations, except as otherwise indicated by the context:

(a) The word *operator* means an operator receiving operating-differential subsidy under title VI of the Merchant Marine Act, 1936, as amended (Act), for a voyage on an essential service as described in section 211(a) of the Act;

(b) The term *Maritime Administrator* means Maritime Administrator, Department of Transportation;

(c) The term *Region Director* means the Region Director of the Maritime Administration having jurisdiction over the port or ports involved;

(d) The term *idle status* means any period in port between or during voyages for which the vessel's normal crew complement is reduced by 10 percent or more and *division of wages* is not paid for the missing men. The idle status period shall continue up to, but not including, the day that the vessel is remanned to the extent that the vessel's normal crew complement is restored to more than 90 percent or *division of wages* is paid for the missing men, or the vessel is temporarily or permanently withdrawn from subsidized service;

(e) *Normal crew complement* means the basic crew complement which has been approved for operating-differential subsidy under the provisions of section 603

of the Act, or as established by collective bargaining or other agreement for the voyage involved, whichever is less.

[G.O. 27, Rev. 2, 37 FR 18466, Sept. 12, 1972]

§ 281.3 Method of commencing and terminating voyages and of determining idle status.

(a) *Voyage commencements.* Voyages shall commence as of 12:01 a.m. of the day that loading of cargo, stores, or fuel begins, or as of 12:01 a.m. of the day following the termination of the prior voyage or, in the event that an idle status period follows a voyage termination, as of 12:01 a.m. of the day following the day on which such idle status period ends.

(b) *Voyage termination.* Voyages shall terminate at a U.S. port of call at midnight of the day of completion of paying off the crew from foreign articles, or the completion of final discharge of cargo or ballast at the last U.S. port of discharge, or the completion of voyage repairs, whichever event occurs last: *Provided, however,* That if a vessel sails outward on a new voyage prior to midnight of the same day, the inward voyage shall terminate as of midnight of that day, and the outward voyage shall commence as of 12:01 a.m. of the succeeding day; and that where a portion of any particular voyage overlaps a portion of the next succeeding voyage and the quantity of inward cargo remaining aboard at the port at which major cargo activities for the outward voyage are begun does not, in the opinion of the operator, justify extension of the inward voyage beyond that port, the operator shall immediately request the Region Director for permission to treat the inward voyage as having terminated at midnight of the day specified in such request and shall advise the Region Director what cargo has been and is still to be discharged and loaded at each port of the inward voyage; and that where, in the opinion of the operator, voyages as a general practice should terminate at the home or terminal port rather than at the last port of discharge, or a voyage should terminate on the day prior to commencement of an idle status period, or on the day that the voyage would have terminated had strikes not interfered

with normal operations, application for such terminations may be made to the Region Director, and in such cases the voyage termination date shall be as approved by the Region Director. The Region Director shall promptly advise the operator of his determination approving or disapproving any request filed under this paragraph (b), and the Region Director's decision as to such termination shall prevail, provided that all terminations shall be as of midnight of the day specified.

(c) *Idle status periods.* Idle status periods shall be identified separately, whether occurring during or between voyages, and, if occurring during a voyage shall be identified with the applicable voyage number. A separate accounting period shall be created to cover each idle status period, and all such periods shall be reported to the Region Director.

(d) *Excessive delays.* Whenever a vessel is delayed in port for a period of 10 days or more in excess of its normal period of operations in said port, the operator immediately shall report said circumstances, together with all pertinent facts, to the Region Director. The Region Director shall determine whether or not said delay was justified and if operating costs for said period were reduced to a minimum in accordance with sound commercial practice.

[G.O. 27, Rev. 2, 37 FR 18466, Sept. 12, 1972]

§281.4 Treatment of subsidy during idle status and off-hire period.

During an idle status period, subsidy shall be payable only for such subsidizable items of expenses as are determined by the Maritime Administrator, after presentation by the operator of the facts relating to such idle status period, to be necessary for the maintenance, preservation, repair, or husbanding of the vessel during and under the circumstances involved; however, the Maritime Subsidy Board reserves the right to suspend at any time the payment of subsidy on idle vessels when, after consideration of the facts and circumstances regarding such period, it determines that an unreasonable period has elapsed or such idle period was not warranted: *Provided*, That as to a chartered ship operated under a

"Use Agreement", operating-differential subsidy shall cease to accrue to the ship simultaneously with the time it goes "off hire" and subsidy shall not again accrue to said ship until it is re-employed in the subsidized service as determined in accordance with §281.3. Nothing herein shall limit any other rights of the United States with respect to the payment or nonpayment of subsidy.

[G.O. 27, Rev. 2, 37 FR 18466, Sept. 12, 1972]

§281.5 Right of Maritime Administrator to recover subsidy for any period of idleness.

The Maritime Administrator may, prior to payment of subsidy for any voucher period which includes a period of idleness, require the operator to establish to the satisfaction of the Maritime Administrator that such period of idleness could not have been prevented in whole or in part through efficient and economical operation. The Maritime Administrator may recover any payment of subsidy for any item of expense allocable to such period of idleness which in the opinion of the Maritime Administrator could have been avoided by efficient and economical operation.

[G.O. 27, Rev. 2, 37 FR 18466, Sept. 12, 1972]

§281.6 Interpretation.

All questions of interpretation arising under the sections of this part shall be submitted to the Maritime Administrator for determination, whose decision thereon shall be final.

Subpart A—Introduction

§ 282.1 Purpose.

This part prescribes regulations implementing Title VI of the Merchant Marine Act, 1936, as amended (46 U.S.C. 1171–1176 and 1178–1181) governing operating-differential subsidy for liner vessels engaged in essential services in the foreign commerce of the United States.

§ 282.2 Definitions.

When used in this part:

- (a) *Act* means the Merchant Marine Act, 1936, as amended (46 U.S.C. 1101–1294).
- (b) *Board* means the Maritime Subsidy Board of the Maritime Administration (MARAD).
- (c) *Contracting Officer* means the Associate Administrator for Maritime Aids.
- (d) *Fiscal Period* means any annual period beginning on July 1 and ending on June 30.
- (e) *Foreign-flag competition* means those foreign-flag vessels deemed by the Maritime Administrator to be competitive with the subsidized vessel.
- (f) *Maritime Administrator* means the Maritime Administrator, Maritime Administration of the Department of Transportation.
- (g) *Operating day* means any day or part of a day during which a subsidized

vessel is operated in accordance with the terms and conditions of an operating-differential subsidy agreement.

(h) *Operating-differential subsidy (ODS)* means, except as the operator and the United States Government should agree upon a lesser amount, the excess of cost of subsidizable items of expense incurred in the operation under United States registry of a vessel over the estimated fair and reasonable cost of the same items of expense (excluding any increase in the cost of such items necessitated by features incorporated for national defense), if such vessel were operated under the registry of a foreign country whose vessels are substantial competitors of the vessel.

(i) *Operating-differential subsidy agreement (ODSA)* means the Agreement entered into by the operator and the United States Government for the payment of operating-differential subsidy.

(j) *ODS rate* means the method adopted by the Maritime Administrator for determining the amount of ODS that is to be paid for an item of subsidizable expense.

(k) *Operator* means any individual, partnership, corporation or association that contracts with the United States Government under Title VI of the Act to receive ODS.

(l) *Reduced crew period* means a period in port between or during voyages when the subsidized vessel's approved crew complement is reduced by 10 percent or more and division of wages (wages of an absent seaman are divided among the seamen who provide the absent seaman's work) is not paid for the missing men.

(m) *Region Director* means the Region Director of the Maritime Administration within whose region the principal office of the operator is located.

(n) *Subsidized service* means the operation of a vessel, other than in the coastal or intercoastal trade, in accordance with the terms and conditions of the ODSA.

(o) *Subsidized vessel* means a vessel covered by an ODSA.

(p) *U.S. foreign commerce* means the commerce or trade between the United States, its territories or possessions, or the District of Columbia, and a foreign country.

(q) *Vessel* means subsidized vessel, unless otherwise specified.

§ 282.3 Waivers.

In special circumstances and for good cause shown, the procedures prescribed in this part may be waived in writing, by mutual agreement of the parties, in keeping with the circumstances then present, so long as the procedures adopted are consistent with the Act and with the intent of these regulations.

Subpart B—Foreign-Flag Competition

§ 282.10 Basis for determining foreign-flag competition.

The foreign-flag competition shall form the basis for determining the cost disadvantage of operating the subsidized vessels in the essential service.

The Maritime Administrator shall determine the foreign-flag competition from those countries that have carried a significant amount of cargo in the service by using the following procedures:

(a) The primary source of information shall be commodity import/export data compiled by the Bureau of the Census. Cargo data shall be compiled in long tons. Trade publications which show advertised sailings shall be used to verify the liner services offered by foreign-flag operators.

(b) The U.S. import/export data shall be compiled by reference to countries actually served by the subsidized operator, using the subsidized operator's own competition data for each country to eliminate the flags which are not substantial competitors with the subsidized vessels. An example of the weighting procedure follows:

EXAMPLE

	Country A	Country B	Country C	Total
I. Determination of U.S.-Flag Weights:				
U.S. Subsidized Carrier	300	500	200	1,000
Percent	30	50	20	100
II. Actual Foreign-Flag Carrying:				
Flag 1	1,500	500	1,000	3,000
Flag 2	4,000	6,000	0	10,000
Flag 3	5,000	2,000	5,000	12,000
III. Adjusted Foreign-Flag Carrying (Actual Foreign × U.S. wts):				
Flag 1	450	250	200	900
Flag 2	1,200	3,000	0	4,200
Flag 3	1,500	1,000	1,000	3,500
IV. Competition Computation:				8,600
Flag 2	4200/8600	Actual percent 49.0		Re-weight (percent) 55.0
Flag 3	3500/8600	41.0		45.0
		90.0		100.0

(c) The principal foreign flags shall be those countries whose cargo carrying would rank the flag among those carriers that aggregate at least 50 percent of the total foreign-flag carryings.

(d) The total cargo carryings of each principal foreign flag shall be expressed as a percentage of total cargo carryings of all principal flags on the service. The resultant ratio shall be applied to the costs of that principal flag for determining its portion of the composite foreign cost, which shall be used

for establishing the cost disadvantage of U.S. vessels in the service.

(e) The determination of the principal competitors and competition weight factors shall be based upon the import/export data for the twelve months of the penultimate calendar year preceding January 1 of the subsidized year to allow several months to collect foreign cost data.

§ 282.11 Ranking of flags.

The operators under each principal foreign flag shall be ranked as predominant, secondary, etc., for the purpose of establishing the priority of costs which are representative of the flag. For liner cargo vessels, the ranking of operators shall be based on the long tons of cargo carried.

(a) If the predominant operator is an agent, charterer or a joint venture in which the vessels are owned by two or more lines, under the name of such agent, charterer or joint venture, the predominant operator shall be the owner whose vessels carried the most cargo.

(b) If cost experience cannot be obtained for the foreign-flag operators in the subsidized service, MARAD may use the costs of another service, following the same ranking of operators, if possible.

Subpart C—Calculation of Subsidy Rates

§ 282.20 Amount of subsidy payable.

(a) *Daily Rates.* Daily ODS rates shall be used to quantify the amount of ODS payable. The daily ODS rate represents the cost differential between the subsidized vessel and its foreign-flag competition. A daily rate shall be calculated for each subsidized item of expense identified in the ODSA, and the total of all items is the daily amount of ODS payable for approved vessel operating days, excluding reduced crew periods.

(b) *Reduced Crew Periods.* For reduced crew periods, as defined in § 282.3 of this part, a man-day reduction amount, calculated separately for officers and unlicensed crew members, shall be used to reduce the daily wage ODS rate to conform to the complement remaining on the vessel. The man-day reduction amounts shall be determined by dividing the daily wage ODS for officers and unlicensed crew members by the number of subsidizable crew members in each category. For each day of a reduced crew period, the man-day amount shall be multiplied by the number of crew members missing for that day, and the resulting product shall be deducted from the daily ODS

rate. The difference shall be the ODS payable for such day. (See illustration in Schedule D at § 282.31 of this part.)

(c) *Review of Rates.* Daily subsidy rates shall be reviewed every six months. For the item “wages of officers and crews,” the daily rate shall be calculated for fiscal periods July 1 through June 30, in accordance with provisions of the Act. During the period January through June, adjustments—paid as a lump sum or as a daily amount—shall be made to wage ODS so that the correct amount of ODS for the full fiscal period is received by the operator. For other subsidizable items of expense, the daily rate shall be calculated for calendar years.

(d) *Negative Rates.* When an ODS rate in any category is less than zero, indicating that the subsidized operator is at an advantage rather than a disadvantage in such category, the negative rate shall be deducted from positive rates in determining the daily ODS amount payable.

(e) *Operator Comments.* The operator shall have the opportunity to comment on each subsidy rate as calculated by the Maritime Administration. The operator and contracting officer shall make every effort to resolve disagreements that arise. In the event of a disagreement that cannot be resolved, comments received from the operator and the contracting officer’s recommendation shall be presented to the Maritime Administrator for consideration in determining subsidy rates.

§ 282.21 Wages of officers and crew.

(a) *Definitions.* When used in this part.

(1) *Base period.* The first base period under the wage index system, as provided in section 603 of the Act, is the period beginning July 1, 1970 and ending June 30, 1971. Thereafter, base period means any annual period beginning July 1 and ending June 30, with respect to which the Maritime Administrator establishes a base period cost. At intervals of not less than two years, nor more than four years, the Maritime Administrator shall establish a new base period. Base periods shall be announced by the Maritime Administrator prior to the December 31 date

that would be included in the new base period.

(2) *Base period cost*—(i) *Initial base period*. For the initial base period of subsidized service, the term *base period cost* means the collective bargaining cost as of January 1 of that base period.

(ii) *Subsequent base periods*. For base periods subsequent to the initial base period, the term *base period cost* means the averaged of the collective bargaining cost as of January 1 of such fiscal year, and the base period cost of the previous base period, indexed to January 1 of the new base period by an index compiled by the Bureau of Labor Statistics. This index shall consist of the average annual change in wages and benefits placed into effect for employees covered by collective bargaining agreements, with equal weight to be given to changes affecting employees in the transportation industry (excluding the off-shore maritime industry) and to changes affecting employees in private non-agricultural industries other than transportation. However, such base period cost shall not be less than a minimum, nor more than a maximum amount, determined as a percentage of the collective bargaining cost computed for January 1 of such base period in accordance with the following schedule:

	Minimum (percent)	Maximum (percent)
Base period following a:		
2-year cycle	97½	102½
3-year cycle	96¼	103¾
4-year cycle	95	105

(3) *Collective bargaining cost (CBC)* means the annual cost, calculated on the basis of the per diem rate of expense, as of January 1 of the annual fiscal periods July 1 through June 30, of all items of expense required by the operator through a collective bargaining or other agreement, covering the employment of the approved manning complement of the subsidized vessel, including payments required by law to assure old-age pensions, unemployment benefits or similar benefits, and taxes or other governmental assessments on crew payrolls.

(4) *Approved manning complement* means the complement approved by the Board for subsidy.

(5) *U.S. wage cost (WC)* means the annual cost, calculated on the basis of the per diem rate of expense as of January 1 of the annual fiscal periods July 1 through June 30, of all items of expense required of the operator through a collective bargaining or other agreement, covering the employment of the normal manning complement of the subsidized vessel, including payments required by law to assure old-age pensions, unemployment benefits or similar benefits, and taxes or other governmental assessments on crew payrolls.

(6) *Normal manning complement* means the crew complement established by a collective bargaining or other agreement with the officers and unlicensed crew of the vessel. In cases where the complement may vary in number, the lowest number shall be the normal manning complement. When ratings of different salaries are in the same job during the year, the base wages of the rating carried most of the time shall be used.

(7) *Subsidizable wage cost* means, (i) with respect to a base period, the base period cost, and (ii) in any fiscal period other than a base period, the most recent base period cost, increased or decreased by the change from January 1 of the base period to January 1 of the non-base period in the index described above. The subsidizable wage cost shall not be less than 90 percent nor greater than 110 percent of the collective bargaining cost as of January 1 of such period.

(8) *Unpredictably timed costs* are collective bargaining costs that are not regularly incurred. Examples of unpredictably timed costs are such costs as severance pay, shortfalls, special assessments, and war zone bonuses.

(b) *Method of calculating collective bargaining cost (CBC)*. CBC shall be determined by pricing out, for the approved crew complement, the per diem total of fixed costs specified in the collective bargaining agreement and adding a per diem total of variable costs obtained from the cost experience of the subsidized vessel during the first nine months of the preceding calendar year.

(1) *Fixed Costs.* The per diem total of fixed costs shall include all costs that are stated in specific or determinable amounts per time period and, based on operating experience, do not vary. In cases where a monthly amount is specified in the agreement, the per diem amount shall be determined by dividing the monthly amount by 30. When a daily amount is specified it shall be used. Example of fixed costs are:

- (i) Base wages;
- (ii) Non-watch pay;
- (iii) Vacation pay (including contributions to vacation funds);
- (iv) Tool allowance;
- (v) Clothing and uniform allowances; and
- (vi) Per diem contributions for pension, training, welfare, unemployment, including unallocated contributions placed in escrow.

(2) *Variable costs.* Variable costs are regularly incurred employment costs which vary with ship operating experience. The per diem aggregate of variable costs as of January 1 shall be determined by applying a ratio to the per diem aggregate of base wage costs as of January 1, the numerator of which shall be the total of variable costs for the first nine months of the preceding calendar year and the denominator of which shall be the total of base wage costs for the first nine months of the preceding calendar year. Variable costs include but are not limited to:

- (i) Payroll taxes (including social security taxes);
- (ii) Overtime and penalty pay;
- (iii) Variable pension, training, welfare, unemployment, and vacation costs;
- (iv) Pay in lieu of time off;
- (v) Transportation and travel allowances;
- (vi) Payments to relief officers and crews;
- (vii) Wages and other expenses of USMMA cadets and extra messmen;
- (viii) Board and lodging allowances;
- (ix) Overlap in wages (a maximum of two days); and
- (x) Penalty cargo bonuses.

(c) *Method of calculating U.S. wage cost (WC)* Two different calculations of WC are necessary—a per diem amount for every ship type on the service and a per month amount for the predomi-

nant ship type (most voyages) on the service. The purpose of the per month calculation is to make a comparison with the monthly foreign wage costs. The relationship of WC to foreign costs for the predominant ship is applied to the per diem WC for other ship types in the service to estimate comparable foreign costs for them.

(1) *Calculation of per diem WC.* The per diem WC shall be calculated by the same method that applies to CBC, except that the normal manning complement shall be used.

(2) *Calculation of per month WC.* The costs and manning level used in this calculation shall be the same as those used for the per diem WC.

(d) *Data submission requirements.* For purposes of calculating CBC and WC the operator shall each year submit Form MA-790 and, as appropriate, current copies of all collective bargaining or other agreements, memoranda of understanding, and arbitration awards, which specify the fixed costs as of January 1. Schedule A of Form MA-790, which covers wage costs on voyages terminated during the first nine months of the previous calendar year, shall be submitted by January 1 of the subsidized year. Schedule B of Form MA-790—normal manning complement, rates of pay, and contributions in effect on January 1 of the current year—shall be submitted by January 31. Form MA-790, Schedules A and B, shall be submitted to the Director, Office of Ship Operating Costs, Maritime Administration, 400 Seventh Street, SW., Washington, DC 20590.

(e) *Example calculation.* The following is a sample of calculation of CBC and WC:

(f) *Method of calculating foreign wage costs.* The foreign wage cost (FC) of the principal foreign-flag competitors and the comparable WC of the subsidized vessel are matched as of January 1 of the last fiscal year preceding the subsidized fiscal year for purposes of determining the wage cost of the principal foreign flags. The following procedures are used:

(1) *Manning.* The foreign manning complement in number and nationality for the principal foreign-flag competitors shall be constructed for the subsidized vessel type using the manning scales and practices of the competitors as developed through an examination of alien crew manifests, payrolls, and other reliable information. The commonly used crew complement of the competitors shall be adjusted to fit the predominant vessel type, in recognition of differences in physical charac-

teristics that would affect manning scales. Where the manning complement cannot be estimated with reasonable substantiation, it will be deemed to be identical with that of the subsidized vessel.

(2) *Method.* The method of calculating FC shall be the same as that used for WC, provided that it is possible to obtain foreign cost data on the same basis as wage cost data. Preference shall be given to pricing out for fixed costs and to cost experience for variable costs. Where applicable, foreign currencies shall be converted into U.S. currency equivalents by using the average of end-month exchange rates for the period July through June that includes the January 1 for which FC is calculated. The exchange rates shall be obtained from the publication, "International Financial Statistics," published monthly by the International Monetary Fund. If exchange rates for particular foreign currencies are not available in this publication, they shall be obtained from the United States Department of the Treasury.

(3) *Foreign wage costs.* The per diem composite foreign wage cost is determined by multiplying the per diem WC for the U.S. ship type, calculated as of January 1 of the subsidized fiscal year, by the ratio of FC to WC, calculated as of January 1 of the last fiscal year preceding the subsidized fiscal year. The following is a sample calculation of the foreign cost percentage.

(g) *Determination of daily wage rate.* The foreign wage cost is deducted from subsidizable wage costs to determine the daily wage subsidy rate. Table 1 is an example calculation of a daily wage subsidy rate using the procedures described in this section.

(h) *Unpredictably timed costs (UTC)* are subsidized by calculating costs incurred during the previous six months and converting them into a daily rate or, in the alternative, a lump sum amount will be paid for special lump sum assessments or for per man-day increases to benefit plans which become effective during the six months following the establishment of the daily rate. In either case, the percentage subsidy rate—which is the differential percentage between the subsidizable wage cost and the foreign wage cost—is used to

establish the amount of subsidy payable for UTC incurred.

(1) UTC expenses such as severance pay and area bonuses are eligible for subsidy payment without obtaining prior approval and subsidy shall be paid as a lump sum amount.

(2) Expenses such as shortfalls in benefit fund contributions, special assessments for benefit funds, and retroactive wage increases may be treated as UTC if the cost increase was not negotiated. Such costs must be approved as UTC by the Director, Office of Ship Operating Costs. To the extent such expenses qualify for UTC, the Director shall determine the appropriate method of paying subsidy—added to the per diem wage subsidy rate and/or as a lump sum amount treated separately.

[51 FR 34609, Sept. 30, 1986, as amended at 54 FR 5088, Feb. 1, 1989]

§ 282.22

46 CFR Ch. II (10-1-97 Edition)

§ 282.22 Maintenance (upkeep) and repairs.

(a) *Basis for subsidy.* The fair and reasonable maintenance and repair costs not compensated by insurance, if eligible for subsidy under the ODSA and the regulations in 46 CFR part 272, shall be used for determining the daily amount of subsidy. The U.S.-foreign cost differential shall be determined from price estimates of representative items of maintenance and repair work and by using the repair practices of the foreign-flag competition.

(b) *U.S.-foreign cost differential.* MARAD shall use the following procedures for calculating the U.S.-foreign cost differential for M&R.

(1) *Cost Survey.* MARAD shall select a sample of jobs which are representative of the various types of maintenance and repair work—drydocking and underwater repairs, machinery repairs, hull and deck repairs, electrical repairs, exterior painting and interior painting, etc. The jobs shall be described fully and combined into a standard set of specifications based on a particular type of vessel. The same specifications shall be used for obtaining all price estimates. MARAD shall request reliable and mutually acceptable ship repair cost experts to ascertain the U.S. and foreign M&R prices. MARAD shall survey foreign countries during a three-year cycle. The survey year prices shall be adjusted in the years between surveys by price adjustments estimated by the ship repair cost experts.

(2) *Country cost differential.* A country cost differential shall be determined for each country where work was performed on the competitive vessels. The country cost differential shall be 100 percent minus the ratio of the estimated foreign price to the U.S. price estimate. The U.S. price estimate shall be representative of the coastal area included in the subsidized service (for example East Coast) or, if more than one coast is served, the coast where the company is home based. For example:

DETERMINATION OF COUNTRY COST DIFFERENTIAL—YEAR—1985—U.S. EAST COAST—FOREIGN COUNTRY—UNITED KINGDOM

Repair category	Foreign price	U.S. price
Drydocking & Underwater Repairs	\$49,598	\$70,662

Estimate Totals	\$136,274	\$168,248
Foreign/U.S. Price Ratio—81%		
Country Cost Differential (100-81)—19%.		

(3) *Distribution of repairs.* The distribution of repairs refers to the countries where M&R work was performed on the vessels of the foreign-flag competitor. When data on the repairing practices are obtained directly from the foreign competitor, they be used. If information about such practices is unavailable—or only partially available—data, published by the classification societies and Lloyd's Voyage Record, reporting the dates and localities of drydocking and completion of the various types of vessel surveys, shall be used for determining the geographical distribution of the unknown repairing practices. For diesel vessels, there are three basic types of surveys—drydocking, machinery, and hull. For steam vessels, there is a fourth survey—boiler—in addition to the other three surveys. Since these surveys may be performed in different countries, they are weighted in order to determine the distribution of repairs. The weighting factors shall be: drydocking—20 percent, machinery—40 percent (10 percent allocated to boiler survey on steam vessels), and hull—40 percent.

(4) *Proportionate cost differential.* A proportionate cost differential for each principal foreign-flag competitor shall be determined by multiplying the percentage distribution of repairs for each country where repair work was performed by the country cost differential for that country and by adding the resulting weighted percentages for all

Maritime Administration, DOT

§ 282.22

countries where repair work was performed.

(5) *U.S.-foreign cost differential.* The U.S.-foreign cost differential shall be determined by multiplying the proportionate cost differential for each prin-

cipal foreign-flag competitor by the competition weight factor for that competitor, and by adding the resulting differentials for all principal foreign-flag competitors, as shown in the following example.

(c) *Calculation.* The appropriate U.S.-foreign cost differential shall be applied to the subsidizable and audited maintenance and repair costs for the three-year period, discussed in paragraph (c)(1) of this section, to establish a relationship of the cost differentials between M&R and wages. This relationship shall be used to establish the M&R subsidy on a current basis by applying the percentage relationship to the per diem wage subsidy rate.

(1) *Historical period.* The relationship of calendar period M&R subsidy to fiscal period wage subsidy shall be measured for the three-year period commencing five years prior to January 1 of the subsidized year. The M&R subsidy and the wage subsidy shall be expressed as an amount per voyage day for purposes of establishing the relationship. This ratio shall be established for each subsidized service and applied to the per diem wage rate of each ship type in the service to factor a daily amount of subsidy for M&R. The following is an example of the determination of the relationship and the daily amount of subsidy for M&R.

(2) *Data submission requirement.* The operator is required to submit annually a certified statement of eligible and audited M&R expenses, segregated by service, for the historical period referred to in paragraph (c)(1) of this section. The report shall be submitted to the Director, Office of Ship Operating Costs no later than January 1 of the subsidized year.

§ 282.23 Hull and machinery insurance.

(a) *Subsidy items.* The fair and reasonable net premium costs (including stamp taxes) of hull and machinery, increased value, excess general average, salvage, and collision liability insurance against risks and liabilities covered under the terms and conditions of policies approved as to form and coverage by MARAD, less lay-up returns, shall be eligible for subsidy and used for determining the U.S.-foreign cost differential. Port risk premiums are eligible for subsidy but not for determining the U.S.-foreign cost differential.

(b) *U.S.-foreign cost differential.* A U.S.-foreign cost differential shall be calculated for each service. Due to the difficulty of comparing forms and costs of hull and machinery insurance coverages, the following assumptions shall be used for estimating the composite premium cost of the foreign-flag competitor.

(1) *Coverage.* The foreign competitive vessels have the same types and amounts of insurance coverages and deductible averages as the subsidized vessels.

(2) *Premium rate.* The foreign competitive vessels are insured in the British

market and the rate for such vessels is the same as the British market rate for the subsidized vessels. If the operator carries all of its insurance in the American market, the American market rate shall be assumed to be the same as the British market rate.

(3) *Repairs.* Insurable repairs of the foreign competitive vessels are performed in the same countries and in the same distribution as non-insurable repairs, and the cost differential for such repairs shall be the same as the maintenance and repair percentage differential.

(4) *Particular average.* The percentage of particular average repair claims for the foreign competitive vessels is the same as the percentage of particular average repair claims for the subsidized vessels. The particular average portion of the premium cost for the subsidized vessels shall be determined as follows:

(i) *Percentage.* The particular average portion of the premium cost shall be determined by applying a percentage to the hull and machinery premium cost after deducting the estimated total loss premium. The percentage is based on insured claims experience. The percentage shall be determined by dividing the total of underwriter's absorptions for particular average domestic repair claims paid and estimated by the total of underwriter's absorptions for all claims paid and estimated (excluding total loss and constructive total loss claims) under the hull and machinery portion of the insurance coverage, except that such percentage shall not exceed eighty-five (85) percent. The percentage is based on

the claims experience of the subsidized vessels for the five (5) calendar year period preceding the subsidized year. For subsidized operators that do not have five years of claims experience, the average percentage of particular average domestic repair claims for all similar subsidized vessels shall be used unless the operator can submit data to substantiate its own claims cost experience on similar vessels.

(ii) *Data submission requirement.* The operator shall submit the five year claims experience, invoices showing net premium costs and coverages for the subsidized year, and lay-up returns for the previous year to the Director, Office of Ship Operating Costs, not later than sixty (60) days after the cost of each calendar year.

(c) *Calculation.* In calculating the subsidized premium cost, the following steps shall be taken:

(1) The particular average portion of the premium cost shall be adjusted in order to give effect to the repair cost differential for the foreign competitive

vessels by applying the complement of the maintenance and repairs percentage cost differential (100 percent minus the differential) to the particular average portion of the premium cost. The adjusted particular average foreign premium cost shall be added to the net premium cost excluding the particular average portion to determine the composite foreign premium cost.

(2) The foreign premium cost shall be subtracted from the operator's total premium cost to determine the difference in dollars. The percentage differential is determined by dividing the dollar difference by the operators' total premium cost. An example calculation is included in Table 2.

(3) The net premium cost of the subsidized vessels shall be divided by the number of days in the calendar year and the resultant daily insurance cost shall be multiplied by the U.S.-foreign cost differential percentage applicable to the most recent year to determine the daily amount of subsidy for hull and machinery insurance.

§ 282.24 Protection and indemnity insurance.

(a) *Subsidy items.* Items eligible for determination of subsidizable costs and the U.S.-foreign cost differential are:

(1) *Premiums.* The fair and reasonable net premium costs (including stamp taxes) of protection and indemnity, excess insurance, second seamen's insurance, "tovalop" or other forms of pollution insurance, bumbershoot (only that portion identified as applicable to P&I insurance), cargo liability if excluded from the primary policy, supplemental calls against liabilities covered under the terms and conditions of policies approved as to form and coverage by MARAD, less lay-up return premiums, shall be eligible for subsidy and used for determining the U.S.-foreign cost differential.

(2) *Deductibles.* The fair and reasonable cost of crew claims paid by and pending with the operator under the deductible provision of the protection and indemnity insurance policy approved as to form and coverage by MARAD, to the extent that such cost would have been paid by the insurance underwriter under the terms of the policy, except for the fact that it did not exceed the deductible provision of the policy, shall be eligible for subsidy. For subsidy purposes, the deductible absorption shall not exceed \$50,000 for each accident or occurrence, provided however, that benefits paid on unearned wages, if excluded from coverage under the protection and indemnity insurance policy, shall be eligible, notwithstanding that the deductible provisions of the policy may be exceeded.

(b) *Assumption made in calculation.* For purposes of determining subsidy for protection and indemnity insurance,

it shall be assumed that the cost differential between the subsidized vessels and the foreign competitive vessels is limited to those portions of premium costs and deductible absorptions which are related to crew liability and that the cost of all other liabilities is the same for both the subsidized vessels and the foreign competitive vessels.

(c) *Calculation.* The following is the method of calculating the U.S.-foreign cost differential for premiums:

(1) *General.* A differential shall be calculated for each subsidized service of the vessel. Since the premium cost for all other liabilities is assumed to be the same for both the U.S. and foreign competitive vessels, the calculation of the differential for protection and indemnity insurance premiums is in effect based on the difference between U.S. and foreign premium costs for crew liabilities. Premium costs are determined in costs per gross registered ton (GRT).

(2) *Reporting Requirement.* The operator shall submit the total premium cost for the subsidized year, plus any supplemental calls and lay-up return premiums not previously reported, to the Director, Office of Ship Operating Costs, not later than 60 days after the beginning of such year. The data shall be supported by invoices from the insurance underwriter.

(3) *U.S. crew liability cost.* The crew liability portion of the total premium cost shall be determined by applying a percentage to the total premium cost based on five (5) years of claims experience for the five years commencing six years prior to January 1 of the subsidized year. The percentage shall be determined by dividing the total of underwriter's absorptions for crew claims, paid and estimated, by the total of underwriter's absorptions for

all claims, paid and estimated. The crew claims portion shall be limited to eighty-five (85) percent unless the operator can substantiate a higher percentage as a result of having crew liability and all other liabilities insured with different underwriters. The operator shall submit the five-year claims experience not later than 60 days following the close of each calendar year.

(4) *All other liabilities cost—U.S. and foreign.* The all other liabilities portion of the U.S. premium cost shall be determined by subtracting the crew liability portion from the total premium cost. The same cost shall be used for the all other liabilities portion of the foreign-flag competitor's premium cost.

(5) *Foreign crew liability cost.* The crew liability cost of each principal foreign-flag competitor shall be used, if reliable cost data can be obtained. If such data cannot be obtained for a principal competitor, and it is determined that such competitor has a non-national crew, the crew liability cost for similar vessels registered under the flag of the crew's nationality may be used, at the Maritime Administrator's discretion, provided reliable cost data are obtained. If no reliable cost data are obtained for a competitor, the crew liability cost for that competitor shall be estimated by multiplying the subsidized operator's crew liability portion of the total premium cost by the ratio of that competitor's wage costs (FC) to the subsidized operator's wage costs (WC), as determined in the calculation of the wage differential.

(6) *U.S.-foreign cost differential.* The U.S.-foreign cost differential shall be the excess of the operator's total premium cost over the principal foreign-flag competitor's estimated total premium cost, expressed as a percentage, calculated in the following manner.

²Crew liability data obtained by Maritime Administration.

³The unweighted percentage of Pakistani to U.S. wage costs of 11.23% was applied to \$3.98 to estimate the foreign cost.

(d) *Daily Subsidy Rate.* The daily subsidy rate shall be calculated in the following manner:

(1) *Premiums.* The net premium costs per calendar day for the subsidized year shall be multiplied by the U.S.-foreign cost differential percentage determined for the most recent year. The product shall be the daily amount of subsidy for P&I premiums.

(2) *Deductibles.* (i) The eligible illness and injury crew claims paid and pending for each calendar year of a three-year period commencing six years prior to January 1 of the subsidized year shall be recalculated, if necessary, to reflect the operator's current deductible levels. These expenses, after audit, shall be multiplied by the percentage wage differential, as determined in the calculation of wage subsidy for the appropriate fiscal period. The resulting calendar period P&I deductible subsidy for the three-year period shall be divided by the voyage days for the period to arrive at an aggregate daily P&I deductible subsidy. The aggregate fiscal period wage subsidy accrued in the service for the three-year period shall be divided by the voyage days for the period to arrive at an aggregate daily wage subsidy amount. The aggregate daily P&I deductible subsidy for the three-year calendar period shall be divided by the aggregate daily wage subsidy for the three-year fiscal period.

§ 282.30

46 CFR Ch. II (10–1–97 Edition)

The resulting percentage shall be applied to the wage per diem calculated for each ship type in the service to derive the daily amount of subsidy for P&I deductibles. As to pending claims previously recognized in the historical

period, only the amount of changes in cost with respect to such claims shall be subsequently recognized. The following methodology shall be used to determine subsidy for P&I deductibles.

C5-B	9,300	×3.69	343.17
C6-C	9,600	×3.69	354.24

(ii) In cases where national insurance schemes cover crew claims costs in their entirety, resulting in no cost to the foreign competitor for deductible absorptions, the composite percentage differential for wages shall be adjusted by substituting a zero cost for such foreign competitor in the calculation of the differential. The adjustment of the wage percentage differential shall not be used for Japan, where operators incur minimal costs for deductible absorptions, rather than no costs. For Japan, the insurance related costs which are normally included in the calculation of Japanese wage costs shall be excluded in adjusting the wage percentage differential for this purpose.

(3) *Data submission requirement.* The operator is required to submit annually a certified statement of eligible and audited crew claims, as identified in paragraph (d)(2) of this section, for the historical period identified therein. The report shall be submitted to the Director, Office of Ship Operating Costs no later than January 1 of the subsidized year.

Subpart D—Subsidy Payment and Billing Procedures

§ 282.30 Payment of subsidy.

Submission of voucher. At the close of each calendar month, the subsidized operator may submit a voucher, and include for payment in such voucher the amount of ODS accrued for the voyages terminated during the period.

§ 282.32 Appeal procedures.

(a) *Appeals of annual or special audits.* An operator who disagrees with the findings, interpretations or decisions in connection with audit reports of the Office of the Inspector General and who cannot settle said differences by negotiation with the Contracting Officer may submit an appeal to the Maritime Administrator from such findings, interpretations or decisions in accordance with part 205 of this chapter.

(b) *Appeals of administrative determinations—(1) Policy.* An operator who disagrees with the findings, interpretations or decisions of the Contracting Officer with respect to the administration of this part may submit an appeal from such findings, interpretations or decisions as follows:

(i) Appeals shall be made in writing to the Secretary, Maritime Subsidy Board, Maritime Administration, within 60 days following the date of the document notifying the operator of the administrative determination of the Contracting Officer. In the appeal to the Secretary, the operator shall indicate whether or not a hearing is desired.

PART 283—DIVIDEND POLICY FOR OPERATORS RECEIVING OPERATING-DIFFERENTIAL SUBSIDY

Sec.

283.1 Purpose.

283.2 Definitions.

283.3 Dividend policy criteria.

283.4 Alternate standards.

283.5 Notification and reporting requirements.

AUTHORITY: Sec. 204(b) Merchant Marine Act, 1936, as amended (46 U.S.C. 1114(b)); Reorganization Plans No. 21 of 1950 (64 Stat. 1273) and No. 7 of 1961 (75 Stat. 840), as amended by Pub. L. 91-469 (84 Stat. 1026); Dept. of Commerce Organization Order 10-8 (38 FR 19707, July 23, 1973).

SOURCE: 45 FR 37445, June 3, 1980, unless otherwise noted.

§ 283.1 Purpose.

(a) The rules of this part establish requirements for the declaration and payment of cash dividends by operators receiving operating-differential subsidy (ODS) under Title VI of the Merchant Marine Act, 1936, as amended (46 U.S.C. 1101 et seq.) (Act). This part shall be applicable immediately unless otherwise provided for in the operators' operating-differential subsidy agreement (ODSA).

(b) One of the purposes of the Act is to foster the development and encourage the maintenance of the United States Merchant Marine. Subsidized operators are required to maintain the financial ability to assure adequate and timely reinvestment in the merchant marine. The policy contained herein takes into consideration the operators' contractual obligations to construct and acquire vessels, retire debt obligations secured by ship mortgages and maintain adequate working capital. However, this policy also takes into consideration the operators' need to attract new capital to the industry by paying dividends which are appropriate in light of the operators' earnings and long-range financial position.

§ 283.2 Definitions.

(a) *Long-Term Debt* means, as of any date, the total notes, bonds, debentures, equipment obligations and other evidence of indebtedness that would be included in Long-Term Debt in accordance with generally accepted accounting principles, less the balance of escrow fund deposits attributable to the principal of obligations guaranteed pursuant to Title XI of the Act, where deposits are required in accordance with § 298.33. Capitalized Lease Obligations shall be included, but deferred income taxes shall not be included.

(b) *Capitalized Lease Obligations* means, as of any date, an amount (excluding amounts already included in Long-Term Debt) equal to the sum of: (1) The present value of all capital leases, as defined and computed in accordance with the Financial Accounting Standards Board Statement No. 13, Accounting for Leases (FASB-13), and (2) ½ of the minimum rentals (less operating components such as insurance, maintenance, property taxes, etc.) of all operating leases, as defined and includable in footnotes to the financial statements in accordance with FASB-13, for shipping property, i.e., vessels, containers, barges, terminals and other similar property.

(c) *Equity* (net worth) means, as of any date, the total of paid-in-capital stock, paid-in-capital, retained earnings and all other amounts that would be included in Equity in accordance with generally accepted accounting principles, but adjustable as follows. The net worth shall be reduced to the extent that the net worth computation includes any receivables from an affiliate of the company or any stockholder, director, officer, or employee (or any member of the employee's family) of the company, or of an affiliate of the company, other than (1) reasonable advances to affiliated agents required for the normal operation of the company's vessels, or (2) current receivables arising out of the ordinary course of business, and which are not outstanding for more than 120 days.

(d) *Floor net worth* means net worth computed as follows: The net worth requirement for existing operators shall be initially set at the greater of 90 percent of the operator's existing net

worth or 50 percent of the operator's long-term debt contained in its audited financial statements for the year ended December 31, 1979. A new operator's net worth requirement shall initially be set at the greater of 90 percent of existing net worth or 50 percent of the original long-term debt issued with respect to the operator's vessel(s).

(e) *Adjusted floor net worth* means that the floor net worth requirement may be reduced with consent of the Maritime Administrator in an amount equivalent to amounts an operator could have paid in dividends under the previous policy set forth in this regulation prior to amendment in 1980, in the three years prior to the date of effectiveness of this policy, but chose not to pay out in dividends. The floor net worth requirement for both existing operators and new operators shall be further adjusted from time to time as follows:

(1) The net worth requirement shall be increased by an amount equal to 50 percent of the original long-term debt to be issued with respect to new vessel construction (with respect to existing operators, new vessel construction contracts executed after December 31, 1979), and

(2) the net worth requirements shall be decreased by an amount equal to 50 percent of the original long-term debt issued with respect to vessels which are removed from service or otherwise transferred or sold.

(f) *Working capital* means the difference between current assets and current liabilities, both determined in accordance with generally accepted accounting principles, adjusted as follows:

(1) Current assets shall be reduced with respect to:

(i) Amounts in any Title XI Reserve Fund, pursuant to 46 CFR 298.35(e) or Capital Construction Fund (CCF) Security Amount prescribed by 46 CFR 298.35(f), that is being maintained pursuant to an agreement covering a vessel owned or leased by the company, or in another similar fund required under any other mortgage, indenture or other agreement to which the company is a party;

(ii) Any securities, obligations or evidences of indebtedness of an affiliate of

the company or of any stockholder, director, officer or employee (or any member of the family of an employee of the company or of such affiliate), except: (a) Reasonable advances to affiliated agents required for the normal current operation of the company's vessels, or (b) receivables outstanding for not more than 120 days, arising out of the ordinary course of business.

(2) Current assets shall be increased with respect to CCF accruals (but not actual deposits), if the operator has first met its prorated CCF minimum deposit schedule.

(3) Current liabilities shall be increased by one-half of the annual payment of all charter hire and other lease obligations having a term of more than twelve months, other than charter hire and other lease obligations already included and reported as a current liability on the company's balance sheet.

(4) Current liabilities shall be decreased by amounts on deposit in a CCF which are available for the payment of current liabilities.

(g) *Prior years' earnings* means the aggregate net income after tax for the three years immediately preceding the year in which the dividend is declared. An operator may include in prior years' earnings estimated net operating income after tax for the current fiscal year if such amount is based upon actual net operating income after tax for the first nine months of the current year. If an operator includes estimated current income in its prior years' earnings computation, it may also include earnings for only the immediately preceding two years, rather than three years, in the computation of prior years' earnings.

(h) *Funds available* shall mean the sum of:

(1) Amounts on deposit in any fund established pursuant to the Act plus accrued deposits, unless already included in working capital, (including interest thereon), less accrued withdrawals from any such fund;

(2) Gross book value, as shown on the operators' books of account, of subsidized vessels and related barges and containers, less accumulated depreciation;

(3) Progress payments made on subsidized vessels and related barges and

containers undergoing construction, reconstruction, or reconditioning;

(4) Progress payments made on additional vessels and related barges and containers, if any, which the operator has agreed to construct or acquire pursuant to any contract entered into with the Maritime Administrator or the Maritime Subsidy Board (Board);

(5) Balance of trade-in allowances pursuant to section 510 of the Act;

(6) Capitalized Lease Obligations as defined in §283.2(b); and

(7) Working capital as defined in §283.2(f).

(i) *Funds required* means the sum of:

(1) 25 percent of the total cost to the operator of: (i) Subsidized vessels under construction, reconstruction or reconditioning, (ii) additional vessels under construction, reconstruction or reconditioning pursuant to any contract entered into between the operator and the Maritime Administrator or the Board, and (iii) barges and containers under construction or under contract to purchase, and to be used as part of the complement of such vessels;

(2) 25 percent of the total cost to the operator, estimated at the time a cash dividend is to be declared, of: (i) Replacement of subsidized vessels required to be replaced under the current ODSA (which cost must be indicated whether or not the operator anticipates leasing replacement vessels), (ii) additional vessels which the operator has agreed to construct or acquire pursuant to any contract entered into with the Maritime Administrator or the Board, and (iii) barges and containers required as part of the complement of such vessels. In making this computation, the operator shall obtain the prior written agreement of the Maritime Subsidy Board as to number of replacement vessels, type and commercial characteristics, projected award date of construction contract, projected delivery dates, estimated total cost (current) and method used to determine such cost, intended area of operation, and identity of vessels to be replaced.

(3) Capitalized Lease Obligations as defined in §283.2(b), excluding that portion of any such amount payable within one year; and

(4) Outstanding indebtedness on, or secured by, subsidized vessels and related barges and containers, or incurred in connection with the acquisition, construction or reconstruction of such vessels and related barges and containers.

§ 283.3 Dividend policy criteria.

(a) *In general.* A subsidized operator may pay cash dividends at any time it desires up to the amount set forth in paragraph (b) of this section. Dividends may be paid pursuant to paragraph (c) of this section, as provided therein. The written approval of the Maritime Administrator shall be obtained prior to any declaration of dividends by the operator, if the payment of dividends does not meet the criteria of either paragraph (b) or (c) of this section. It is intended that dividend payments be permitted under the provisions of either paragraph (b) or (c), whichever allows payment of the greatest amount of dividends. Nothing in this part shall alter restrictions on the payment of dividends which may affect the operator under any other agreements with the Maritime Administrator.

(b) *40 percent dividend criteria*—If the operator is able to meet the criteria of this paragraph after declaration and payment of the proposed dividend, it may declare a dividend of up to 40 percent of prior years' earnings, less any dividends that were paid in such years, unless there is an operating loss in the fiscal year to the date of proposed payment of dividend, as well as operating losses in the immediately preceding two years. If in any of the years included in the prior years' earnings calculation dividends were paid under the 100 percent rule, those years' earnings and dividends may be excluded from the prior years' earnings calculation, and then only the earnings and dividends associated with the remaining years of the three year period may be used. This provision enables an operator to pay dividends under the 40 percent rule when in past years it has paid dividends under the 100 percent rule. The criteria which must be satisfied are as follows:

(1) *Working Capital*—Working Capital must equal or exceed one dollar.

(2) *Long-term Debt to Equity ratio*—Long-Term Debt must not exceed two times Equity. (The Maritime Administrator may modify this requirement during periods of vessel construction).

(3) *Net Worth Floor*—Net Worth must exceed the adjusted net worth floor as computed in § 283.2.

(c) An operator may declare a dividend in an amount up to 100 percent of retained earnings, unless there is an operating loss in the fiscal year to the date of proposed payment of dividend, as well as operating losses in the immediately preceding two years, if the following criteria are satisfied:

(1) *Working Capital*—Working Capital must equal or exceed one dollar.

(2) *Long-Term Debt to Equity ratio*—Long-Term debt must not exceed Equity.

(3) *Net Worth Floor*—Net worth must exceed the Adjusted Net Worth floor as computed in § 283.2.

(4) *Funding for Replacement Vessels*—Funds available must exceed Funds Required, and the basis for Funds Required for replacement vessels must receive prior approval, as provided in § 283.2(i) herein.

§ 283.4 Alternate standards.

(a) The Maritime Administrator may waive or modify any of the financial terms or requirements otherwise applicable in part 283, upon determining that other factors exist which make alternate terms or requirements appropriate. An example of such a situation would involve an operator that: (1) Has no replacement obligation and (2) has a guarantee of charter hire or other guarantees sufficient to cover capital costs. In such cases, the Government's interest may be sufficiently protected although the operator cannot meet the standard part 283 requirements. Another example may be to include receivables otherwise excluded if they are properly guaranteed by an acceptable guarantor.

§ 283.5 Notification and reporting requirements.

(a) *Notice*—The operator shall give written notice of a dividend declaration to the Maritime Administrator immediately upon such declaration.

Maritime Administration, DOT

§ 283.5

(b) *Reports*—The operator shall submit a report as described below whenever it declares a dividend or applies for approval under § 283.3 to declare a dividend as of the approximate date of such declaration or request. Such statements shall include information no less current than 30 days. If no dividends are declared during the calendar year, the operator is not required to submit a statement.

If the Maritime Administration determines that the operator was, for any reason, not qualified to pay the dividend, then the operator shall, in writing, request the approval of the Maritime Administrator for any subsequent dividend declaration. If such approval is then granted, the operator may follow the requirements of this part 283 once again. § 287.2 Scope of section 511 of the Act and the regulations in this part.

(a) *Applicability of regulations.* The regulations prescribed in this part—

A loss to be within section 511 of the Act must be an actual or constructive total loss. Whether there is a total loss, actual or constructive, will be determined by the Administration.

§ 287.3 Requirements as to vessel operations.

[G.O. 38, 2d Rev., 30 FR 7215, May 29, 1965, as amended by Amdt. 1, 31 FR 3397, Mar. 4, 1966; 47 FR 25530, June 14, 1982]

§ 287.5 Tentative authorization to establish fund.

Where the time between the receipt by the Administration of the application for permission to establish a construction reserve fund and the date prior to which an amount received from the sale or loss of a vessel must be deposited to come within the scope of section 511 of the Act is insufficient to permit a determination of the eligibility of the applicant, the Administration may tentatively authorize the establishment of a construction reserve fund and the deposit of such amount therein. Such tentative authorization shall be subject to rescission by the Administration if subsequently it is de-

termined that the applicant is not entitled to the benefits of section 511 of the Act, or has not complied with the statutory requirements. For example, a tentative authorization will be rescinded if the Administration ascertains that the applicant is not a citizen. Upon such determination, the fund shall be closed and all amounts on deposit therein shall be withdrawn.

§ 287.6 Establishment of fund.

(a) *Authorization by the Administration.* If the application is approved by the Administration, the Administration will adopt Orders authorizing the establishment of a construction reserve fund with the depository or depositories designated by the taxpayer and approved by the Administration. The Orders will provide for joint control by the Administration and the taxpayer over such fund, will set forth the conditions governing the establishment and maintenance of the fund and the making of deposits therein and withdrawals therefrom, and will designate the representatives authorized to execute instruments of withdrawal on behalf of the Administration.

(b) *Resolution or agreement of the taxpayer.* A certified copy of the Orders of the Administration will be furnished the taxpayer. If the taxpayer is a corporation, it shall promptly adopt, through its board of directors, a resolution satisfactory in form and substance to the Administration, authorizing the establishment and maintenance of the fund in conformity with the action of the Administration. If the taxpayer is not a corporation, it shall promptly execute an agreement with the depository satisfactory in form and substance to the Administration to conform to the action of the Administration as set forth in the Orders. Certified copies of the Orders of the Administration and of the resolution of the taxpayer (if it is a corporation) will be furnished to the depository by the Administration and the taxpayer, respectively, for its guidance in maintaining the fund and honoring instruments of withdrawal. The taxpayer, if a corporation, shall also furnish the Administration with a certified copy of its resolution, or if not a corporation a duplicate original of its agreement with the depository.

§ 287.7

NOTE: The resolutions referred to in this section shall be retained 2 years after a final release or settlement agreement is completed between the Maritime Administration/Maritime Subsidy Board and the taxpayer.

(c) *Constructive action not recognized.* Constructive deposits, substitutions or withdrawals will not be recognized by the Administration in the establishment and maintenance of the fund.

(d) *Failure to make deposits as basis for termination of fund.* In the event no deposit is made into the fund for more than five years, any amounts remaining in the fund shall be removed from the fund at the discretion of the Administration and, if so removed, the fund shall be terminated. In the event of such termination, see § 287.23 for recognition of gain.

§ 287.7 Circumstances permitting reimbursement from a construction reserve fund.

(a) *Payments prior to establishment of fund.* If, prior to the establishment of a construction reserve fund under the regulations in this part, a taxpayer has made necessary payments under a contract which satisfies the provisions of the regulations in this part and section 511 of the Act for the construction or acquisition of a new vessel, such taxpayer may, if subsequently authorized to establish a construction reserve fund under the regulations in this part, draw against such fund as reimbursement for the amount, if any, of other funds which, with the approval or ratification of the Administration, the taxpayer used for making such necessary payments prior to the establishment of the fund.

(b) *Payments subsequent to establishment of fund.* If, subsequent to the establishment of a construction reserve fund under the regulations in this part, the taxpayer has made necessary payments under a contract which satisfies the provisions of the regulations in this part and section 511 of the Act for the construction or acquisition of a new vessel, such taxpayer may draw against such fund as reimbursement for the amount, if any, of other funds which, with the approval or ratification of the Administration, the taxpayer had used for the purpose of making such necessary payments.

46 CFR Ch. II (10–1–97 Edition)

§ 287.8 Investment of funds in securities.

(a) *Obligations of or guaranteed by the United States.* Interest-bearing direct obligations of the United States, or obligations fully guaranteed as to principal and interest by the United States may be deposited in the construction reserve fund in lieu of cash, may be purchased with cash on deposit in the fund, or may be substituted for securities or commitment to finance in the fund, subject to the provisions of paragraph (b) of this section.

(b) *Other securities.* In cases where the taxpayer desires to deposit any securities in the fund in lieu of cash other than those of or guaranteed by the United States or to purchase such other securities with cash on deposit in the fund, or to substitute such other securities for securities or commitment to finance in the fund, the taxpayer shall make written application to the Administration and shall not consummate the transaction until the written consent of the Administration shall have been received. The application shall describe the securities fully. Every approval by the Administration of such application shall be conditioned upon agreement by the taxpayer forthwith to dispose of such securities upon subsequent request by the Administration. Immediately upon the purchase of any securities for deposit in the fund, the taxpayer shall advise the Administration, giving the date of purchase, a description of the securities, and the price paid therefor (net, brokerage and other charges, and gross). Ordinarily, the Administration will not approve the deposit in the fund in lieu of cash, or the purchase with cash on deposit in the fund or the substitution for securities in the fund of securities not actively traded in on exchanges registered under the Securities Exchange Act of 1934 (15 U.S.C. Chapter 2B), or securities which are not legal for investment of trust funds. Whenever the Administration approves the substitution of other securities for securities in the fund, such substitution shall be effected only upon or after the deposit of the substituted securities into the fund.

(c) *Cash*. Cash may be substituted for amounts which are on deposit in the fund in any other form.

(d) *Devalued securities*. In the event the Administration determines that the market value at any date of any securities in the fund has decreased to a figure which is less than 90 percent of the market value at the time of deposit into the fund, then within 60 days after the taxpayer receives notice of such determination the taxpayer shall (except as otherwise provided in this paragraph) deposit into the fund cash or securities in an amount equal to the difference between the current market value of the devalued securities and the market value of such securities at the time of their original deposit. However, if any securities in the fund are valued at the time of their deposit at less than the market value of such securities at the time of their deposit the taxpayer shall be required to deposit only an amount equal to that portion of the difference between the current market value of the devalued securities and the market value of such securities at the time of their original deposit which bears the same ratio to such total difference as the amount at which the securities were valued at the time of their deposit bears to the market value at the time of such deposit.

§ 287.9 Valuation of securities in fund.

(a) *Equipment values*. In cases where securities are deposited in the fund in lieu of cash, or are purchased with cash on deposit in the fund, or are substituted for securities in the fund, the value of such securities must not be less than the amount of cash in lieu of which they are so deposited or with which they are so purchased, or the value at the time of deposit of the securities for which they were so substituted. If the securities on deposit in the fund are replaced by cash from the general funds of the taxpayer, the amount of cash to be deposited in the fund in lieu thereof shall be not less than the amount at which such securities were valued at the time of their deposit in the fund.

(b) *Determination of value*. (1) For the purpose of determining the amount in the fund, the value of securities shall be their "market value" (which shall

be the basis for determining value, unless otherwise agreed to by the administration) and shall be determined in the following manner:

(i) In instances where no actual purchase is involved, such as the initial deposit of securities in the fund in lieu of cash, the last sales price thereof on the principal exchange on the day the deposit was made shall be deemed to be the "market value" thereof, or, if no such sales were made, the "market value" thereof will be determined by the Administration on such basis as it may deem to be fair and reasonable in each case.

(ii) In instances where the purchase of securities with cash on deposit in the fund is involved, "market value" shall be the gross price paid (adjusted for accrued interest); *Provided*, That if such securities are purchased otherwise than upon a registered exchange the price shall be within the range of transactions on the exchange on the date of such purchase, or, if there were no such transactions, then the "market value" thereof will be determined by the Administration on such basis as it may deem to be fair and reasonable in each case.

(2) Purchase-money obligations secured by mortgages on vessels sold or irrevocable commitments to finance the construction or acquisition of new vessels which are deposited in the construction reserve fund as provided in § 287.13 ordinarily will be considered as equivalent to their face value.

§ 287.10 Withdrawals from fund.

(a) *Withdrawals for obligations or liquidation*. (1) Checks, drafts, or other instruments of withdrawal to meet obligations under a contract for the construction or acquisition of new vessel or vessels or for the liquidation of existing or subsequently incurred purchase-money indebtedness, after having been executed by the taxpayer, shall be forwarded to the Administration in Washington, DC, with appropriate explanation of the purpose of the proposed withdrawal, including properly certified invoices or other supporting papers. Such instruments of withdrawal, if payable to the Administration, will be deposited by the Administration for collection, and the proceeds

thereof, upon collection, will be credited to the appropriate contract with the Administration; but if drawn to the order of payees other than the Administration, after countersignature on behalf of the Administration, will ordinarily be forwarded to the payees.

(2) An amount obligated under a contract for the construction or acquisition of a new vessel or vessels or for the liquidation of existing or subsequently incurred purchase-money indebtedness, whether the obligor has the entire or a partial interest therein within the scope of section 511 of the Act, may not, so long as the contract or indebtedness continues in full force and effect, be withdrawn except to meet payments due or to become due under such contract or for such liquidation.

(b) *Other withdrawals.* Checks, drafts, or other instruments of withdrawal executed by the taxpayer for purposes other than to meet obligations under a contract for the construction or acquisition of a new vessel or vessels or for the liquidation of existing or subsequently incurred purchase-money indebtedness, whether the taxpayer has the entire or a partial interest therein, shall be drawn by the taxpayer to its own order and forwarded to the Administration in Washington, DC, with appropriate explanation of the purpose of the proposed withdrawal. Such withdrawals may occur by reason of a determination by the Administration that the taxpayer is not entitled to the benefits of section 511 of the Act (see § 287.5), or that a particular deposit has been improperly made (see § 287.13), or by reason of the election of the taxpayer to make such withdrawals. Upon receipt of such checks, drafts, or other instruments of withdrawal, the Administration will give notice thereof to the Commissioner of Internal Revenue. The Commissioner will advise the Administration of the receipt of the notice and the date it was received. The Administration shall not countersign such checks, drafts, or other instruments of withdrawal until the expiration of 30 days from the date of receipt of the notice by the Commissioner, unless the Commissioner or such official of the Internal Revenue Service as he may des-

ignate for the purpose consents in writing to earlier countersignature by the Administration and transmittal to the taxpayer. Upon the expiration of such 30-day period, or prior thereto if the aforesaid consent of the Commissioner has been obtained, the Administration will countersign the check, draft, or other instrument of withdrawal and forward it to the taxpayer.

(c) *Inapplicability to certain transactions.* The provisions of this section shall not be applicable to transactions deemed to be withdrawals by reason of the sale of securities held in the fund for an amount less than the market value thereof at the time of their deposit (see § 287.23), nor to the cancellation of an irrevocable commitment deposited in the fund, upon proof satisfactory to the Administration that the terms of such commitment have been fully satisfied.

§ 287.11 Time deposits.

Deposits in the construction reserve fund not invested in securities may be placed in time deposits when, in the judgment of the taxpayer, it is desirable and feasible so to do. The taxpayer shall promptly advise the Administration of any time deposit arrangements made with the depository. The Administration reserves the right at any time to require the termination or modification of any such arrangements. With prior approval of the Administration a time deposit may be made in a depository other than the one with which the construction reserve fund is established.

§ 287.12 Election as to nonrecognition of gain.

(a) *Election requirements.* As a prerequisite to the nonrecognition of gain on the sale or loss of a vessel (or of a part interest therein) for Federal income tax purposes, the taxpayer, after establishing a construction reserve fund, must make an election with respect to such vessel or interest in the manner set forth in this paragraph.

(1) *In general.* Except as provided in paragraph (a)(2) of this section, the election must be made in the taxpayer's Federal income tax return (or, in the case of a partnership, in the partnership return of income) for the

Maritime Administration, DOT

§ 287.13

taxable year in which the gain with respect to the sale or loss of the vessel is realized. The election as to the non-recognition of gain shall be shown by a statement to that effect, submitted as a part of, and attached to, the return. The statement, which need not be on any prescribed form, shall set forth a computation of the amount of the realized gain, the identity of the vessel, the nature and extent of the taxpayer's interest therein, whether such vessel was sold or lost and the date of sale or loss, the full sale price or full amount of indemnity, and the amount and date of each payment thereof, the basis of tax purposes and any other data affecting the determination of the realized gain.

(2) *Certain Government payments.* In case a vessel is purchased or requisitioned by the United States, or is lost, in any taxable year and the taxpayer receives payment for the vessel so purchased or requisitioned, or receives from the United States indemnity on account of such loss, subsequent to the end of such taxable year, the taxpayer shall make his election by filing notice thereof with the Commissioner of Internal Revenue, Washington, DC, 20224, prior to the expiration of 60 days after receipt of the payment or indemnity. The taxpayer shall file a copy of the notice with the Secretary, Maritime Administration, Washington, DC, 20590. The form of the notice of election shall be prepared by the taxpayer and shall be substantially as follows:

ELECTION RELATIVE TO NONRECOGNITION OF GAIN UNDER SECTION 511(C)(2), MERCHANT MARINE ACT, 1936

Pursuant to the provisions of section 511(c)(2) of the Merchant Marine Act, 1936, as amended, notice is hereby given that the undersigned taxpayer elects that gain in respect of the sale to the United States, or indemnification received from the United States on account of the loss, of the vessel named below or share therein shall not be recognized. The circumstances involved in the computation of such gain are as follows:

Name and other identification of vessel _____

Nature and extent of the taxpayer's interest in the vessel _____

Nature of disposition, i.e., sale or loss _____

Date of disposition _____

Full sale price or full amount of indemnity received by taxpayer _____

Tax basis of taxpayer's interest in vessel —

Any other data affecting the determination of the realized gain _____

Amount of gain (submit computation) —

_____ (Name of taxpayer)

§ 287.13 Deposit of proceeds of sales or indemnities.

(a) *Manner of deposit.* The deposit required by section 511 of the Act must be made in a construction reserve fund established with a depository or depositories approved by the Administration and subject to the joint control of the Administration and the taxpayer. It is not necessary to establish a separate fund with respect to each vessel or share in a vessel sold or lost.

(b) *Amount of deposit.* With respect to any vessel sold or lost, or a share therein, the deposit must be in an amount equal to the "net proceeds" of the sale, or the "net indemnity" for the loss. By "net proceeds" and "net indemnity" is meant (1) the depositor's interest in the adjusted basis of the vessel plus (2) the amount of gain which would be recognized for tax purposes in the absence of section 511 of the Act. In determining "net proceeds", the amount necessarily paid or incurred for brokers' commissions is to be deducted from the gross amount of the sales price. In the event the taxpayer is an affiliate or associate of the buyer, the amount of the sales price shall not exceed the fair market value of the vessel or vessels sold as determined by the Administration. In such case the taxpayer shall furnish evidence sufficient, in the opinion of the Administration, to establish that the sales price is not in excess of the fair

market value. In determining “net indemnity”, the amount necessarily paid or incurred purely for collection, or rate of exchange discounts on the payment, of the indemnity is to be deducted from the gross amount of collectible indemnity. In case of the sale or loss of several vessels or share therein, a deposit of the “net proceeds” or “net indemnity” with respect to one or more of the vessels or shares is permissible. Where several vessels or shares are sold for a lump sum, the “net proceeds” allocated to each vessel or share shall be determined in accordance with any reasonable rule satisfactory to the Commissioner of Internal Revenue. The taxpayer must deposit the full amount of each payment (including cash, notes, or other evidences of indebtedness) as a single deposit in the construction reserve fund. A payment divided between two or more depositories will be regarded as a single deposit. Amounts received by the taxpayer prior to the date of consummation of the sale of the vessel shall be considered as having been received by the taxpayer at the time the sale is consummated.

(c) *Purchase-money obligations.* Where the proceeds from the sale of a vessel include purchase-money obligations, such obligations together with the entire collateral therefor, or, in the case of deposit of the proceeds of a share in the vessel, a proportionate part of the obligations and collateral as determined by the Administration, shall be deposited, with the remainder of the proceeds, in the construction reserve fund as a part of the “net proceeds”. The depository shall receive payment of all amounts due on such purchase-money obligations and such amounts shall be placed in the fund in substitution for the portion of the obligations paid. All installments of purchase-money obligations shall be paid directly into the fund by the obligor. In the event any such installment is not so deposited, the Administration, at any time after the due date, may require the taxpayer to deposit an amount equal to such installment. If the taxpayer so desires, he may deposit in the construction reserve fund cash or approved securities in an amount equal to the face value of any pur-

chase-money obligations in lieu of depositing such obligations.

(d) *Vessel subject to mortgage at time of sale or loss.* Where a vessel is subject to a mortgage or other encumbrance at the time of its sale or loss and the taxpayer actually receives only an amount representing the equity therein or a share in such equity corresponding to his share in the vessel, he shall deposit in the construction reserve fund such amount and concurrently therewith other funds in an amount equal to the difference between the amount received and the “net proceeds” or “net indemnity”. Such other funds may be in the form of cash, or, subject to the approval of the Administration, (1) interest-bearing securities, or (2) an irrevocable and unconditional commitment to finance the construction or acquisition of a new vessel in whole or in part by an obligor approved by the Administration in an amount equal to the amount by which the “net proceeds” exceed the cash or securities deposited in the fund.

(e) *Unauthorized deposits.* A deposit which is not provided for by section 511 of the Act shall, without unreasonable delay, be withdrawn from the fund and tax liability will be determined as though such deposit had not been made. (See §§ 287.10 and 287.24.)

§ 287.14 Deposit of earnings and receipts.

(a) *Earnings.* A citizen may deposit all or any part of earnings derived from the operation, within the scope of § 287.3, of a vessel or vessels owned either by himself or any other person, if such earnings are intended for construction or acquisition of new vessels. Such earnings may include payments received by an owner, as compensation for use of his vessel, from other persons by whom it is so operated. Earnings from other sources may not be deposited. The earnings from operation of vessels which are eligible for deposit are the net earnings determined without regard to any deduction for depreciation, obsolescence, or amortization with respect to such vessels.

(b) *Receipts.* Receipts from deposited funds, in the form of interest or otherwise, may be deposited.

§ 287.15 Time for making deposits.

(a) *Proceeds of sale or indemnification.* Deposits of amounts representing proceeds of the sale or indemnification for loss of a vessel or share therein must be made within 60 days after receipt by the taxpayer.

(b) *Earnings and receipts.* Earnings and receipts for the taxable year may be deposited at any time. (See § 287.14.)

§ 287.16 Tax liability as to earnings deposited.

Deposit in the construction reserve fund of earnings from the operation of a vessel or vessels, or receipts, in the form of interest or otherwise, with respect to amounts previously deposited does not exempt the taxpayer from tax liability with respect thereto nor postpone the time such earnings or receipts are includible in gross income. Earnings and receipts deposited in a construction reserve fund established in accordance with the provisions of section 511 of the Act and the regulations in this part will be deemed to have been accumulated for the reasonable needs of the business within the meaning of part 1 (section 531 and following), subchapter G, chapter 1 of the Internal Revenue Code of 1954, so long as the requirements of section 511 of the Act and the regulations in this part are satisfied relative to the use of the fund in the construction, reconstruction, reconditioning, or acquisition of new vessels, or for the liquidation of purchase-money indebtedness on such vessels. For incurrence of tax liability due to noncompliance with the requirements of section 511 of the Act and the regulations in this part with respect to deposits in the construction reserve fund, see the provisions of § 287.23.

§ 287.17 Basis of new vessel.

The basis for determining gain or loss and for depreciation for the purpose of the Federal income tax with respect to a new vessel constructed, reconstructed, reconditioned, or acquired by the taxpayer, or with respect to which purchase-money indebtedness is liquidated as provided in section 511(g) of the Act, with funds deposited in the construction reserve fund, is reduced by the amount of the unrecognized gain represented in the funds allocated

under the provisions of the regulations in this part to the cost of such vessel. (See § 287.18.)

§ 287.18 Allocation of gain for tax purposes.

(a) *General rules of allocation.* As provided in § 287.17, if amounts on deposit in a construction reserve fund are expended, obligated, or withdrawn for construction, reconstruction, reconditioning, or acquisition of new vessels, or for the liquidation of purchase-money indebtedness of such vessels, the portion thereof which represents gain shall be applied in reduction of the basis of such new vessels. The rules set forth below in this paragraph shall apply in allocating the unrecognized gain to the amounts so expended, obligated, or withdrawn:

(1) If the "net proceeds" of a sale or "net indemnity" in respect of a loss are deposited in more than one deposit, the portion thereof representing unrecognized gain shall be considered as having been deposited first.

(2) Amounts expended, obligated, or withdrawn from the construction reserve fund shall be applied against amounts deposited in the order of deposit.

(3) If any deposit consists in part of gain not recognized under section 511(c) of the Act, then any expenditure, obligation, or withdrawal applied against such deposit shall be considered to consist of gain in the same proportion that the part of the deposit which constitutes gain bears to the total amount of the deposit.

(b) *Date of obligation.* The date funds are obligated under a contract for the construction, reconstruction, reconditioning, or acquisition of new vessels, or for the liquidation of purchase-money indebtedness on such vessels, rather than the date of payment from the fund, will determine the order of application against the deposits in the fund. When a contract for the construction, reconstruction, reconditioning, or acquisition of new vessels, or for the liquidation of purchase-money indebtedness on such vessels is entered into, amounts on deposit in the construction reserve fund will be deemed to be obligated to the extent of the amount of

the taxpayer's liability under the contract. Deposits will be deemed to be so obligated in the order of deposit, each new contract obligating the earliest deposit not previously expended, obligated, or withdrawn. If the liability under the contract exceeds the amount in the construction reserve fund, the contract will be deemed to obligate, to the extent of that part of such excess not otherwise satisfied, the earliest deposit or deposits thereafter made.

(c) *Illustration.* The foregoing rules are illustrated in the following example:

Example. (1) A taxpayer who makes his returns on the calendar year basis sells a vessel in 1963 for \$1,000,000, realizing a gain of \$400,000. Payment of \$100,000 is received in March 1963 when the contract is signed, and the balance of \$900,000 is received in June 1963 on delivery of the vessel. The \$1,000,000 is deposited in a construction reserve fund in July 1963. In December 1963, the taxpayer also deposits \$150,000, representing earnings of that year. In 1964, he sells another vessel for \$1,000,000, realizing a gain of \$250,000. The sale price of \$1,000,000 is received on delivery of the vessel in February 1964, and deposited in the construction reserve fund in March 1964. In September 1964, the taxpayer purchases for cash out of the construction reserve fund a new vessel for \$1,750,000. To the cost of this vessel must be allocated the 1963 deposits of \$1,150,000 and \$600,000 of the March 1964 deposit. This leaves in the fund \$400,000 of the March 1964 deposit. The amount of the unrecognized gain to be applied against the basis of the new vessel is \$550,000, computed as follows: Gain of \$400,000 represented in the 1963 deposits, plus the same proportion of the \$250,000 gain represented in the March 1964 deposit (\$1,000,000) which the amount (\$600,000) allocated to the vessel is of the amount of the deposit, i.e., \$400,000 plus 600,000/1,000,000 of \$250,000 or \$150,000, a total of \$550,000. This reduces the basis of the new vessel to \$1,200,000 (\$1,750,000 less \$550,000).

(2) In 1965, the taxpayer sells a third vessel for \$3,000,000, realizing a gain of \$900,000. The \$3,000,000 is received and deposited in the construction reserve fund in June 1965, making a total in the fund of \$3,400,000. In December 1965, the taxpayer contracts for the construction of a second new vessel to cost a maximum of \$3,200,000, thereby obligating that amount of the fund, and in June 1966, receives permission to withdraw the unobligated balance amounting to \$200,000. To the cost of the second new vessel must be allocated the \$400,000 balance of the March 1964 deposit and \$2,800,000 of the June 1965 deposit. The unrecognized gain to be applied against the basis of such new vessel is that

proportion of the gain represented in each deposit which the portion of the deposit allocated to the vessel bears to the amount of such deposit, i.e., 400,000/1,000,000 of \$250,000, or \$100,000 plus 2,800,000/3,000,000 of \$900,000, or \$840,000 making a total of \$940,000. The \$200,000 withdrawal is applied against the June 1965 deposit and the portion thereof which represents gain will be recognized as income for 1965, the year in which realized. The computation of the recognized gain is as follows: 200,000/3,000,000 of \$900,000, or \$60,000.

§ 287.19 Requirements as to new vessels.

(a) *Requirements.* For the purposes of section 511 of the Act and the regulations in this part, the new vessel must be—

(1) Documented under the laws of the United States when it is acquired by the taxpayer, or the taxpayer must agree that when acquired it will be documented under the laws of the United States;

(2)(i) Constructed in the United States after December 31, 1939, or (ii) its construction has been financed under Title V or Title VII of the Act, or (iii) its construction has been aided by a mortgage insured under Title XI of the Act; and

(3) Either (i) of such type, size, and speed as the Administration determines to be suitable for use on the high seas or Great Lakes in carrying out the purposes of the Act, but of not less than 2,000 gross tons or of less speed than 12 knots, except that a particular vessel may be of lesser tonnage or speed if the Administration determines and certifies that the particular vessel is desirable for use by the United States in case of war or national emergency, or (ii) constructed to replace a vessel or vessels requisitioned or purchased by the United States, in which event it must be of such type, size, and speed as to constitute a suitable replacement for the vessel requisitioned or purchased, but if a vessel already built is acquired to replace a vessel or vessels requisitioned or purchased by the United States, such vessel must meet the requirements set forth in paragraph (a)(3)(i) of this section. Ordinarily, under paragraph (a)(3)(i) of this section, a vessel constructed more than five years before the date on which deposits in a construction reserve fund

are to be expended or obligated for acquisition of such vessel will not be considered suitable for use in carrying out the purpose of the Act, except that the five-year age limitation provided above in this sentence shall not apply to a vessel to be reconstructed before being placed in operation by the taxpayer.

(b) *Time of construction.* A vessel will be deemed to be constructed after December 31, 1939, only if construction was commenced after that date. Subject to the provisions of this section, a new vessel may be newly built for the taxpayer, or may be acquired after it is built.

(c) *Replacement of vessels.* It is not necessary that vessels shall be replaced vessels for vessel. The new vessels may be more or less in number than the replaced vessels, provided the other requirements of this section are met.

§ 287.20 Obligation of deposits.

(a) *Time for obligation.* Within three years from the date of any deposit in a construction reserve fund, unless extension is granted as provided in § 287.22, such deposit must be obligated under a contract for the construction or acquisition of a new vessel or vessels (or in the discretion of the Administration for a share therein), with not less than 12½ percent of the construction or contract price of the entire vessel or vessels actually paid or irrevocably committed on account thereof or must be expended or obligated for the liquidation of existing or subsequently incurred purchase-money indebtedness to persons other than a parent company of, or a company affiliated or associated with, the mortgagor on a new vessel or vessels. Amounts on deposit in a construction reserve fund will be deemed to be obligated for expenditure when a binding contract of construction or acquisition has been entered into or when purchase-money indebtedness has been incurred and, if obligated under a contract of construction or acquisition, will be deemed to be irrevocably committed when due and payable in accordance with the terms of the contract of construction or acquisition.

(b) *Requirements for obligation.* Unless otherwise authorized by the Administration, contracts for the construction

of new vessels must be for a fixed price, or provide for a base price that may be adjusted for changes in labor and material costs not exceeding 15 percent of the base price. The fixed or base price, as the case may be, shall be fair and reasonable as determined by the Maritime Administration. Any financial or other interests between the taxpayer and the contractor shall be disclosed to the Administration by the taxpayer. Plans and specifications for the new vessel or vessels must be approved by the Administration to the extent it deems necessary. A deposit in a construction reserve fund may be expended or obligated for expenditure for procurement under an acquisition or construction contract of a part interest in a new vessel or vessels only after obtaining the written consent of the Administration. The granting of such consent shall be entirely in the discretion of the Administration and it may impose such conditions with respect thereto as it may deem necessary or advisable for the purpose of carrying out the provisions of section 511 of the Act. Applications for such consent shall be executed in triplicate, and, together with eight conformed copies thereof, filed with the Administration.

§ 287.21 Period for construction of certain vessels.

A new vessel constructed otherwise than under the provisions of Title V of the Act, and not purchased from the Administration must, within six months from the date of the construction contract, or within the period of any extension, be completed to the extent of not less than 5 percent as estimated by the Administration and certified by it to the Secretary of the Treasury. In case of a contract covering more than one vessel it will be sufficient if one of the vessels is 5 percent completed within the six months' period from the date of the contract or within the period of any extension, and so certified. All construction must be completed with reasonable dispatch as determined by the Administration. If, for causes within the control of the taxpayer, the entire construction is not completed with reasonable dispatch, the Administration will so certify to the Secretary of the Treasury.

For the effect of such certification, see § 287.23.

§ 287.22 Time extensions for expenditure or obligation.

(a) *Extensions.* The Administration, upon application and a showing of proper circumstances, (1) may allow an extension of time within which deposits shall be expended or obligated, not to exceed one year, and upon a second application received before the expiration of the first extension, may allow an additional extension not to exceed one year, and (2) may allow an extension or extensions of time within which five percent of the construction shall have been completed as provided in § 287.21 not to exceed one year in the aggregate, and (3) may allow any other extensions that may be provided by amendment to the Act.

(b) *Application required.* A taxpayer seeking an extension of time shall make application therefor, and transmit it with an appropriate statement of the circumstances, including the reasons justifying the requested extension or extensions, and appropriate documents in substantiation of the statement, to the Administration. The Administration will notify the Commissioner of Internal Revenue of any extension granted. In case an application for extension is denied, the taxpayer will be liable for delay as though no application had been made.

§ 287.23 Noncompliance with requirements.

(a) *Noncompliance.* The amount of the gain which is that portion of the construction reserve fund otherwise constituting taxable income under the law applicable to the taxable year in which such gain was realized shall be included in the taxpayer's gross income for such taxable year for income or excess-profits tax purposes, if:

(1) A portion of such fund is withdrawn for purposes other than—

(i) The construction, reconstruction, reconstruction, or acquisition of a new vessel; or

(ii) The liquidation of existing or subsequently incurred purchase-money indebtedness to persons other than a parent company of, or a company af-

filiated or associated with, the mortgagor on a new vessel or vessels; or

(2) The taxpayer fails to comply with the requirements of section 511 of the Act or the regulations in this part relating to the utilization of construction reserve funds in the construction, reconstruction, reconditioning, or acquisition of a new vessel, or the liquidation of purchase-money indebtedness on such a vessel.

If securities on deposit in a construction reserve fund are sold and the amount placed in the fund in lieu thereof is less than the value of the securities at the time of their deposit, the difference between such market value and the amount placed in the fund in lieu of the securities will be deemed to have been withdrawn. With respect to the substitution of new financing in the case of an irrevocable commitment, see paragraph (d) of § 287.13.

(b) *Amount recognized.* In the event of noncompliance with the prescribed conditions relative to any contract for construction, reconstruction, reconditioning, or acquisition of new vessels, or for the liquidation of purchase-money indebtedness on such vessels, recognition will extend to the entire amount of the gain represented in that portion of the construction reserve fund obligated under such contract. Thus, if the Administration determines and certifies to the Secretary of the Treasury that for causes within the control of the taxpayer construction under a contract is not completed with reasonable dispatch, the entire amount of the gain represented in the portion of the construction reserve fund obligated under the contract will be recognized even though all other conditions have been satisfied. In case of noncompliance with the requirements of section 511 of the Act or the regulations in this part, see the provisions of § 287.18 as to the allocation of gain.

(c) *Unreasonable accumulation.* Noncompliance with the provisions of section 511 of the Act or the regulations in this part relative to the utilization of the deposited amounts may also, inasmuch as the provision of section 511(f) of the Act is then inapplicable, warrant an examination to ascertain whether

such amounts constitute an unreasonable accumulation of earnings and profits within the meaning of part I (section 531 and following), subchapter G, chapter 1 of the Internal Revenue Code of 1954, or corresponding provisions of prior law. If amounts are deposited and the fund maintained in good faith for the purpose of construction, reconstruction, reconditioning, and acquisition of new vessels, or for the liquidation of purchase-money indebtedness on such vessels, such amounts will be deemed to have been accumulated for the reasonable needs of the business.

§ 287.24 Extent of tax liability.

(a) *Declared value excess-profits tax.* Gain which is includible in gross income under § 287.23 shall be included in gross income for all income and excess-profits tax purposes, but not for the purposes of the declared value excess-profits tax and the capital stock tax as provided in section 511(i) of the Act. In lieu of any adjustment with respect to such declared value excess-profits tax, there is imposed for any taxable year ending on or before June 30, 1945, in which the gain is realized an additional tax of 1.1 percent of the amount of the gain. No additional capital stock tax liability is incurred.

(b) *Improper deposits.* In the case of deposits in the construction reserve fund of amounts derived from sources other than those specified in section 511 of the Act, or in the case of failure to deposit an amount equal to the "net proceeds" or "net indemnity" within the period prescribed in section 511(c) of the Act and § 287.15, the taxpayer obtains no suspension or postponement of any tax liability and the tax is collectible without regard to the provisions of section 511(c) of the Act.

(c) *Time for filing claim subsequent to election under section 511(c)(2).* If an election is made under section 511(c)(2) of the Act, and paragraph (a)(2) of § 287.12, and if computation or recomputation in accordance therewith is otherwise allowable but is prevented, on the date of filing of notice of such election, or within six months thereafter, by any statute of limitation, such computation or recomputation nevertheless shall be made notwith-

standing such statute if a claim therefor is filed within six months after the date of making such election. If as the result of such computation or recomputation an overpayment is disclosed, a claim for refund on Form 843 should also be filed within such six months' period.

§ 287.25 Assessment and collection of deficiencies.

Any additional tax, including the 1.1 percent amount imposed by section 511(i) of the Act, due on account of withdrawal from a construction reserve fund, or failure to comply with section 511 of the Act or the regulations in this part, is collectible as a deficiency. Interest upon such deficiency will run from the date the withdrawal or non-compliance occurs. The amount of any deficiency, including interest and additions to the tax, determined as a result of such withdrawal or noncompliance, may be assessed, or a proceeding in court for the collection thereof may be begun without assessment, at any time and without regard to any period of limitations or any other provisions of law or rule of law, including the doctrine of *res judicata*.

§ 287.26 Reports by taxpayers.

(a) *Information required.* With each income tax return filed for a taxable year during any part of which a construction reserve fund is in existence the taxpayer shall submit a statement setting forth a detailed analysis of such fund. (b) *Records required.* Taxpayers shall keep such records and make such additional reports as the Commissioner of Internal Revenue or the Administration may require.

NOTE: The records referred to in this section shall be retained for a period of six months beyond the termination or closing out of the reserve fund.

§ 287.27 Controlled corporation.

For the purpose of section 511 of the Act and the regulations in this part a new vessel is considered as constructed, reconstructed, reconditioned, or acquired by the taxpayer if constructed, reconstructed, reconditioned, or acquired by a corporation at a time when the taxpayer owns not less than 95 percent of the total number of shares of each class of stock of the corporation.

§ 287.28 Administrative jurisdiction.

(a) *First priority requirements.* First priority shall be accorded to any Eligible Vessel meeting the following requirements:

Citizens of the United States as defined in § 295.2; or

(3) *Limitation on number of vessels.* Limitation on the total number of Eligible Vessels awarded under paragraph (a) of this section shall be:

(i) For any U.S. citizen under paragraph (a)(1), the number of vessels may not exceed the sum of:

(A) the number of U.S.-flag documented vessels that the Contractor or a related party operated in the foreign commerce of the United States on May 17, 1995, except mixed coastwise and foreign commerce; and

(c) *Third priority.* To the extent that appropriated funds are available after applying the first and second priority, any other Eligible Vessel.

(d) *Number of MSP Operating Agreements Awarded.* If appropriated funds are not sufficient to award agreements to all vessels within a priority set forth herein, MARAD shall award to each eligible applicant in that priority a number of Operating Agreements that bears approximately the same ratio to the total number of Operating Agreements requested under that priority, and for which timely applications have been made, as the amount of appropriations available for MSP Operating Agreements for Eligible Vessels in the priority bears to the amount of appropriations necessary for MSP Operating Agreements for all Eligible Vessels in the priority.

Subpart C—Maritime Security Program Operating Agreements

§ 295.20 General conditions.

(a) *Approval.* MARAD may approve applications to enter into a MSP Operating Agreement and make MSP Payments with respect to vessels that are determined to be necessary to maintain a United States presence in international commercial shipping or those that are deemed, after consultation with the Secretary of Defense, to be militarily useful for meeting the sealift needs of the United States in national emergencies.

(b) *Effective date—(1) General Rule.* Unless otherwise provided in the contract, the effective date of a MSP Operating Agreement is the date when executed by the Contractor and MARAD.

(2) *Exceptions.* In the case of an Eligible Vessel to be included in a MSP Operating Agreement that is subject to an ODS contract under subtitle A, title VI, of the act or on charter to the U.S. Government, other than a charter under the provisions of an Emergency Preparedness Program Agreement provided by section 653 of the act, unless an earlier date is requested by the applicant, the effective date for a MSP Operating Agreement shall be:

(i) The expiration or termination date of the ODS contract or Govern-

ment charter covering the vessel, respectively, or

(ii) Any earlier date on which the vessel is withdrawn from that contract or charter.

(c) *Replacement Vessels.* MARAD may approve the replacement of an Eligible Vessel in a MSP Operating Agreement provided the replacement vessel is eligible under § 295.10.

(d) *Notice to shipbuilders.* The Contractor agrees that no later than 30 days after soliciting any offer or bid for the construction of any vessel in a foreign shipyard, and before entering into any contract for construction of a vessel in a foreign shipyard, the Contractor shall provide notice of its intent to enter into such a contract (for vessels being considered for U.S.-flag registry) to MARAD. Within 10 business days after the receipt of such notification, MARAD shall issue a notice in the FEDERAL REGISTER of the Contractor's intent. The Contractor is prohibited from entering into any such contract until 10 business days after the date of publication of such notice.

(e) *Early termination.* A MSP Operating Agreement shall terminate on a date specified by the Contractor if the Contractor notifies MARAD not later than 60 days before the effective date of the proposed termination, that the Contractor intends to terminate the Agreement. The Contractor shall be bound by the provisions relating to vessel documentation and national security commitments to the extent and for the period contained in section 652(m) of the Act.

(f) *Non-renewal for lack of funds.* If, by the first day of a fiscal year, insufficient funds have been appropriated under section 655 of the act for that fiscal year, MARAD shall notify the Congress that MSP Operating Agreements for which insufficient funds are available will be terminated on the 60th day of that fiscal year if sufficient funds are not appropriated or otherwise made available by that date. If only partial funding is appropriated by the 60th day of such fiscal year, then MSP Operating Agreements for which funds are not available shall be terminated using the pro rata distribution method used to award MSP Operating Agreements set forth in § 295.12(d). With respect to each

terminated agreement the Contractor shall be released from any further obligation under the agreement, and the Contractor may transfer and register the applicable vessel under a foreign registry deemed acceptable by MARAD. In the event that no funds are appropriated, then all MSP Operating Agreements shall be terminated and each Contractor shall be released from its obligations under the agreement. Final payments under the terminated agreements shall be made in accordance with § 295.30. To the extent that funds are appropriated in a subsequent fiscal year, existing operating agreements may be renewed if mutually acceptable to the Administrator and the Contractor and the MSP vessel remains eligible.

(g) *Operation under a Continuing Resolution.* In the event a Continuing Resolution (CR) is in place that does not provide sufficient appropriations to fully meet obligations under MSP Operating Agreements, a Contractor may request termination of the agreement in accordance with paragraph (f), herein, and § 295.30.

(h) *Requisition authority.* To the extent section 902 of the act is applicable to any vessel transferred foreign under this section, the vessel shall remain available to be requisitioned by the Maritime Administration under that provision of law.

(i) *Transfer of Operating Agreements.* A Contractor subject to an Agreement may transfer that Agreement (including all rights and obligations thereunder) to any person eligible to enter into an Agreement under the same priority established in section 652(i)(1)(A) of the act as the Contractor, provided that:

(1) The Contractor gives notice of any such transfer to the Maritime Administrator by filing a completed application;

(2) The transfer is not disapproved in writing by the Maritime Administrator within 90 days of the notification; and

(3) the vessel to be covered by the Agreement after transfer is the same vessel originally covered by the Agreement or is an eligible vessel under section 651(b) of the act and is the same type, and comparable to, the vessel originally covered by the Agreement.

§ 295.21 MSP Assistance Conditions.

(a) *Term of MSP Operating Agreement.* MSP Operating Agreements shall be effective for a period of not more than one fiscal year, and unless otherwise specified in the Agreement, shall be renewable, subject to the availability of appropriations or amounts otherwise made available, for each subsequent fiscal year through the end of FY 2005. In the event appropriations are enacted after October 1 with respect to any subsequent fiscal year, October 1 shall be considered the effective date of the renewed agreement, provided sufficient funds are made available and subject to the Contractor's rights for early termination pursuant to section 652(m) of the act.

(b) *Terms under a Continuing Resolution (CR).* In the event funds are available under a CR, the terms and conditions of the MSP Operating Agreements shall be in force provided sufficient funds are available to fully meet obligations under MSP Operating Agreements, and only for the period stipulated in the applicable CR. If funds are not appropriated at sufficient levels for any portion of a fiscal year, the terms and conditions of any applicable MSP Operating Agreement may be voided and the Contractor may request termination of the MSP Operating Agreement in accordance with § 295.20(f).

(c) *National security requirements.* Each MSP Operating Agreement shall require the owner or operator of an Eligible Vessel included in that agreement to enter into an Emergency Preparedness Program Agreement pursuant to section 653 of the act.

(d) *Vessel operating requirements.* The MSP Operating Agreement shall require that during the period an Eligible Vessel is included in that Agreement, the Eligible Vessel shall:

(1) *Documentation.* Be documented as a U.S.-flag vessel under 46 U.S.C. chapter 121; and

(2) *Operation.* Be operated exclusively in the U.S.-foreign trade or in mixed foreign and domestic trade allowed under a registry endorsement issued under 46 U.S.C. 12105, and shall not otherwise be operated in the coastwise trade of the United States.

(e) *Limitations.* Limitations on Contractors with respect to the operation of foreign-flag vessels shall be in accordance with section 804 of the act, as amended. The operation of vessels, other than Agreement Vessels, in the noncontiguous trades shall be limited in accordance with service levels and conditions permitted in section 656 of the act.

(f) *Non-Contiguous Domestic Trade.* [Reserved]

(g) *Obligation of the U.S. Government.* The amounts payable as MSP Payments under a MSP Operating Agreement shall constitute a contractual obligation of the United States Government to the extent of available appropriations.

§ 295.22 Commencement and termination of operations.

(a) *Time frames.* A Contractor that has been awarded a MSP Operating Agreement shall commence operations of the Eligible Vessel, under the applicable agreement or a subsequently renewed agreement, within the time frame specified as follows:

(2) *New building.* Within 30 months after the initial effective date of the MSP Operating Agreement in the case of a vessel to be constructed after that date.

(b) *Unused authority.* In the event of a termination of unused authority pursuant to paragraph (a) of this section, such authority shall revert to MARAD.

§ 295.23 Reporting requirements.

Days during which the vessel is drydocked or undergoing survey, inspection, or repair shall be considered to be days during which the vessel is operated, provided the total of such days within a fiscal year does not exceed 30 days, unless prior to the expiration of a vessel's 30 day period, approval is obtained from MARAD for an extension of the 30 day provision.

(2) There shall be no payment for any day that a MSP Agreement Vessel is engaged in transporting more than 7,500 tons (using the U.S. English standard of short tons, which converts to 6,696.75 long tons, or 6,803.85 metric tons) of civilian bulk preference cargoes pursuant to section 901(a), 901(b), or 901b of the act, provided that it is bulk cargo.

FY 2003—\$5,753.42
FY 2004—\$5,737.70
FY 2005—\$5,753.42

(3) In the event a monthly payment is for a period less than a complete month, that month's payment shall be calculated by multiplying the appro-

priate daily rate in § 295.31(a)(2) by the actual number of days the Eligible Vessel operated in accordance with § 295.21.

(4) MARAD may require, for good cause, that a portion of the funds payable under this section be withheld if the provisions of § 295.21(d) have not been met.

(5) Amounts owed to MARAD for reductions applicable to a prior billing period shall be electronically transferred using MARAD's prescribed format, or a check may be forwarded to the Maritime Administration, P.O. Box 845133, Dallas, Texas 75284-5133, or the amount owed can be credited to MARAD by offsetting amounts payable in future billing periods.

Actual Cost of a Vessel or Advanced or Modern Shipbuilding Technology means, as of any specified date, the aggregate, as determined by the Secretary, of all amounts paid by or for the account of the Obligor on or before that date and all amounts which the Obligor is then obligated to pay from time to time thereafter, for the construction, reconstruction or reconditioning of such Vessel or Advanced or Modern Shipbuilding Technology (described in §298.21(b)).

Advanced Shipbuilding Technology means:

(1) Numerically controlled machine tools, robots, automated process control equipment, computerized flexible manufacturing systems, associated computer software, and other technology for improving shipbuilding and related industrial production which advance the state-of-the-art; and

(2) Novel techniques and processes designed to improve shipbuilding quality, productivity, and practice, and to promote sustainable development, including engineering design, quality assurance, concurrent engineering, continuous process production technology, energy efficiency, waste minimization, design for recyclability or parts reuse, inventory management, upgraded

worker skills, and communications with customers and suppliers.

Depository means a bank or other financial institution organized and doing business under the laws of the United States, any State or territory thereof, the District of Columbia or the Commonwealth of Puerto Rico that is authorized under such laws to exercise corporate trust powers, is a member of the Federal Deposit Insurance Corporation, and accepts deposits for purposes of implementing the program authorized by Title XI of the Act; but in the case of an Eligible Export Vessel can also mean, with the specific approval of the Secretary, foreign branches, but not the foreign subsidiaries, of such United States financial institutions.

Depreciated Actual Cost of a Vessel or Advanced or Modern Shipbuilding Technology means the Actual Cost of the Vessel or Advanced or Modern Shipbuilding Technology, as defined in paragraph (b) of this section (less a residual value of 2½ percent of United States shipyard construction cost or, in the case of Advanced or Modern Shipbuilding Technology, a residual value as appropriate), depreciated on a straightline basis over the useful life of

the Vessel or Advanced or Modern Shipbuilding Technology as determined by the Secretary, not to exceed twenty-five years from the date the Vessel or Advanced or Modern Shipbuilding Technology was delivered by the shipbuilder or manufacturer or, if the Vessel or Advanced or Modern Shipbuilding Technology has been reconstructed or reconditioned, the Actual Cost of the Vessel or Advanced or Modern Shipbuilding Technology depreciated on a straightline basis from the date the Vessel or Advanced or Modern Shipbuilding Technology was delivered by the shipbuilder or manufacturer to the date of such reconstruction or reconditioning, on the basis of the original useful life of the Vessel or Advanced or Modern Shipbuilding Technology, and from the date of said reconstruction or reconditioning on a straightline basis and on the basis of a useful life of the Vessel or Advanced or Modern Shipbuilding Technology determined by the Secretary, plus all amounts paid or obligated to be paid for the reconstruction or reconditioning, depreciated on a straightline basis and on the basis of a useful life of the Vessel or Advanced or Modern Shipbuilding Technology determined by the Secretary.

§ 298.3 Applications.

(a) *Content and amendment.* Each application for a commitment to execute Guarantees shall be made on Form MA 163 to the Secretary, Maritime Administration, U.S. Department of Transportation, Washington, DC 20590, and be certified in the manner prescribed on said form. All required information, including copies of any demise charters, time charters in excess of six months, contracts of affreightment, drilling contracts or other contractual arrangements with respect to the Vessel or Vessels, shall be presented on the form or in exhibits and schedules submitted with the application. In addition, the Declaration of Lobbying form as required by 31 U.S.C. 1352 shall be

filed with the initial application, as part of the formal submission. Each exhibit and schedule shall contain a statement, on the first page thereof, clearly identifying the document as an attachment to an application for Obligation Guarantees, stating the name of the applicant and the date of the application. Any amendment of data contained in the application filed shall be marked "Amendment," and shall contain a statement on the first page thereof, clearly identifying the document as an amendment to an application for Obligation Guarantees, stating the name of the applicant and the date of application. The certification required on Form MA 163 shall be affixed to each amendment.

(b)(1) *Time requirements for application.* Each application shall be submitted to the Secretary at least four months prior to the anticipated date by which the applicant requires a Letter Commitment. The Secretary may consider applications with less notice prior to the anticipated date by which the applicant requires a Letter Commitment, upon written documentation that extenuating circumstances exist. During the first 15 calendar day period after submission, the Secretary will perform a preliminary review of the application for adequacy and completeness. If the application is found to be incomplete, or if additional data is required, the Secretary will notify the applicant promptly in writing and the applicant will have 15 calendar days to correct deficiencies from the date of each request for additional information. If the applicant has not corrected the deficiencies, or made substantial progress toward correcting them, within this 15 calendar day period, then the Secretary may terminate the processing of the application without prejudice. Once the Title XI application is considered complete by the Secretary, the Secretary will act on the application within a period of 60 calendar days, unless for good cause the Secretary deems it necessary to extend such period. If an application is not completed by the applicant and acted upon by the Secretary within four months from the submission date, unless such time period is extended by the Secretary, the Secretary will no-

tify the applicant in writing that processing of the application is terminated and that the applicant may reapply at a later date. If an application is terminated by MARAD without prejudice, no new filing fee will be assessed for a subsequent application for a similar project that is filed within one year of the termination date. If a subsequent application is for a substantially different project as determined by MARAD on a case-by-case basis a new filing fee will be assessed.

(2) *Time requirements for documentation.* An applicant to whom a Letter Commitment has been issued shall submit four sets of the documentation to the Secretary for review. The documentation shall be submitted to the Secretary for review at least six weeks prior to the anticipated closing to afford the Secretary time to complete an adequate review of the documentation. The applicant shall utilize the standard form of documentation which will be provided by the Secretary.

(3) *Processing applications.* In processing applications, the Secretary shall consider the different degrees of risk involved with different applications.

(4) *Additional assurances.* For those applications not involving well established firms with strong financial qualifications and strong market shares, seeking financing guarantees for replacement vessels in an established market, in which projected demand exceeds supply, the Secretary may require additional assurances prior to approval, such as firm charter commitments, parent company guarantees, greater equity participation, private financing participation, security interest on other property and similar arrangements.

(c) *Filing Fee.* Each application must be accompanied by a filing fee in the amount of \$5,000, which will be non-refundable, irrespective of whether the Secretary subsequently issues a Letter Commitment.

(d) *Confidential Information.* If the application, including attachments thereto, contains information which the applicant considers to be trade secrets or commercial or financial information and privileged or confidential, or otherwise exempt from disclosure under the Freedom of Information Act (5

U.S.C. 552), the applicant shall assert a claim of exemption at the time of application. The same requirement shall apply to any amendment to the application. If no claim of exemption is made when the application or amendment is filed, the Maritime Administration shall not oppose any request subsequently made for disclosure, pursuant to the Freedom of Information Act (FOIA), of any information contained in the application. The following procedures shall apply with respect to the assertion and review of FOIA exemption claims:

(1) Form and bases for claim. Any claim of exemption shall be made in a memorandum or letter contained in a sealed envelope marked "Confidential Information," addressed to the Secretary, Maritime Administration, and shall be subscribed by the applicant, or with respect to a corporate applicant, by a responsible corporate officer of the applicant. The applicant shall specifically and separately designate each part of the application, including attachments or amendments thereto, to which exemption from disclosure is claimed by noting "Confidential Information" thereon, and shall place each page in the sealed envelope. The applicant shall state in the memorandum or letter the bases, in detail, for each assertion of exemption, including but not limited to statutory and decisional authority.

(2) The Secretary, Maritime Administration, shall make a determination as to any claim of exemption at the time a request is made for the information pursuant to the Freedom of Information Act. If the Secretary, Maritime Administration makes a determination unfavorable to the applicant as to any item of information in the application or amendment, the applicant will be advised that the Maritime Administration will not honor the request for confidentiality at the time of any request for production of information made pursuant to the Freedom of Information Act by third parties.

(e) *Priority.* The Maritime Administration shall give priority for processing applications to vessels capable of serving as a naval and military auxiliary in time of war or national emergency, and requests for financing con-

struction of equipment or vessels less than one year old as opposed to the financing of existing equipment or vessels that are one year old or older. Any applications involving the purchase of vessels currently financed under Title XI will also receive priority consideration for purposes of processing the assumption of the obligations as will applications from those willing to take guarantees for less than the normal term for that class of vessel. In regard to shipyards, priority will be given to applications from General Shipyard Facilities that have engaged in naval Vessel construction and that have pilot projects for shipyard modernization and Vessel construction, with respect only to funds appropriated to the Secretary of Defense, pursuant to provision of section 1359(a) of Pub. L. 103-160, 107 Stat. 1547. With regard to Eligible Export Vessels, the Secretary may not issue a commitment to guarantee Obligations for an Eligible Export Vessel unless the Secretary determines, in the sole discretion of the Secretary, that the issuance of a commitment to guarantee obligations for an Eligible Export Vessel will result in the denial of an economically sound application to issue a commitment to guarantee Obligations for vessels documented under the laws of the United States operating in the domestic or foreign commerce of the United States, after considering:

(1) The status of pending applications for commitments to guarantee obligations for vessels documented under the laws of the United States and operating or to be operated in the domestic or foreign commerce of the United States;

(2) The economic soundness of the applications referred to in paragraph (e)(1) of this section; and

(3) The amount of guarantee authority available.

(Approved by the Office of Management and Budget under control number 2133-0018)

Subpart B—Eligibility

§ 298.10 Citizenship.

(a) *Applicability.* Prior to acquiring a legal or beneficial interest in a Vessel financed under Title XI of the Act

which is operating in or will be operated in the U.S. coastwise trade, the applicant and any other Person, (including the shipowner and any bareboat charterer), shall establish its United States citizenship, within the definition "citizen of the United States" in § 298.2.

(b) *Prior to Letter Commitment.* The applicant and any Person identified in paragraph (a) of this section, who is required to establish United States citizenship shall, prior to the issuance of the Letter Commitment, establish United States citizenship in form and manner prescribed in 46 CFR part 355.

(c) *Commitment Closing.* Unless otherwise waived by the Secretary for good cause, at least 10 days prior to every Commitment Closing, all Persons identified with the project who have previously established United States citizenship in accordance with paragraphs (a) and (b) of this section shall submit pro forma Supplemental Affidavits of Citizenship which have previously been approved as to form and substance by the Secretary, and on the date of such closing such Persons shall submit to the Secretary three executed copies of such Supplemental Affidavits of Citizenship evidencing the continuing United States citizenship of such Persons bearing the date of such closing.

(d) *Additional information.* If additional material is determined at any time to be essential to clarify or support evidence of U.S. citizenship, such material shall be furnished by the applicant, the Obligor or any Person identified in paragraph (a) of this section upon request by the Maritime Administration.

[62 FR 47152, Sept. 8, 1997]

§ 298.11 Vessel requirements.

Each Vessel to be constructed, reconstructed or reconditioned and financed by issuance of Guarantees shall meet the following criteria:

(a) *United States Construction.* A Vessel, including an Eligible Export Vessel, financed by an Obligation Guarantee is considered to be of United States construction if the Vessel is assembled in a shipyard geographically located within the United States. A U.S.-flag Vessel must meet the applicable United States Coast Guard requirements.

An Eligible Export Vessel must meet the applicable laws, rules, and regulations of its country of documentation, all applicable treaties, conventions on international agreements to which that country is a signatory, and the laws of the ports it serves. An Eligible Export Vessel shall be constructed in accordance with the requirements of the International Maritime Organization.

(b) *Actual Cost.* The applicant's estimated Actual Cost as described in § 298.21(b), must be approved by the Secretary for the construction, reconstruction, reconditioning of a Vessel as a condition for issuance of the Letter Commitment. The Secretary may require the applicant to have the shipyard that has contracted to build the vessel to submit additional technical data, backup cost details, and other evidence if the Secretary has insufficient data. The estimated cost of the Vessel may include escalation for the anticipated construction period of the Vessel, as described in § 298.21(e).

(c) *Class condition and operation.* The Vessel shall be constructed, maintained, and operated so as to meet the highest classification, certification, rating, and inspection standards for Vessels of the same age and type imposed by the American Bureau of Shipping (ABS), or other such standards as may be approved by the United States Coast Guard, or in the case of an Eligible Export Vessel, such standards as may be imposed by a member of the International Association of Classification Societies (IACS) classification societies to be ISO 9000 series registered or Quality Systems Certificate Scheme qualified IACS members who have been recognized by the United States Coast Guard as meeting acceptable standards with such recognition including, at a minimum, that the society meets the requirements of IMO Resolution A.739(18) with appropriate certificates required at delivery, so long as the home country of that IACS member accords equal reciprocity, as determined by the Secretary, to United States classification societies. A Vessel, except an Eligible Export Vessel, shall comply with all applicable laws, rules, and regulations as to condition and operation, including, but not limited to,

those administered by the United States Coast Guard, Environmental Protection Agency, Federal Communications Commission, Public Health Service, or their respective successor agencies, and all applicable treaties and conventions to which the United States is a signatory, including, but not limited to, the International Convention for Safety of Life at Sea. An Eligible Export Vessel shall be documented in a country that is party to the International Convention for Safety of Life at Sea, or other treaty, convention, or international agreement governing vessel inspection to which the United States is a signatory, and shall comply with the applicable laws, rules, and regulations of its country of documentation, all applicable treaties, conventions on international agreements to which that country is a signatory, and the laws of the ports it serves. An Eligible Export Vessel shall be constructed in accordance with the requirements of the International Maritime Organization.

(d) *Reconstruction or reconditioning.* Repairs necessary for the Vessel to meet the classification standards approved by the Secretary, or any regulatory body, or because of previous inadequate maintenance and repair, shall not constitute reconstruction or reconditioning within the meaning of this paragraph. An applicant for Guarantees secured by a Vessel to be reconstructed or reconditioned shall make the Vessel available at a time and place acceptable to the Secretary for a condition survey to be conducted by representatives of the Secretary. The applicant shall pay the cost of the condition survey. The scope and extent of the condition survey shall not be less effective than that required by the last ABS special survey completed (if the Vessel is classified), next due or overdue, whichever date is nearest in accordance with the Vessel's age. The Vessel shall meet the standard of the survey necessary for retention of class (if the Vessel is classified), and the operating records of the Vessel shall reflect normal operation of the Vessel's main propulsion and other machinery and equipment, consistent with accepted commercial experience and practice.

(e) *Metric Usage.* The preferred system of measurement and weights for Vessels and Advanced and Modern Shipbuilding Technology shall be the metric system.

§298.12 Applicant and operator's qualifications.

(a) *Operator's qualifications.* No Letter Commitment shall be issued by the Secretary without a prior determination that the applicant, bareboat charterer, or other Person identified in the application as the operator of the Vessel, possesses the necessary experience, ability and other qualifications to properly operate and maintain the Vessel or Vessels which serve as security for the Guarantees, and otherwise to comply with all requirements of this part.

(b) *Identity and ownership of applicant.* In order to assess the likelihood that the project will be successful, the Secretary needs information about the applicant and the proposed project. To permit this assessment, each applicant shall provide the following information in its application for Title XI guarantees.

(1) *Incorporated companies.* If the applicant is an incorporated company, it shall submit the following identifying information:

(i) Exact name of applicant and tax identification number of a U.S. corporation, or if appropriate, international identification number of the applicant;

(ii) State or country in which incorporated and date of incorporation; and

(iii) Address of principal executive offices and of important branch offices, if any.

(2) *Partnerships, joint-ventures, associations, unincorporated companies.* If the applicant is a partnership, joint-venture, association, or unincorporated company, it shall submit the following identifying information:

(i) Name of partnership, association, or unincorporated company, and tax identification number, or if appropriate, international identification number of applicant;

(ii) Business address;

(iii) Date of organization;

(iv) Name of partners (general and special) of the partnership or trustee

and holders of beneficial interest in the association or company;

(v) Certified copy of Partnership or Joint Venture Agreement, as amended; and

(vi) A detailed statement regarding financial, management and/or equity transactions which could have a significant impact on the ability of the applicant to meet the requirements placed on the applicant under its financing.

(3) *Other entities.* For any entity that does not fit the descriptions in paragraphs (b)(1) through (b)(3) of this section, MARAD will specify the information that the entity shall submit regarding its identity and ownership.

(c) *Applicants: Business and affiliations.* The applicant shall include:

(1) A brief description of the principal business activities during the past 5 years of applicant and of any predecessor of the applicant. If any change in the principal business activities is presently contemplated (whether in connection with the work to be financed by the guarantees applied for, or otherwise), applicant shall give a brief statement of the nature and circumstances thereof;

(2) A list of all companies or persons (hereinafter referred to as related companies) that directly or indirectly, through one or more intermediaries, control, are controlled by, or are under common control with, the applicant. Also indicate the nature of the business transacted by each, the relationships between the companies named, and the nature and extent of the control. This information may be furnished in the form of a chart. Specify whether any related companies have previously applied for or received any Title XI assistance;

(3) A statement of whether or not during the past 5 years the applicant, or any predecessor or related company, has been in bankruptcy or in reorganization under the Federal Bankruptcy Act or in any other insolvency or reorganization proceedings under either domestic or foreign statutes, and whether or not any substantial property of the applicant or a predecessor or related company has been acquired in any such proceedings or has been subject to foreclosure or receivership during such pe-

riod, and details of all such occurrences; and

(4) A statement of whether or not the applicant or any predecessor or related company is now, or during the past 5 years has been, in default under any agreement or undertaking:

(i) With others, the United States or a country other than the United States; or

(ii) Guaranteed or insured by the United States or a country other than the United States.

(d) *Management of applicant.* The applicant shall include:

(1) A brief description of the principal business activities during the past 5 years of each director and each principal executive officer of the applicant; and

(2) The name and address of each organization engaged in business activities related to those carried on or to be carried on by the applicant with which any person named in answer to paragraph (d)(1) of this section has any present business connection, the name of each such person and, briefly, the nature of such connection.

(e) *Applicant's property and activity.* The applicant shall provide:

(1) A brief description of the general character and location of the principal properties of the applicant employed in its business, other than vessels, describing encumbrances, if any;

(2) A statement with respect to each vessel owned by the applicant, or operated by it under charter, stating name, gross tonnage, net tonnage, deadweight tonnage, age, type, speed, registry, cargo capacity and number and type of cargo units (container, trailer, etc.); and

(3) A summary statement which addresses the services, routes, or line (including ports served) on which the applicant operates any of the vessels owned or chartered by it. Also, a schedule and tonnage of cargo carried by the applicant during the two preceding years, the units carried (containers, barges, passengers, etc.) and the cargo capacity utilization factor experienced.

(f) *Operating ability.* (1) In the case of an applicant for a vessel financing Guarantee, the applicant shall submit

a detailed statement showing its ability to successfully operate the Vessel(s), including name, education, background of, and licenses held by all senior supervisory personnel concerned with the physical operation of the ships owned by the applicant or proposed for construction. If not now an operator of Vessel(s), the applicant shall indicate a proposed organizational structure of key operating personnel or the name of the proposed operating agent. If now the owner and/or operator of ships, the applicant shall furnish data as to union affiliations and existing contracts necessary to the management and operation of the Vessel(s) covering such items as bunkers, repairs, stores and stevedoring, and names of companies (domestic and foreign) for which the company acts as agent. If a company other than the applicant is designated to operate the Vessel(s), then the above information shall be provided for that company, together with a copy of the proposed operating agreement(s).

(2) In the case of an Eligible Shipyard which is an applicant for a Guarantee for Advanced or Modern Shipbuilding Technology, a detailed statement shall be submitted evidencing its ability to successfully construct/reconstruct vessel(s), including name, education, background of, and licenses, if any, held by all senior supervisory personnel in the shipyard concerned with the physical operation of the shipyard, union affiliations and existing contracts necessary to the management and operation of the shipyard.

§ 298.13 Financial requirements.

(a)(1) *In general.* To be eligible for guarantees, the applicant and/or the parent organization (when applicable), and any other participants in the project having a significant financial or contractual relationship with the applicant shall submit information, respectively, on their financial condition. This information shall be submitted at the time of the application and supplemented as subsequently required by the Secretary. In addition, the applicant shall submit information satisfactory to the Secretary that financial resources are available to support the

project which is the subject of the Title XI application.

(2) *Cost of the project.* Applicant shall submit the following cost information with respect to the project:

(i) In the case of an applicant for Vessel financing Guarantees, a detailed statement of the estimated Actual Cost of construction, reconstruction or reconditioning of the Vessel(s) including those items which would normally be capitalized as Vessel construction costs. Net interest during construction is the total estimated construction period interest on non-equity funds less estimated earnings from the escrow fund, if such fund is to be established prior to Vessel(s) delivery. Each item of foreign components and services shall be excluded from Actual Cost, unless a waiver is specifically granted for the item, which waiver shall not be granted for major foreign components of the hull and superstructure. The standard for granting a waiver is certification by the applicant, to be reviewed by the Secretary, that a foreign item or service is not available in the United States on a timely or price-competitive basis, or is not of sufficient quality. Although excluded from Actual Cost, foreign components of the hull and superstructure can be regarded as owner-furnished equipment that may be used in satisfying the applicant's equity requirements imposed by paragraph (a)(3) of this section. An illustration of how the cost of foreign components of the hull and superstructure may be used to satisfy an applicant's equity requirements is outlined below. If any of the costs have been incurred by written contracts such as the shipyard contract, management or operating agreement, signed copies should be forwarded with the application. The applicant may be required to have the contracting shipyard submit back-up cost details and technical data. This information shall be submitted in the format as prescribed by the Title XI application procedures.

ILLUSTRATION—COST OF FOREIGN COMPONENTS SATISFYING EQUITY REQUIREMENTS.

Assuming that the total project cost is \$100 million, of which the cost of major foreign components in the hull and superstructure

total \$20 million, and that the Title XI applicant has requested financing for 87½ percent of the cost of the project, the following is a demonstration of how the value of the major foreign components in the hull and superstructure may be used in meeting the equity requirements of § 298.13 (a)(3):

Cost of Foreign Components Excluded from Actual Cost

Cost of Project.....	\$100.0 million
Cost of Major Foreign Components in	
Hull and Superstructure	\$20.0 million
Total Actual Cost of Project.....	\$80.0 million
Required Equity (12½ percent).....	\$10.0 million
Total Project Cost Financed w/Title	
XI (87½ percent)	\$70.0 million

The \$10 million in required equity may be satisfied by the owner's contribution of the foreign components of hull and superstructure to the project.

(ii) In the case of Advanced or Modern Shipbuilding Technology, a detailed statement of the actual cost of such technology, including those items which would normally be capitalizable. If any of the costs have been incurred by written contracts, signed copies shall be forwarded with the application. The applicant may be required to have manufacturers submit back-up cost details and technical data. This information shall be submitted in the format prescribed by the Title XI application procedures.

(iii) A detailed statement showing the actual cost of any shore facilities, cargo containers, etc., required to be purchased in conjunction with the project.

(iv) A detailed statement showing any other costs associated with the project which were not included in paragraphs (a)(2) (i) through (iii) of this section, such as: Legal and accounting fees, printing costs, guarantee fees, vessel insurance, underwriting fees, fee to a Related Party, etc.

(v) If the project involves refinancing, the exhibit entitled Request for Actual Cost Approval and Reimbursement, its summary sheet and supplemental schedules shall be submitted at the time of filing the application.

(3) *Financing.* The applicant shall describe, in detail, how the costs of the project (sums referred to in paragraph (a)(2) of this section) are to be funded and the timing of such funding. The applicant shall include any vessel trade-ins, related or third party financings,

etc. The applicant shall also provide the proposed terms and conditions of all private funding, from both equity and debt sources and clearly identify all parties involved. If the applicant intends to utilize co-financing (involving a blend of Title XI and private financing for the debt portion), the terms and conditions of such financing shall be subject to approval by the Secretary. The applicant shall demonstrate with financial statements that at least 12½ percent of the construction or reconstruction costs of the Vessel(s) or the cost of the Advanced Shipbuilding Technology or Modern Shipbuilding Technology will be in the form of equity and not additional debt, except to the extent allowed by paragraph (g) of this section. The applicant shall disclose all of the Vessel(s), Advanced Shipbuilding Technology or Modern Shipbuilding Technology financing in the format prescribed by the Title XI application procedures. If the applicant uses co-financing (involving a blend of Title XI and private financing for the debt portion of the project), the ability of the co-financiers to exercise their rights against collateral shared with the Secretary for any transaction shall be subject to the approval of the Secretary.

(4) *Financial Information.* The applicant shall submit the following additional financial statements with respect to both the proposed Title XI project and the overall operations of the applicant, prepared in accordance with 46 CFR part 232 and including notes to explain the basis used for arriving at the figures (in the case of Eligible Export Vessels, the Secretary may accept financial information provided in the normal accounting system used by the applicant provided that it is an accepted accounting system in the applicant's country of origin and, further, provided that the applicant provides a reconciliation of the major differences between the accounting system employed and U.S. generally accepted accounting principles):

(i) The three most recent audited financial statements of the applicant, its parent, if any, and other significant participants. If the applicant is a new entity or is to be funded from or guaranteed by external source(s), it shall

provide the audited financial statements of the funding source(s);

(ii) A pro forma balance sheet of the applicant as of the estimated date of execution of the Guarantees reflecting the assumption of the Title XI Obligations;

(iii) A schedule of amortization of all existing debt (Title XI or otherwise) of the applicant for the period in which the Guarantees are to be outstanding; and

(iv) A Sources and Uses Statement for the first full year of operations and the following five years, including a clear source of funding for the payment of all debt when due.

(b) *Financial definitions.* For the purpose of this section and §§298.35 and 298.42 of this part:

(1) *Company* means any Person subject to financial requirements imposed under paragraphs (d) and (e) of this section and paragraphs (b) and (c) of §298.35, as well as the reporting requirements imposed by §298.42.

(2) *Working Capital* means the difference between current assets and current liabilities, adjusted as follows:

(i) Current assets shall exclude:

(A) Amounts in or required to be set aside in any Title XI Reserve Fund, pursuant to §298.35(e) or Capital Construction Fund Security Amount prescribed by §298.35(f), (excluding that portion of such fund which is available for the payment of current liabilities) that is being maintained pursuant to an agreement covering a Vessel owned or leased by the company, or in another similar fund required under any other mortgage, indenture or other agreement to which the company is a party; and

(B) Any receivables from a Related Party or from any stockholder, director, officer or employee (or their family) of the company or of a Related Party other than current receivables arising out of the ordinary course of business and not outstanding for more than 60 days.

(ii) Current liabilities shall include the current portion of charter hire and other lease obligations not already included as a current liability.

(3) *Equity (net worth)* shall be exclusive of:

(i) Any receivables from a Related Party or from any stockholder, director, officer or employee (or their family) of the company or of a Related Party other than current receivables arising out of the ordinary course of business and not outstanding for more than 60 days, and

(ii) Any increment resulting from the reappraisal of assets.

(4) *Long Term Debt* shall exclude the balance of Escrow Fund deposits attributable to the principal of Obligations sold, where deposits are required in accordance with §298.33. However, there shall be included any guarantee or other liability for the debt of any other Person.

(5) *Capitalizable Cost* means the aggregate of the Actual Cost of the Vessel or Advanced or Modern Shipbuilding Technology and those other items which customarily would be capitalized as Vessel costs or Advanced or Modern Shipbuilding Technology costs under generally accepted accounting principles and those other items which customarily would be capitalized as Vessel costs under generally accepted accounting principles.

(6) *Depreciated Capitalizable Cost* means the Capitalizable Cost of a Vessel or Advanced or Modern Shipbuilding Technology, depreciated on a straight line basis over the same useful life as determined by the Secretary for Actual Cost, and depreciated as required by §298.21(g).

(c) *Applicability.* The financial resources shall be adequate to meet the Equity requirements in the project and existing Working Capital requirements, as set forth in paragraphs (d) and (e) of this section.

(1) The various financial requirements shall be met by the owner of the Vessel or Vessels or Advanced or Modern Shipbuilding Technology to be security to the Secretary for the Guarantees, except that if the owner is not the operator, the overall financial requirements shall be allocated among the owner, the operator and other parties as determined by the Secretary.

(2) The Company shall satisfy the applicable financial requirements, in addition to any other financial requirements already imposed or which may be imposed upon it in connection with

other Vessels financed under the Title XI program or in connection with other Advanced or Modern Shipbuilding Technology financed under the Title XI program.

(3) A determination as to whether the Company has satisfied all financial requirements shall be based on the assumption that the projected financing has been completed. Accordingly, a pro forma balance sheet shall be submitted at the time of the application, reflecting any adjustment made pursuant to paragraph (d)(1)(i) of this section, and a revised pro forma balance sheet, reflecting the completion of the projected financing, shall be submitted at least five business days before the first Closing at which the Obligations are issued.

(d) *Primary financial requirements at Closing.* Where the primary minimum financing requirements at Closing are satisfied, the financial covenants in §298.35(b) are applicable. Primary financial requirements can apply to one or more Companies, and are determined as follows:

(1) *Owner as operator.* Where the owner is to be the Vessel operator, minimum requirements at Closing usually are as follows:

(i) *Working Capital.* The Company's Working Capital shall not be less than one dollar. This Working Capital requirement is based on the premise that the Company engages in a service-type activity with only normal Vessel inventory. If Working Capital includes other inventory, in addition to such normal Vessel inventory, the Secretary may adjust the requirement as considered appropriate. Also, if the Secretary determines that the Company's Working Capital includes amounts receivable that it reasonably could not expect to collect within one year, the Secretary may make adjustments to the Working Capital requirements.

(ii) *Equity (net worth).* The Company's Equity shall be the greater of:

(A) 50 percent of its Long Term Debt or

(B) 90 percent of its Equity as shown on the last audited balance sheet, dated not earlier than six months before the date of issuance of the Letter Commitment.

(2) *Lessee or charterer as operator.* Where a lessee or charterer is to be the Vessel operator, minimum requirements at Closing usually are as follows:

(i) *Working Capital.* The operator's Working Capital requirement shall be the same as that which would have otherwise been imposed on the owner as operator under paragraph (d)(1)(i) of this section and based on the same premise stated therein.

(ii) *Long Term Debt.* The operator's Long Term Debt shall not be greater than twice its Equity.

(iii) *Equity (net worth).* Different Equity requirements shall be imposed on the owner and operator of the Vessel, respectively, as follows:

(A) The owner's Equity shall at least be equal to the difference between the Capitalizable Cost or Depreciated Capitalizable Cost of the Vessel (whichever is applicable) and the total amount of the Guarantees.

(B) The operator's Equity shall be the same as that which would have otherwise been required of the owner as operator under paragraph (d)(1)(ii) of this section.

(3) *Owner as General Shipyard Facility.* Where the owner of Advanced or Modern Shipbuilding Technology is a General Shipyard Facility, minimum requirements at Closing will be the same as those set forth in paragraph (d)(1) of this section for an owner as operator.

(e) *Special financial requirements at closing.* If the proposed project involves a leverage lessor, parent company or "hell or high water" charterer committed to financing the debt service for the term of the Guarantees and who meets the primary financial requirement at closing, then with respect to the applicant, the eligibility for Guarantees may be based upon satisfaction of special financial requirements, in which the financial covenants imposed and the requirements for maintenance of a Title XI Reserve Fund shall be as provided for in §298.35(c) of this part. Special financial requirements are as follows:

(1) *Owner as operator.* Where the owner is the Vessel operator, the special requirements at Closing are as follows:

(i) *Working Capital*. The Company's Working Capital, which may be adjusted by the Secretary in accordance with the provisions set forth in paragraph (d)(1)(i) of this section, shall be an amount at least equal to the sum of the following:

(A) The first year's debt service relating to the Vessel to be financed upon delivery (redelivery in the case of a reconstructed or reconditioned Vessel), or the first year's debt service relating to the Vessel to be financed or refinanced after delivery. With respect to a reconstructed or reconditioned Vessel, the estimated Capitalizable Cost or Depreciated Capitalizable Cost, whichever is applicable (depending upon when financing occurs), shall be that related only to the cost of work performed in the reconstruction or reconditioning;

(B) One year's premium for vessel insurance including Hull, Machinery, Protection and Indemnity, and War Risk coverage; and

(C) One year's Guarantee Fee.

(ii) *Equity (net worth)*. The Company's Equity shall be at least equal to 90 percent of the Equity as shown on the last audited balance sheet dated not earlier than six months before the issuance of the Letter Commitment, but not less than the sum of the following:

(A) The difference between:

(1) The estimated Capitalizable Cost of a new Vessel to be financed upon delivery, the estimated Capitalizable Cost of the work to be performed in reconstructing or reconditioning a Vessel, the Depreciated Capitalizable Cost of an existing Vessel to be refinanced or the Depreciated Capitalizable Cost of a new Vessel to be financed after delivery, and

(2) The amount of the Guarantees; and

(B) The amount of Working Capital as determined in accordance with the provisions of paragraph (e)(1)(i) of this section.

(2) *Lessee or charterer as operator*. Where the lessee or charterer is the Vessel operator, the special financial requirements at Closing are as follows:

(i) *Working Capital*. The Company shall have Working Capital in an amount determined in accordance with the provisions of paragraph (e)(1)(i) of

this section, applicable as if the owner were the operator.

(ii) *Equity (net worth)*. Different Equity requirements shall be imposed on the operator and the owner, respectively as follows:

(A) The operator shall have Equity at least equal to 90 percent of the Equity shown on the last audited balance sheet dated not earlier than six months before the issuance of the Letter Commitment, but no less than its Working Capital requirement.

(B) The owner shall have Equity in an amount determined in accordance with the provisions of paragraph (e)(1)(ii)(A) of this section.

(3) *Owner as General Shipyard Facility*. Where the owner of Advanced or Modern Shipbuilding Technology is a General Shipyard Facility, special financial requirements at Closing will be the same as those outlined in paragraph (e)(1) of this section for an owner as operator insofar as they apply to such technology.

(f) *Adjustments to financial requirements at Closing*. If the owner, although not operating a Vessel, assumes any of the operating responsibilities, the Secretary may adjust the respective Working Capital and Equity requirements of the owner and operator, otherwise applicable under paragraphs (d) and (e) of this section, by increasing the requirements of the owner and decreasing those of the operator by the same amount.

(g) *Subordinated debt considered to be Equity*. With the consent of the Secretary, part of the Equity requirements applicable under paragraphs (a)(3), (d) and (e) of this section may be satisfied by debt, fully subordinated as to the payment of principal and interest on the Secretary's Note and any claims secured as provided for in the Security Agreement or the Mortgage. Repayment of subordinated debt may be made only from funds available for payment of dividends or for other distributions, in accordance with requirements of the Reserve Fund and Financial Agreement (described in §298.35 of this part). Such subordinated debt shall not be secured by any interest in property that is security for Guarantees or mortgage insurance under Title XI, unless the Obligor and the lender

enter into a written agreement, satisfactory to the Secretary, providing, among other things, that if any Title XI financing or advance by the Secretary to the Obligor shall occur in the future, such security interest of the lender shall become subordinated to any indebtedness incurred by the Obligor and to any security interest obtained by the Secretary in that property or other property, with respect to the subsequent indebtedness.

(h) *Modified requirements.* The Secretary may waive or modify the financial terms or requirements otherwise applicable under §§ 298.13, 298.35 and 298.42, upon determining that there is adequate security for the Guarantees. The Secretary may impose similar financial requirements on any Person providing other security for the Guarantees.

§ 298.14 Economic soundness.

(a) *Economic Evaluation.* No Letter Commitment for guarantees shall be given by the Secretary without a finding that the proposed project, with respect to which the Vessel(s) or Advanced or Modern Shipbuilding Technology to be financed or refinanced under Title XI, will be economically sound.

(1) *Basic feasibility factors.* In making the economic soundness findings the Secretary shall consider all relevant factors, including, but not limited to:

(i) The need in the particular segment of the maritime industry for new or additional capacity, including any impact on existing equipment for which a guarantee under this title is in effect;

(ii) The market potential for the employment of the Vessel or utilization of the Advanced Shipbuilding Technology or Modern Shipbuilding Technology of a General Shipyard Facility over the life of the guarantee;

(iii) Projected revenues and expenses associated with employment of the Vessel or utilization of the Advanced Shipbuilding Technology or Modern Shipbuilding Technology of a General Shipyard Facility;

(iv) Any charters, contracts of affreightment, transportation agreements, or similar agreements or undertakings relevant to the employment of

the Vessel or utilization of the Advanced Shipbuilding Technology or Modern Shipbuilding Technology of a General Shipyard Facility;

(v) For inland waterways, the need for technical improvements including but not limited to increased fuel efficiency, or improved safety; and

(vi) Other relevant criteria.

(2) *Project Feasibility.* The applicant shall state in detail the purpose for the obligations to be guaranteed and shall supplement the application by exhibits deemed to be necessary. The applicant shall submit the following information to demonstrate the economic feasibility of the project over the Guarantee period.

(i) *Relevant market.* A written narrative of the market (or potential market) for the project including full details on the following, as applicable:

(A) Nature and amount of cargo/passengers available for carriage and applicant's projected share (provide also the number of units; i.e., containers, trailers, etc.);

(B) Services or routes in which the Vessel(s) will be employed, including an itinerary of ports served, with the arrival and departure times, sea time, port time, hours working or idle in port, off hire days and reserve or contingency time, proposed number of annual sailings and number of annual working days for the Vessel(s) or, with respect to Advanced or Modern Shipbuilding Technology, how the equipment will be employed;

(C) Suitability of the Vessel(s) or Advanced or Modern Shipbuilding Technology for their anticipated use;

(D) Significant factors influencing the applicant's expectations for the future market for the Vessel(s) or Advanced or Modern Shipbuilding Technology, for example, competition, government regulations, alternative uses, and charter rates; and

(E) Particulars of any charters, contracts of affreightment, transportation agreements, etc. The narrative should be supplemented by providing copies of any marketing studies and/or supporting information (for instance, existing or proposed charters, contracts of affreightment, transportation agreements, or letters of intent from prospective customers).

(F) The potential for purchasing existing equipment of a reasonable condition and age from another source, including information regarding—

(1) Market assessment concerning the availability and cost of existing equipment that may be an alternative to new construction or the new technology;

(2) The cost of modification, reconditioning or reconstruction of existing equipment to make it suitable for intended use; and

(3) Descriptions of any bids or offers which the company had made to purchase existing equipment, especially Vessels which currently are financed with Title XI Obligations including date of offer, Vessels and amount of offer.

(ii) *Revenues*. A detailed statement of the revenues expected to be earned from the project based upon the information in paragraph (a)(2) of this section. The revenues shall be based on a realistic estimate of the Vessel(s) or the new technology utilization rate at a breakeven rate for the project. A justification for the utilization rate shall be supplied and should indicate the number of days per year allowed for maintenance, drydocking, inspection, etc.

(iii) *Expenses*. A detailed statement of estimated daily vessel expense or expenses associated with Advanced or Modern Shipbuilding Technology, including the following (where applicable):

(A) Wages, including staffing (submit itemized staffing schedule and wages, identifying the seamen's unions involved), and aggregated as to straight time, overtime and fringe benefits;

(B) Subsistence cost (indicate cost per person per day);

(C) Fuel cost (specify purchase ports), including estimated fuel consumption at design speed loaded and in port;

(D) Cost of stores, supplies and equipment, segregated as to Deck, Engine and Stewards Departments;

(E) Maintenance and repair cost at midlife of ship (specify in years) segregated as to voyage repairs, special surveys, drydocking and tailshaft removal, annual survey and structural renewals;

(F) Insurance costs, Hull and Machinery, Protection and Indemnity, War Risk and other (an insurance broker's estimate based upon current premium rates, if available, is considered preferable); and

(G) Other expenses directly allocable to the asset (indicate items included).

(iv) *Estimated voyage expense*: These items shall include:

(A) Port expense segregated by port as to agency fees, wharfage and dockage and other port expenses;

(B) Cargo expense, segregated as to stevedoring and other cargo expense (show average cost per ton for loading and discharging for each port or geographic area);

(C) Brokerage expense, segregated as to freight and passenger; and

(D) Other voyage expense segregated as to canal tolls and other expense (indicate items included).

(v) *Owner's expenses annually*. These expenses shall be segregated as to:

(A) Interest and amortized principal on mortgage indebtedness;

(B) Estimated government Guarantee Fee; and

(C) Salaries and other administrative expenses (indicate basis of allocations).

(b) *Objective Criteria*. The Secretary shall make a finding of economic soundness with respect to each proposed project based on an assessment of the entire project. In order to be considered for approval, a project must meet the following criteria as determined by the Secretary:

(1) The projected long-term demand (equal to length of financing being requested) for the particular Vessel(s) or new technology to be financed must exceed the supply of similar Vessels or new technology in the applicable markets, based on the Secretary's assessment of existing equipment, similar Vessels or new technology under construction and the projected need for new equipment in that particular segment of the maritime industry. Such an assessment shall be determined by the Secretary's analysis of the following three elements:

(i) Conformity of the company's projections with supply and demand analyses prepared by the Maritime Administration;

(ii) Availability of charters, letters of intent, outstanding contractual commitments, contracts of affreightment, transportation agreements or similar agreements or undertakings; and

(iii) The applicant's existing market share compared with the market share necessary to meet projected revenues.

(2) A projected cash flow and net income, supported by the findings of paragraph (b)(1) of this section, that is sufficient to meet the projected Title XI debt service requirements and any other debt obligations of the company.

§ 298.15 Investigation fee.

(a) *In general.* Prior to the issuance of the Letter Commitment the applicant shall pay an Investigation Fee, computed as hereinafter provided, to the Secretary in the amount stated in the Letter Commitment. This fee is imposed to pay for the investigation of the project described in the application and the participants in the project, the appraisal of properties offered as security, Vessel inspection during construction, reconstruction or reconditioning (where applicable) and other administrative expenses. If, for any reason, the Secretary shall subsequently disapprove the application, one-half of the Investigation Fees shall be due and payable.

(b) *Base Fee.* The investigation fee shall be one-half of one percent on obligations to be issued up to and including \$10,000,000 and $\frac{1}{8}$ of one percent on all obligations to be issued in excess of \$10,000,000. The \$1,000 filing fee previously paid upon filing the original application (described in § 298.3 of this part) shall be credited against the investigation fee.

§ 298.16 Substitution of participants.

(a) Application may be made to the Maritime Administration for permission to substitute participants to a Mortgage and/or Security Agreement in a financing that is receiving assistance authorized by Title XI of the Act, both prior and subsequent to amendment by Pub. L. 92-507. A non-refundable fee shall be imposed, payable at the time of application. This fee shall be in addition to the Annual Guarantee Fee or annual premium charge for

Mortgage insurance, whichever is applicable.

(b) A \$3,000 fee shall be required to defray all costs of processing and reviewing a joint application by a mortgagor and/or Obligor and a proposed transferee of a Vessel or Advanced or Modern Shipbuilding Technology, which is security for Title XI debt, if the proposed transferee is to assume the Mortgage and/or the Security Agreement.

§ 298.17 Evaluation of applications.

(a) In evaluating project applications, the Secretary shall also consider whether the application provides for:

(1) The capability of the Vessel(s) serving as a naval and military auxiliary in time of war or national emergency.

(2) The financing of the Vessel(s) within one year after delivery.

(3) The acquisition of Vessel(s) currently financed under Title XI by assumption of the total obligation(s).

(4) The Guarantees extend for less than the normal term for that class of vessel.

(5) In the case of an Eligible Shipyard, the capability of the shipyard to engage in naval vessel construction in time of war or national emergency.

(6) In the case of Advanced or Modern Shipbuilding Technology, the Guarantees extend for less than the technological life of the asset.

(b) In determining the amount of equity which must be provided by the applicant, the Secretary shall consider, among other things, the following:

(1) The financial strength of the company;

(2) Adequacy of collateral; and

(3) The term of the Guarantees.

§ 298.18 Financing Advanced or Modern Shipbuilding Technology.

(a) *Initial criteria.* The Secretary may approve Guarantees issued to finance Advanced or Modern Shipbuilding Technology at a General Shipyard Facility. The Secretary will approve such Guarantees after consideration of the following factors: whether the Guarantees will aid in the transition from naval shipbuilding to commercial ship construction for domestic and export

sales, will encourage shipyard modernization, and/or will support increased productivity. The applicant shall provide a detailed statement with the Guarantee application which will provide the basis for such consideration by the Secretary.

(b) *Other conditions.* Applications for loan guarantees under this section shall not be approved unless the Secretary determines that the following requirements have been met:

(1) The term for such Guarantees will not exceed the reasonable economic useful life of the collective assets which comprise this technology, as determined by the Secretary;

(2) There is sufficient collateral to secure the Guarantee; and

(3) Approval of the application will not preclude approval of any other pending application for Advanced or Modern Shipbuilding Technology Guarantees which, in the sole opinion of the Secretary, would result in a more desirable use of appropriated funds. The Secretary's opinion will take into consideration such factors as the types of vessels which will be built by the shipyard, the productivity increases which will be achieved, the geographic location of the shipyard, the long-term viability of the shipyard, the soundness of the financial transaction, any financial impact on other Title XI transactions, and the furtherance of the goals of the Shipbuilding Act.

§ 298.19 Financing Eligible Export Vessels.

(a) *Transmittal to Secretary of Defense.* Upon receiving an application for a loan Guarantee for an Eligible Export Vessel, the Secretary shall promptly provide to the Secretary of Defense notice of the receipt of the application. During the 30-day period beginning on the date on which the Secretary of Defense receives such notice, the Secretary of Defense may disapprove the loan guarantee based on the assessment of the Secretary of Defense of the potential use of the Vessel in a manner that may cause harm to United States national security interests. The Secretary of Defense may not disapprove a loan Guarantee under this section solely on the basis of the type of vessel to be constructed with the loan Guarante-

tee. The authority of the Secretary of Defense to disapprove a loan Guarantee under this section may not be delegated to any official other than a civilian officer of the Department of Defense appointed by the President, by and with the advice and consent of the Senate. The Secretary of Transportation may not make a loan guarantee disapproved by the Secretary of Defense.

(b) *Determinations by the Secretary.* (1) If the loan Guarantee commitment cost of any such Vessel is made available from funds transferred from the Secretary of Defense pursuant to section 108 of the National Defense Authorization Act for Fiscal Year 1994 (Pub. L. 103-160, 107 Stat. 1547), the Vessel must be of at least 5,000 gross tons and found by the Secretary to be commercially marketable on the international market. Vessels of less than 5,000 gross tons can receive Guarantees with funds appropriated to the Department of Transportation.

(2) Such Guarantees shall not be approved unless:

(i) The Secretary finds that the construction, reconstruction or reconditioning of the Vessel will aid in the transition of United States shipyards to commercial activities or will preserve shipbuilding assets that would be essential in time of war or national emergency; and

(ii) The owner of the Vessel agrees with the Secretary that the Vessel shall not be transferred to any country designated by the Secretary of Defense as a country whose interests are hostile to the interests of the United States.

(3) The Secretary may approve Guarantees issued to finance Eligible Export Vessels. Such Guarantee shall not be approved unless the Secretary determines that the countries in which the shipowner, its charterers, guarantors, or other financial interests supporting the transaction, if any, have their chief executive offices or have located a substantial portion of their assets, present an acceptable financial or legal risk to MARAD's collateral interests. The Secretary's determination shall be based on confidential risk assessments provided by the Export-Import Bank of the United States and country risk

analyses provided by the Inter-Agency Country Risk Assessment System and shall take into account any other factors related to the loan guarantee transaction deemed pertinent by the Secretary.

Subpart C—Guarantees

§ 298.20 Term, redemptions and interest rate.

(a) *In general.* To be eligible for Guarantees, Obligations shall have a maturity date satisfactory to the Secretary, not exceeding the anticipated physical and economic life of the Vessel or Vessels or Advanced or Modern Shipbuilding Technology. Such maturity date may be less than but in no event more than:

(1) Twenty-five years from the date of delivery from the shipbuilder of a single new Vessel which is to be security for Guarantees;

(2) Twenty-five years from the date of delivery from the shipyard of the last of multiple Vessels which are to be security for the Guarantees;

(3) The later of twenty-five years from the date of original delivery of a reconstructed or reconditioned Vessel which is to be security for the Guarantees, or at the expiration of the remaining useful life of the Vessel, as determined by the Secretary; and

(4) The technological life of the Advanced or Modern Shipbuilding Technology.

(b) *Required redemptions.* Where multiple Vessels or multiple Advanced Shipbuilding Technology or Modern Shipbuilding Technology assets are to be used as security for the Guarantees, as set forth in paragraph (a) of this section, the Secretary may require payments of principal prior to maturity (redemptions) with respect to all related Obligations, as may be deemed necessary to maintain adequate security for the Guarantees.

(c) *Interest rate.* The interest rate of each Obligation must be determined by the Secretary to be reasonable, taking into account the range of interest rates prevailing in the private market for similar loans and the risks assumed by the Secretary.

§ 298.21 Limits.

(a) *Actual Cost basis.* The amount of Obligations to be issued shall be satisfactory to the Secretary based upon the economic soundness of the transaction. Such amount may be less than but in no event more than 75 percent or 87½ percent, whichever is applicable under the provisions of section 1104A(b)(2) or section 1104B(b)(2) of the Act, of the Actual Cost of the Vessel or Vessels or Advanced Shipbuilding Technology or Modern Shipbuilding Technology asset(s). If minimum horsepower of the main engine is a requirement for Guarantees up to 87½ percent of the Actual Cost, the standard with respect to such horsepower shall be continuous rated horsepower. Where existing debt is being refinanced, pursuant to section 1103A(a)(5) of the Act, the amount of new Obligations issued in respect to such existing debt may not exceed the lesser of:

(1) The amount of outstanding debt being refinanced (whether or not receiving assistance under Title XI); or

(2) Seventy-five or 87½ percent whichever is applicable, of the Depreciated Actual Cost of the Vessel or Advanced Shipbuilding Technology or Modern Shipbuilding Technology with respect to which the new Obligations are being issued.

(b) *Actual Cost items.* Actual Cost is comprised essentially of those items which would customarily be capitalized as Vessel or Advanced Shipbuilding Technology or Modern Shipbuilding Technology construction costs such as designing, engineering, constructing (including performance bond premiums approved by the Secretary), inspecting, outfitting and equipping. There shall be included those cost items usually specified in Vessel or Advanced Shipbuilding Technology or Modern Shipbuilding Technology construction contracts, e.g., changes and extras, cost of owner furnished equipment, shoreside spare parts and commitment fees and interest on the Obligations or other borrowings during the construction period (excluding interest paid on subordinated debt considered to be Equity, and incurred during the construction period), and less income realized from investment of Escrow Fund deposits

during the construction period. Recognizing the importance that the payment of commissions plays in the export market, commissions (which represent a portion of the total shipyard contract price) may be included in the foreign equipment and services amount of the Actual Cost of an export project, provided:

A majority of the work done by the parties receiving the commissions is in the form of design and engineering work, and

The commissions represent a small amount of the total contract price. In addition, Guarantee Fees determined in accordance with the provisions of section 1104(e) of the Act shall be included in the items of Actual Cost. In approving Actual Cost the Secretary will consider all pertinent factors.

(c) *Items excludible from Actual Cost.* Actual Cost shall not include any other costs such as the following:

- (1) Legal fees or expenses;
- (2) Accounting fees or expenses;
- (3) Commitment fees or interest other than those specifically allowed;
- (4) Fees, commissions or charges for granting or arranging for financing;
- (5) Fees or charges for preparing, printing and filing an application for Title XI Guarantees and supporting documents, for services rendered to obtain approval of the application and for preparing, printing and processing documents relating to the application for Guarantees;
- (6) Underwriting or trustee's fees;
- (7) Federal documentary tax stamps;
- (8) Investigation Fee determined in accordance with section 1104(f) of the Act and § 298.15 of this part;
- (9) Predelivery Vessel operating expenses, Vessel insurance premiums and other items which may not be properly capitalized by the owner as costs of the Vessel under generally accepted accounting principles;
- (10) The cost of the condition survey required by § 298.11(d) of this part and all work necessary to meet the standards set forth therein;
- (11) The cost to the Shipowner of a Vessel which is to be reconstructed or reconditioned, e.g., cost of acquisition or repair work;

(12) Generally not include any amount payable to the shipyard for early delivery of the Vessel;

(13) Generally not include any amount payable to the manufacturer of the Advanced Shipbuilding Technology or Modern Shipbuilding Technology for early delivery of the equipment to the General Shipyard Facility;

(14) Predelivery Advanced Shipbuilding Technology or Modern Shipbuilding Technology expenses which may not be properly capitalized by the General Shipyard Facility as costs of the technology under Generally Accepted Accounting Principles; and

(15) The cost of major foreign components and other foreign components for which there is no waiver and their assembly when comprising any part of the hull and superstructure of a Vessel.

(d) *Substantiation of Actual Cost.* Prior to payment from the Escrow Fund or Construction Fund (described in §§ 298.33 and 298.34 of this part), and prior to the final Actual Cost determination for each Vessel or Advanced Shipbuilding Technology or Modern Shipbuilding Technology, the applicant shall submit to the Secretary documents substantiating all claimed costs eligible under § 298.21(b) or, alternatively, appropriate certification of such costs by an agent approved by the Secretary. These documents may include but need not be limited to copies of invoices, change orders, subcontracts, and where required by the Secretary, statements from independent certified or independent licensed public accountants that the costs for which payment or reimbursement is sought were actually paid or are payable with respect to the construction of a Vessel or Advanced Shipbuilding Technology or Modern Shipbuilding Technology. These documents must be summarized, indexed and arranged according to cost categories, pursuant to directions contained in forms prescribed by the Secretary.

(e) *Escalation as part of Actual Cost.* Escalation clauses in construction contracts shall be subject to approval by the Secretary. After a review of the base contract price and the escalation clauses, the Secretary shall, in order to estimate the Actual Cost amount to be stated in the Letter Commitment, add

to the approved base contract price the amount of estimated escalation as approved by the Secretary. The Secretary must subsequently approve the amount of escalation claimed by the applicant as Actual Cost.

(f) *Moneys received in respect of construction.* If the Obligor or any Person acting in behalf of the Obligor shall from time to time receive moneys due in respect to construction of a Vessel or Advanced Shipbuilding Technology or Modern Shipbuilding Technology (described in the Security Agreement) from the shipbuilder, guarantors, sureties or other Persons, the Obligor shall give written notice of such fact to the Secretary. So long as the Guarantees have not been paid by the Secretary, the Obligor or other recipient shall promptly make deposit of these moneys in a Depository with a written notice that the Depository shall hold such moneys on deposit until it receives written instructions from the Secretary as to their disposition. The Secretary shall determine the extent to which Actual Cost is to be reduced with respect to these moneys. In no event shall Actual Cost be reduced with respect to payments by the shipyard to a Vessel or Advanced Shipbuilding Technology or Modern Shipbuilding Technology owner of liquidated damages for late delivery of the Vessel or Advanced Shipbuilding Technology or Modern Shipbuilding Technology. If the Secretary shall have paid the Guarantees, the Obligor or other recipient shall promptly pay these moneys including any liquidated damages to the Secretary for deposit into the Federal Ship Financing Fund.

(g) *Depreciated Actual Cost.* After a Vessel or Advanced Shipbuilding Technology or Modern Shipbuilding Technology has been delivered or redelivered (in the case of reconstruction or reconditioning), the limitation on the amount of Guarantees shall be 75 or 87½ percent, whichever is applicable, of the Depreciated Actual Cost of the Vessel or Advanced Shipbuilding Technology or Modern Shipbuilding Technology.

§ 298.22 Amortization of Obligations.

Generally after Vessel or Advanced Shipbuilding Technology or Modern

Shipbuilding Technology delivery, and until maturity of the Obligations, the Obligor shall be required by provision of the Trust Indenture or other part of the Documentation to make periodic payment of interest on and principal of the Obligations. Usually, the payment of principal (amortization) shall be made semi-annually, but in no event, less frequently than on an annual basis, and in either case shall be in equal parts (straightline basis), unless the Secretary consents to the periodic payment of a constant aggregate amount, comprised of both interest and principal components which are variable in amount (level debt basis). No other proposed method of amortization will be allowed which would reduce the amount of periodic amortization below that determined under the straightline or level debt basis at any time prior to maturity of the Obligations, except where:

(a) The Obligor can demonstrate to the satisfaction of the Secretary that there will be adequate funds to discharge the Obligations at maturity;

(b) The Obligor establishes a fund acceptable to the Secretary in which the Obligor deposits an equal annual amount necessary to redeem the outstanding Obligations at maturity; or

(c) With regard to Eligible Export Vessels, in accordance with such other terms as the Secretary determines to be more favorable and to be compatible with export credit terms offered by foreign governments for the sale of vessels built in foreign shipyards.

§ 298.23 Refinancing.

The Secretary may approve guarantees with respect to Obligations to be secured by one or more Vessels or Advanced or Modern Shipbuilding Technology and issued to refinance existing debt, whether or not covered by mortgage insurance or Guarantees, so long as the existing debt has been issued for one of the purposes set forth in Sections 1104(a) (1) through (4) of the Act. Section 1104(a)(1) of the Act requires that, if the existing indebtedness was incurred more than one year after the delivery or redelivery of the related Vessel or Advanced or Modern Shipbuilding Technology, the proceeds of such Obligations shall be applied to the

construction, reconstruction or reconditioning of other Vessels or Advanced or Modern Shipbuilding Technology or for facilities or equipment pertaining to marine operation (described in § 298.24 of this part). The Secretary may permit the refinancing of existing debt but only if any security lien on the Vessel(s) or Advanced or Modern Shipbuilding Technology is discharged immediately prior to the placing of any Mortgage thereon by the Secretary. The applicant shall satisfy all the eligibility requirements set forth in subpart B of this part, including economic soundness, as may be necessary. Refinancing of Title XI debt only shall be permitted for Advanced or Modern Shipbuilding Technology.

§ 298.24 Financing facilities and equipment related to marine operations.

The Secretary may approve Guarantees secured by one or more Vessels and issued to finance the construction, reconstruction, or reconditioning of facilities or equipment pertaining to marine operations. Such facilities or equipment shall be of a specialized nature, used principally for servicing vessels and in handling waterborne cargo in the close proximity of the berthing area, excluding over-the-road equipment (other than chassis and containers), permanent or semipermanent structures and real estate.

§ 298.25 Excess interest or other consideration.

The Secretary shall not execute Guarantees if any agreement in the Documentation directly or indirectly provides for:

(a) The payment to an Obligor of interest, or other compensation for services which have not been performed, in a manner that such compensation or payment is being provided as interest in excess of the rate approved by the Secretary; or

(b) Grants of security to an Obligor in addition to the Guarantees.

§ 298.26 Lease payments.

If payment of principal and interest on Obligations would in any way be dependent upon the lease or charter hire payments for a Vessel or Advanced Shipbuilding Technology or Modern

Shipbuilding Technology that is security for the Obligations, the amount and conditions of lease or charter payments shall be subject to the Secretary's approval.

§ 298.27 Advances.

(a) *In general.* In accordance with the provisions of section 207 and Title XI of the Act, the Secretary shall have the discretion to make or commit to make an advance or payment of funds to, or on behalf of the owner, or operator or directly to any other person or entity for items, including, but not limited to, principal, interest, insurance and other vessel-related expenses or fees. Such advances or payments shall be made only to protect, preserve or improve the collateral held as security by the Secretary to secure Title XI debt. The applicant making the request for an advance shall demonstrate (with market and cash flow analysis and other projections) that its problems are of a short term duration (less than two years); with the help of an advance(s), the applicant would be assisted over its temporary difficulties; and there is adequate collateral for the advance.

(b) *Filing requirements.* Any company that desires to request an advance or other payment, or a commitment to make an advance or other payment from the Secretary for the purposes stated in § 298.27 of this part, shall apply for such assistance as far in advance as is reasonably possible. A request for an advance for principal and interest payments shall be received by the Secretary at least 30 days prior to the initial payment date. A request for an advance of insurance payments shall be received by the Secretary at least 30 days prior to a renewal or termination date. The Secretary may consider requests for assistance with less notice, upon written documentation of extenuating circumstances. Any requests for assistance must be accompanied by supporting data with respect to the need for the advance, that financing assistance has been sought from other sources, that the company is taking and has taken measures to alleviate its situation, financial projections, proposed term of the repayment, current and projected market conditions, information on other available

collateral, liens and other creditor information, and any other information which may be requested by the Secretary.

Subpart D—Documentation

§ 298.30 Nature and content of Obligations.

An Obligation, whether issued in the form of a note, bond of any type, or other debt instrument, when engraved, printed or lithographed on a single sheet of paper shall include on its face the name of the Obligor, the principal sum, the rate of interest, the date of maturity, and the Guarantee of the United States, authenticated by the Indenture Trustee. If the Obligation is typewritten, printed or reproduced by other means on several pages of paper, the Guarantee of the United States and the authentication certificate of the Indenture Trustee may appear at the end of the typewritten Obligation. The instrument which is evidence of indebtedness shall also contain all information necessary to apprise the Obligees of their rights and responsibilities with respect thereto, including, but not limited to, time and manner for payment of principal and interest, redemptions, default procedure and notification (in case of registered Obligations) of sale or other transfer of the instruments.

§ 298.31 Mortgage.

(a) *In general.* (1) Under normal circumstances, a Guarantee shall not be endorsed on any Obligation until the Secretary receives satisfactory evidence of a Mortgage in one or more Vessels or a Mortgage or other security interest in the Advanced Shipbuilding Technology or Modern Shipbuilding Technology (the “Technologies”), in favor of the Secretary. During construction of a new Vessel or any of the Technologies, a security interest may be perfected by a filing under the Uniform Commercial Code.

(2) In order to ensure that the Secretary’s Mortgages or other security interests are valid and enforceable, the Secretary shall require that the Obligor obtain legal opinions, in form and substance satisfactory to the Secretary, from independent, outside legal counsel satisfactory to the Secretary,

including foreign independent outside legal Counsel with respect to Eligible Export Vessels, which opinions shall state, among other things, that the Mortgage or other security interest(s) are valid and enforceable:

(i) In the country in which the Vessel is documented (or, in the case of a security interest, in jurisdictions acceptable to the Secretary);

(ii) In the United States; and

(iii) For vessels operating on specified trade routes, in the country or countries involved in this service, unless the Secretary determines that those destinations are too numerous, in which case, the Secretary will instead require an opinion of foreign validity and enforceability in the Vessel’s primary port of operation.

(3) In the case where a Mortgage or security interest on the financed assets may not be available or enforceable, the Secretary shall require alternative forms of security.

(4) The Security Agreement shall provide that upon delivery of a new Vessel or upon final installation of the Technologies, or at the time Guarantees are issued with respect to an existing Vessel or the Technologies, a Mortgage on the Vessel and a Mortgage or other security interest on the Technologies shall be executed in favor of the Secretary, unless the Secretary determines that a Mortgage or a security interest is not required in accordance with the preceding sentence.

(5) The Mortgage shall be filed with the United States Coast Guard at the Vessel’s port of record, or with the proper foreign authorities with respect to an Eligible Export Vessel, and with respect to assets of a General Shipyard Facility a Mortgage and security interest shall be filed with the proper authorities within the appropriate state and shall be delivered to the Secretary after being recorded.

(b) *Mortgage secured by multiple Vessels.* When two or more Vessels are to be security for Guarantees, the Security Agreement may provide that one Mortgage relating to all the Vessels (Fleet Mortgage) shall be executed, perfected and delivered to the Secretary by the Obligor. If the Fleet

Mortgage relates to undelivered Vessels, the Fleet Mortgage shall be executed upon delivery of the first vessel. At the time of each subsequent Vessel delivery, the Obligor shall execute a supplement to the Fleet Mortgage which makes that Vessel subject to the Secretary's Mortgage lien. The Fleet Mortgage shall provide that payment by the Obligor of the entire amount of Obligations covered or to be covered by Guarantees shall be required to discharge the Fleet Mortgage, regardless of the amount of the Secretary's Note or Notes issued and outstanding at the time of execution and delivery of the Fleet Mortgage or the number of Vessels covered by the Fleet Mortgage. The discharge date of the Fleet Mortgage shall be the maturity date of the Secretary's Note. The Secretary may require, as authorized by section 1104(c)(2) of the Act, such payments of principal prior to maturity (redemptions), with respect to all related Obligations, as deemed necessary to maintain adequate security for the Guarantees. Each Fleet Mortgage shall provide that in the event of constructive total loss, requisition of title or sale of any Vessel covered by the Fleet Mortgage, indebtedness represented by the Obligations shall be paid, unless the Secretary shall otherwise determine that there remains adequate security for the Guarantees, and the Vessel shall be discharged from the Mortgage lien.

(c) *Adequacy of collateral.* Under normal circumstances, a First Preferred Mortgage on the Vessel(s) or Advanced or Modern Shipbuilding Technology will be adequate security for the Guarantees. If, however, the Secretary determines that the Mortgage on the Vessel(s) or Advanced or Modern Shipbuilding Technology is not sufficient to provide adequate security, the Secretary, as a condition to approving the Letter Commitment or processing the application may require additional collateral, such as a mortgage(s) on other vessel(s) or Advanced or Modern Shipbuilding Technology or on other assets, special escrow funds, pledges of stock, charters, contracts, notes, letters of credit, accounts receivable assignments, and guarantees.

§ 298.32 Required provisions in documentation.

(a) *Performance under shipyard and related contracts.* Generally, shipyard and related contracts shall contain provisions for:

(1) Furnishing by the shipyard or manufacturer of the Advanced Shipbuilding Technology or Modern Shipbuilding Technology of satisfactory insurance and a satisfactory performance bond where Obligations are issued during the construction period, except that if the shipyard or manufacturer of the Advanced Shipbuilding Technology or Modern Shipbuilding Technology demonstrates to the satisfaction of the Secretary that it has sufficient financial resources and operational capacity to complete the project, posting of a bond will not be required;

(2) Allowing access to the Vessel or Advanced or Modern Shipbuilding Technology, as well as all related work projects being performed by the contractor and subcontractors, to a representative of the Secretary, at all reasonable times, to inspect performance of the work and to observe trials and other tests for the purpose of determining that the Vessel or Advanced or Modern Shipbuilding Technology is being constructed, reconstructed or reconditioned in accordance with contract plans and specifications approved by the Secretary;

(3) Submitting to the Secretary, upon request, one set of shipyard plans, in form and substance satisfactory to the Secretary, for the Vessel or Advanced or Modern Shipbuilding Technology as built;

(4) Making periodic payments for the work in accordance with an agreed schedule, submitted by the shipyard in a form acceptable to the Secretary, based on percentage of completion, after such percentage and satisfactory performance are certified by the Obligor, shipyard and a representative of the Secretary as to each payment;

(5) Prohibiting the use of proceeds from the sale of Obligations for the payment of work performed outside the shipyard, unless the Secretary consents in writing to such use; and

(6) Requiring that all components of the hull and superstructure of a U.S.-

documented Vessel and an Eligible Export Vessel shall be assembled in the United States. If obligations will not be issued during the period of construction of a Vessel, shipyard-related contracts shall generally include the provisions specified in paragraphs (a)(2) and (a)(3) of this section and this paragraph (a)(6).

(b) *Assignments and general covenants from Obligor to Secretary.* The Obligor shall assign rights and shall covenant with the Secretary, as required by the Secretary, including, but not limited to, the following:

(1) Assignment of all or part of the right, title and interest under the construction contract and related contracts, except those rights expressly reserved therein by the Obligor relating to such things as patent infringement and liquidated damages;

(2) Assignment of rights to receive all moneys which from time to time become due with respect to Vessel or Advanced or Modern Shipbuilding Technology construction;

(3) Assignment, where applicable, of all or a part of the bareboat charter, time charter, contracts of affreightment or other agreements relating to the use of the Vessel or Advanced or Modern Shipbuilding Technology and all hire payable to the Obligor, and delivery to the Secretary of required consents by appropriate parties to any such assignments;

(4) Covenants relating to the annual filing of satisfactory evidence of continuing United States citizenship, in accordance with 46 CFR part 355, with the exception of Eligible Export Vessels and shipyards with Advanced or Modern Shipbuilding Technology projects; warranty of Vessel or Advanced or Modern Shipbuilding Technology title free from all liens other than those specifically excepted; maintaining United States documentation of the Vessel or documentation under the laws of a country other than the United States with regard to an Eligible Export Vessel; compliance with the provisions of 46 U.S.C. 31301-31343, except that Eligible Export Vessels shall comply with the definition of a "preferred mortgage" in 46 U.S.C. 31301(6)(B), requiring, among other things, that the Mortgage shall comply

with the mortgage laws of the foreign country where the Vessel is documented and shall have been registered under those laws in a public register; Notice of Mortgage, payment of all taxes (except if being contested in good faith); annual financial statements audited by independent certified or independent licensed public accountant.

(5) Covenants to keep records of construction costs paid by or for the Obligor's account and to furnish the Secretary with a detailed statement of those costs, distinguishing between:

(i) Items paid or obligated to be paid, attested to by independent certified public accountants unless otherwise verified by the Secretary; and

(ii) Costs of American and foreign materials (including services) in the hull and superstructure.

(6) Covenants to maintain Marine and War Risk Hull and Machinery insurance on the Vessel or Eligible Export Vessel in an amount equal to 110% of the outstanding Obligations or up to the full commercial value of the Vessel or Eligible Export Vessel, whichever is greater; Marine and War Risk Protection and Indemnity insurance; Interim War Risk Binders for Hull and Machinery, and Protection and Indemnity coverages underwritten by the Maritime Administration as authorized by Title XII of the Act; and such additional insurance as may be required by the Secretary. All insurance required to be maintained shall be placed with the United States Government and American and/or British (and/or other foreign, if permitted by the Secretary by prior written notice) insurance companies, underwriters' associations or underwriting funds approved by the Secretary through marine insurance brokers and/or underwriting agents approved by the Secretary. All insurance required to be maintained shall be placed under the latest (at the time of issue) forms of American Institute of Marine Underwriters policies approved by the Secretary and/or under such other forms of policies which the Secretary may approve in writing and/or policies issued by or for the Maritime Administration insuring the Vessel or Eligible Export Vessel against the usual risks provided for under such

forms, including such amounts of increase value other forms of “total loss only” insurance permitted by the Hull and Machinery insurance policies;

(7) Collateralize other debt due to the Secretary under other Title XI financings;

(8) Covenants to maintain shipyard insurance on the Advanced Shipbuilding Technology or Modern Shipbuilding Technology in an amount equal to 110% of the outstanding Obligations or up to the full commercial value of the technology, whichever is greater, and such additional insurance as may be required by the Secretary; and

(9) Covenants to maintain additional types of insurance as may be required by the Secretary with respect to Eligible Export Vessels, i.e. political risk insurance, to cover such items as the political, financial, and/or economic risk in a foreign country.

§ 298.33 Escrow fund.

(a) *Circumstances requiring deposits.* The Obligor may be required to establish a fund with the Secretary (Escrow Fund) in accordance with section 1108(a) of the Act and the Security Agreement. The deposit with the Secretary shall be in cash or Federal Reserve Bank funds.

(b) *Principal Deposit—Single Vessel or Advanced or Modern Shipbuilding Technology.* If a single Vessel or Advanced or Modern Shipbuilding Technology is security for the Guarantees, the deposit of principal shall be calculated by subtracting from the aggregate principal amount of the Obligations sold, 75 or 87½ percent (whichever is applicable under section 1104(b)(2) of the Act) of the amount of Actual Cost or Depreciated Actual Cost determined by the Secretary to have been paid, as of the date of the deposit, by or for the account of the Obligor for construction, reconstruction or reconditioning of the Vessel or Advanced or Modern Shipbuilding Technology. In the event that Obligations are issued and sold on a date subsequent to the initial issuance and sale of Obligations, a deposit shall be calculated in the same manner as for the first sale of Obligations.

(c) *Principal deposit—multiple Vessels or Advanced or Modern Shipbuilding Technology.* If multiple Vessels or Ad-

vanced or Modern Shipbuilding Technology are security for the Guarantees, with the Secretary’s approval, the Obligor may calculate the aggregate deposit of principal amount in the Escrow Fund by computing on an individual Vessel or Advanced or Modern Shipbuilding Technology basis by prorating the proceeds of the sale of Obligations, within the meaning of the proviso in section 1108(a) of the Act, based on the ratio of the Vessel’s Actual Cost or Depreciated Actual Cost, to the total Actual Cost and Depreciated Actual Cost of all Vessels or Advanced or Modern Shipbuilding Technology which are security for the Guarantees less 75 or 87½ percent (whichever is applicable under section 1104(b)(2) of the Act) of the amount of Actual Cost or Depreciated Actual Cost determined by the Secretary to have been paid, as of the date of deposit, by or for the account of the Obligor for the construction, reconstruction or reconditioning of the Vessel or Advanced or Modern Shipbuilding Technology for which the deposit is being computed or by allocating portions of the proceeds (up to 75 or 87½ percent, whichever is applicable under section 1104(b) of the Act) from the sale of the Obligations to specific Vessels or Advanced or Modern Shipbuilding Technology and computing the deposit based on the Actual Cost or Depreciated Actual Cost of such Vessels or Advanced or Modern Shipbuilding Technology paid, as of the date of deposit, by or for the account of the Obligor. In the event that Obligations are issued and sold on a date subsequent to the initial issuance and sale of Obligations, a deposit shall be calculated in the same manner as for the first sale of Obligations. The foregoing allocations are for the purpose of calculating the deposits only and are not applicable or controlling with respect to disbursements from the Escrow Fund.

(d) *Interest deposit.* Interest on the aggregate principal amount deposited pursuant to paragraphs (b) and (c) of this section, shall be computed at the same rate borne by the Obligations, for one interest payment period, unless the Secretary shall find the existence of adequate consideration or accept other

consideration in lieu of the interest deposit. If the Obligations issued and sold bear more than one rate of interest, the amount of interest required to be deposited shall be based upon the weighted average of such interest rates. The calculation of the amount of interest to be deposited shall take into account the principal and interest, if any, remaining on deposit in the Escrow Fund.

(e) *Disbursements prior to Termination Date.* Unless the Guarantees shall become payable prior to the Termination Date (described in paragraph (h) of this section) of the Escrow Fund, the Secretary shall, subject to the satisfaction of any applicable conditions contained in the Security Agreement, and within a reasonable time after written request from the Obligor, make disbursements from the fund directly to the Indenture Trustee or any Paying Agent for the payment of interest on the Obligations, for periods prior to Vessel or Advanced or Modern Shipbuilding Technology delivery or redelivery, and to the shipbuilder, the Obligor or to any other Person entitled thereto, with respect to costs included in Actual Cost. Also, the Secretary may disburse to the Obligor, upon request made at least 10 business days prior to, and no later than 30 days after the date on which the payment of interest on the Obligations is due, any excess, as determined by the Secretary, of required interest on deposit in the Escrow Fund on the date of disbursement. However, no payment or reimbursement shall be made from the Escrow Fund to any Person until:

(1) The Construction Fund (described in § 298.34 of this part), where provided for in the Security Agreement, has been exhausted;

(2) At least 12½ or 25 percent (whichever is applicable) of the Actual Cost or Depreciated Actual Cost of the Vessel or Advanced or Modern Shipbuilding Technology for which the disbursement is requested has been paid by or for the account of the Obligor from sources other than the proceeds of the Obligations, except that where the Obligor is required to pay in 25 percent of the Actual Cost or Depreciated Actual Cost, and demonstrates to the Secretary's satisfaction the ability to pay in such 25 percent, after the Obligor has paid

the first 12½ percent of the Actual Cost or Depreciated Actual Cost, the Obligor may be permitted to withdraw moneys from the Escrow Fund, for payment of the next 37½ percent of such Actual Cost or Depreciated Actual Cost, and withdraw the remainder of the Escrow Fund moneys after paying in the next 12½ percent of Actual Cost or Depreciated Actual Cost; and

(3) The Secretary has approved the Actual Cost items and has determined that the amounts for which reimbursement is requested have been paid and that there has been satisfactory certification as to the percentage of completion of the Vessel or Vessels or Advanced or Modern Shipbuilding Technology, at least equal to that amount of Actual Cost paid, except where the Secretary has specifically consented to an alternative procedure.

(f) *Where Guarantees become payable.* If, prior to the Termination Date of the Escrow Fund, the Guarantees shall become payable by the Secretary, all amounts in the Escrow Fund at such time (including interest and realized income which have not yet been paid to the Obligor) shall be paid into the Federal Ship Financing Fund, created by section 1102 of the Act, and be credited against any amounts due or to become due to the Secretary from the Obligor with respect to all Guarantees, and to the extent not so required, be paid to the Obligor.

(g) *Requisition of title, termination of construction contract or total loss of Vessel or Advanced or Modern Shipbuilding Technology.* In the event of requisition of title to or seizure or forfeiture of the Vessel or Advanced or Modern Shipbuilding Technology, termination of the construction contract (unless the Obligor and the Secretary elect to have the Vessel or Advanced or Modern Shipbuilding Technology completed) or the construction-differential subsidy contract (where applicable), or the actual or constructive total loss of the Vessel or Advanced or Modern Shipbuilding Technology, all moneys remaining on deposit in the Escrow Fund may be disbursed by the Secretary for any of the following purposes:

(1) Redemption or payment of Obligations and accrued interest thereon to the date of redemption or payment, in

accordance with the applicable provisions of the Documentation relating to such redemption or payment, where there is no existing default;

(2) Payment to the Obligor, if all outstanding Obligations are retired and paid other than by payment of the Guarantees, and all amounts payable to the Secretary and secured by the Mortgage have been paid; and

(3) Payment in accordance with the priorities set forth in § 298.41 of this part, if a default has occurred and if the Secretary shall have paid the Guarantees.

(h) *Disbursement upon Termination Date.* The Escrow Fund shall terminate on a date agreed upon by the Obligor and the Secretary as set forth in the Security Agreement (Termination Date). If on such Termination Date the full amount of Actual Cost of the Vessel or Advanced or Modern Shipbuilding Technology has not been paid by or for the account of the Obligor, or is not then due and payable, the Obligor and the Secretary may extend the Termination Date by agreement. When the Secretary makes a final determination of Actual Cost at the written request of the Obligor, or at the instance of the Secretary if the Termination Date has occurred without such a request, the Termination Date shall be deemed to be the date of such final determination of Actual Cost. If payments under the Guarantees have not become due prior to the Termination Date, then on or immediately after said Termination Date, any balance in the Escrow Fund shall be disbursed by the Secretary in the following manner:

(1) Where the principal amount of the Obligations issued less the principal amount of Obligations which have been retired or paid on or before such Termination Date, and not availed of as a credit against any mandatory redemptions otherwise required to be made on or before such Termination Date, shall be in excess of 75 or 87½ percent (whichever is applicable) of the Actual Cost or Depreciated Actual Cost of the Vessel or Advanced or Modern Shipbuilding Technology as finally determined by the Secretary as of the Termination Date, the Secretary shall pay such excess to the Indenture Trustee in accordance with the provisions of the

Documentation relating to such payment. A written notice from the Secretary and the Obligor shall accompany such payment, stating the Termination Date and directing the Indenture Trustee to redeem an equal amount of Obligations;

(2) From the balance remaining after the deduction of the principal amount of the Obligations to be redeemed, an amount equal to interest accrued to the date fixed for redemption of the principal amount of Obligations to be redeemed shall be simultaneously paid from the Escrow Fund by the Secretary to the Indenture Trustee to be applied to the payment of interest to the date to be fixed for redemption. In the event the balance remaining in the Escrow Fund, after giving effect to paragraph (h)(1) of this section, is insufficient to pay the interest accrued to the date fixed for redemption, such balance shall be paid from the Escrow Fund to the Indenture Trustee and the Obligor shall simultaneously deposit with the Indenture Trustee an amount equal to the difference between the balance being paid to the Indenture Trustee from the Escrow Fund and the total amount required for the payment of accrued interest; and

(3) Any balance of the Escrow Fund shall be paid to the Obligor.

(i) *Investment and liquidation of the Escrow Fund.* The Secretary may invest and reinvest deposits to the Escrow Fund in securities which are obligations of the United States and with maturities such that sufficient cash will be reasonably available to the Escrow Fund as required to make periodic authorized disbursements. The Secretary shall deposit the Escrow Fund into a special Treasury Department account with instructions, pursuant to an agreement with the Obligor, for the investment, reinvestment and liquidation of the Escrow Fund.

(j) *Income Earned on the Escrow Fund.* If the Guarantees shall not have become due, after receiving notice that the Treasury Department has deposited income earned on the Escrow Fund into the special account, the Secretary shall direct the payment of such income to the Obligor. Income shall include the excess of the cash received

from the sale of securities or the payment of securities at maturity (less any losses from the sale of securities not made up by payments by the Obligor pursuant to provisions of the Security Agreement) over the cost thereof, and interest received with respect to the securities.

(k) *Redeposit.* If, at any time, the Secretary shall have determined that there has been an improper disbursement from the Escrow Fund, the Secretary shall give written notice to the Obligor of the amount improperly disbursed, the amount to be redeposited into the Escrow Fund on account thereof and the reasons for such determination. The Obligor shall thereafter promptly redeposit such amount into the Escrow Fund.

§ 298.34 Construction fund.

(a) *Deposit.* Where the Security Agreement provides for an Escrow Fund deposit, usually a provision shall also be included therein for establishing Construction Fund deposits. Under the terms of this provision, at the time of each sale of Obligations the Obligor shall deposit with a Depository, in a special account subject to the joint control of the Obligor and the Secretary, cash equal to the principal amount of the Obligations issued at such time less the sum of the aggregate principal amount then required to be in the Escrow Fund and the amount in excess of 12½ or 25 percent of Actual Cost or Depreciated Actual Cost, as applicable (whichever is payable under § 298.33(e) of this part) which the Secretary determines has been paid by or for the account of the Obligor. The balance of the proceeds from the sale of the Obligations, after depositing the amounts required to be deposited in the Escrow Fund and/or the Construction Fund, shall be retained by the Obligor.

(b) *Withdrawals.* The Secretary shall, subject to the satisfaction of any applicable conditions contained in the Security Agreement, periodically approve disbursements from the Construction Fund directly to the Indenture Trustee or any Paying Agent for the payment of interest on the Obligations, for periods prior to Vessel or Advanced or Modern Shipbuilding Technology deliv-

ery, and to the shipbuilder, the Obligor, or to any other Person entitled thereto with respect to costs included in Actual Cost. The Secretary shall not authorize any disbursement from the Construction Fund unless payments have been made by or for the account of the Obligor from sources other than the Obligations, in accordance with the requirements of paragraphs (e) (2) and (3) of § 298.33.

(c) *Redeposit.* If, at any time, the Secretary shall have determined that there has been an improper disbursement from the Construction Fund, the Secretary shall give written notice to the Obligor of the amount improperly disbursed, the amount to be redeposited into the Construction Fund on account thereof and the reasons for such determination. The Obligor shall thereafter promptly redeposit such amount into the Construction Fund.

§ 298.35 Reserve Fund and Financial Agreement.

(a) *Purpose.* In order to provide further security to the Secretary and to insure payment of the interest and principal due on the Obligations, the Company shall be required to enter into a Title XI Reserve Fund and Financial Agreement (Agreement) at the first Closing at which Obligations are issued. The Secretary may waive or modify provisions of the Agreement based on an evaluation of the aggregate security for the Guarantees.

(b) *Financial Covenants for Companies meeting primary financial requirements.* Covenants shall be imposed on the Company which is subject to compliance with the primary financial requirements at Closing, set forth in § 298.13(d), as follows:

(1) *Continuous covenants.* So long as Guarantees are in effect the Company shall not, without the prior written consent of the Secretary, undertake any actions prohibited by the Documentation, which actions include but are not limited to those of the following nature:

(i) Enter into a service, management or operating agreement with respect to a Vessel or Advanced or Modern Shipbuilding Technology financed with the assistance of Title XI Guarantees;

(ii) Sell, transfer or demise charter the Vessel or transfer the Vessel to a Related Party under any form of charter or contract,

(iii) Sell or transfer a substantial part of its assets, enter into a merger or consolidation, engage in new business activities not directly connected with marine operations or guarantee (or otherwise be liable for) debts of other Persons.

(iv) Pay any dividend except as may be permitted by paragraph (b)(1)(iv) (A) or (B) of this section. If the Company is party to an operating-differential subsidy contract, the payment of dividends is subject to the provisions of § 298.35(g).

(v) Sell, transfer, or lease any Modern or Advanced Shipbuilding Technology financed with the assistance of Title XI guarantees or transfer such technology to a Related Party under any form of contract.

(A) From retained earnings in an amount specified in paragraph (b)(1)(iv)(C) of this section providing that the year in which the dividend is paid there is no operating loss in the current fiscal year to the date of the payment of the dividend and

(1) There was no operating loss in the immediate preceding three fiscal years, or

(2) There was a one year operating loss during the immediate preceding three fiscal years and

(i) Such loss was not in the immediate preceding fiscal year, and

(ii) There was positive net income for the three year period.

(B) If dividends are not payable under paragraph (b)(1)(iv)(A) of this section, a dividend can be paid in an amount equal to the total operating net income for the immediate preceding three fiscal year period provided that

(1) There were no two successive years of losses,

(2) In the year in which the dividend is paid there is no operating loss in such fiscal year to the date of payment of the dividend, and

(3) The dividend paid would not exceed an amount specified in paragraph (b)(1)(iv)(C) of this section.

(C) Dividends may be paid from earnings of prior years in an aggregate amount equal to:

(1) 40 percent of the Company's total net income after tax for each of the prior years, less any dividends that were paid in such years; or

(2) The aggregate of the Company's total net income after tax for such prior years, providing that after the payment of such dividend, the Company's long term debt does not exceed its net worth. In computing net income extraordinary gains, such as gains from the sale of assets, etc., shall be excluded.

(2) *Additional Covenants which may become applicable.* If the Company shall at any time no longer satisfy the primary financial requirements, or such condition would occur after giving effect to any of the proposed transactions set forth below, the Company shall not, without the prior written consent of the Secretary, undertake any actions prohibited by the Documentation, which actions include but are not limited to those of the following nature:

(i) Withdraw or redeem capital, convert capital into debt, make distributions, or pay any dividends, provided, however, if the Company is subject to an operating-differential subsidy contract, the dividend restriction shall be governed by § 298.35(g);

(ii) Make loans, advances, investments in or repayments of existing debts to a Related Party, stockholders, officers or directors;

(iii) Incur indebtedness or become subject to any liens (except if necessary in the ordinary course of existing business); acquire fixed assets or become liable (directly or indirectly) under charters or leases (having a term of six months or more) for the payment of charter hire or rent on all such charters or leases which have annual payments aggregating in excess of an amount specified by the Secretary in the Agreement;

(iv) Pay salaries in excess of amounts specified in the Agreement, pay subordinated indebtedness or make loans; or

(v) Invest in securities other than those that qualify as eligible investments under the Agreement.

(c) *Financial Covenants for Companies meeting the special financial requirements.* Covenants shall be imposed on the Company which is subject to the

special financial requirements at Closing, set forth in §298.13(e), as follows:

(1) *Continuous covenants.* So long as the Guarantees are in effect the Company shall not, without the prior written consent of the Secretary, undertake any actions, prohibited by the Documentation, which actions include but are not limited to those of the following nature:

(i) Enter into a service, management or operating agreement for a Vessel or Advanced or Modern Shipbuilding Technology financed with the assistance of Title XI Guarantees;

(ii) Sell, transfer or demise charter the Vessel or transfer the Vessel to a Related Party under any form of Charter or Contract.

(iii) Sell or transfer a substantial part of its assets, enter into a merger or consolidation, engage in any new business activities not directly connected with marine operations or guarantee (or otherwise become liable for) debts of other Persons;

(iv) Incur indebtedness or become subject to any liens (except if necessary in the ordinary course of existing business); acquire fixed assets or become liable (directly or indirectly) under charters or leases (having a term of six months or more) for the payment of charter hire or rent on all such charters or leases which have annual payments aggregating in excess of an amount specified for the Secretary in the Agreement;

(v) Make any loans or invest in any securities other than Eligible Investments for Title XI Reserve Fund;

(vi) Pay any subordinated indebtedness other than in accordance with a subordination agreement approved by the Secretary; or

(vii) Sell, transfer, or lease any Advanced or Modern Shipbuilding Technology financed with the assistance of Title XI guarantees or transfer such technology to a Related Party under any form of contract.

(2) *Additional covenants which may become applicable.* If the Company shall at any time no longer satisfy the special financial requirement (after including the annual financial liability relating to the Obligations as a current liability in computing Working Capital), or such condition would occur after giving ef-

fect to any proposed transaction set forth below, the Company shall not, without the prior written consent of the Secretary, undertake any actions prohibited by the Documentation, which actions include but are not limited to those of the following nature:

(i) Withdraw or redeem capital, convert capital into debt, make distributions, or pay any dividend, provided however, if the Company is subject to an operating-differential subsidy contract, the dividend restriction shall be governed by §298.35(g);

(ii) Make loans, advances, investments or prepayments of existing debts to a Related Party, stockholders, officers or directors, or invest in the securities of any Related Party; or

(iii) Pay salaries in excess of amounts specified in the Agreement.

(3) Covenants where Company's financial condition improves to meet primary financial requirements. Whenever the Company, based on a review of its financial position, determines that it meets the primary financial requirements set forth in §298.13(d), it may inform the Secretary of this fact, and submit such financial statements and all additional information which the Secretary shall consider necessary to verify compliance with such financial requirements. With the consent of the Secretary, the Company may elect thereafter to be subject to covenants applicable to a Company which had satisfied the primary financial requirements at Closing.

(d) *Title XI Reserve Fund Net Income.* The Agreement shall provide that within 105 days after the end of its accounting year, the Company shall compute its net income attributable to the operation of one or more Vessels that were constructed, reconstructed, reconditioned or refinanced with Title XI financing assistance (Title XI Reserve Fund Net Income). The computation utilizes a ratio expressed as a percentage, and applies this percentage to the Company's total net income after taxes. The numerator of the ratio shall be the total original capitalized cost of all Company Vessels (whether leased or owned) which were constructed, reconstructed, reconditioned or refinanced with the assistance of Guarantees. The denominator shall be the total original

capitalized cost of all the Company's fixed assets. In the case of Advanced or Modern Shipbuilding Technology, the Agreement shall provide that within 105 days after the end of its accounting year, the Company shall submit its audited financial statements showing its net cash flow in a manner acceptable to the Secretary, in lieu of any other computation of Reserve Fund Net Income specified herein for Vessels. The net income after taxes, computed in accordance with generally accepted accounting principles, shall be adjusted as follows:

(1) The depreciation expense applicable to the accounting year shall be added back.

(2) There shall be subtracted:

(i) An amount equal to the principal amount of debt required to be paid or redeemed, and actually paid or redeemed by the Company (other than from the Title XI Reserve Fund) during the year; and

(ii) The principal amount of Obligations retired or paid (as defined in the Security Agreement), prepaid or redeemed, in excess of the required redemptions or payments which may be used by the Company as a credit against future required redemptions or other required payments with respect to the Obligations.

(e) *Deposits.* Unless the Company, as of the close of its accounting year, was subject to and in compliance with the primary financial requirements set forth in §298.13(d), the Company shall make one or more deposits to a special joint depository account with the Secretary (the Title XI Reserve Fund) to be established pursuant to an agreement in writing (Depository Agreement) at the time the first deposit is required to be made. The amount of deposit as to any year, or period less than a full year, where applicable, shall be determined as follows:

(1) If the Company is the owner of the Vessel or Advanced or Modern Shipbuilding Technology, an amount (pro rated for a period of less than a full year) that is equal to 10 percent of the Company's aggregate original equity investment in the Vessel or Vessels or Advanced or Modern Shipbuilding Technology shall be deducted from Title XI Reserve Fund Net Income.

(2) Fifty percent of the Title XI Reserve Fund Net Income adjusted where applicable, in accordance with paragraph (e)(1) of this section shall be deposited into the Title XI Reserve Fund.

(3) There shall also be deposited any additional amounts that may be required, pursuant to provisions of the Security Agreement or any other agreement in the documentation to which the Company is a party.

(4) Irrespective of the Company's deposit requirement, as stated in preceding paragraphs (e) (1) through (3) of this section, the Company shall not be required to make any deposits into the Title XI Reserve Fund if any of the following events shall have occurred:

(i) The Company shall have discharged the Obligations and related Secretary's Note and shall have paid other sums secured under the Security Agreement and Preferred Mortgage;

(ii) All Guarantees with respect to outstanding Obligations shall have terminated pursuant to the provisions of the Security Agreements, other than by reason of payment of the Guarantees; or

(iii) The amount in the Title XI Reserve Fund, (including any securities at market value), is equal to, or in excess of 50 percent of the principal amount of outstanding Obligations.

(5) In the case of Advanced or Modern Shipbuilding Technology, unless the shipyard as of the close of its accounting year was subject to and in compliance with the primary financial requirements, the shipyard shall make a deposit at two percent of its net cash flow, as defined by GAAP, and as shown on its audited financial statements.

(f) *Fund in lieu of Title XI Reserve Fund.* If the Company has established a Capital Construction Fund (CCF), pursuant to section 607 of the Act, whether interim or permanent, at any time when a deposit would otherwise be required to be made into the Title XI Reserve Fund, and the Company elects to make such deposits to the CCF, the Company shall enter into an agreement, satisfactory to the Secretary, providing that all such deposits of assets therein shall be security (CCF Security Amount) to the United States in lieu of the Title XI Reserve Fund. The deposit requirements of the Title XI

Reserve Fund and Financial Agreement shall be deemed satisfied by deposits of equal amounts in the CCF, and withdrawal of the CCF Security Amount shall be subject to the Secretary's prior written consent. If, for any reason, the CCF terminates prior to the payment of the Obligations, the Secretary's Note and all other amounts due under or secured by the Security Agreement or Mortgage, the CCF Security Amount shall be deposited or redeposited in the Title XI Reserve Fund.

(g) *Dividend restrictions applicable to companies who are parties to an operating-differential subsidy contract.* [Reserved]

§ 298.36 Annual Guarantee Fee.

(a) *Rates in general.* For annual periods, beginning with the date of the Security Agreement and prior to the delivery date of a Vessel or Advanced or Modern Shipbuilding Technology, the Secretary shall charge the Obligor an annual fee (Guarantee Fee) at a rate of not less than $\frac{1}{4}$ of 1 percent and not more than $\frac{1}{2}$ of 1 percent of the excess of the average principal amount of the Obligations estimated to be outstanding during the annual period covered by said Guarantee Fee over the average principal amount, if any, on deposit in the Escrow Fund during said annual period (Average Principal Amount of Obligations Outstanding). For annual periods beginning with the delivery date of a Vessel or Advanced or Modern Shipbuilding Technology, the Guarantee Fee shall be imposed at an annual rate of not less than $\frac{1}{2}$ of 1 percent and not more than 1 percent of the Average Principal Amount of Obligations Outstanding during the annual period covered by the Guarantee Fee. The Obligor shall be responsible for payment of the Guarantee Fee.

(b) *Rate calculation.* The Guarantee Fee rate generally shall vary inversely with the ratio of Equity to Long Term Debt of the Person considered by the Secretary to be the primary source of credit in the transaction (Credit Source), e.g., the long term time charterer (where the charter hire represents the source of payment of interest and principal with respect to the Obligations), the guarantor of the Obligations, Obligor or the bareboat

charterer. Where the ratio of Equity to Long Term Debt (Variable Rate) is used, the Secretary may make such adjustments to the computation of Equity and Long Term Debt considered necessary to reflect more accurately the financial condition of the Credit Source. The determination of Equity and Long Term Debt shall be based on information contained in forms or statements on file with the Secretary prior to the date on which the Guarantee Fee is to be paid. With the consent of the Secretary, there shall be included in equity, but excluded from Long Term Debt, any subordinated indebtedness representing loans to the credit source, evidence of which has been delivered to the Secretary. The Secretary may establish a fixed rate or other method of calculation of the Guarantee Fee, upon an evaluation of the aggregate security for the Guarantees.

(c) *Variable Rate prior to Vessel or Advanced or Modern Shipbuilding Technology delivery.* For annual periods beginning prior to the delivery date of a Vessel or Advanced or Modern Shipbuilding Technology being constructed, reconstructed, or reconditioned, the Guarantee Fee shall be determined as follows:

(1) If the Equity is less than 15 percent of the Long Term Debt, the annual Guarantee Fee rate shall be $\frac{1}{2}$ of 1 percent of the Average Principal Amount of Obligations Outstanding during the annual period covered by the Guarantee Fee.

(2) If the Equity is at least 15 percent of the Long Term Debt, but less than the Long Term Debt, the annual Guarantee Fee rate shall be $\frac{3}{8}$ of 1 percent of the Average Principal Amount of Obligations Outstanding during the annual period covered by the Guarantee Fee.

(3) If the Equity is equal to or exceeds the Long Term Debt, the annual Guarantee Fee rate shall be $\frac{1}{4}$ of 1 percent of the Average Principal Amount of Obligations Outstanding during the annual period covered by the Guarantee Fee.

(d) *Variable Rate after Vessel or Advanced or Modern Shipbuilding Technology delivery.* For annual periods beginning on or after the Vessel or Advanced or Modern Shipbuilding Technology delivery date, the Guarantee Fee shall be determined as follows:

(1) If the Equity is less than 15 percent of the Long Term Debt, the annual Guarantee Fee rate shall be 1 percent of the Average Principal Amount of Obligations Outstanding during the annual period covered by the Guarantee Fee.

(2) If the Equity is at least 15 percent of the Long Term Debt but less than 60 percent of the Long Term Debt, the annual Guarantee Fee rate shall be $\frac{3}{4}$ of 1 percent of the Average Principal Amount of Obligations Outstanding during the annual period covered by the Guarantee Fee.

(3) If the Equity is at least 60 percent of the Long Term Debt, but less than the Long Term Debt, the annual Guarantee Fee rate shall be $\frac{5}{8}$ of 1 percent of the Average Principal Amount of Obligations Outstanding during the annual period covered by the Guarantee Fee.

(4) If the Equity shall equal or exceed the Long Term Debt, the Guarantee Fee rate shall be $\frac{1}{2}$ of 1 percent of the Average Principal Amount of Obligations Outstanding during the annual period covered by the Guarantee Fee.

(e) *Payment of Guarantee Fee.* The Guarantee Fee covering the full period of the stated maturity of the Obligations commencing with the date of the Security Agreement shall be paid to the Secretary concurrently with the execution and delivery of said Agreement. The project's entire Guarantee Fee payment shall be made by the Obligor to the Secretary in an amount equal to the sum of the present value of the separate products obtained by applying the Guarantee Fee rate to the projected amount of the Obligations Outstanding for each year of the stated maturity of the Obligations. In calculating the present value used in determining the amount of the Guarantee Fee to be paid, MARAD will use a discount rate based on information contained in the Department of Commerce's Economic Bulletin Board quarterly rates. Under no circumstances

will the Secretary refund the Guarantee Fee to the Obligor. A Guarantee Fee paid pursuant to this section may be included in Actual Cost and is eligible to be financed.

(f) *Proration of Guarantee Fee.* The Guarantee Fee shall be prorated where a Vessel delivery is scheduled to occur during the annual period with respect to which payment of said Guarantee Fee is being made, as follows:

(1) *Undelivered Vessel.* If the Guarantee Fee relates to an undelivered Vessel, the predelivery rate is applicable to the Average Principal Amount of Obligations Outstanding for the period from the date of the Security Agreement to the delivery date, and the delivered Vessel rate is applicable for the balance of the annual period in which the delivery occurs.

(2) *Multiple Vessels.* If the Guarantee Fee relates to more than one Vessel, the amount of outstanding Obligations shall be allocated to each Vessel in the manner prescribed in § 298.33(d), and an amount shall be determined for each Vessel by using the rate that is applicable under paragraph (c) or (d) of this section and the proration as set forth above. The Guarantee Fee shall be the aggregate of the amounts calculated for each Vessel.

§ 298.37 Examination and audit.

The Secretary shall have the right to examine and audit the books, records (including original logs, cargo manifests and similar records) and books of account, which pertain directly to the project, of the Obligor, bareboat charterer, time charterer or any other Person who has control of or a financial interest in a Vessel or Advanced or Modern Shipbuilding Technology, as well as records of a Related Party and domestic agents connected with such Persons, and shall have full, free and complete access thereto at all reasonable times. Also, the Secretary shall have full, free and complete access at all reasonable times to each Vessel or Advanced or Modern Shipbuilding Technology with respect to which Guarantees or an insurance contract is in force. When a Vessel is in port or undergoing repairs, the Secretary may make photostatic or other copies of any books, records and other relevant

documents or papers being examined or audited. Adequate office space and other facilities reasonably required by any representatives of the Secretary engaged in an examination, audit or inspection shall be furnished without charge by the Person in control of the premises where the examination or audit is being conducted.

§ 298.38 Partnership agreements.

Partnership agreements shall be in form and substance satisfactory to the Secretary prior to any Guarantee closing, especially relating, but not limited to, four basis areas:

- (a) Duration of the partnership,
- (b) adequate partnership funding requirements and mechanisms,
- (c) dissolution of the partnership and the withdrawal of a general partner and
- (d) the termination, amendment, or other modification of the partnership agreement without the prior written consent of the Secretary.

§ 298.39 Exemptions.

The Secretary may exempt an applicant from any requirement of this Part not required by law, in exceptional cases, on written findings that:

- (a) The case materially involves factors not considered in the promulgation of this part;
- (b)(1) a national emergency makes it necessary to approve the exemption or
- (2) the financial liability of the United States will be substantially relieved;
- (c) the exemption will not substantially affect effective regulation of the Title XI program, consistent with the objectives of this part; and
- (d) exemption will not be unjustly discriminatory. In the case of Eligible Export Vessels, the Secretary may also exempt an applicant from any requirement of this part not required by law if the Secretary makes a written determination that such exemption would assist in creating financing terms that would be compatible with export credit terms for the sale of vessels built in shipyards other than those in the United States.

Subpart E—Defaults and Remedies, Reporting Requirements, Applicability of Regulations

§ 298.40 Defaults.

(a) *In General.* Provisions concerning the existence and declaration of a default and demand for payment of the Obligations (described in paragraphs (b) and (c) of this section) shall be included in the Security Agreement and in other parts of the Documentation.

(b) *Payment Default.* In the case of any default in the payment of principal or interest with respect to the Obligations (provided that the Secretary shall not have, upon such terms as may be provided in the Obligation or related agreements, prior to that demand, assumed the obligor's rights and duties under the Obligation and agreements and shall have made any payments in default), the following procedures shall be applicable:

(1) No demand shall be made for payment under the Guarantees unless the default shall have continued for 30 days (Payment Default).

(2) After the expiration of said 30-day period, demand for payment of all amounts due under the Guarantees must be made no later than 60 days thereafter.

(3) After demand for payment is made by or on behalf of the Obligees, the Secretary shall make payment under the Guarantees, except if the Secretary determines that a Payment Default has not occurred or that such Payment Default has been remedied prior to demand being made.

(c) *Security Default.* If a default occurs under the Security Agreement which is other than a Payment Default (Security Default), the Secretary, as provided in section 1105(b) of the Act, shall have the sole discretion to declare such default a Security Default and may notify the Obligor or agent of the Obligor of such Security Default, stating that demand for payment under the Guarantees must be made no later than 60 days after the date of such notification.

(d) *Payment of Guarantees.* If demand for payment of the Guarantees is made, the Secretary shall, no later than 30 days after the date of such demand

(provided that the Secretary shall not have, upon such terms as may be provided in the Obligations or related agreements, prior to that demand, assumed the Obligor's rights and duties under the Obligation and agreements and shall have made any payments in default), make payment to the Obligees, Indenture Trustee or any other agent of the unpaid principal amount of Obligations and unpaid interest accrued and accruing thereon up to, but not including, the date of payment.

§ 298.41 Remedies after default.

(a) *In general.* Provisions governing remedies after a default, which relate to rights and duties of the Obligor, the Secretary and other Persons (where appropriate), shall be included in the Security Agreement or in other parts of the Documentation.

(b) *Action by Secretary.* After a default has occurred and is continuing and before making payment required under the Guarantees, the Secretary may take the Vessel or Advanced or Modern Shipbuilding Technology and hold, lease, charter, operate or use the Vessel or Advanced or Modern Shipbuilding Technology, accounting only for the net profits to the Obligor. After making payment required under the Guarantees, the Secretary may initiate or otherwise participate in legal proceedings of every type, or take any other action considered appropriate, to protect rights and interests granted to the Secretary by sections 1105(c), 1105(e) and 1108(b) of the Act, the Security Agreement or other applicable provisions of law and of the Documentation.

(c) *Security proceeds to Secretary.* The Secretary's interest in proceeds realized from the disposition of or collection with respect to security granted to the Secretary in consideration for the Guarantees (except all proceeds from the sale, requisition, charter or other disposition of property purchased by the Secretary at a foreclosure or other public sale, which proceeds shall belong to and vest exclusively in the Secretary), shall be an amount equal to, but not in excess of, the sum of (in order of priority of application of the proceeds):

(1) Guarantee Fees, if any, due the Secretary under the Security Agreements;

(2) All moneys due and unpaid and secured by the Mortgage or Security Agreement;

(3) All advances, including interest thereon, by the Secretary, pursuant to the Security Agreement and all reasonable charges and expenses of the Secretary;

(4) The accrued and unpaid interest on the Secretary's Note;

(5) The accrued and unpaid balance of the principal of the Secretary's Note; and

(6) To the extent of any collateralization by the Obligor of other debt due to the Secretary from the Obligor under other Title XI financings, such other Title XI debt.

(d) *Security proceeds to Obligor.* The Obligor shall be entitled to the proceeds from the sale or other disposition of security, described in paragraph (c) of this section, if and to the extent that the proceeds realized are in excess of the amounts described in paragraphs (c) (1) through (6) of this section.

§ 298.42 Reporting requirements—financial statements.

The financial statements of the Company shall be audited at least annually, in accordance with generally accepted auditing standards, by independent certified public accountants licensed to practice by the regulatory authority of a State or other political subdivision of the United States or, licensed public accountants licensed to practice by the regulatory authority or other political subdivision of the United States on or before December 31, 1970. In the case of Eligible Export Vessels, the accounts of the Company shall be audited at least annually, and the Secretary may require that the financial statements be in accordance with generally accepted accounting principles, by accountants as described in the first sentence of this section or by independent public accountants licensed to practice by the regulatory authority or other political subdivision of a foreign country, provided such accountants are satisfactory to the Secretary. The accountants performing such audits may be the regular auditors of the Company.

(a) *Reports of Company and other Persons.* Except as otherwise required by the Secretary, the Company shall file a semiannual financial report and an annual financial report, prepared in accordance with generally accepted accounting principles, with the Maritime Administration as specified in the Documentation. Included shall be the balance sheet and a statement of paid-in capital and retained earnings at the close of the required reporting period, a statement of income for the period and any other statement that the Secretary shall consider necessary to accurately reflect the Company's financial condition and the results of its operations. By letter to the Company, the Secretary shall specify the form required for reporting and the number of copies to be submitted. The Secretary may, by notice to the Company, also require the Company to submit financial statements of any other Person, directly or indirectly participating in the project, if the financial condition of that Person affects the Secretary's security for the Guarantees. The required financial report for the annual period shall be due within 105 days after the close of each fiscal year of the Company, commencing with the first fiscal year ending after the date of the Security Agreement. The required semiannual report shall be due within 105 days after each semiannual period, commencing with the first semiannual period ending after the date of the Security Agreement. The annual report shall be accompanied by the public accountant's report based on an audit of the company's financial statements. An audit by the public accountants of the financial statements contained in the company's semiannual report may be required by the Secretary. Certification of the semiannual report by the accountants may be required by the Secretary. Where independent certifi-

cation is not required, a responsible corporate officer shall attach a certification that such report is based on the accounting records and, to the best of that officer's knowledge and belief, is accurate and complete.

(b) *Leveraged lease financing.* If the method of financing involved is a leveraged lease financing, or a trust is the owner of the Vessels, the requirements for annual and semiannual accounting reports of the Obligor may be modified accordingly by the Secretary.

(c) The Company shall furnish, along with its semi-annual report, a letter of confirmation issued by its insurance underwriter(s) or broker(s) that the Company has paid premiums on insurance applicable to the preservation, protection and operation of the asset, which information shall state the term for which the insurance is in force.

§ 298.43 Applicability of the regulations.

The regulations in this part shall be in effect as to all Letter Commitments, commitments to guarantee Obligations and Guarantees of Obligations made, issued or entered into after the effective date hereof pursuant to section 1104(a) of the Act, and all mortgages and loans covered thereby. 46 CFR Ch. II (10–1–97 Edition)

Subpart A—General

§ 308.1 Eligibility for vessel insurance.

Any vessel within one of the following categories shall be eligible for insurance, but shall remain eligible only while meeting the qualifications criteria in one of said categories. An eligible vessel is not insured unless and until an application is submitted as required in subpart B, C, or D of this part 308 and the Maritime Administrator, Department of Transportation, (Maritime Administrator) Maritime Administration (MARAD), approves said application.

(a) A vessel registered, enrolled, or licensed under the laws of the United States of America (United States); any undocumented vessel owned or chartered by or made available to the United States or any department or agency thereof; any tug or barge or other watercraft (documented under the laws of the United States, or undocumented) owned by a citizen of the United States and used in essential water transportation; and United States citizen-owned watercraft used in the fishing trade or industry, except when used exclusively in or for sport fishing.

(b) Any vessel, other than a vessel described in paragraph (a) of this section determined by the Maritime Administrator to be engaged in the national defense or the national economy of the United States and subject to an unqualified Contract of Commitment with the United States in a form required by the Maritime Administrator, and which is:

(1) Owned by a United States corporation, or a foreign corporation in which a majority of the stock is owned and controlled by a citizen or citizens of the United States, whether direct or through intervening corporations, foreign or domestic. Where such intervening corporations are foreign, the ultimate majority ownership and control of the stock of such corporations must be vested in a citizen or citizens of the United States as defined in section 1201(d), Merchant Marine Act, 1936, as amended (46 App. U.S.C. 1281(d));

(2) Owned by a foreign corporation which is not directly or beneficially owned by a citizen or citizens of the United States, but which vessel is

under a long-term charter or other long-term contract covering the use of the vessel on terms deemed by the Maritime Administrator to subject the vessel to United States control in the event of an emergency. The charterer of such vessel must be either a citizen or citizens of the United States or a foreign corporation in which a majority of the stock is owned and controlled by a citizen or citizens of the United States, whether direct or indirect through intervening corporations, foreign or domestic. Where such intervening corporations are foreign, ultimate majority ownership and control of the stock of such corporations must be vested in a citizen or citizens of the United States, as defined in 46 App. U.S.C. 1281(d).

(c) Any other vessel, at the sole discretion of the Maritime Administrator, but only while engaged in a service which has been determined by the Maritime Administrator to be in the interest of the national defense or the national economy of the United States. Vessels in this category are not eligible for war risk insurance interim binders.

§308.2 Requirements for eligible vessels.

(a) *Restrictions—foreign-flag vessels.* Interim insurance is available on any vessel described in §308.1 (a) and (b) of this part, provided application for interim insurance is submitted as required in subparts B, C, or D of this part 308, and the Maritime Administrator approves said application: Provided, That only vessels of Panamanian, Honduran, Bahamian, Republic of the Marshall Islands or Liberian registry not more than 20 years old will be considered eligible under §308.1 (b) of this part for interim insurance, subject at all times to the determination specified in paragraph (b) of this section.

(b) *Special rules—foreign-flag vessels.* For the purpose of providing interim insurance on vessels described in §308.1(b), the Maritime Administrator shall consider the characteristics, employment, and general management of the vessel. The Maritime Administrator formally determines that the following vessels are engaged in a service in the interest of the national defense or the national economy of the

United States and qualify for an interim binder:

(1) Vessels substantially engaged in the foreign commerce of the United States or which would be required in the event of war or national emergency;

(2) Tankers of not less than 2,000 deadweight tons;

(3) Dry cargo vessels, including containerships, breakbulk, and dry bulk vessels;

(4) Heavy lift vessels;

(5) Refrigerated vessels and other classes of ships in short supply in the United States-flag fleet;

(6) Passenger vessels; and

(7) Other vessels with special capabilities, as determined by the Maritime Administrator.

(c) *Vessel Position Reports.* All vessels for which war risk insurance interim binders have been issued shall file a Vessel Position Report. The purpose of this report is to inform cognizant U.S. agencies of vessel arrivals, departures and at-sea locations. Failure to make required regular reports will cause MARAD to issue a one-time notice of default. If failure to report continues, MARAD shall cancel the interim binder for the subject vessel and any insurance attaching thereunder. MARAD will issue reporting instructions and formats with the binders.

(d) *Notice of change in status of vessel after binder issued.* Any breach of the warranty prescribed hereunder as to vessels in all categories with respect to Department of Commerce Transportation Orders T-1 and T-2 (44 CFR Parts 401, 402 and 403), as well as the additional warranties as to vessels in categories (b)(1) and (b)(2) of this section, with respect to maintenance of eligibility for insurance and availability of the insured vessels to the U.S. Government in time of emergency, shall terminate the binders and any insurance attaching thereunder. In the event of the sale, demise charter, requisition, confiscation, change of flag, total loss, or any other change in status which, by the terms of the binder causes the binder to terminate, prompt notice shall be given in writing to the American War Risk Agency, 14 Wall Street, New York, NY 10005.

(e) *Nature of change in status of other vessels.* It is the intention of the parties that any breach of the warranty as to operation in the approved service of vessels described in § 308.1(c) shall terminate the insurance. In the event of the sale, demise charter, requisition, confiscation, change of flag, total loss, any other change in status or change in operation of the vessel in the approved service prompt notice shall be given to the American War Risk Agency, 14 Wall Street, New York, NY 10005.

§ 308.3 Applications for insurance; warranties; supporting documents; payment of binder fees.

(a) *Application, binder forms.* A single application for War Risk Insurance shall be filed on Form MA-528, specifying the types of insurance coverages for which the applicant is applying. A single application may be submitted for several vessels, if the application identifies each vessel to be insured and the coverage(s) required, by completing appendices A and B to that form. An interim binder for war risk insurance coverage, of the types described in subparts B, C and D of this part, shall be on Form MA-942, which may be obtained from the American War Risk Agency or from the Office of Subsidy and Insurance.

(b) *Warranties—(1) In general.* Applications for war risk hull and protection and indemnity insurance in any eligible category of this Part 308 shall include a warranty that, at all times during the effective period of the binder and any insurance attaching thereunder, the insured vessel, regardless of its nation of registry, will comply with Department of Commerce Transportation Orders T-1 and T-2 (44 CFR parts 401, 402, and 403), or any modifications thereof so long as they remain in force and that the vessel will not be chartered, unless in accordance with the provisions of § 221.11 and 221.13 of this chapter, which requirement is applicable to any charter in existence at the time the applicant applies for insurance.

(2) *Vessels described in § 308.1(a).* Applications for war risk insurance on a vessel described in § 308.1(a) shall contain the warranty that at, and from the date of issuance of the interim binder,

and for and during the term of any insurance attaching thereunder, such vessel will remain eligible within its category.

(3) *Vessels described in § 308.1(b).* Applications for war risk insurance on a vessel described in § 308.1(b) shall contain the warranties that at all times the vessel will remain eligible within its applicable category; that the vessel will be made available for use by the United States pursuant to the signed Contract of Commitment submitted with the insurance applications, as required by the Maritime Administration; that the vessel will remain in the approved service; and that no controlling interest in the vessel shall be transferred by a subsequent sale or long-term charter, except on the condition that the successor in interest agrees to be bound by the terms of the applicant's Contract of Commitment. All instruments transferring any controlling interest in the vessel, including long-term charter or merger agreements, shall be submitted to the Maritime Administration for prior approval.

(4) *Vessels described in § 308.1(c).* Applications for war risk insurance on a vessel described in § 308.1(c) shall contain warranties that the vessel will remain in the approved service and that any change in flag or service will be reported in advance to the Maritime Administration for a new determination as to whether the vessel's service is in the interest of the national defense or the national economy of the United States. Vessels in this category are not eligible for war risk insurance interim binders.

(5) *Vessel locator filing requirements.* Applications for insurance on vessels in all categories, except tugs and barges and vessels used exclusively in the fishing trade or industry, described in § 308.1(a), shall contain a warranty that at all times the vessel will file reports as required under the U.S. Merchant Vessel Locator Filing System (USMER) as prescribed in § 308.2(c) of this section.

(c) *Filing applications for insurance.* All applications for insurance on a vessel shall be made to the American War Risk Agency, 14 Wall Street, New York, New York 10005, underwriting

agent for the Maritime Administration.

(d) *Required submissions with—*(1) *In general.* An application for insurance on a vessel described in § 308.1(b) shall be accompanied by:

(i) A contract of commitment, in the form prescribed in § 308.5 of this part. In the event the vessel is determined to be ineligible under the terms of this part 308, the applicant will be so advised and the executed contract of commitment and any official foreign government action or approval will be returned to the applicant by the Maritime Administration.

(ii) An executed agreement contained in the application for insurance that any charter or other contract covering the use of the vessel during the period of the binder or any insurance attaching thereunder shall be subject to termination or suspension without notice in the event the United States requires the use of the vessel under the voluntary contract of commitment submitted by the applicant.

(2) *Certification of citizenship.* An application for insurance on such a vessel shall be supported by execution of the citizenship certification, in the format set out in appendix C to Form MA-528, as described in paragraph (a) of this section. That certification shall be required to establish the U.S. citizenship of the majority ownership and control of the vessel-owning corporation, whether that ownership is direct or through intervening corporations.

(3) *Existing long-term charters.* An application for a vessel in this category which is at the time of application under long-term charter or other long-term contract, either to the applicant or from the applicant to a third party, shall be jointly submitted by the owner and the charterer, and in addition to the other materials required under this paragraph, shall be accompanied by a copy of the long-term contract covering the use of the vessel and all addenda thereto, certified to be full and complete copies (except as to rate of hire or freight) and a completed appendix C to Form MA-528, establishing the U.S. citizenship of the majority of the shareholders and control of the charterer. The charterer shall also furnish to MARAD a certified copy of any

amendment to such charter which may be issued subsequent to the issuance of any binder of insurance under this Part 308.

(4) *Foreign government action or approval.* An application for a vessel in this category also shall be accompanied by a certified copy of the evidence of any official action or approval required by the government of the country of registry as a prerequisite to the execution of a contract of commitment with the United States.

(5) *Additional materials.* With respect to a vessel in this category, the applicant shall submit the following additional materials:

(i) A statement describing the service in which the vessel is engaged, including a listing of the vessel's voyages and ports of call during the immediately preceding six (6) month period, indicating the tonnage and type of cargo carried on such voyages and the reasons why such service should be deemed to be in the interest of the national defense or the national economy of the United States;

(ii) Material demonstrating the management and financial capabilities of the applicant; and

(iii) In the case of a new vessel or a vessel which has not for the six (6) months immediately prior to the date of the application been engaged in the foreign commerce of the United States, a statement, signed by a responsible company official, certifying the extent to which the vessel will be engaged in the foreign commerce of the United States for the six (6) months immediately following the issuance of any interim binder of insurance under this part 308.

(e) *Requests for changes in binders.* All requests for changes in binders and inquiries relative to the insurance after the interim binders have been issued shall be directed to the American War Risk Agency, 14 Wall Street, New York, NY 10005.

§ 308.103 Insured amounts under interim binder.

(a) *Valuation.* The valuation in the policy for damage to, or actual or constructive total loss of the vessel insured shall be a stated valuation (exclusive of National Defense features paid for by the Government) determined by the Secretary of Transportation which shall not exceed the amount that would be payable if the vessel had been requisitioned for title under section 902(a) of the Merchant Marine Act, 1936, as amended (46 App. U.S.C. 1242(a)) at the time of the attachment of the insurance under said policy: Provided, however, That in the case of a construction subsidized vessel, for the period of insurance prior to requisition for title or use, the valuation so determined shall be reduced by such proportion as the amount of construction subsidy paid with respect to the vessel bears to the entire construction cost and capital improvements thereof (excluding the cost of national defense features), and for the period of insurance after requisition for use the valuation so determined shall not exceed the amount which would be payable under 46 App. U.S.C. 1242(a) in the case of requisition for title or use: Provided, further, that the insured shall have the right within sixty days after the attachment of the insurance under said policy, or within sixty days after determination of such valuation by the Secretary of Transportation, whichever is later, to reject such valuation, and shall pay, at the rate provided for in said policy, premiums upon such asserted valuation as the insured shall specify at the time of rejection, but such asserted valuation shall not operate to the prejudice of the Government in any subsequent action on the policy. In the event of the actual or constructive total loss of the vessel, if the insured has not rejected such valuation the amount of any claim therefor

which is adjusted, compromised, settled, adjudged, or paid shall not exceed such stated amount, but if the insured has so rejected such valuation, the insured shall be paid as a tentative advance only, 75 per centum of such valuation so determined by the Secretary of Transportation and shall be entitled to sue the United States in a court having jurisdiction of such claims to recover such valuation as would be equal to the just compensation which such court determines would have been payable if the vessel had been requisitioned for title under 46 App. U.S.C. 1242(a) at the time of the attachment of the insurance under said policy: Provided, however, That in the case of a construction-subsidized vessel, the valuation determined by the court as such just compensation for any period of insurance prior to actual requisition for title or use of the vessel shall be reduced by such proportion as the amount of construction subsidy paid with respect to the vessel bears to the entire construction cost and capital improvements thereof (excluding the cost of national defense features), and for any period of insurance after actual requisition for use, the valuation determined by the court shall be the amount which would have been payable under 46 App. U.S.C. 1212 in the case of requisition for title: And provided further, that in the event of an election by the insured to reject the stated valuation fixed by the Secretary of Transportation and to sue in the courts, the amount of the judgment will be payable without regard to any limitations provided by statute, although the excess of any amounts advanced on account of just compensation that is over the amount of the court judgment shall be required to be refunded by the insured. In the event of such court determination, premiums under the policy shall be adjusted on the basis of the valuation as finally determined and of the rate provided for in said policy. The "stated valuation" of the vessel insured refers to the vessel as described in § 309.5 of this chapter.

Subpart F—War Risk Cargo Insurance

I—INTRODUCTION

§ 308.500 Authority.

The Secretary of Transportation has delegated authority to the Maritime Administrator to perform the functions vested in the Secretary by Title XII of the Merchant Marine Act, 1936, as amended, which authority includes the insurance set forth in this Subpart, as provided under section 1203(b) of the Act (46 App. U.S.C. 1283(b)). For the purposes of this Subpart F—War Risk Cargo Insurance, the terms “cargo” and “cargoes” as used herein shall include loaded or empty containers located aboard U.S.-flag and foreign-flag vessels insured under Title XII, Merchant Marine Act, 1936, as amended. Cargo war risk insurance will be written under either an open policy or a facultative policy in accordance with the provisions of this subpart.

§ 308.501 Cargoes on which coverage is available.

The Maritime Administrator will be prepared to provide marine insurance against loss or damage by the risks of war under approved clauses on shipments of cargoes coming within one or more of the following categories:

(a) Shipped or to be shipped on any American vessel, as defined in section 1201(a) of the Merchant Marine Act, 1936, as amended (46 App. U.S.C. 1281(a));

(b) Shipped or to be shipped on any foreign flag vessels owned by citizens of the United States;

(c) Owned by citizens or residents of the United States, its Territories or possessions;

(d) Imported to, or exported from, the United States, its Territories or possessions, under contracts of sale or purchase by the terms of which the risk of loss by war risks or the obligation to provide insurance against such risks is assumed by or falls upon a citizen or resident of the United States, its Territories or possessions;

(e) Sold or purchased by citizens or residents of the United States, its Territories or possessions, under contracts of sale or purchase by the terms of

which the risk of loss by war risks or the obligation to provide insurance against such risks is assumed by or falls upon a citizen or resident of the United States, its Territories or possessions;

(f) Shipped between ports in the United States, or between ports in the United States and its Territories and possessions, or between ports in such Territories or possessions; and

(g) Shipped or to be shipped on any foreign flag vessels, whether or not owned by citizens of the United States, if such vessels are engaged in transportation in the water-borne commerce of the United States or in such other transportation by water or such other services as may be deemed by the Maritime Administrator to be in the interest of the national defense or the national economy of the United States, when so engaged.

§ 308.502 Additional insurance.

The assured may place increased value or additional insurance in other markets beyond the amount of insurance provided by the Maritime Administrator, but such insurance must be non-participating with the Maritime Administrator's coverage, and without benefit of salvage or right of contribution.

§ 308.503 Rate schedules.

Rate schedules published by the Maritime Administrator may be obtained from an underwriting agent. All rate schedules are subject to change by the Maritime Administrator at any time without notice. If no rate is published for a voyage on which war risk coverage is available, the Maritime Administrator will name a rate through an underwriting agent upon application.

§ 308.504 Definition of territories and possessions.

Whenever reference is made to the territories and possessions of the United States in this subpart or in any supplement thereto or any policy of insurance issued pursuant to the provisions thereof, said territories and possessions shall be deemed to include only the Virgin Islands of the United States, the

Commonwealth of Puerto Rico, American Samoa, Guam, Wake Island, Midway Islands, and the Panama Canal Zone.

II—OPEN POLICY WAR RISK CARGO
INSURANCE

§ 308.505 General.

The Maritime Administrator is prepared to provide an open cargo war risk insurance policy covering any cargoes described in § 308.501. The policy will be in the standard form of War Risk Open Cargo Policy, Form MA-300, prescribed in § 308.517. All policies will be issued by underwriting agents appointed by the Maritime Administrator. All underwriting agents will be domestic insurance companies authorized to do a marine insurance business in a State of the United States.

§ 308.506 Application for an Open Cargo Policy.

Application for an Open Cargo Policy shall be made by filing Form MA-301, prescribed in § 308.521, with an underwriting agent of the Maritime Administration. The application shall state the applicant's name and address; the person or persons to whom loss shall be payable; the nature and geographic scope of the shipments to be covered under the policy which shall not be broader than the coverage authorized in § 308.501; the requested effective date, which shall not be earlier than the date of the completion of the requirements for the issuance of the policy; and the basis of valuation to be incorporated in the policy. An applicant may specify one basis of valuation for imports and another for exports, and he may specify different bases of valuation for different commodities or voyages, provided that each basis of valuation specified by the applicant shall define the value by the use of facts which existed prior to the date of the shipment and which are readily ascertainable by either party after the safe arrival or loss of the shipment.

§ 308.507 Security for payment of premiums.

Clause 21 of the policy requires the assured to maintain with the Maritime Administrator a collateral deposit fund

or a surety bond, to secure the payment of the premiums, in an amount which shall at all times exceed the unpaid premiums on all risks which have attached under the policy. The minimum amount of the fund or of the surety bond shall be \$1,000. Clause 21 also provides that, within seven (7) days from the time knowledge comes to the assured that the amount of the deposit or the surety bond is insufficient to meet the requirements of Clause 21, the assured shall deposit additional collateral or increase the surety bond in an amount not less than double the amount of such insufficiency, and for a sum which shall be a multiple of \$500. If the assured fails to increase the deposit or the surety bond within the seven (7) day period, the policy automatically becomes void at the end of the seven (7) day period except as to risks which have attached prior to that date. The procedure for establishing a collateral deposit fund is prescribed in § 308.509, and the procedure for posting and maintaining a surety bond is prescribed in § 308.510. An application for the issuance of an open cargo policy shall be ineffective unless a collateral deposit fund is established and maintained, or a surety bond is posted and maintained, in accordance with the provisions of this section and §§ 308.509 and 308.510.

§ 308.508 Issuance of an Open Cargo Policy.

(a) *Time.* The underwriting agent will issue an Open Cargo Policy within (15) days after the completion by the applicant of the requirements set forth in §§ 308.506 and 308.507 unless the time for issuance is extended by the Maritime Administrator in writing. The underwriting agent may not make any Open Cargo Policy effective with respect to shipments attaching on a date earlier than the date when the application was completed, but he may make it effective on the date of the completion of the application or any date thereafter requested by the applicant.

(b) *Numbering.* Each Open Cargo Policy supplied to the underwriting agent by the Maritime Administrator shall be numbered by the Maritime Administration before it is supplied to the underwriting agent. No two numbers

shall be the same. The underwriting agent when issuing the policy shall add at the end of the policy number the agency number assigned to that underwriting agent, and where policies are issued by more than one office of an underwriting agent, the issuing office shall also be identified in the policy number. For example, policies issued by an office in New York will be designated by “NY” and policies issued in San Francisco will be designated by “SF” prefixed to the underwriting agent’s agency number.

§ 308.509 Collateral deposit fund.

(a) *Requirements.* An assured electing to use a cash collateral deposit fund pursuant to § 308.507 shall comply with the provisions of this section and Clause 21 of the Open Cargo Policy, Form MA-300, prescribed in § 308.517.

(b) *Cash or Government bonds.* To establish a collateral deposit fund the applicant shall deposit with the underwriting agent a check payable to the order of the “Maritime Administration, Department of Transportation” for the amount of the fund, or United States Government bonds having a par value at the time of deposit of the amount of the fund, which shall be a multiple of \$500 but not less than \$1,000, together with a letter of transmittal executed by the applicant on Form MA-302, prescribed in § 308.522. Upon receipt of the deposit, the underwriting agent shall assign it a serial number and transmit it to the Maritime Administration, Attention: Director, Office of Financial Management, Washington, DC 20590. It is the responsibility of the assured to make sure that this deposit fund is sufficient at all times to cover the premiums payable on all risks which have attached under the policy, so as to prevent the termination of the insurance under the provisions of Clause 21.

(c) *Overdue premiums.* Pursuant to Clause 20, if the assured fails to pay any premium when it becomes due and payable, he thereby breaches the policy and it automatically ceases to insure any shipments which would otherwise have attached after the expiration of fifteen (15) days following the due date of the premium, unless within the fifteen (15) day period the premium has

been paid and the assured has otherwise complied with the requirements of the policy, including the filing of the closing report required by Clause 19 and the payment of the reinstatement fee of \$25 required by Clause 20. If the assured fails to pay the premium within the fifteen (15) day period, the Maritime Administrator may deduct from the assured’s collateral deposit fund all amounts due.

(d) *Increase in amount of collateral as required by Clause 21.* If the assured fails to deposit additional collateral in the fund within seven (7) days from the time knowledge comes to the assured that the amount of collateral is insufficient to meet the requirements of Clause 21, the policy shall be void except as to risks which have attached prior to the expiration of the seven (7) day period.

(e) *Changes in amount of collateral.* The assured may increase or decrease the amount of the collateral deposit fund by amounts of not less than \$500 or multiples thereof, provided that the amount of the fund shall not be less than the amount required by Clause 21, or the required minimum of \$1,000, whichever is greater. The effect of any change in the amount of the collateral deposit shall be the sole responsibility of the assured, and the permission granted by this paragraph to change the amount of collateral in the fund shall in no manner relieve the assured of the responsibility imposed by Clause 21.

(f) *Increase of collateral.* To increase the amount of the collateral on deposit in the fund, the assured shall transmit to the underwriting agent on Form MA-302, prescribed in § 308.522, a check payable to the order of the “Maritime Administration, Department of Transportation” or United States Government bonds having a par value at the time of deposit of not less than the amount of the requested increase. The increase shall become effective upon the date of the receipt of the application and check or bonds by the underwriting agent, as shown on Form MA-302.

(g) *Decrease of collateral.* To decrease the collateral deposit fund, the assured shall file with the underwriting agent

an application on Form MA-305, prescribed in § 308.525. The decrease shall become effective upon the date of the receipt of the application by the underwriting agent as shown on Form MA-305.

(h) *Refund of collateral.* Whenever the assured becomes entitled to a refund of the collateral deposit, in whole or in part, by reason of a request for a partial return of such collateral, or the cancellation of the policy and the payment in full of all premiums then or thereafter due, or the waiver by the Maritime Administrator of the requirements of maintaining the collateral deposit fund because the assured is a department or agency of the United States or is acting on behalf of such a department or agency, or the substitution of a surety bond in the place and stead of the collateral deposit fund, as provided in § 308.510(j), the Maritime Administrator will refund to the assured the amount of the collateral deposit to which the assured is entitled; provided, however, that the repayment of such collateral shall not be made by the Maritime Administrator until the assured has filed a closing report and paid in full all premiums with respect to all shipments which had attached at the time of the receipt by the underwriting agent of the application for the refund, Form MA-305, and a certificate executed in duplicate on Form MA-306, prescribed in § 308.526, and, in the event of the substitution of a surety bond for the collateral deposit fund, the receipt by the underwriting agent of the surety bond properly executed, in accordance with § 308.510.

§ 308.510 Surety bond.

(a) *Requirements.* An assured electing to post a surety bond pursuant to § 308.507 shall comply with the provisions of this section and Clause 21 of the Open Cargo Policy, Form MA-300, prescribed in § 308.517.

(b) *Amount of bond.* An applicant who wishes to post a surety bond shall deliver to the underwriting agent a surety bond on Form MA-308, prescribed in § 308.528, executed by the assured as principal, and by the surety, in such amount as the assured determines to be necessary to comply with Clause 21. Such amount shall be a multiple of \$500

but shall not be less than \$1,000. Upon receipt of the surety bond, the underwriting agent shall assign a serial number to it and transmit it to the Maritime Administration, Attention: Director, Office of Financial Approvals, Washington, DC 20590. It shall be the responsibility of the assured to provide that the amount of the bond is sufficient at all times to cover the premium payable on all risks which have attached under the policy, so as to prevent the termination of the insurance under the provisions of Clause 21.

(c) *Surety.* The sufficiency of the surety executing the bond shall be subject to approval by the Maritime Administrator. The underwriting agent may accept on behalf of the Maritime Administrator a surety bond executed by a surety named on the United States Treasury Department's approved list of sureties whose bonds are acceptable to the United States Treasury Department to secure obligations due the United States, provided the bond is within the maximum amount for which the surety is so authorized to write bonds as shown by the approved list.

(d) *Overdue premiums.* Pursuant to Clause 20, if the assured fails to pay any premium when it becomes due and payable, he thereby breaches the policy and it automatically ceases to insure any shipments which would otherwise have attached after the expiration of fifteen (15) days following the due date of the premium, unless within the fifteen (15) day period the premium has been paid and the assured has otherwise complied with the requirements of the policy, including the filing of the closing report required by Clause 19 and the payment of the reinstatement fee of \$25 required by Clause 20. If the assured fails to pay the premium within the fifteen (15) day period, all amounts due shall become a liability collectible under the surety bond and from the assured.

(e) *Increase in amount of bond as required by Clause 21.* If the assured fails to increase the amount of the surety bond within seven (7) days from the time knowledge comes to the assured that the amount of the bond is insufficient to meet the requirements of Clause 21, the policy shall be void except as to risks which have attached

prior to the expiration of the seven (7) day period.

(f) *Changes in amount of bond.* The assured may increase or decrease the amount of the surety bond by amounts of not less than \$500 or multiples thereof, provided that the amount of the bond shall not be less than the amount required by Clause 21, or the required minimum of \$1,000, whichever is greater. The effect of any change in the amount of the bond shall be the sole responsibility of the assured, and the permission granted by this paragraph to change the amount of the bond shall in no manner relieve the assured of the responsibility imposed by Clause 21.

(g) *Increase in amount of bond.* To increase the surety bond the assured shall transmit to the underwriting agent, on Form MA-310, prescribed in §308.530, an endorsement duly executed by the assured and the surety company on Form MA-311, prescribed in §308.531. The increase shall become effective upon the date of the receipt of the endorsement by the underwriting agent as shown on Form MA-311.

(h) *Decrease in amount of bond.* To decrease the amount of the bond, the assured shall transmit to the underwriting agent, on Form MA-310, prescribed in §308.530, an endorsement duly executed by the assured and the surety on Form MA-311, prescribed in §308.531. The decrease shall become effective upon the date of the receipt of the endorsement by the underwriting agent as shown on Form MA-311, except as to shipments which on that date are known or reported to the assured to be in transit and which have attached under the policy and upon which premium has not been paid in full.

(i) *Termination of bond.* Whenever the assured becomes entitled to a termination of a surety bond by reason of the cancellation of the policy and the payment in full of all premiums then or thereafter due, or the waiver by the Maritime Administrator of the requirements of maintaining the surety bond by an assured which is a department or agency of the United States or is acting on behalf of such a department or agency, or the substitution of a collateral deposit fund in the place or stead of the surety bond, the underwriting agent shall execute a release on Form

MA-312, prescribed in §308.532. The release shall be made effective as of:

(1) The effective date of the cancellation of the policy when the bond is terminated for that reason, or

(2) The date of the Maritime Administrator's directive waiving the requirement of a surety bond when the bond is terminated for that reason, or

(3) The effective date of the establishment of a collateral deposit fund when the bond is terminated for that reason.

(j) *Substitution of bond for collateral deposit.* An assured may substitute a surety bond for a collateral deposit fund by delivering to the underwriting agent a surety bond on Form MA-309, prescribed in §308.529, executed by the assured as principal, and by the surety, in such amount as the assured determines to be necessary to comply with Clause 21. Such amount shall be a multiple of \$500, but shall not be less than \$1,000. The collateral deposit fund will be refunded to the assured after the bond has been posted, in accordance with the provisions of §308.509(h).

§308.511 Cancellation of Open Cargo Policy.

An assured may cancel an Open Cargo Policy by delivering to the underwriting agent, at least fifteen (15) days prior to the requested date of cancellation, an application for cancellation executed by the assured on Form MA-304, prescribed in §308.524, together with the original policy. The policy shall be cancelled as of the effective date requested in the application, which, unless otherwise agreed by the Maritime Administrator in writing, shall not be a date earlier than fifteen (15) days following the date of the receipt of the application as acknowledged by the underwriting agent on Form MA-304, with respect to all risks that have not attached prior to said effective date. Such cancellation shall not relieve the assured of the obligation to file closing reports with respect to all risks which attached prior to the effective date of the cancellation and to pay all unpaid premiums. Within four (4) months of the effective date of cancellation, unless otherwise agreed

by the Maritime Administrator in writing, the assured must file a closing report in duplicate on Form MA-313, prescribed in § 308.533, of all shipments covered by the policy for which closing reports have not been previously filed. The assured shall mark this closing report "Final Closing Report on Cancellation of Policy", and file a certificate on Form MA-313-B, prescribed in § 308.535, executed by the assured in duplicate. Thereafter, when all unpaid premiums have been paid, the assured will become entitled to a refund of the collateral deposit, or cancellation of the surety bond in accordance with §§ 308.509 and 308.510. If the assured has lost or mislaid the original policy and is unable to produce it for cancellation, the assured shall execute a letter of indemnity and such other documents as may be required by the Maritime Administrator.

§ 308.512 Declaration of shipments under Open Cargo Policy.

(a) *Closing report.* (1) The assured shall file with the underwriting agent, not later than the twenty-fifth day of each month, a closing report for all inward shipments and a closing report for all outward shipments, and pay the premium and fees, for all shipments covered during the preceding calendar month, as required by Clause 19. Each closing report shall be filed in duplicate on Form MA-313, prescribed in § 308.533, supported by a certificate executed by the assured on Form MA-313-A, prescribed in § 308.534. If the assured has no shipments to report during any calendar month, the closing report, Form MA-313, shall, nevertheless, be filed with one or both of the following statements, depending upon their applicability, noted thereon certifying that:

(i) No inward shipment coming within the scope of this policy arrived at destination during the preceding calendar month, and that during the preceding calendar month no knowledge has come to the assured of an inward shipment covered under the terms of the policy which will not arrive by reason of loss, frustration or other similar cause,

(ii) No outward shipment coming within the scope of this policy was

made during the preceding calendar month, and

(iii) Whenever a sea passage is made with respect to cargo covered under the policy by a barge or sailing vessel the assured shall note that fact upon the closing report, unless the Maritime Administrator otherwise agrees.

(2) An assured reporting for one calendar month shall not include therein a report of a shipment due to be reported in the report for the next succeeding calendar month. Thus, the report of January closing shipments filed in February does not include February closings.

(b) *Inward shipments.* The closing report covering inward shipments shall include:

(1) All such shipments which have arrived at the port of destination during the preceding calendar month, and

(2) All such shipments with respect to which inability to so arrive by reason of loss, frustration, or other similar causes has come to the knowledge of the assured during the preceding calendar month.

(c) *Outward shipments.* The closing report covering outward shipments shall include all such shipments which attached under the policy during the preceding calendar month.

(d) *Definition of inward and outward shipments.* A shipment will be classified as an inward shipment or as an outward shipment by reference to the geographical location of the assured with respect to the movement of the shipment. The address of the assured as stated in the application filed by him for the policy shall be deemed to be the assured's geographical location for the purpose of determining whether the shipment is inward or outward. To illustrate, if an assured has stated in his application that his address is in Hawaii, the assured's shipments of goods from the United States to Hawaii would be classified as inward, and his shipments from Hawaii to the United States would be classified as outward. Any shipments that cannot be classified as inward or outward under this definition shall be treated as inward shipments for the purposes of the declaration.

(e) *Supplemental closing report.* If an assured files a closing report and thereafter discovers that one or more additional shipments should have been included in the report, then, even though the assured has executed the certificate on Form MA-313-A, prescribed in § 308.534, or Form MA-313-B, prescribed in § 308.535, in connection with the closing report, the assured must nevertheless amend the closing report by filing a supplemental closing report supported by an appropriate certificate. The supplemental closing report must be accompanied by a statement in writing signed by the assured giving the reasons for the omission of such shipments from the original closing report. If the Maritime Administrator finds that the failure to file the complete closing report was either inadvertent or unintentional or arose by reason of causes beyond the control of the assured, the otherwise automatic termination of the policy by reason of a breach of the warranty embodied in Clause 20 shall be avoided pursuant to the provisions of Clause 23.

§ 308.513 Payment of premiums and fees.

The assured shall pay the premium, when his closing report is filed, for all shipments shown on his closing report for the preceding month, at the rates prescribed by the Maritime Administrator and in effect on the date of the ocean bill of lading, or if an ocean bill of lading was not issued, on the date of the equivalent shipping document, or if no ocean bill of lading or equivalent shipping document was issued, or if such documents were undated, on the date the goods were laden on the overseas vessel, as required by Clause 19. All payments of premium or fees must be made by check or money order payable to the order of the "Maritime Administration, Department of Transportation."

§ 308.514 Return premium.

No premium will be returned to the assured with respect to a shipment of goods that attached under the policy except where there was a declaration of value at variance with Clause 8, or an error in the application of a rate or in the computation of a premium, or the

insured goods were short-shipped. An application for the return of a premium shall be made on Form MA-307, prescribed in § 308.527, filed in duplicate with the Underwriting Agent who will transmit it to the Maritime Administrator for payment.

§ 308.515 Payment in event of loss.

All claims for losses shall be filed by the assured with the Underwriting Agent who issued the policy. Such claims must be supported by the customary documents required in connection with war risk insurance claims, together with appropriate declarations as required by Clause 9, and such further data as may now or hereafter be required by the Maritime Administrator.

§ 308.516 Failure to comply with Clause 21.

(a) If the assured willfully fails to maintain a collateral deposit fund or a surety bond in an amount sufficient to meet the requirements of Clause 21, the policy becomes void from the date the fund or bond was first insufficient, but, if the assured's failure was inadvertent, the policy may be reinstated when the assured complies with Clause 21, and shows to the satisfaction of the Maritime Administrator that his failure was inadvertent and not willful. If the failure was in fact inadvertent, the assured shall file a declaration on Form MA-314, prescribed in § 308.536, executed in duplicate, with the Underwriting Agent within seven (7) days from the time knowledge comes to the assured of the insufficiency of the collateral deposit fund or surety bond unless the time for filing such declaration is extended by permission of the Maritime Administrator. If the space provided in the declaration, Form MA-314, for an explanation of the circumstances whereby the assured first had knowledge that the collateral was not sufficient, the assured shall attach to the declaration a detailed statement and include the same by reference in the declaration.

(b) If any policy becomes void by reason of the failure of the assured to deposit additional collateral or increase the amount of its surety bond under

the provisions of Clause 21, the Maritime Administrator reserves the right to refuse to issue another policy to such assured for a period of 90 days.

§ 308.517 Open Cargo Policy, Form MA-300.

The standard form of War Risk Open Cargo, Form MA-300, may be obtained from the American War Risk Agency or MARAD.

§ 308.518 Standard optional endorsement No. 1, Form MA-300-A.

Standard Optional Endorsement No. 1, which may be obtained from the American War Risk Agency or MARAD, limits the amount payable for the loss of goods to the actual bona fide pecuniary loss to the Assured, exclusive of any allowance for anticipated or accrued profit arising out of the insured venture. An Assured may elect to have his Open Cargo Policy endorsed with Standard Optional Endorsement No. 1 applicable on all shipments, or on all outward shipments, or on all inward shipments, or on named commodities except goods sold by the Assured prior to loading on board the overseas vessel and shipped for the account and at the risk of third persons other than a branch subsidiary or affiliate of the Assured. When an Assured has elected to have Standard Optional Endorsement No. 1 made applicable to certain named commodities he may not change to a different basis of valuation for those commodities until after he has given ninety (90) days written notice to the Maritime Administrator through the Underwriting Agent of his election to make the change. Application for Standard Optional Endorsement No. 1 may be made to the Underwriting Agent which is authorized to issue the endorsement without prior approval of the Maritime Administrator.

§ 308.519 Standard optional endorsement No. 2, Form MA-300-B.

Standard Optional Endorsement No. 2, which may be obtained from the American War Risk Agency or MARAD, amends the policy to cover shipments made to the Assured or shipped by the Assured as agent for the account and risk of a principal. Appli-

cation for Standard Optional Endorsement No. 2 may be made to the Underwriting Agent, which is authorized to issue the endorsement without prior approval of the Maritime Administrator.

§ 308.520 Standard optional endorsement No. 3, Form MA-300-C.

Standard Optional Endorsement No. 3, which may be obtained from the American War Risk Agency or MARAD, amends the policy to include shipments of diamonds for industrial purposes, or rubies or sapphires, natural or synthetic, used for instruments or watch jewels imported to the Continental United States (excluding Alaska). III—FACULTATIVE WAR RISK CARGO
INSURANCE**§ 308.538 General.**

The Maritime Administrator is prepared to provide facultative war risk insurance policies covering any cargoes described in § 308.501 which are designated by an applicant prior to the attachment of risks, if the applicant does not have an Open Cargo Policy issued by the Maritime Administrator, or if he has a shipment which is not covered by his Open Cargo Policy. However, a person with regular shipments is urged to avail himself of the advantages of the automatic coverage of an Open Cargo Policy. The Maritime Administrator reserves the right to decline to quote rates or bind insurance on shipments of cargo that could be covered by an Open Cargo Policy unless the applicant can show to the satisfaction of the Maritime Administrator that the risk is not one of a series of similar risks forming part of a continual flow of business for the applicant. The policy will be in the standard form of War Risk Facultative Cargo Policy, Form MA-316, prescribed in § 308.545. All policies shall be issued by Underwriting Agents appointed by the Maritime Administrator. All Underwriting Agents shall be domestic insurance companies authorized to do a marine insurance business in a State of the United States.

§ 308.539 Application.

(a) *Preliminary request.* Application for a Facultative Cargo Policy shall be made by filing a preliminary request in writing (including telegram) with an Underwriting Agent of the Maritime Administration, setting forth the following information:

- (1) The name and address of the applicant;
- (2) The amount of insurance requested;
- (3) The commodity and quantity to be insured;
- (4) The voyage to be covered;
- (5) The name of the vessel upon which the cargo will be shipped, if known, the name of the steamship line, if known, and the date of shipment, if the applicant is submitting the request to bind war risk in writing; for security

reasons, if the applicant is submitting the order to bind war risk insurance by telefax, neither the name of the vessel nor the name of the steamship line nor the anticipated date of sailing, should be mentioned. Mentioning such information in a telefax may result in a denial of insurance to the applicant. Any envelope transmitting a letter containing such information shall be marked "confidential."

(b) *Binder.* Before the insurance can be bound, the applicant shall provide the Underwriting Agent with a properly prepared binder on Form MA-315 prescribed in § 308.544. The binder must be submitted in duplicate, accompanied by check or Money Order payable to the order of the Maritime Administration, Department of Transportation for the full amount of the premium computed on the amount to be insured at the rate set by the Maritime Administrator. Any application for facultative cargo war risk insurance received by an Underwriting Agent later than 4 p.m. (Local War Time) shall be considered the next day's business.

(c) *Optional loss limits clause.* Clause 9 of the standard form of facultative cargo policy, Form MA-316, prescribed in § 308.545, limits the amount payable for loss to the fair market value at the place and approximate time of the attachment of risk, plus the cost of marine insurance, transportation and expenses incident thereto, and war risk insurance with respect to the lost or damaged goods, or if it is impossible to determine the fair market value at place and time of attachment of risk, the fair market value at the designated port of arrival on the date of the attachment of the risk, plus the cost of marine insurance, transportation and expenses incidental thereto, and war risk insurance with respect to the lost or damaged goods, or if the goods had been purchased prior to loading, the actual amount paid or payable to the seller for the goods less all discounts, plus the cost of marine insurance, transportation and expenses incidental thereto, and war risk insurance with respect to the lost or damaged goods. In lieu of these loss limits, the Assured by so specifying in his application, and the binder may have attached to the policy when issued Standard Optional

§ 308.540

Endorsement No. 1-A, Form MA-316, prescribed in § 308.546, which limits the amount payable for loss to the actual bona fide pecuniary loss to the Assured, exclusive of any allowance for anticipated or accrued profits arising out of the insured venture.

§ 308.540 Premiums.

(a) *Rates.* Rate Schedules for war risk facultative cargo insurance will be published by the Maritime Administrator from time to time, and may be obtained from an Underwriting Agent. All Rate Schedules are subject to change by the Maritime Administrator without notice. If no rate is published for a voyage on which war risk facultative cargo insurance is available, the Maritime Administrator will name a rate through an Underwriting Agent upon application. Whenever an applicant for war risk facultative cargo insurance receives a definite rate quotation and desires to bind insurance at the quoted rate, an order to bind the insurance in accordance with the procedure set forth in this subpart should be submitted within two business days following the day of quotation accompanied by check or Money Order payable to the order of "Maritime Administration, Department of Transportation" for the full amount of the premium thereon computed on the amount to be insured at the rate set by the Maritime Administrator, or the quotation will expire.

(b) *Return premium.* Where goods are short-shipped, the amount of insurance may be reduced by an amount computed by applying to the original amount of insurance the proportion which the quantity of merchandise short-shipped (i.e., bales, barrels, tons, and other designations of quantity) bears to the total quantity of merchandise originally declared for insurance. Where more than one class of merchandise is insured under one policy (e.g., fuel, oil and gasoline) the reduced amount of insurance must be computed separately on each item. Where the amount of insurance is reduced, the Maritime Administrator will give consideration to requests for proportionate returns of premium. An application for the return of a premium must be submitted to the Underwriting

Agent in quadruplicate on Form MA-317, prescribed in § 308.547.

§ 308.541 Issuance.

(a) *Binder.* The Underwriting Agent is authorized to issue a facultative policy in Form MA-316, prescribed in § 308.545, when there has been presented to him a properly prepared binder on Form MA-315, prescribed in § 308.544, together with the payment of the premium as required, and such policy shall be issued as soon as possible after the binder form has been presented to the Underwriting Agent. Prior to the issuance of the policy, the Underwriting Agent is authorized to accept the risk on behalf of the Maritime Administrator by signing the binder. The Maritime Administrator will provide each Underwriting Agent with a supply of facultative policies which shall not be valid until countersigned by the Underwriting Agent. The Underwriting Agent shall keep a permanent record of all such policies and the Assured to whom the policy is issued.

(b) *Numbering.* Each Facultative Cargo Policy supplied to the Underwriting Agent by the Maritime Administrator shall be numbered by the Maritime Administration before it is supplied to the Underwriting Agent. No two numbers shall be the same. The Underwriting Agent when issuing the policy shall add at the end of the Policy number the agency number assigned to that Underwriting Agent, and where policies are issued by more than one office of an Underwriting Agent the issuing office shall also be identified in the policy number. For example, the policies issued by an office in New York will be designated "NY" and policies issued in San Francisco will be designated by "SF" prefixed to the Underwriting Agent's agency number.

§ 308.542 Warranty re thirty-day shipments.

If, after an effective binding of war risk insurance on a shipment of cargo, the assured believes that it will be impossible to comply with the warranty requiring the goods to be shipped and in transit within thirty days from the effective date of binding, such an assured may apply to the Maritime Administrator, through the Underwriting

Agent, to modify the warranty. If the Maritime Administrator is satisfied that an extension of time within which the goods are warranted to be shipped and in transit should be granted, he will do so, but additional premium may be charged in the discretion of the Maritime Administrator.

§ 308.543 Cancellation.

Facultative war risk insurance is not subject to cancellation by the Assured unless the goods are not shipped within thirty days following the effective date of binding, and then only if the policy is returned for cancellation.

§ 308.544 Facultative binder, Form MA-315.

The standard form of War Risk Facultative Cargo Binder, which may be obtained from the American War Risk Agency of MARAD, shall be completed by the applicant and submitted, in duplicate, to an Underwriting Agent before the insurance can be bound.

§ 308.545 Facultative cargo policy, Form MA-316.

The standard form of War Risk Facultative Cargo Policy, Form MA-316, may be obtained from the American War Risk Agency or MARAD.

§ 308.546 Standard optional endorsement No. 1-A, Form MA-316-A.

Standard Optional Endorsement No. 1-A limits the amount payable for the loss of goods to the actual bona fide pecuniary loss to the Assured, exclusive of any allowance for anticipated or accrued profit arising out of the insured venture. (Similar provisions for Open Cargo Policies are contained in Standard Optional Endorsement No. 1, Form MA-300-A, prescribed in § 308.518.) Application for Standard Optional Endorsement No. 1-A shall be made to the Underwriting Agent at the time application is made for the policy. The Underwriting Agent is authorized to issue the endorsement without prior approval of the Maritime Administrator. This form may be obtained from the American War Risk Agency or MARAD.

§ 308.547 Application for return premium, Form MA-317.

An application for the return of premium must be filed in duplicate with the Underwriting Agent on Form MA-317, which may be obtained from the American War Risk Agency or MARAD.

§ 309.1 Procedure.

The Ship Valuation Committee, Maritime Administration, shall publish biannually in the notice section of the FEDERAL REGISTER a general notice which shall set forth the stated valuations of individual vessels upon which interim binders for war risk hull insurance have been issued. Such values shall be effective with respect to a six-month period commencing on January 1 and ending on June 30, or a six-month period commencing on July 1 and ending on December 31 of each calendar year; *Provided, however*, That if there is a substantial change in market values during the effective period of a state valuation, the Maritime Administration reserves the right to revise such valuations at any time during such period.

§ 309.2 Definitions.

(a) *Ship Valuation Committee* means the Ship Valuation Committee referred to in Maritime Administrative Order 440-3.

(b) *The date a vessel is built* is the date the vessel is delivered by the shipbuilder.

(c) *The deadweight tonnage* of a vessel means her deadweight capacity established in accordance with normal Summer Freeboard as assigned pursuant to the International Load Line Convention, 1966, and shall be her capacity (in tons of 2,240 pounds) for cargo, fuel, fresh water, spare parts, and stores, but exclusive of permanent ballast.

(d) *The speed of a vessel* means the speed determined in accordance with the formulae provided in part 246 of this chapter.

(e) *A passenger vessel* is a vessel which carries more than twelve passengers.

§ 309.3 Stated valuation.

A stated valuation represents just compensation for the vessel to which it applies computed by the Ship Valuation Committee in accordance with

sections 902(a) and 1209(a)(2) of the Merchant Marine Act, 1936, as amended (46 U.S.C. 1242(a), 1289(a)(2)). The stated valuation of a vessel does not include vessel stores and supplies, which consist of (a) consumable stores, (b) subsistence stores, (c) slop chest, (d) bar stock, and (e) fuel, as defined in Maritime Administration Inventory Book Forms MA-4736, A through K, which will be valued separately.

§ 309.4 Maximum amount insured.

A stated valuation is the maximum amount for which the Maritime Administration will provide war risk hull insurance for damage to or actual or constructive total loss of the vessel to which such valuation applies and for which claims for damage to or actual or constructive total loss of such insured vessel may be adjusted, compromised, settled, adjudged, or paid by the Maritime Administration with respect to insurance attaching during the effective period of such valuation under the standard forms of war risk hull insurance interim binder or policy prescribed by §§ 308.106 and 308.107 of this chapter.

§ 309.5 Condition of vessel.

If the true condition of a vessel is not known, the Ship Valuation Committee, in determining the stated valuation of the vessel, may assume that it is in a condition that would entitle it to the highest classification of the American Bureau of Shipping, or the equivalent if the vessel is a foreign-flag vessel, with all required certificates, including but not limited to, marine inspection certificates of the United States Coast Guard, the United States Public Health Service, and the Federal Communications Commission, with all outstanding requirements and recommendations necessary for retention of class accomplished, without regard to any grace period; and, so far as due diligence can make her so, the vessel is tight, staunch, strong, and well and sufficiently tacked, appareled, furnished, and equipped, and in every respect seaworthy and in good running condition and repair, with clean swept holds and in all respects fit for service. The stated valuation of a vessel in substandard

condition is subject to downward adjustment as provided in § 309.6(a).

§ 309.6 Adjustments for condition, equipment, and other considerations.

(a) *Adjustment for a vessel in substandard condition.* If the Maritime Administration determines that a vessel is in substandard condition from that assumed by the Committee as provided in § 309.5, there shall be subtracted from the stated valuation of such vessel an amount estimated by the Maritime Administration as the cost of putting the vessel in the condition assumed by the Committee when determining its stated valuation.

(b) *Special equipment.* If the depreciated reproduction cost less construction subsidy, if any, of any special equipment of material utility in the handling of cargo or utilization of a vessel, not otherwise taken into account in determining the stated valuation of such vessel, is in excess of \$50,000, an amount estimated by the Maritime Administration as the fair and reasonable value of such equipment shall be added to the stated valuation of such vessel.

(c) *Government installations.* A stated valuation determined pursuant to this part shall not include any allowance for any special installations or equipment to the extent that their cost was borne by the United States.

§ 309.7 Modifications.

The Maritime Administration reserves the right to exempt any vessel from the scope of this part, or to amend, modify, or terminate the provisions hereof.

§ 309.8 Vessel data forms.

(a) *To accompany application for insurance.* Each application for war risk insurance, submitted in accordance with § 308.3 of this chapter, shall be accompanied by a completed Form MA-828, Vessel Data. Copies of this form may be obtained from either the American War Risk Agency, 14 Wall Street, New York, N.Y. 10005, or the Director, Office of Marine Insurance (MAR-540) Maritime Administration 400 Seventh Street SW., Washington, DC 20590.

(b) *Modification to vessels.* Revised vessel data shall be submitted on the appropriate form prescribed in paragraph (a) of this section whenever a vessel undergoes a physical change which increases or decreases its value by five percent or more.

(Approved by the Office of Management and Budget under control number 2133–0011)

[39 FR 30487, Aug. 23, 1974, as amended at 47 FR 25330, June 14, 1982; 50 FR 50167, Dec. 9, 1985]

§ 309.101 Amendment of interim binders.

The interim binder for a vessel whose stated valuation is established pursuant to this part shall be deemed to have been amended on the first day of the effective period of such valuation, as provided in the notice publishing such valuation, by inserting in the space provided therefor, or in substitution for any value appearing in such space, the stated valuation of the vessel set forth in such notice. A stated valuation shall apply with respect to insurance attaching during the effective period of such valuation; *Provided, however,* That if there is a substantial change in market values during such period, the Maritime Administration reserves the right to revise the valuations provided for therein at any time during said period; *And provided further,* That the assured shall have the right within 60 days after the date of publication of a stated valuation or within 60 days after the attachment of the insurance under the interim binder to which such valuation applies, whichever is later, to reject such valuation and proceed as authorized by section 1209(a)(2), Merchant Marine Act, 1936, as amended (46 U.S.C. 1289(a)(2)).

STORES AND SUPPLIES

AUTHORITY: Sections 309.201 through 309.204 issued under sec. 204, 49 Stat. 1987, as amended, sec. 1209, 64 Stat. 775, as amended, 70 Stat. 984; 46 U.S.C. 1114, 1289.

SOURCE: Sections 309.201 to 309.204 contained in G.O. 100, 29 FR 2944, Mar. 4, 1964; 29 FR 3706, Mar. 25, 1964, unless otherwise noted.

§ 309.201 Purpose.

It is the purpose of §§ 309.201 through 309.204 to prescribe the method for determining the values of stores and supplies on board a vessel when lost, for which claims for loss will be paid, and to prescribe the procedure for payment of claims for such loss, when stores and supplies are covered under a disbursements clause of a War Risk Hull Insurance Binder or a War Risk Hull Insurance Policy issued by the United States on forms prescribed by §§ 308.106 and 308.107 of this chapter, or when stores and supplies are covered by a War Risk Disbursements Policy issued by the United States pursuant to section 1203(c) of the Merchant Marine Act, 1936, as amended (46 U.S.C. 1283(c)). The vessel values established by §§ 309.1 through 309.8 (General Order 82) do not include any allowance for the loss of stores and supplies, as distinguished from equipment and spare parts which are included in such vessel values.

§ 309.202 Definitions.

Stores and supplies are those articles and commodities used and consumed in the day-to-day operation of a vessel by the operation and maintenance of machinery and equipment; the maintenance of clean and sanitary conditions; the feeding of passengers, officers, and crew; and stocked for the use and convenience of passengers, officers, and crew. Vessel stores and supplies include (a) consumable stores, (b) subsistence stores, (c) slop chest, (d) bar stock, and (e) fuel, as defined in Maritime Administration Inventory Books, Forms MA-4736, A through K.

§ 309.203 Value at time of loss.

The value of unused stores and supplies on board a vessel at the time of loss, and for which claims for loss will be paid equals:

(a) The value of such stores and supplies on board at the completion of the previous voyage, plus

(b) The value of stores and supplies purchased and placed on board the vessel before the commencement of the voyage during which the loss occurred, plus

(c) The value of stores and supplies purchased and placed on board the vessel after the commencement of such voyage, less

(d) That portion of the sum of paragraphs (a), (b), and (c) of this section which was sold, transferred, used or consumed to, but not including, the date of the loss.

§ 309.204 Proof of loss.

Claims for reimbursement for total loss of stores and supplies may be submitted by the owner to the Chief, Division of Insurance, Maritime Administration, Washington, DC 20590, based on one of two alternative methods of proof, as provided in paragraphs (a) and (b) of this section. Owners may use either method for each category of stores and supplies.

(a) *Formula.* In cases where the owner and the Chief, Division of Insurance, Maritime Administration, have agreed, in advance of the loss, upon amounts representing, or the method for determining, the average daily consumption costs of stores and supplies for the owner's vessel, claims for total loss of such stores and supplies may be submitted by the owner on Affidavit in Proof of Claim for the loss of stores and supplies, Exhibit A. In such cases, the value of the consumable stores at time of loss is determined as follows:

(1) The value of consumable stores on board at the time the vessel was ready to sail, determined by multiplying the number of days for which the vessel is stored by the average daily consumption cost in dollars, plus

(2) The cost of consumable stores, if any, purchased in foreign ports for the homeward voyage, less

(3) The average daily consumption cost times the number of days from the date the vessel was ready to sail to, but not including, the date of loss, plus the actual amount of consumable stores transferred or sold. The values of slop chest stores, bar stock and fuel, at the time of loss are determined in the same manner by using the applicable daily consumption costs for such stores. The value of subsistence stores at the time of loss is determined as follows:

(i) The value of subsistence stores on board at the time the vessel was ready to sail, determined by multiplying the

agreed cost for one man per day by the number of crew signed on and the number of passengers, if any, and multiplying that product by the number of days for which the vessel is stored, plus

(ii) The cost of subsistence stores, if any, purchased in foreign ports for the homeward voyage, less

(iii) The number of crew signed on and the average number of passengers, if any, times the agreed cost of one man per day times the number of days from the date the vessel was ready to sail to, but not including, the date of loss, plus the actual amount of subsistence stores transferred or sold.

(b) *Verified costs.* In cases where the owner and the Chief, Division of Insurance, Maritime Administration, have not agreed in advance of the loss upon amounts representing, or the method for determining, the average daily consumption costs of Stores and Supplies for the owner's vessel, claims for total loss of such Stores and Supplies must be submitted by the owner on Affidavit in Proof of Claims for the Loss of Stores and Supplies, Exhibit B. In such cases, the value of the consumable stores will be determined as follows:

(1) The value of consumable stores on board the vessel at the time the vessel was ready to sail, determined by certified inventories of the owner of amounts on board the vessel at the termination of the preceding voyage or date of last inventory, less actual consumption to date of sailing, plus a certified statement by the owner of actual additional purchases made from date of termination of the preceding voyage or date or last inventory to date vessel was lost, subject to audit by the Maritime Administration, less

(2) The average daily consumption cost determined by dividing the amount determined as in paragraph (b)(1) of this section by the number of days for which the vessel was stored, times the number of days from the date the vessel was ready to sail to, but not including, the date of loss, plus actual amount of consumable stores transferred or sold.

The values of subsistence stores, slop chest, bar stock, and fuel, at the time of loss are determined in the same manner, supported by certified inventories of the owner and invoices.

§310.4 Training Ship.

The Administration may furnish a Training Ship, if such is available, to any School. Training Ships which may be designated for use by a School will be delivered to the School at a location determined by the Administration, in condition found to be in class by the American Bureau of Shipping and certificated by the U.S. Coast Guard. If a Training Ship is not available, adequate cruising facilities shall be the responsibility of the State and its School. The furnishing of a Training Ship shall be subject to the following terms and conditions:

(a) *General provisions.* (1) The State, acting through the School shall exercise reasonable care to safeguard the interests of the Administration and avoid (i) injury to any person aboard the Training Ship, and (ii) loss and damage of every nature with respect to the Training Ship. Also, the school shall have reasonable layup procedures during noncruise status of the Training Ship.

(2) Excerpts from log books and reports shall be submitted as directed by the Supervisor.

(3) Initial telegraphic or telephonic reports shall be made promptly to the Supervisor and the appropriate Region Director in the event of an accident causing (i) serious injury to any person, or to the Training Ship, or (ii) damage inflicted by the Training Ship upon any other ship or other property. Such reports shall be followed by complete written details of the occurrence.

(4) The Supervisor shall determine whether or not the berth of the Training Ship at the base in its home port is suitable from the standpoint of safe mooring. When the Training Ship is not on cruise, the Commanding Officer or Superintendent shall keep the Supervisor informed of the location of the Training Ship and any contemplated change of berth.

(5) The following notice shall be posted conspicuously aboard each Training Ship furnished to a State for use by a School:

This training ship is the property of the United States of America. It is furnished to the State of _____ by the Department of Transportation, Maritime Administration, for the purpose of training young men and women to become officers in the merchant marine of the United States. Neither the State, the Commanding Officer, nor any other person has any right, power or authority to create, incur or permit to be imposed upon this vessel, any lien whatever.

(6) No changes requiring U.S. Coast Guard approval shall be made to the Training Ship without the written approval of the Administration.

(7) In the event of the termination of the use of a Training Ship by the State or by the Maritime Administrator, the State shall return to the State base port, the Training Ship and all property whatsoever owned by the Administration. Title to all additions, replacements, and renewals made by the State shall vest in the Administration without charge.

(b) *Termination of use.* The Maritime Administrator may terminate the use of a Training Ship upon such reasonable notice to the State as the circumstances may permit in the judgment of the Maritime Administrator. If use of the Training Ship is terminated by the Maritime Administrator, the Maritime Administrator may:

(1) Substitute another Training Ship;

(2) Require the sharing of a Training Ship by two or more Schools; or

(3) Cooperate with the School in arranging for training time aboard commercial vessels for its Cadets and Midshipmen.

(c) *Property aboard the Training Ship.* The State shall have the complete use of a Training Ship as defined, subject to the following terms and conditions:

(1) All property, or its equivalent furnished by the Administration, shall be returned to the Administration when use of the Training Ship is terminated. The only exceptions are: spare and replacement parts consumed; and losses due to ordinary wear and tear, unavoidable accident and perils of the

sea. All other property otherwise lost or destroyed shall be replaced at the expense of the State.

(2) Administration property shall not be permanently removed from the Training Ship to the shore base without the prior written approval of the Supervisor.

(3) The administration shall take inventories of State and Federal property aboard the Training Ship at such times as it deems necessary. The school, at its expense, shall furnish such assistance as may be necessary in taking such inventories.

(d) *Condition Surveys.* Before a Training Ship is released to a School and manned by officers under State control, a condition survey shall be made by duly authorized representatives of the School and the Administration. If the Training Ship is found in order, the School representative shall sign a receipt for the Training Ship. Subsequently, after due notice to the State authorities, a condition survey may be made of the Training Ship whenever deemed advisable by the Administration, and, in any event, upon redelivery of the Training Ship by the State to the Administration.

(e) *Maintenance and repairs.* (1) *Administration payment.* A Training Ship shall be maintained in good repair by the Secretary as provided by the 1958 Act and the Act. Expenses for repairs, changes and alterations, repairs to equipment and replacements of equipment in accordance with the Administration's approved allowance lists for the Training Ship (i.e. authorized under the Act and to the extent that funds are available), shall be borne by the Administration under the following terms and conditions:

(i) When it is necessary to repair or drydock the Training Ship because of damage (except in an emergency, when on foreign cruise), the Commanding Officer or Superintendent shall notify the Supervisor and appropriate Region Director by telephone or telegraph in order to enable a representative of the Region Director, if available, to be present, when the survey of the damage is made.

(ii) Repairs which need not be carried out during the annual overhaul period shall be made by the Cadets or Mid-

shipmen, if possible, under the supervision of the officers. When repair material is required for this purpose, the Commanding Officer or Superintendent shall forward to the Supervisor a list of such material and estimated costs, and a description of the repairs to be carried out by the Cadets or Midshipmen. The Supervisor shall promptly advise the Commanding Officer or Superintendent whether or not such work comes under the heading of repairs, and if procurement of the material is authorized.

(iii) Requisitions covering repairs, renewals, and betterments shall be prepared in quintuplicate by the heads of departments of the Training Ship and submitted by the Commanding Officer or Superintendent to the Supervisor at least forty-five (45) days before the date of the annual overhaul, with one copy to the Region Director.

(iv) The State is authorized to expend not to exceed \$5,000 for emergency repairs which become necessary while the Training Ship is on foreign cruise. The Administration shall reimburse the State upon submission of vouchers to, and approval by, the Maritime Administrator. To obtain reimbursement for emergency repairs estimated to cost in excess of \$5,000, authorization must be obtained by the State from the Supervisor prior to undertaking such repairs. The Commanding Officer shall be responsible for all necessary filings with the United States Customs Service to avoid duties upon all emergency repairs performed outside the United States. If penalties are imposed, for non-filing or improper filing, they shall be solely the responsibility of the State.

(2) *State payment.* Except as otherwise provided in this section, the State shall, at its own expense, accomplish the following:

(i) Undertake usual preventive maintenance of the Training Ship, adhere to minimum levels of preventive maintenance as prescribed by the Administration, and keep the Training Ship clean and painted, above the waterline according to good maritime practices.

(ii) Cause the Training Ship to be fumigated if required by the Administration and forward to the Supervisor a copy of the fumigation certificate.

(iii) Pay for all consumable stores, freshwater and costs incidental to the operation of the Training Ship.

(iv) Pay for fuel of the training ship except that the Administration may assist in paying the cost of fuel consumed on the Training Ship while being used for training purposes if funds are appropriated and available for such purposes.

(f) *Cruises.* The school shall submit the cruise itinerary of the Training Ship including a listing of foreign ports to be visited, for approval of the Supervisor at least sixty (60) days in advance of the date such cruise is scheduled to begin. The Supervisor shall arrange with the Department of State for clearance of the Training Ship to visit foreign ports.

(g) *Hospitalization.* The School shall be responsible for all medical treatment and hospitalization of all persons aboard the Training Ship at all times, including officers and Cadets and Midshipmen. If available, facilities of the United States Public Health Service should be utilized.

(h) *Repatriation and return to home port.* The School shall be responsible for the return to the home port of the Training Ship of all persons, including officers and Cadets and Midshipmen, who originally embarked on a training cruise from a Continental United States port and who are left behind, after the departure of the Training Ship from any port, foreign or domestic, or are to be brought home from the ship at any time or for any reason. The School shall be solely responsible for all expenses of repatriation and return to home port.

§310.5 Personnel.

(a) *Selection and appointment of Superintendent and faculty by State authorities.* (1) The State shall select and appoint the Superintendent of a School in accordance with qualifications established by appropriate State authorities. The State shall notify the Maritime Administrator whenever a new Superintendent is appointed and furnished with appropriate background information on the appointee for informational purposes.

(2) The State shall appoint faculty members in disciplines other than en-

gineering and navigation on the basis of the same criteria used in the employment of such personnel in State-supported colleges and universities throughout the State. §310.7 Federal student subsistence allowances and student incentive payments.

(a) *Subsistence allowances.* (1) *Selection and allocation.* In accordance with the Administration's established freshmen subsidy allocation for each School, the school shall select the individuals in its new entering class who will be enrolled in the United States Maritime Service as cadets and start to receive Federal student subsistence payments for uniforms, textbooks and subsistence as provided in the 1958 Act. The freshman subsidy allocations for each school are as follows: California Maritime Academy 99; Maine Maritime Academy 135; Massachusetts Maritime Academy 69; State University of New York Maritime College 200; Great Lakes Maritime Academy 45; and the Texas Maritime College 32. Each student who meets the entrance requirements in §310.6(a) and applies for enrollment in the United States Maritime Service shall be entitled to consideration for a student subsistence

payment at a rate and under the conditions in the 1958 Act. The list identifying the selected students shall be forwarded to the Administration on or before October 31, 1981. The Federal student subsistence payments will be paid to the School while a cadet is in attendance but not in excess of four (4) academic years for any one student.

(2) *Resignation or disenrollment.* There will be no substitution for students removed or dropped from the list of those originally receiving Federal student subsistence payments. Subsidized students who resign or are disenrolled from a school shall not, on subsequent reenrollment, be in a position to reclaim their subsidy status.

(3) *Selection criteria; rate of payment.* The selection of the students to receive such payments shall be made by the School in accordance with criteria established by the School, with the prior approval of the Administration. The rate of Federal student subsistence payments will be determined by the Administration according to the 1958 Act or the Act.

(4) *ROTC enrollment.* Subsidized cadets who make a commitment to an Armed Force Reserve Officer Training Corps will be removed from the Administration subsidy rolls effective on the date they receive funds from a U.S. military service. Should they leave the program for any reason they may not reclaim the Administration subsidy as a cadet.

(5) *Payment procedure.* The Administration shall make the Federal student subsistence payments no more frequently than monthly, directly to the School upon the presentation of a statement containing the names of each Cadet selected by the Academy (within the quotas furnished pursuant to paragraph (a) of this section) to be enrolled in the Maritime Service and to receive the Federal student subsistence payments. For newly selected Cadets in a new entering class, the statement supporting the first voucher for payment shall certify that the cadets have met the entrance requirements in § 310.6.

(6) *Certification procedure.* All vouchers submitted for payment shall contain a certification by the Superintendent that the payment will be used to

assist in defraying the cost of the uniforms, textbooks, and subsistence of each Cadet on the basis of the amount to which the cadet is entitled, as reflected by the attached Daily Attendance Report. No cadet shall receive a federal student subsistence payment for any time during which he or she is absent without leave or for absence due to a condition not in line of duty, or when determined by the School to be not in good standing.

(7) *Insufficient appropriations.* If it appears that the amount appropriated by Congress under the Act shall not be sufficient to make payments at the maximum rate, not in excess of \$1,200 per academic year per cadet, the Maritime Administrator, after consultation with the Schools, may determine the exact rate to be paid at each School for the remainder of the fiscal year.

(b) *Federal student incentive payments.*

(1) *General provisions.* In accordance with the Administration's established subsidy quotas for classes entering after April 1982, each school shall identify to the Administration, no later than February 1 annually, those students who have been selected to receive the student incentive payment authorized by the Act. The students so identified must meet the requirements of § 310.6(b). The Administration shall provide the school with the necessary service obligation agreements. The agreements will be signed by the designated students and returned by the School to the Supervisor and shall become effective when signed by the Supervisor or his or her designee. A copy shall be returned to the School for transmittal to the student. Payments will be issued to these midshipmen in amounts equaling \$1,200 for each academic year of attendance. Payments shall commence to accrue on the day each such midshipman begins his or her first term of work at the School. Such payments shall be made quarterly to the midshipman until the completion of his or her course of instruction but in no event for more than four (4) academic years. The School shall submit a quarterly certified Daily Attendance Report listing the names of all designated midshipmen who are entitled to student incentive payments.

Midshipmen who do not take all necessary steps to maintain their midshipman status, who lose their midshipman status due to action by the U.S. Navy, or who make the commitment identified in paragraph (a)(4) of this section will have their student incentive payment terminated.

(2) *Temporary reallocation of Federal student incentive payments.* If a School does not have a sufficient number of eligible freshmen to utilize all of its allotted payments, then the unused subsidies may be reallocated on a need basis to academies with eligible students. In the next academic year, each School's subsidy quota for entering students will revert to its original level.

(3) *Form of the Service Obligation Agreement.* The service obligation agreement shall obligate the midshipman to—

(i) Use the student incentive payment to defray the cost of uniforms, books and subsistence;

(ii) Complete the course of instruction at the School unless sooner separated by the school;

(iii) Take the examination for a license as an officer in the merchant marine of the United States on or before the date of graduation from a School and to fulfill the requirements for such license not later than three (3) months after graduation;

(iv) Maintain a license as an officer in the merchant marine of the United States for at least six (6) years following graduation from a School;

(v) Apply for an appointment as, accept if tendered, and serve as a commissioned officer in the United States Naval Reserve (including the Merchant Marine Reserve, United States Naval Reserve), the United States Coast Guard Reserve, or any other Reserve unit of an armed force of the United States, for at least six (6) years following graduation from a School; and

(vi) Serve in the foreign or domestic commerce or both, and the national defense of the United States for at least three (3) years following graduation from a School—

(A) As a merchant marine officer serving on vessels documented under the laws of the United States or on vessels owned and operated by the United

States or by any State or Territory of the United States;

(B) As an employee in a United States maritime-related industry, profession, or marine science (as determined by the Maritime Administrator), if the Maritime Administrator determines that service under paragraph (b)(3)(vi)(A) of this section is not available to such individual;

(C) As a commissioned officer on active duty in an armed force of the United States or in the National Oceanic and Atmospheric Administration; or

(D) By combining the services specified in paragraphs (b)(3)(vi) (A), (B) and (C) of this section.

(4) *Marine-related employment.* (i) graduates who intend to claim employment in a United States maritime-related industry, profession of marine science as meeting all or part of the service obligation under paragraph (b)(3)(vi) of this section, shall submit evidence to the Supervisor that they have conscientiously sought employment as a merchant marine officer, and that such employment is not available. Such evidence and other information available, shall be considered in any finding. In view of current and projected employment opportunities, afloat, the Maritime Administrator will grant the shoreside employment option infrequently and only on the basis of comprehensive evidence.

(ii) The Maritime Administrator may consider the positions of operational, management and administrative responsibility in the following marine-related categories under the provisions of paragraph (b)(3)(vi) of this section: Civilian employment in Federal and State agencies related to maritime affairs, steamship companies, stevedoring companies, vessel chartering and operations, cargo terminal operations, naval architecture, shipbuilding and repair, municipal and state port authorities, port development, marine engineering, and tug and barge companies. The above list is not all inclusive and is only intended to serve as a general guide.

(5) *Afloat employment year.* For purposes of the service obligation, a satisfactory year of afloat employment, shall be a number of days employed

afloat that is at least equal to the median number of days of seafaring employment under Articles achieved by deck or engine officers in the most recent calendar year for which statistics are available.

(6) *Reporting requirement.* The schools shall promptly submit copies of all resignation forms (containing the name, reason, address and telephone number) of juniors and seniors to the Supervisor, to be used for monitoring and enforcement purposes. Each graduate shall submit an employment report form to the Supervisor on or before July 1 of each year following their year of graduation, for three years. In case a deferment has been granted to engage in a graduate course of study, semi-annual reports must be submitted for any extension of the three (3) year obligation period resulting from such deferments. Reporting forms will be distributed by the school and the Supervisor. The reporting requirement for graduates will not become effective until there are State academy graduates subject to this provision, not earlier than 1985. The specific form to be developed by the Maritime Administration shall be subject to approval by the Office of Management and Budget.

(7) *Breach of Agreement.* (i) If the Administration determines that any midshipman who has attended a school for not less than 2 years has failed to complete the course of instruction at a school, the Secretary of the Navy may order that midshipman to active duty in the United States Navy, to serve for a period of time not to exceed 2 years. The Supervisor shall submit the list of those who have breached their agreement to the Chief of Naval Education and Training, Pensacola, Florida 32508.

UNITED STATES OF AMERICA, DEPARTMENT OF
TRANSPORTATION, MARITIME ADMINISTRATION

State Maritime Academy or College Agreement

This Agreement, entered into as of the 1st day of July 1981, by and between the United States of America, acting through the Department of Transportation, Maritime Administration (hereinafter called the "Administration") and the State of _____ (hereinafter called the "State"), acting through the _____ Maritime Academy (hereinafter called the "School").

WITNESSETH

Whereas:

1. The Agreement is effective July 1, 1981. A number of its provisions will become effective October 1, 1981, or later, and are so indicated;

2. "The Maritime Education and Training Act of 1980," Pub. L. 96-453 (hereinafter called the "Act"), effective October 1, 1981, and its predecessor statute "The Maritime Academy Act of 1958," Pub. L. 85-672 (hereinafter called the "1958 Act"), provide for payments to State, Regional, and Territory maritime academies and colleges (hereinafter called "schools") for the maintenance and support of such schools;

3. The 1958 Act provides for payments to the schools for students in attendance at such schools commencing with the day such students begin their first term of work at such schools until the completion of the course of instruction, but in no event for more than four academic years;

4. The Act authorizes the Administration to make payments to students entering into a service obligation agreement with the Administration;

5. The Act authorizes the Administration to pay for the cost of all fuel consumed by a

training ship furnished by the Administration while such vessel is being used for training purposes;

6. The Act and the 1958 Act provide for certain requirements regarding courses of instruction and educational standards which any such schools must meet in order to receive said payments referred to in paragraph 2 above; and,

7. The Administration has determined that the School has met or by virtue of this Agreement meets all the requirements referred to in paragraph 6 above.

Now, therefore, in consideration of the premises and of the mutual promises herein-after set forth, the parties hereto agree as follows:

Article 1. Assistance Payments.

The Administration, subject to the provisions of Article 5 of this Agreement, agrees to make annual payments to the school for not in excess of four years if the school has a four-year course and not in excess of three years if the school has a three-year course under this Agreement to be used for the maintenance and support of the school. The amount of each such annual payment shall be not less than the amount furnished to the school for its maintenance and support by the State but shall not exceed \$25,000, or \$100,000 if the school meets the requirements of Article 5(b) of this Agreement.

Art. 2. Subsistence Payments.

The Administration, subject to the provisions of Article 5 of this Agreement, agrees to make payments for each student enrolled in a subsidized status before April 1, 1982, at a rate not in excess of \$1,200 for each academic year. These payments shall be made to the school for the account of each such subsidized student who is attending the school. The school agrees that such payments shall be used by the student to assist in defraying the cost of his or her uniforms, textbooks, and subsistence. It is further agreed that the payments under this Article 2 shall commence to accrue on the day each such subsidized student begins his or her first term of work at the school and that such payments shall be paid to the school in such installments as the Administration shall prescribe while such student is in attendance and until the completion of his or her course of instruction, but in no event for more than the normal period required, by the school, to complete the prescribed course.

Art. 3. Student Incentive Payments.

The Administration, subject to the provisions of Article 5 of this Agreement, agrees to provide the school with service obligation agreement forms for a specified number of students beginning the first term of work at the school on or after April 1, 1982. The service obligation agreement forms shall be signed by the designated students and returned by the school to the Administration which agrees to issue payments to these stu-

dents in amounts equaling \$1,200 for each academic year to assist them in paying the cost of uniforms, books and subsistence. It is further agreed that under Article 3 payments shall commence to accrue on the day each such subsidized student begins his or her first term of work at the school and that such payments shall be paid in such installments as the Administration shall prescribe while the student is in attendance and until the completion of his or her course of instruction, but in no event for more than the normal period required, by the school, to complete the prescribed course.

Art. 4. Fuel Payments.

If funds are appropriated in any given fiscal year and are made available for expenditure by the Administration for fuel consumed by Government-owned training ships furnished to the schools, the allocation of such funds may be as determined in the discretion of the Administration.

Art. 5. Requirements.

(a) In consideration of the payments to be made to the school pursuant to Articles 1, 2 and 4 of this Agreement, and of the payments to designated students enrolled in the school pursuant to Article 3 of this Agreement, the school shall, and as a condition of this Agreement agrees to,

(1) Provide courses of instruction in navigation, marine engineering (including steam and diesel propulsion), the operation and maintenance of vessels and equipment, and innovations being introduced to the merchant marine of the United States; and,

(2) Conform to such standards in such courses, in training facilities, in entrance requirements, and in instructors, as are established by the Administration after consultation with the Superintendents of schools.

(b) In addition to the condition provided in paragraph (a) of this Article 5 and as an express condition to receiving payments of any amount in excess of \$25,000 for any one year under Article 1 of this Agreement, the school hereby agrees to admit to its courses of instruction otherwise qualified students resident in any other State or Territory in such numbers as the Administration shall prescribe, except that the number so prescribed shall not, at any time, exceed one third of the total number of students attending the school.

(c)(1) The school agrees that, with respect to the training program for merchant marine officers under the Act and the 1958 Act, and this Agreement, it will, to the extent applicable, comply with the following provisions of law and implementing regulations duly promulgated thereunder (including, but not limited to 15 CFR Part 8): Title VI, Civil Rights Act, 1964 (42 U.S.C. 2000d); Age Discrimination Act of 1975 (42 U.S.C. 6101); and Vocational Rehabilitation section 504 (29 U.S.C. 794). The school further agrees that it

will immediately take any measures necessary to effectuate this subparagraph (c)(1).

(2) It is agreed that these assurances are given in consideration of and for the purpose of obtaining and continuing in effect any financial assistance extended after the date hereof to the school by the Administration including any payments to be rendered pursuant to agreements extending financial assistance which were approved prior to such date, and any violation by the school of any of the provisions of this assurance of nondiscrimination shall constitute a breach of this Agreement and of each of such prior agreements.

(3) The school further recognizes and agrees that such financial assistance will be extended by the Administration in reliance upon the representations and agreements made in this assurance of nondiscrimination, and that the United States shall have the right (in addition to any of its other rights under its agreements with the school) to seek judicial enforcement of these assurances. These assurances are binding on the school, its principals, officers, employees, agents, successors, transferees, and assignees.

(d) The Administration is hereby authorized to examine and audit the books, records and accounts of the school whenever it is deemed necessary or desirable. Further, the school agrees to permit the making of photostatic or other copies of any such books, records, papers, memoranda or other documents and to furnish without charge, adequate office space and other facilities reasonably required by such auditors of the Administration or other persons designated by the Administration in the performance of their duties in administering the provisions of the payments provided under this Agreement. This provision complies with Federal Management Circular 73-6 providing for a single audit for educational institutions and assigning one Federal agency with the audit responsibility for schools receiving Federal aid.

Art. 6. Methods of Payment.

(a) *Assistance Payments.* The school shall submit to the Administration annually, at the time and in the form approved by the Administration, a voucher for the assistance payment provided in Article 1 of this Agreement. Each voucher for an assistance payment whether under the Act or the 1958 Act, shall be supported by certified statements of operating expenses for the preceding year, of an estimate of operating expenses for the year with respect to which the voucher is submitted, of amounts furnished by the State to the school for maintenance and support, and of evidence of compliance with the requirements of paragraph (b) of Article 5 of this Agreement. Upon approval of such voucher by the Administration, payment

shall be made by the Administration to the school.

(b) *Subsistence Payments.* The school shall submit a monthly voucher, in form approved by the Administration, for the subsistence payments provided in Article 2 of this Agreement. Each voucher for subsistence payments shall be supported by a certified Daily Attendance Report listing the names of all subsidized students and the number of days each was in attendance at the school and is entitled to payment as stated on such voucher. Upon approval of such voucher by the Administration, payment shall be made by the Administration to the school.

(c) *Student Incentive Payments.* The school shall submit a monthly certified Daily Attendance Report listing the names of all designated students who are entitled to the student incentive payments provided in Article 3 of this Agreement and the number of days each was in attendance at the school and is entitled to payment. The Administration will prepare the necessary voucher and make payment to the school.

Art. 7. Public Information.

It is agreed that the school shall include in its curriculum catalogue, student information pamphlets, brochures, and other public information materials, a detail description of the assistance available to the school and its students under the Act, the 1958 Act and this Agreement, including the service obligations of student and graduates who first enter the school on or after April 1, 1982.

This Agreement is subject to all the provisions of Part 310, Subpart A, Title 46, Code of Federal Regulations, and the school hereby agrees to conform to said provisions as they may be amended from time-to-time during the period this Agreement is in effect.

Art. 9. Officials not to Benefit or be Employed.

No member of or delegate to Congress, nor Resident Commissioner, shall be admitted to any share or part of this Agreement or to any benefit that may arise therefrom; but this provision shall not be construed to extend to this Agreement if made with a corporation for its general benefit.

Art. 10. Disputes.

Except as otherwise provided in this Agreement, any dispute concerning a question of fact arising under this Agreement which is not disposed of by agreement shall be decided by the Director, Office of Maritime Labor and Training who shall reduce his or her decision to writing and mail or otherwise furnish a copy thereof to the school, which decision shall be final and conclusive unless within thirty (30) days from the date of receipt of such copy, the school appeals by mailing or otherwise furnishing said Director, Office of Maritime Labor and Training, a written appeal addressed to the Maritime Administrator, Department of Transportation. The decision of the Maritime Administrator, Department of Transportation, or his or her duly authorized representative, shall be final and conclusive. In connection with any appeal, the school shall be afforded an opportunity to be heard and to offer evidence in support of its appeal. Pending final decision of a dispute hereunder, the school shall proceed diligently with performance of the Agreement in accordance with the decision of the Director, Office of Maritime Labor and Training.

This Agreement is effective as of the day and year first set forth hereinabove and shall remain in full force and effect for a period of ____ years after said date, unless sooner terminated by either party as herein provided.

Art. 12. *Termination of Agreement.*

This Agreement may be terminated by either party upon sixty (60) days written notice to the other party. *Provided, however,* that notwithstanding any such termination the parties hereto shall continue to be responsible for the faithful performance of all of the terms and provisions of this Agreement through the effective date of such termination. Termination or expiration of this Agreement shall neither affect nor relieve either party of any liability or obligation that may have arisen or accrued prior thereto.

Art. 13. *Renewal of Agreement.*

Unless terminated by notice, as provided for herein under Article 12 of this Agreement, the rights and privileges granted to, and the obligations assumed by, the parties together with all other provisions of this Agreement shall continue in full force and effect and shall be renewed from year-to-year for an additional period of one (1) year from the expiration date herein, unless either party shall at least three (3) months prior to the date of expiration of any additional one (1) year period notify the other party in writing that it does not desire the Agreement to be extended for such additional one (1) year period. This Agreement, as extended year-to-year as aforesaid, may be amended, modified or supplemented in writing at any time by the mutual consent of the parties hereto.

Art. 14. *Assignment Prohibited.*

It is hereby agreed by the school that the Agreement, or any interest herein, shall not be assigned to any other person without the prior written consent of the Administration, which consent may be subject to such terms and conditions as the Administration deems appropriate.

Art. 15. *Availability of Funds.*

It is understood and agreed by and between the parties hereto that the obligations under this Agreement shall be deemed executory to the extent of the monies available to said parties for the purpose thereof and no liability on account thereof shall be incurred beyond such available monies by either of said parties.

Art. 16. *Prior Agreement.*

It is hereby understood and agreed by and between the parties hereto that the agreement in effect between the parties on the date prior to the effective date of this Agreement is superseded by this Agreement but only as to obligations not incurred prior to the expiration date of said prior agreement under the provisions of said prior agreement.

(c) *Character.* A candidate shall be of good moral character. The Administrator may reject the nomination of any candidate whose character is incompatible with the Academy's standards. No person who has been dismissed or compelled to resign from the U.S. Military Academy, the U.S. Naval Academy, the U.S. Air Force Academy, the U.S. Coast Guard Academy, the Academy or a State maritime academy for improper conduct shall be eligible for appointment as a midshipman at the Academy. No person whose last discharge from any armed force was under conditions other than honorable or who has had a merchant mariner document removed or suspended for cause shall be eligible for appointment as a midshipman.

(d) *Investigation.* To be eligible for appointment, all candidates who are United States citizens shall be completely loyal to the United States and shall meet the requirements established by the Department of the Navy for designation as Midshipman, USNR (including the Merchant Marine Reserve, USNR). Candidates for appointment shall execute documents approved by the Administrator for the purpose of a security and suitability investigation. Appointment as a Midshipman, USNR (including the Merchant Marine Reserve, USNR) shall be a condition of admission for an individual who is a citizen. A candidate who is conditionally appointed to the Academy pending completion of a Navy security and suitability investigation shall be subject to immediate separation should the candidate, as a result of the investigation, fail to meet the requirements established for appointment as Midshipman, USNR.

§ 310.55 Scholastic requirements.

(a) *Academic requirements*—(1) *Credits.* Applicants shall have satisfactorily completed their high school education at an accredited secondary school, or equivalent, and shall present at least 15 units of credit for subjects acceptable to the Academy, comprised of:

(i) 7 required units, as follows:

(A) 3 units of Mathematics (from algebra, geometry and trigonometry);

(B) 3 units of English; and

(C) 1 unit of Physics or Chemistry.

(ii) 8 other units, preferably chosen from the following fields:

(A) Additional mathematics and science;

(B) Foreign language;

(C) Economics; and,

(D) Social science.

(2) *Evidence of academic work.* Before approval of an application, each applicant shall submit evidence showing completion of high school education, or showing that such education will be

completed no later than June 30 of the year in which admission is sought.

(b) *Scholastic examinations*—(1) *Required entrance examinations.* Applicants shall qualify in either the College Board's Scholastic Aptitude Tests (SAT) or the American College Testing Program (ACT) examinations, administered nationally on scheduled dates at convenient testing centers. A candidate electing to use the College Board shall take both the mathematics and the verbal section of the SAT. A candidate electing to use the ACT, shall take all the tests, namely, English, Mathematics, Social Sciences and Natural Sciences. Minimum qualifying scores on the entrance examinations will be determined by the Superintendent of the Academy for each entering class prior to any offers of appointment for the particular class. Any score below the minimum on any one section of an examination shall make the nominee ineligible for admission. All examination costs shall be borne by the applicant. Nominees shall take all the required examinations by the February testing date in the year for which they seek appointment, unless the Academy's Admissions Office grants special authorization to take later examinations.

(2) *Forwarding test results.* Candidates shall be responsible for requesting the testing services to submit their scores directly to the Academy.

(3) *Test information.* Information on the entrance examinations may be obtained from—

The candidate's high school guidance office; or,
College Board, P.O. Box 592, Princeton, N.J. 08540; or,
College Board, P.O. Box 1025, Berkeley, CA. 94701; or,
American College Testing Program, P.O. Box 168, Iowa City, IA 52240.

(c) *Prior Scholastic Record.* Applicants shall demonstrate scholastic achievement by having attained a relatively high standing in relation to their fellow students and by having shown proficiency in mathematics and science courses. With respect to applicants who completed high school at least one year before applying for admission to the Academy, consideration will be given to satisfactory college level study or

any special study undertaken to strengthen their academic backgrounds, particularly in respect to determining whether such supplementary academic activity offsets any deficiency in high school scholastic records.

(d) *Waivers.* No waivers of scholastic requirements will be granted.

§ 310.56 Physical requirements.

(a) *Physical standards.* (1) A candidate shall meet the physical requirements prescribed by the Department of the Navy for appointment as Midshipman, USNR (including the Merchant Marine Reserve, USNR) and the requirements prescribed by the U.S. Coast Guard for original licensing as a third mate and third assistant engineer. All candidates shall have color perception and refractive error within the limits prescribed by the Department of the Navy or by the U.S. Coast Guard, whichever are higher.

(2) The requirement to meet these standards is a continuing one and shall apply through graduation from the Academy. Failure to meet the standards while attending the Academy is grounds for, and may lead to disenrollment. Individuals who have completed at least two years of study and, as a result of an accident, illness or other cause (during official duty), fail to meet this requirement may be permitted to remain at the Academy at the discretion of, and under conditions set by, the Administrator. Those individuals permitted to remain through graduation will agree to fulfill aspects of the service obligation which they are capable of, as deemed appropriate by the Administrator.

(b) *Qualifying physical examinations.* All candidates for the Academy shall have a physical and dental examination conducted by a service academy examining facility designated by the Service Academies Central Medical Review Board. The required physical examination shall occur within 1 year preceding the date of admission to the Academy. Although there is no charge for such examination, all expenses (including travel, meals and hotel accommodations) incurred in obtaining such examination shall be borne by the applicant. Candidates may be subject to reexamination upon reporting to the

Academy and at any time while attending the Academy.

(c) *Physical reexamination.* A candidate who is rejected for failure to meet the physical requirements may request either a reevaluation of the examination results or a reexamination. A midshipman failing to meet the physical requirements while attending the Academy is entitled to make the same request.

(d) *Waivers.* Some medical requirements may be waived for enrolled students and applicants to the USMMA who require such a medical waiver to qualify for admission and/or retention. Since commissioning in the United States Navy, or any other branch of the Armed Forces, is a requirement for graduation, no waivers will be granted for medical conditions which would prevent commissioning in at least a restricted status in the U.S. Navy Reserve. Individuals interested in waiver consideration may request a waiver by writing to the Superintendent, USMMA. The granting of medical waivers will be based on U.S. Navy guidelines and regulations for waiver consideration for admission to the U.S. Naval Academy and the physical requirements consistent with commissioning as a reserve officer in the U.S. Navy in a restricted line program. Individuals requesting medical waivers must be able to meet all other admission requirements, including the physical examination requirement for an original U.S. Coast Guard merchant marine license as a third mate and/or third assistant engineer. The decision of the Superintendent on any requested waiver is administratively final.

§ 310.57 Application and selection of midshipmen.

(a) *Application.* All candidates shall submit an application for admission to the Academy's Admissions Office. Prospective candidates also should submit an application, but are not considered official candidates until their nominations are received. Candidates shall submit with their applications an official transcript and personality record from the candidate's high school and, if applicable, such records from any

school attended after high school graduation. Application forms are available upon request by writing to the Admissions Office at the Academy.

(b) *Selection of Midshipmen.* Selection of midshipmen for appointment to fill vacancies allotted to the various States and other locations, as specified in § 310.53(b) (1) and (2) of this subpart, shall be in order of merit. The order of merit shall be determined on the scores of the required entrance examinations, on assessment of the academic background of the individual and on such other factors as are considered by the Academy to be effective indicators of motivation and the probability of successful completion of training at the Academy. No preference shall be granted in selecting individuals for appointment because one or more members of their immediate families are alumni of the Academy.

(c) *Notification of selection.* Results of the selection process will be made known about May 1 each year. The Academy shall advise each candidate and his or her nominating official of his or her status as a principal candidate, as an alternate candidate or as an unqualified candidate. Alternates will replace principal candidates who decline appointment or fail to meet the physical requirements or the security and suitability investigation.

(d) *Service obligation agreement.* Each candidate selected for appointment to the Academy after April 1, 1982, who is a citizen of the United States, shall sign a service obligation contract as a condition of admission. The contract is prescribed in § 310.58 of this subpart.

(e) *Reporting to the Academy.* Candidates who accept offers of appointment shall, pursuant to instructions issued by the Academy, report to the Academy on a specified date in mid-July for orientation and induction.

(f) *Oath.* Each midshipman who is a citizen of the United States shall take the following oath of office at the Academy:

"I, _____, having been appointed a midshipman to the U.S. Merchant Marine Academy, accept appointment and do solemnly swear (or affirm) that I will support and defend the Constitution of the United States against all enemies, foreign and domestic; that I will bear true faith and allegiance to the same; that I will comply with all the reg-

ulations of the U.S. Merchant Marine Academy; that I take this obligation freely, without any mental reservation or purpose of evasion; and that I will well and faithfully discharge the duties of the office on which I am about to enter, so help me God."

(g) *Birth Certificate.* Each candidate shall present a certificate of birth authenticated by an authorized official.

§ 310.58 Service obligation for students enrolled after April 1, 1982.

(a) *Form of service obligation contract.* The service obligation contract shall obligate each midshipman who is a citizen and who enters the Academy after April 1, 1982, to:

(1) Complete the course of instruction at the Academy, unless sooner separated by the Academy;

(2) Fulfill the requirements for a license as an officer in the merchant marine of the United States on or before the date of graduation from the Academy;

(3) Maintain a license as an officer in the merchant marine of the United States for at least six (6) years following the date of graduation from the Academy;

(4) Apply for an appointment as, accept any tendered appointment as and serve as a commissioned officer in the USNR (including the Merchant Marine Reserve, USNR), the United States Coast Guard Reserve, or any other Reserve component of an armed force of the United States for at least six (6) years following the date of graduation from the Academy;

(5) Serve the foreign and domestic commerce and the national defense of the United States for at least five (5) years following the date of graduation from the Academy:

(i) As a merchant marine officer serving on vessels documented under the laws of the United States or on vessels owned and operated by the United States or by any State or territory of the United States;

(ii) As an employee in a United States maritime-related industry, profession or marine science (as determined by the Administrator), if the Administrator determines that service under paragraph (a)(5)(i) of this section is not available;

(iii) As a commissioned officer on active duty in an armed force of the United States or NOAA; or

(iv) By combining the services specified in paragraphs (a)(5) (i), (ii) and (iii) of this section; and,

(6) Submit periodic reports to the Administration to establish compliance with all the terms of the contract.

(b) *Service as a merchant marine officer.* For purposes of the service obligation, a satisfactory year of service on vessels as a merchant marine officer shall be the lesser of—

(1) 150 days; or

(2) The number of days that is at least equal to the median number of days of seafaring employment under articles achieved by deck or engine officers in the most recent calendar year for which statistics are available.

(c) *Marine-related employment.* (1) Graduates who do not meet the sea service requirement in paragraph (b) of this section and who claim employment in a United States maritime-related industry, profession or marine science as meeting all or part of the service obligation under paragraph (a)(5) of this section and the serve obligation contract shall submit evidence to the Administration that they have conscientiously sought employment as a merchant marine officer, and that such employment is not available. Such evidence submitted, and other information available to the Administration, shall be considered in any finding. In view of current and projected employment opportunities afloat, the Administrator will grant the shoreside employment option infrequently and only on the basis of comprehensive evidence.

(2) The Administrator may consider positions of operational, management or administrative responsibility, including, but not limited to, the following marine-related categories, to be under the provisions of § 310.58(a)(5)(ii) of this subpart and the service obligation contract: Civilian employment in Federal and State agencies related to maritime affairs; steamship companies; stevedoring companies; vessel chartering and operations; cargo terminal operations; naval architecture; shipbuilding and repair; municipal and State port authorities; and port devel-

opment, marine engineering, and tug and barge companies.

(d) *Reporting requirements.* Each graduate shall submit an employment report to the Academies Program Officer, Office of Maritime Labor and Training, Maritime Administration, NASSIF Building, 400 7th St., SW, Washington, DC 20590, on or before July 1 of each year following his or her year of graduation for five consecutive years. Each graduate granted a deferment to engage in a graduate course of study shall submit annual reports for the extension of the five (5) year obligation period resulting from such deferment. The Administration shall provide reporting forms. However, non-receipt of such form shall not exempt a graduate from submitting employment information as required by this paragraph. The reporting requirements for graduates will not become effective until there are Academy graduates subject to this provision, no earlier than 1986. The specific form to be developed by the Administration will be subject to approval by the Office of Management and Budget.

(e) *Breach of contract.* (1) If the Administration determines that any individual who has attended the Academy for not less than 2 years has failed to complete the course of instruction at the Academy, the Secretary of the Navy may order that individual to active duty in the U.S. Navy, at a rating determined by the U.S. Navy, to serve for a period of time not to exceed 2 years. The Administration shall submit the list of those who have breached their service obligation contract to the Chief of Naval Education and Training, Naval Air Station, Pensacola, Florida 32508.

(2) If the Administration determines that a graduate of the Academy has broken his or her agreement under paragraphs (a)(2) through (6) of this section and the service obligation contract, such individual may be ordered to active duty to serve a period of time not less than three (3) years and not more than the unexpired portion of the service required under said subparagraph (5) and the contract. The Administrator, in consultation with the Department of Defense and the U.S. Coast

Guard, shall determine in which service the graduate shall serve and the period of time. The branch of service in which the individual serves shall determine the rank or rating of the individual. If the Secretary of Defense is unable or unwilling to order an individual to active duty, the Secretary of Transportation may recover from the individual the cost of education provided by the Federal Government by requesting the Attorney General to begin court proceedings to recover the costs of that education.

(f) *Waivers.* The Administrator shall have the discretion to grant waivers of the service obligation contract in cases where there would be undue hardship or impossibility of performance due to accident, illness or other justifiable reason. Applications for waivers shall be submitted to the Academies Program Officer, Office of Maritime Labor and Training, Maritime Administration, NASSIF Building, 400 7th St., SW, Washington, DC 20590.

(g) *Deferments.* In exceptional cases, the Administration may grant a deferment of all or part of the agreement under paragraph (a)(5) of this section and the service obligation contract, for a period not to exceed 2 years, only for graduates considered to have superior academic and conduct records while at the Academy and only for the purpose of entering a marine or maritime-related graduate course of study approved by the Administrator; *Provided,* That any deferment of service as a commissioned officer under paragraph (a)(5)(iii) of this section and the service obligation contract shall be subject to the sole approval of the Secretary of the department which has jurisdiction over such service (including the Secretary of the department in which the U.S. Coast Guard is operating and the Secretary of Commerce with respect to NOAA). A graduate shall make application for such deferment through the Superintendent of the Academy, who shall forward each application, together with the Superintendent's recommendation for approval or disapproval and an evaluation of the applicant's academic and conduct records, to the Academies Program Officer, Office of Maritime Labor and Training, Maritime Administra-

tion, NASSIF Building, 400 7th St., SW, Washington, DC 20590 for appropriate action.

(h) *Determination of compliance with service obligation contract; deferment; and review procedures.* (1) A designated official of the Administration shall:

(i) Determine whether a student or graduate has breached his or her service obligation contract;

(ii) Grant or deny a deferment of the service obligation, except for obligations otherwise a part of the graduate's commissioned officer status; and,

(iii) Grant or deny a waiver of the requirements of the service obligation contract in cases of undue hardship or impossibility of performance due to accident, illness or other justifiable reason.

(2) A Review Panel, consisting of a representative of the Administration serving as Presiding Official and representatives of the Department of the Navy, NOAA and the U.S. Coast Guard, shall review decisions of the designated official under paragraph (h)(1) of this section upon written request of the student or graduate.

(3) The Administrator shall adopt procedures for the Review Panel. Actual notice of such procedures will be given to each midshipman at the time of enrollment in the Academy.

(4) The decisions of the Review Panel shall be final.

While aboard ship, they shall be berthed in single-occupancy rooms or in rooms with other midshipmen in that part of the vessel designated for licensed officers (or in first-class passenger quarters) and shall mess with the licensed officers. PART 317—BONDING OF SHIP'S PERSONNEL

Sec.

1. What this order does.
2. Amount of bond.
3. Premiums.
4. Posting of bond.
5. Measures to protect ship's payrolls.
6. Surety and form of bond.

AUTHORITY: Sec. 204, 49 Stat. 1987, as amended; 46 U.S.C. 1114.

SOURCE: AGE-3, 16 FR 6751, July 12, 1951. Redesignated at 45 FR 44587, July 1, 1980, unless otherwise noted.

Section 1. What this order does.

This order requires that General Agents, appointed under Service Agreement "G.A.A., 3/19/51" shall not advance or entrust any monies or slop chest property of the United States to a master, purser or any other member of the ship's personnel unless such person is under a bond indemnifying the United States against loss of such monies or property caused solely or in part by the dishonesty or lack of care of any such person in the performance of the duties of any position covered by the bond.

Sec. 2. Amount of bond.

The amount of the bond must be governed by the amount of monies advanced or value of slop chest property entrusted, and shall, at all times, not be less than the value of slop chest property entrusted plus advances of monies for which a satisfactory accounting has not been made.

Sec. 3. Premiums.

The bonds provided for shall be furnished without cost to the National Shipping Authority, but the cost of the premiums of such bonds shall be included in the overhead expense of the General Agent.

Sec. 4. Posting of bond.

The General Agent shall retain an executed copy of each such bond in its principal office for examination by the National Shipping Authority at any time.

[Amdt. 1, 16 FR 9527, Sept. 19, 1951. Redesignated at 45 FR 44587, July 1, 1980]

Sec. 5. Measures to protect ship's payrolls.

(a) General Agents are not required to consider the amount of the payroll delivered to the Master at the conclusion of a voyage in determining the amount of bond required for any one person filling a bonded position hereunder. However, the person paying off the crew should be either the Master, or purser, or some other member of the ship's personnel acting for the Master who has been bonded pursuant to this order. If, however, the person paying off is a shoreside employee of the Gen-

eral Agent, such employee shall be bonded under the General Agents' general fidelity bond.

(b) The principal risk involved where payrolls are delivered to a vessel at the conclusion of a voyage is loss through hold-up. Therefore, reasonable protection shall be taken by all General Agents where payrolls are delivered to a vessel or elsewhere. Because the circumstances of each case will vary, the General Agents shall use their best judgment in determining whether armored car service, armed guards or similar types of protection should be employed (in other words, the General Agents should follow their usual practices). The cost of these services may be included in vessel operating expenses.

(c) General Agents are not required to purchase hold-up insurance, since subject to the terms, conditions and limitations of Service Agreement "G.A.A., 3/19/51" losses resulting from this exposure are assumed by the National Shipping Authority.

Sec. 6. Surety and form of bond.

Each bond provided for by this order shall be duly executed by an authorized surety appearing on the current approved list of companies acceptable as sureties on Federal bonds published by the U.S. Treasury Department. The form of bond required by the National Shipping Authority to be used by the General Agents shall be as follows:

DEPARTMENT OF TRANSPORTATION

MARITIME ADMINISTRATION, NATIONAL
SHIPPING AUTHORITY

Position Fidelity Schedule Bond

In consideration of the annual premium _____ (hereafter called the "Surety") hereby agrees to pay to _____ or its successors (hereafter called the "Agent") or the United States of America, (hereafter called the "United States"), represented by the Director, National Shipping Authority of the Maritime Administration, Department of Transportation (hereafter called the "Director"), as their interests may appear, the amount of any pecuniary loss of money or slop chest property caused, solely or in part, by reason of the dishonesty or lack of care of any person in the performance of the duties of any position, now or hereafter listed in the Schedule of Positions and Amounts forming

part hereof (hereafter called the "Schedule"), on any and all vessels from time to time allocated to the Agent by the Director.

This bond is executed and accepted subject to the following agreements, limitations and conditions:

First. Liability under this bond begins with the ____ day of ____, 19__ in respect of each person then filling any position named in the Schedule on any and all vessels then allocated to the Agent by the Director. As to any position or positions bearing the same designation as that of any position or positions named in the Schedule on any vessel or vessels thereafter allocated to the Agent by the Director, liability under this bond shall automatically begin as soon as such position or positions are filled, provided the Director or the Agent shall within ninety (90) days of the date such position or positions are filled notify the Surety in writing of the date such position or positions are filled. As between the Agent and the Director, it shall be the responsibility of the Agent to give the notice to the Surety as provided herein. Without affecting its liability hereunder, the Surety agrees that neither the Agent nor the Director need furnish the names of vessels on which positions are bonded hereunder at any time during the effective period of this bond.

Second. If the Agent or the Director shall request the Surety to increase or decrease the amount of coverage applicable to any position named in the Schedule, the Surety shall make such change by written acceptance showing the increase or decrease in the amount of coverage and the effective date thereof, which effective date shall not be prior to the date of such request; provided, however, that if the Director shall within ninety (90) days after receipt of notice of a decrease resulting from a request by the Agent, advise the Surety that it does not consent to such decrease, such decrease shall become inoperative and coverage shall continue in the amount applicable prior to such decrease as if such decrease had never been made.

Third. If the Surety knows or has reason to believe that any person filling any position named in the Schedule has caused any loss of money or property entrusted to him by reason of his dishonesty or lack of care in the performance of the duties of such position, the Surety may terminate the coverage of this bond as to such person by giving notice in writing to the Agent and the Director at least thirty (30) days prior to the completion, in a continental United States port, of the then current voyage of the vessel on which such person is filling a position, in which case the coverage of this bond as to such person shall terminate when the crew is paid off upon such completion of the voyage. The Agent may cancel the coverage of this bond (a) as an entirety or (b) as to any position named in the Schedule by giving the

Surety fifteen (15) days' written notice accompanied by written approval of the Director to such cancellation. The Director may cancel the coverage of this bond (a) as an entirety or (b) as to any position named in the Schedule upon fifteen (15) days' written notice to the Surety. In the event of any such cancellation the Surety shall refund to the Agent any unearned premiums computed pro rata.

Fourth. After discovery and report to the Agent or the Director of any loss hereunder, the Agent or the Director shall give the Surety written notice thereof, and within ninety (90) days after such written notice to the Surety shall file with the Surety affirmative proof of loss itemized and sworn to on forms furnished by the Surety. Prior discovery and report to the Agent of such loss shall not affect the right of the Director to notify the Surety of such loss and to file proof of loss. As between the Agent and the Director, it shall be the responsibility of the Agent to give the notice and to file the proof of loss with the Surety as provided herein. "Discovery and report" as used herein is defined in paragraph Tenth hereof.

Fifth. Any suit to recover on account of any loss hereunder shall be brought before the expiration of five years from the report to the Agent or the Director of the act causing such loss.

Sixth. The Agent will declare at the original effective date of this bond, and at each subsequent premium anniversary date, the total number of persons then filling each position named in the Schedule, and the annual premium will be computed for the ensuing year on the basis of the aggregate coverage represented by such declaration. Upon such premium anniversary date there will be a computation of additional premium or refund of premium in proportion to the change in the coverage each year.

Seventh. Settlement of any claim hereunder shall be made by check payable to the Agent unless otherwise instructed by the Director, but no settlement of any claim hereunder may be made for an amount less than the full amount of the loss for which the claim is made without the written consent of the Director thereto.

Eighth. The Surety shall not be entitled to any reimbursement, salvage or recovery,—except from insurance, reinsurance, collateral or indemnity taken by the Surety for its own benefit,—on account of any loss hereunder until the Agent or the Director, as their interests may appear, is reimbursed in full.

Ninth. No modification or change of any nature of the provisions of this bond shall take effect unless the Director shall have given his written consent thereto, except that the Agent may increase the coverage hereunder in accordance with the provisions

of paragraph First hereof without such consent of the Director.

Tenth. (a) Any action, approval or consent which by the provisions of this bond is required to be taken or signed by the Director shall be effective if taken or signed by the Director or by his authorized representative, and wherever and whenever herein any right, power, or authority is granted or given to the Director, such right, power, or authority may be exercised in all cases by his authorized representative, and the act or acts of such authorized representative, when taken shall constitute the act of the Director hereunder.

(b) "Discovery and report" by the Agent as used herein shall be deemed to mean discovery by any person and the report of such discovery to an executive officer or head of a department or division concerned with such discovery and report of the Agent at the Agent's principal place of business within the continental United States. "Discovery and report" by the Director shall be deemed to mean discovery by any person and the re-

port of such discovery to an executive officer or head of a division or section concerned with such discovery and report at the Director's headquarters.

(c) Notices, approvals and requests required by the provisions hereof shall be sent to the Surety addressed to it at its home office at.

(d) Notices, acceptances and requests required to be sent to the Agent shall be sent to The Agent, _____ (Name and head office address).

(e) Notices and requests to be sent to the Director shall be addressed to the Director, National Shipping Authority of the Maritime Administration, Department of Transportation, at the Director's headquarters.

A separate set of books of account shall be opened for the purpose of recording the various transactions in connection with the said agency agreement. maintaining the fund and honoring instruments of withdrawal. The order will provide, among other things, that:

(a) Withdrawals from this bank account may be made by the agent without the countersignature of the owner for disbursements in connection with the activities, maintenance and business of the vessels assigned under agency agreements, except disbursements involving payments to the agent directly, or to any other persons specifically designated by the Director, National Shipping Authority, in which instances the countersignature of a designated representative of the owner will be required, (b) withdrawals may be made from the account by the owner without the countersignature of the agent whenever and to the extent the owner shall determine that the balance in the account in excess of current operating requirements warrants such action, (c) the bank shall have no rights against the joint account on account of indebtedness of the agent either by way of set-off or otherwise, (d) the bank may receive for deposit in the joint account any funds tendered to it by any person with instructions that the same be deposited in the said account, and the bank shall have no responsibility to inquire as to the source of such funds, and (e) the bank shall disburse funds from the joint account in accordance with checks, drafts, or other orders for the payment of money, drawn as provided in the order, without making any inquiry as to the purpose or use to which such withdrawals are to be put.

The aggregate totals of weight and measurement freight shall be converted to freight payable tons of bulk, general, heavy lifts, and commodities subject to special stevedoring rates if freight carried is subject to an over-all stevedoring agreement.

§ 326.1 Purpose.

This part states that the Maritime Administration (MARAD) shall be responsible for providing or obtaining marine protection and indemnity (P&I)

§ 326.2

insurance for any vessel that has been placed in the National Defense Reserve Fleet (NDRF), which includes the Ready Reserve Force component, which vessel is assigned under a General Agency Agreement. These various forms of Agreements are entered into by the United States, acting by and through the National Shipping Authority, MARAD, and a private company (Agent). An agreement also contains procedures for the Agent to report accidents and occurrences of a P&I nature to MARAD and to report and settle P&I claims.

§ 326.2 Insurer.

MARAD shall be responsible for providing or obtaining P&I insurance for all vessels assigned to Agents under an Agreement. At its election, MARAD may be a self-insurer of any one or more vessels covered by the Agreement, or may obtain P&I insurance coverage under one or more policies written by underwriters of marine insurance. MARAD shall determine the amount of coverage to be provided or obtained.

§ 326.3 Insured.

The insureds are: The United States of America, acting by and through the Director, National Shipping Authority, Maritime Administration, Department of Transportation, and its Agents (including Agents' employees). Sub-agents shall be insureds only as expressly provided in the Agreement. Independent contractors of the Agents are not insureds.

§ 326.4 Reports of accidents and occurrences.

§ 326.6 Settlement of claims.

(a) After ascertaining from MARAD the availability of funds, the Agent is authorized to settle individual claims of a P&I insurance nature that do not exceed \$5,000. For a settlement in excess of \$5,000, the Agent shall obtain MARAD's prior approval through the Director, Office of Trade Analysis and Insurance. If MARAD has placed the P&I insurance with an insurance underwriter, the Agent also shall obtain the prior approval of the underwriter to settle claims.

(b) The amount of individual claims that do not exceed the Agent's limit for settlement shall be chargeable by the Agent to the vessel expense and shall be accounted for in accordance with current accounting instructions of MARAD.

(c) When settling any such claim, the Agent shall advise the claimant that such settlement shall be accounted for in accordance with current accounting instructions, and shall also advise the claimant that such settlement is not to be construed as an admission of liability by or on behalf of the United States, the Agent or any other person.

(d) The Agent shall apply sound judgment and follow standard practices of vessel operators in the settlement or other disposition of such P&I insurance claims, and shall settle such claims only when the settlement is adequately supported by all the facts and circumstances and is in the best interest of the United States.

§ 326.7 Litigation.

(a) If a court suit of a P&I nature is filed which arises out of the activities of the Agent under its Agreement, wherein the Agent is named as the party defendant or one of the parties' defendant irrespective of whether the risk is covered by P&I insurance, the Agent shall immediately forward copies of the pleading and all other related legal documents, by first class mail, to the Chief Counsel, Maritime Administration, Department of Transportation, Washington, DC 20590, and to the Attorney General, Attn: Civil Division, Torts Branch, Department of Justice, Washington, DC 20530. No agent or authorized subagent shall incur any legal expenses in connection with any claim of a P&I nature, unless approved in advance by MARAD, and by the underwriter, where applicable. However, the Agent may incur legal expenses if the mission of the vessel will be frustrated or impeded and/or time will not permit such prior approval.

(b) In the event of any attachment or seizure of a vessel, whether or not the risk is of a P&I nature, the Agent shall immediately notify the Chief Counsel, Maritime Administration, Washington, DC 20590, Tel. (202) 366-05711, by telegram, radio, or cable.

claims, in whole or in part, filed by officers and members of crews (hereafter referred to as "seamen") employed on vessels as employees of the United States through the National Shipping Authority (NSA), Maritime Administration (MARAD), or successor.

§ 327.2 Statutory provisions.

(a) In connection with the Vessel Operations Revolving Fund created for the purpose of carrying out the vessel operating functions of the Secretary of Transportation, the Third Supplemental Appropriation Act, 1951 (46 app. U.S.C. 1241a), provides, in part:

That the provisions of sections 1(a), 1(c), 3(c) and 4 of Public Law 17, Seventy-eighth Congress (57 Stat. 45), as amended, shall be applicable in connection with such operations and to seamen employed through general agents as employees of the United States, who may be employed in accordance with customary commercial practices in the maritime industry, notwithstanding the provisions of any law applicable in terms to the employment of persons by the United States.

(b) Section 1(a) of Public Law 17 (50 U.S.C. app. 1291(a)), as amended, provides that:

(a) Officers and members of crews (hereinafter referred to as "seamen") employed on United States or foreign flag vessels as employees of the United States through the War Shipping Administration shall, with respect to (1) laws administered by the Public Health Service and the Social Security Act, as amended by subsection (b) (2) and (3) of this section; (2) death, injuries, illness, maintenance and cure, loss of effects, detention, or repatriation, or claims arising therefrom not covered by the foregoing clause (1); and (3) collection of wages and bonuses and making of allotments, have all of the rights, benefits, exemptions, privileges, and liabilities, under law applicable to citizens of the United States employed as seamen on privately owned and operated American vessels. * * *. Claims arising under clause (1) hereof shall be enforced in the same manner as such claims would be enforced if the seamen were employed on a privately owned and operated American vessel. Any claim referred to in clause (2) or (3) hereof shall, if administratively disallowed in whole or in part, be enforced pursuant to the provisions of the Suits in Admiralty Act, notwithstanding the vessel on which the seaman is employed is not a merchant vessel within the meaning of such Act. * * *. When used in this subsection the term "administratively disallowed"

means a denial of a written claim in accordance with rules or regulations prescribed by the Administrator, War Shipping Administration. When used in this subsection the terms “War Shipping Administration” and “Administrator, War Shipping Administration” shall be deemed to include the United States Maritime Commission with respect to the period beginning October 1 1941, and ending February 11, 1942, and the term “seaman” shall be deemed to include any seaman employed as an employee of the United States through the War Shipping Administration on vessels made available to or sub-chartered to other agencies or departments of the United States.

In 1981, Public Law 99–31 (95 Stat. 165) transferred the Maritime Administration from the Department of Commerce to the Department of Transportation. Sec. 5. Idle status period.

(a) The General Agent shall place a vessel in idle status during the period of reactivation or deactivation or upon redelivery from Military Sea Transportation Service notwithstanding the fifteen (15) days minimum period as provided for in paragraph (b) of this section.

(b) The General Agent shall place a vessel in idle status, although the voyage may have commenced, whenever and as soon as it is anticipated that the minimum period of inactivity will exceed fifteen (15) days, due, but not limited to: (1) Repairs, (2) labor, (3) awaiting allocation, (4) awaiting cargo.

(c) Should the anticipated period of inactivity terminate prior to the expiration of the 15 day minimum idle status period, except as provided in paragraph (a) of this section, the General Agent shall cancel the idle status and antedate the succeeding voyage commencement to the termination of the previous voyage as prescribed in section 4(a) of this order.

(d) Should an idle status period be established after a voyage has commenced, the voyage shall be suspended for the duration of the idle status period and resumed when the idle status period is terminated.

(e) Idle status periods as defined in this order, shall be established only in continental United States ports.

(f) Idle status periods shall be treated as separate accounting periods.

Sec. 6. General provisions.

(a) In cases of overlapping activities and all other questions arising in respect to voyage commencements, ter-

minations and idle status periods as defined in sections 4 and 5 of this order, the General Agent shall immediately inform the nearest Coast Director, or his local representative of the circumstances and submit recommendations for terminating a voyage. The resulting recommendations, decisions and instructions shall be confirmed in writing to the General Agent, with a copy of such correspondence being sent to the Division of Operations, N.S.A., Washington 25, DC.

(b) In the event a vessel is employed in intermediate voyage or voyages, or in cross trading outside the continental United States, the voyage shall continue until terminated at a continental United States port.

(c) There shall be no voyage terminations outside continental United States ports except in cases of,

- (1) Total loss or constructive total loss of the vessel.
- (2) Transfer of operations.

Sec. 7. Operation under current GAA/MSTS Southeast Asia Program.

In order to adapt the provisions of NSA Order 35 (OPR-2) to the particular circumstances of the present GAA/MSTS Southeast Asia Program, the following material partially modifying certain sections of that order is published.

For General Agency operations not related to the current GAA/MSTS Southeast Asia Program, NSA Order 35 (OPR-2) remains unchanged and wholly applicable. Except where specifically altered by the material which follows, it also remains applicable to the present situation.

For voyages made under the current GAA/MSTS program only, the following provisions concerning voyage commencements and terminations shall apply in lieu of those appearing in sections 3 and 4 of NSA Order 35 (OPR-2). Continental United States ports do not include ports in the states of Alaska or Hawaii.

(a) The commencement of the initial voyage shall occur in a continental U.S. port at 0001 hours of the day the vessel is tendered and accepted for use by MSTS. Subsequent voyages shall commence in a continental U.S. port at

0001 hours of the day after either of the following activities occurs:

- (1) The previous voyage terminates.
- (2) Reduced operational status period terminates and vessel returns to full operational status.

(b) Voyages shall terminate in a continental U.S. port at 2400 hours of the day that the following action is completed:

- (1) Paying off of the crew from sea articles.

(c) Since, in all instances, the voyage termination procedure takes precedence over the voyage commencement procedure and since it is mandatory that voyages terminate in a continental U.S. port, the following exception to the requirement of paragraph (b) of this section shall be effective when warranted:

- (1) If the vessel completes payoff as in paragraph (b) of this section and takes departure within the same calendar day, the General Agent shall immediately inform the nearest Coast Director of Area Representative of the circumstances and submit recommendations regarding voyage termination. The resulting recommendations, decisions, and instructions shall be confirmed in writing to the General Agent, copy to Division of Operations, Washington, DC 20590.

(d) Where a vessel is employed in intermediate voyages or in cross trading outside the continental United States, the original voyage shall continue until terminated under conditions in paragraph (b) of this section.

SOURCE: OPR-5, 18 FR 1446, Mar. 13, 1953. Redesignated at 45 FR 44587, July 1, 1980, unless otherwise noted.

Section 1. What this order does.

This order prescribes the manner in which seamen separated from vessels operated for the account of the National Shipping Authority shall be repatriated and explains how charges in connection with such repatriation shall be handled.

Sec. 2. Definitions.

(a) For the purpose of this order, the term *seaman* shall include every person, irrespective of capacity or rating, whose last service has been on a vessel operated for the account of the National Shipping Authority, upon which

vessel he had signed shipping articles and whether or not he had signed off such articles before a consular or other authorized official, but shall not include the master of such a vessel.

(b) The term *General Agent* shall include any designated representative of such General Agent.

Sec. 3. Classification of repatriates.

Seamen in need of repatriation, whether being repatriated to or from the United States, shall be classified as follows:

(a) Seamen separated from their vessels because of the destruction of, abandonment of, or damage to their vessels, or because of termination of shipping articles at a port outside the continental limits of the United States.

(b) Seamen separated from their vessels as the result of illness or injury received in the service of their vessels or otherwise through no fault of their own.

(c) Seamen separated from their vessels for any cause whatsoever not described in paragraph (a) or (b) of this section.

Sec. 4. Manner of repatriation.

(a) A seaman described in paragraph (a) of section 3 of this order shall be repatriated in accordance with the provisions of the shipping articles, or the applicable collective bargaining agreement, employment contract, or statute. If a seaman in this class is repatriated as a passenger, the General Agent of the vessel of which he was last a crew member shall arrange for his passage and pay the amount of expense involved.

(b) A seaman described in paragraph (b) of section 3 of this order may be repatriated as a passenger where space is available and circumstances permit. If applicable collective bargaining agreements, employment contracts, or statutes do not conflict, he may return as a workaway or, at the discretion of the master of the repatriating vessel, he may sign on articles either as a replacement or to complete a vessel's complement or, when deemed advisable by the official authorizing the repatriation and with the approval of the master of the repatriating vessel, he may

be signed on the articles as a *repatriated seaman (non-working)*. If a seaman in this class is repatriated as a passenger, or repatriate seaman (non-working), the General Agent of the vessel of which he was last a crew member shall arrange for his passage and pay the amount of expense involved.

(c) A seaman described in paragraph (c) of section 3 of this order shall be returned as a workaway or, at the discretion of the master of the repatriating vessel, he may sign on as a replacement or to complete a vessel's complement. Only in unusual cases, and only with the prior approval of the Chief, Division of Operations, shall a seaman in this class be repatriated as a passenger or as a repatriate seaman (non-working). If a seaman in this class is repatriated as a passenger, or as a repatriate seaman (non-working), the General Agent of the vessel of which he was last a crew member shall arrange for his passage and pay the amount of expense involved.

(d) A master shall be repatriated in accordance with applicable collective bargaining agreement, employment contract, statute, or established commercial practice.

Sec. 5. Repatriation charges.

(a) If it is deemed necessary to repatriate a seaman as a passenger aboard a privately operated vessel, plane, train, or other conveyance, the full amount of the reasonably incurred expense in connection therewith shall be billed against the General Agent of the vessel of which he was last a crew member.

(b) If a seaman is repatriated as a passenger, or as a repatriate seaman (non-working), aboard a vessel operated for the account of the National Shipping Authority under a General Agency Agreement, a flat transportation charge of \$5.00 per day shall be made for every day spent aboard the repatriating vessel, including day of embarkation and day of debarkation, which charge shall be in addition to necessary train or other conveyance expense, United States and foreign government taxes, port dues, landing fees or other charges of every nature levied in connection with such repatriation. In such a case, the General Agent of

the vessel of which the repatriate was last a crew member shall be billed for the amount of expense involved, and appropriate entries covering the receipts and disbursements resulting from the repatriation shall be made in the proper books of account by the General Agent concerned. In the event the General Agent repatriating a seaman is also the General Agent of the vessel on which the seaman last served, it will not be necessary to issue a formal billing, but it is required that appropriate entries be made on the agency books of account to reflect a revenue of \$5.00 per day in the account of the vessel rendering the transportation service and that a charge covering the cost of repatriation be recorded against the vessel on which the seaman last served. In all cases, the General Agent charged with the repatriation expense shall take necessary steps to secure reimbursement of such expense from the P & I underwriters insuring the vessel against which the expense is charged. No charge is to be made in the case of a seaman repatriate who signs on vessel articles as a workaway or in any other capacity except as a repatriate seaman (non-working). When repatriation is required, it shall be effected by the first available means considered appropriate by the official authorizing such repatriation.

Sec. 6. General provisions.

(a) In case of repatriation of any seaman as a passenger aboard a vessel operated for account of the National Shipping Authority, the requirements of the applicable collective bargaining agreement or employment contract shall be met. In any event, a seaman repatriate shall receive at least as good accommodations as would be his due while sailing in his capacity.

(b) Unless otherwise directed, a seaman when repatriated as a passenger aboard a vessel operated for the account of the National Shipping Authority, shall be issued a ticket in the form prescribed by the General Agent of the vessel for its own vessels. Such ticket shall be surrendered to the master of the repatriating vessel. When repatriated as a repatriate seaman (non-working), the master of the repatriating vessel shall be furnished with a certifi-

cate from the official authorizing the repatriation setting forth that the circumstances require that the seaman be signed on as a repatriate seaman (non-working). The master shall ascertain the seaman's full name and rating, cause of repatriation, and the names of the vessels and the General Agent to be charged with the cost of the repatriation.

(c) It is recognized that the procedure set forth in this order will not cover all situations arising out of obligations to repatriate seamen nor fix ultimate responsibility for repatriation expenses which may sometimes depend upon determinations of fact which cannot be made prior to repatriation. In cases of emergency or in situations not covered in this order, the General Agent shall proceed in accordance with established commercial practice.

(d) Nothing in this order shall be construed to interfere with the proper exercise of authority by United States consular officials relative to repatriation of seamen in accordance with applicable statutes.

This order outlines General Agents' responsibilities and limited authority in connection with repairs in foreign ports to vessels operated for the account of the National Shipping Authority under General Agency Agreement.

Sec. 2. General Agents' authority.

The General Agents are hereby delegated authority to undertake for the

account of the National Shipping Authority only such emergency repairs outside the Continental United States as may be necessary to enable vessels to complete their voyages, provided the repair costs are not in excess of \$5,000 per vessel.

Sec. 3. General Agents' responsibilities.

In the event the cost of emergency repairs to a vessel in a foreign port is estimated to exceed \$5,000, requests for approval shall be transmitted by General Agents by cable or wire addressed to Chief, Division of Ship Repair and Maintenance, National Shipping Authority, Washington, DC 20590, and shall include the following information:

- (a) The cost and time to effect permanent repairs on a straight time and overtime basis;
- (b) The cost and time to effect such temporary repairs on a straight time and overtime basis as will enable the vessel to return to the United States under its own power or under tow;
- (c) Whether required repairs can be effected by the use of facilities under the direct control of the Army, Navy, or other agencies of the United States Government, and if so, at what cost and time; and

Sec. 4. General provisions.

The General Agents shall keep the Division of Ship Repair and Maintenance in Washington fully posted in detail as to the nature, extent, cost, and estimated time for completion of all foreign repairs where such repairs are for the account of the National Shipping Authority.

As soon as practicable after completion of either temporary or permanent repairs, the General Agent shall forward to the Division of Ship Repair and Maintenance, Washington, DC the following:

- (a) A copy of the repair specifications;

- (b) An itemized statement of the costs of the repairs supported by copies of invoices;

- (c) A copy of the completion certificate showing the repair period, signature of a National Shipping Authority representative (if available), the Agent's technical representative, the Chief Engineer, and the Master of the vessel;

- (d) A report indicating the causes and circumstances leading to the repairs.

General Agents shall forthwith instruct their subagents and other representatives in foreign areas and their Masters and Chief Engineers with respect to their operations, pursuant to this directive.

This directive is intended strictly to limit repairs in foreign waters on vessels under National Shipping Authority control to those absolutely necessary to enable the vessels to complete their respective voyages at a port in the United States.

This directive shall not be construed to affect outstanding directives of the Office of the Comptroller.

NOTE: Records and supporting documents referred to in the above order, shall be retained until the completion of the audit by the General Accounting Office, at which time the Maritime Administration will take custody of the records.

SOURCE: 16 FR 9658, Sept. 21, 1951. Redesignated at 45 FR 44587, July 1, 1980, unless otherwise noted.

Section 1. What this order does.

This order outlines the procedure to be followed by General Agents in filing foreign repair entries and obtaining relief from Custom's duties on equipment purchased for or repairs made to ships owned by or Bareboat Chartered to the U.S. Maritime Administration and operated under General Agency Agreement.

Sec. 2. Submission of repair entries.

At the first United States port of arrival upon termination of a foreign voyage, the ship's Master must file with the District Director of Customs as defined in 19 CFR 1.1(d) an affidavit on Custom's Form 3417 certifying that no equipment was purchased for or repairs made to the ship at a foreign port or if this is not the case, an affidavit on Custom's Form 3415 describing the equipment purchased and/or repairs made. If equipment was purchased and/or repairs were made in a foreign port, the Master simultaneously with or shortly after filing of Custom's Form 3415, must file a repair entry on Custom's Form 7535 together with invoices and required supporting documents.

[16 FR 9658, Sept. 21, 1951, as amended at 33 FR 5952, Apr. 18, 1968. Redesignated at 45 FR 44587, July 1, 1980]

Sec. 3. Application for remission of duties.

An application for relief from the payment of duties imposed is to be filed with the District Director of Customs as defined in 19 CFR 1.1(d) if the following circumstances prevail:

(a) When an item covered by the entry is not within the class of items liable to duty (i.e., that the item does not constitute equipment, repair parts or materials within the meaning of section 466 of the Tariff Act of 1930);

(b) When the purchase of the equipment, repair parts or materials or the making of the repairs was necessitated by stress of weather and/or other casualty encountered during the regular course of the particular voyage and was necessary to secure the safety and seaworthiness of the vessel; or

(c) When the equipment, repair parts or materials were manufactured or produced in the United States and the labor involved was performed by residents of the United States or by members of the regular crew of the vessel.

To insure consideration in the liquidation (i.e., the assessment of duty) of the entry, the application for relief must be filed within 90 days from the date of the entry, except in meritorious cases, the District Director may grant an extension of 90 more days upon written request therefor.

[16 FR 9658, Sept. 21, 1961, as amended at 33 FR 5952, Apr. 18, 1968. Redesignated at 45 FR 44587, July 1, 1980]

Sec. 4. Evidence required.

When relief is claimed on the grounds of stress of weather or other casualty, there must be submitted to the Collector the following:

(a) An affidavit of the Master which shall set out fully the nature of the casualty and/or stress of weather encountered; when and where the casualty and/or stress of weather occurred; nature of the damage sustained; the port where the repairs were made or the equipment purchased and a statement of the Master as to whether the repairs or equipment purchased were required to secure the safety or seaworthiness of the vessel to enable her to reach a port of destination in the United States;

(b) Itemized invoices covering the cost of repairs made or equipment purchased;

(c) Abstracts of the vessel's log;

(d) Classification surveyor's report confirming vessel's classification when the repairs were made in order to insure seaworthiness.

The Master shall certify as true copies or originals, as the case may be, one copy of each repair bill, abstract of vessel's log, survey report and other documents used in support of the application for relief. If a document is written in a foreign language, it should be accompanied by a translation certified to be accurate.

Sec. 5. General Agent's authority to effect payment of duties.

(a) In those cases where the conditions outlined in section 3 of SRM-4 do not prevail, the General Agent shall effect payment of duties imposed by Customs and shall include the expenditure in the voyage accounts of the vessel. In those cases where the conditions as outlined in section 3 of SRM-4 do prevail, the General Agent shall exhaust every means toward obtaining remission of duty imposed.

(b) Should the General Agent fail to obtain remission of duties in such cases, he shall refer the matter to the appropriate Coast Director for his (The Director) determination as to whether further appeal to the Bureau of Customs is warranted or that payment of duty should be made by the General Agent.

NOTE: Records and supporting documents referred to in the above order, shall be retained until the completion of the audit by the General Accounting Office, at which time the Maritime Administration will take custody of the records.

SOURCE: SRM-5, Revised, 18 FR 5035, Aug. 22, 1953. Redesignated at 45 FR 44587, July 1, 1980, unless otherwise noted.

Section 1. What this order does.

This order cancels NSA Order No. 32 (SRM-1); and outlines the procedure to be followed by the several Coast Directors, their field Ship Repair and Maintenance Staffs, the General Agents of the Authority, and the ship repair contractors in the award and performance of vessel repairs under the National Shipping Authority Master Repair Contract, NSA-LUMPSUMREP. The Coast Directors, field Ship Repair and Maintenance Staffs and the General Agents shall be referred to hereafter in this

order as representatives of the Authority.

Sec. 2. Use of contract for competitive bid and negotiated price awards.

(a) The NSA-LUMPSUMREP Contract is a Master form of fixed price contract and is applicable to ship repair work awarded as a result of competitive bidding or negotiation. As a general rule all work awarded under the NSA-LUMPSUMREP Contract must be awarded upon the basis of competitive bids. Revised Statute section 3709 (41 U.S.C. 5), which requires the award of contracts on the basis of competitive bids, however, permits award upon a negotiated basis in certain situations, that is, "where immediate delivery or performance is required by the public exigency."

(b) There are set forth in paragraphs (b)(1) to (3) of this section three (3) examples of situations where the negotiation of fixed price awards for the accomplishment of work under the NSA-LUMPSUMREP Contract will be permitted in lieu of competitive bidding:

(1) *Where the desired results from competitive bidding cannot be obtained.* For example, where there is doubt as to the reality of competition or the fairness or reasonableness of a low bid, all bids shall be rejected. If the ship's availability permits a new Invitation for Bids for the work in question shall be issued. If the bids received as a result of the second invitation are not considered satisfactory the bids are to be again rejected and prices of all specification items are to be negotiated with and the job awarded to the lowest bidder. If the low bidder refuses to accept the award upon the condition referred to the offer of award subject to price negotiation may be made to the next lowest bidder, etc. Negotiated awards in such cases shall be made in accordance with the conditions set forth on the invitation form, e.g., time specified, liquidated damages, etc. If a satisfactory price cannot be secured by negotiation with the bidders as herein proved an award may be made upon a negotiated basis approved in section 5 of this order.

(2) *Where the element of time is paramount.* There will be instances where expeditious ship turnarounds will ne-

cessitate the award of work without the delay involved in awarding on the basis of competitive bids. In such cases immediate negotiation for a fixed price with one contractor will be permissible. However, full consideration must be given to the factors involved in order to determine whether, under the circumstances, the time requirements make necessary the negotiation of price rather than using the competitive bid procedure. Such relevant factors are the individual ship's commitments with respect to loading berths, sailing dates, and the charter hire, etc., that might accrue in the event additional ship lay-time is required because of competitive bidding. Definite dollar and time values cannot be established as specific guides for determining when to negotiate. The individual ship and circumstances involved are the governing elements. The practice of consistently favoring one contractor where this type of repair is required will not be permitted but instead, to the maximum extent possible, all qualified contractors in the particular port shall be given the opportunity to perform work for the National Shipping Authority.

(3) *Extra items of work found subsequent to the awarding of the work covered by the original specifications.* Where extra items of work are required after the commencement of the awarded work, it is permissible to negotiate with the contractor who is performing the awarded work, for the accomplishment of such extra work under the provisions of Article 6 of the NSA-LUMPSUMREP Contract. A discussion of this procedure is set out in section 8 of this order. However, where items of extra work are found after examinations have been made as called for by the original specifications, negotiation with the contractor to perform such items of extra work shall be permitted only if the aggregate estimated cost of such items of extra work would not amount to a substantial part of the entire job. If the items of extra work amount to a substantial part of the entire job, they shall be awarded in the same manner and after consideration of the same factors as are set forth above for awarding original work.

Sec. 3. Specifications.

(a) It shall be incumbent upon the representatives of the Authority on each and every vessel requiring repairs for the account of the National Shipping Authority to prepare complete, detailed and fully descriptive specifications of the particulars of each repair item, identified in each particular case by the appropriate voyage number. Decisions of the Coast Directors' Ship Repair and Maintenance Staffs with respect to the need for any particular item in repair specifications shall be final. The specifications for voyage repairs shall itemize the work involved and shall be numbered consecutively and shall be arranged in accordance with the group classification set forth in section 18 of this order with the segregation by the three departments, namely, deck, engine and steward.

(b) The specifications shall in their final written form be explicit in every respect and shall include drydocking, if required, as well as all other items of work known to be required or discernible through visual inspection and examination regardless of the fact that later decision may be made to eliminate or defer some of the items of work. In no case shall an item of work, the accomplishment of which is problematical, be so identified or segregated in the specifications. Resorting to such general phraseology as "overhaul as necessary," "open up for examination and repair or renew as necessary," "repair or renew," etc., shall not be permitted in preparing and writing the specifications.

(c) Where an exact and final determination of the extent of the work cannot be ascertained until an examination has been made, the particular items involved shall so specify and the specifications with respect to said items shall be limited to such examinations as are necessary.

(d) If it is desired by the representatives of the Authority to change any item in the specifications after the specifications have been issued to bid such changes shall be reduced to writing and shall be distributed to the invited bidders at least by such time prior to the time originally specified for the opening of bids as shall reasonably permit the bidders to revise their

estimates. If determined to be necessary or desirable under the circumstances, the representative of the Authority may extend the time for opening of bids.

(e) Any exceptions taken to the specifications by a prospective bidder shall be made known to the representative of the Authority prior to the time specified for opening the bids. If it is finally determined by the representative of the Authority that the exceptions are justified, then the procedure set forth in the preceding sub-paragraph shall be followed. Exceptions accompanying bids not processed as herein prescribed, but made known at the time the bids are opened will not be acceptable, and will be a cause for rejecting such bids.

(f) When it is anticipated that the cost of a job will be in excess of a Coast Director's delegated authority, one (1) copy of specifications, and in case of bids a copy of Invitation for Bids, Instructions to Bidders and listing of contractors invited to bid shall be forwarded to the Chief, Division of Ship Repair and Maintenance, Washington, DC, simultaneously with the specifications being issued to the contractors.

(g) In all cases where materials, parts or equipment are required in connection with the performance of any particular repair item the representatives of the Authority shall utilize to the fullest possible extent spares and replacement parts stocked in Maritime Administration warehouses. Prior to arranging for the purchase or furnishing of repair parts by repair contractors, it shall be the responsibility of the representatives of the Authority awarding work to determine that the required parts are not available in the Maritime Administration warehouse in the area involved, contingent upon the urgency of the particular situation, ship's sailing schedule, etc.

Sec. 4. Procedure for securing competitive bids.

(a) The geographical area within which bids will be invited involves the exercise of sound administrative judgment. All the relevant factors should be considered in deciding over what areas competitive bids should be invited. Such factors will include the

scope and nature of the work, the location of the vessel, and the time and expense involved in shifting and returning the vessel to its loading berth consistent with the operating requirements.

(b) Invitations for Bids shall be sent to all contractors, within the area as determined in paragraph (a) of this section, who are considered to be financially qualified and to be capable of performing all of the work set forth in the specifications either by the utilization of their own or subcontractors' facilities. In this regard attention is invited to section 15 of this order.

(c) When inviting Bids the NSA form entitled "Invitation for Bids, Instruction for Bidders, and Specifications for Repairs, Renewals, Alterations and Additions to the Vessel _____" shall be used.

(d) Attention is called to the fact that the Invitation for Bids form includes a statement of the completion date for the work. In the event bids are invited the individual vessel's period of availability and the extent of the proposed work shall be considered in fixing a completion date that is consistent with the scope of the work involved. Consideration must be given to the fact that it will not be possible in every case to get lower bids by extending a completion date beyond the normal time required to do the work merely because the vessel's availability is exceptionally long. At the same time, care is to be exercised to insure that the repair period is not shortened, when there is no urgent need for the use of the vessel, to such an extent that it is impossible for the contractor to accomplish the work under normal working conditions. A completion date can only be fixed so as to be financially and otherwise to the best interests of the Government after due consideration has been given to all of the factors involved.

(e) The Invitations for Bids shall provide that the contractors shall submit, simultaneously with their responses to Invitations for Bids, unit prices for each item of specification work in a separate sealed envelope. Only the envelope containing the separate item prices of the contractor determined to be the low bidder shall be retained by

the representative of the Authority and shall not be opened until after the award is made. All other envelopes containing separate item prices shall be returned unopened to each contractor by the representative of the Authority. In the event the low bid is rejected, the itemized prices of the low bidder shall be returned to him in the unopened envelope. Item prices submitted by contractors will not be subject to public perusal.

(f) Vessel repair work contracted for by representatives of the National Shipping Authority is subject to the provisions of the Davis-Bacon Act, except in those cases where at the time of the issuance of the Invitations for Bids the site of the work is not known. Where bids are being invited from bidders in more than one port area, the port area in which the award will be made will not be known, and the Invitations for Bids, accordingly, must state that the work in question is not subject to the Davis-Bacon Act.

(g) The Invitations for Bids shall also include a statement of the per day liquidated damages, for the particular type vessel on which the work is to be performed.

(h) The Invitation for Bids shall state where the bids are to be opened.

(i) When Invitations for Bids are issued by a General Agent, the General Agent, at the time the invitations are issued shall make available to the local Ship Repair and Maintenance office, three (3) copies of the specifications, three (3) copies of a list of contractors to whom invitations have been sent, and three (3) copies of the Invitation for Bids.

(j) Where the scope and probable cost of the work and the time required for effecting such work are secondary as compared to the ship's time, and where the preparation of formal specifications and the issuance of formal Invitations for Bids are not practicable, the representative of the Authority may orally contact as many qualified contractors as is feasible, in order to obtain written "Spot Bids." Each contractor who indicates its intention to bid shall be fully advised as to the specific work involved and given an opportunity to inspect the vessel to enable it to prepare a bid. The contractor shall

be verbally advised of a time and place for the submission of the "Spot Bids." If such bids are invited by the General Agent, the General Agent shall also advise the Coast Director or his duly appointed representative of the time and place of opening the "Spot Bids," and if practicable, the NSA representative shall attend such opening. If submission of such spot bids is not in writing the contractors shall immediately confirm their respective Spot Bids by written tenders. The representative of the Authority shall, if requested by responsive contractors, furnish invitations for bids and supporting specifications to the contractors.

Sec. 5. Procedure for negotiated price awards.

(a) In the award of vessel repair work upon the basis of negotiation or request for quotation, other than work covered by a supplemental job order, the contractor shall be furnished with the information provided for in Article 1(a) of the NSA-LUMPSUMREP Contract.

(b) The contractor, within the time specified in a request for a quotation, may quote a price and shall submit itemized prices and the price breakdown provided for in Article 1(c) of the NSA-LUMPSUMREP Contract. In the event a mutually satisfactory price cannot be agreed to, a price shall be determined by the representative of the Authority making the award which shall be set out in the job order or the supplemental job order issued to the contractor. Within thirty (30) days from the receipt of such job order or supplemental job order the contractor may appeal such price to the Director of the Authority as a dispute under Article 27 of the NSA-LUMPSUMREP Contract.

Sec. 6. Awarding of work.

(a) Those portions of all bids reflecting the total aggregate cost of the work involved shall be opened publicly. The work shall be awarded to the contractor submitting the lowest qualified bid. The term *lowest* shall mean the bid most advantageous to the Government after evaluation of all bids by the application of differentials and any other relevant factors set forth in the Invitation

for Bids. All pertinent costs of moving the vessel from the port where said vessel is located at the time bids are invited to the port of the responsive bidders' work sites and/or plants are to be stated on the Invitation for Bids. If the vessel is scheduled to return to the same port where located at the time bids were invited, all costs of returning the vessel to that port shall also be included on the Invitation for Bids and considered in the bid evaluation.

(b) Immediately after an award of a job order or a supplemental job order on a negotiated basis a written report shall be submitted by the representative of the Authority, making the award, to the appropriate Coast Director's office stating the pertinent reasons for awarding the job on a negotiated rather than bid basis. A copy of this report must be attached to the Ship Repair Summary.

(c) When an award is made, a job order in the form attached to the NSA-LUMPSUMREP Contract shall be issued to the contractor and when awards are made in excess of the Coast Directors' Authority one copy each of all job orders and supplemental job orders and supporting specifications are to be forwarded to the Chief, Division of Ship Repair and Maintenance, Washington, DC, simultaneously with the issuance of said orders to the contractors.

Sec. 7. Job order numbering.

(a) The NSA-LUMPSUMREP Contract number shall be inserted in every job order and supplemental job order thereto awarded to a Contractor. The Chiefs of local Ship Repair and Maintenance offices shall give consecutive numbers starting with No. 1 to job orders awarded by them to each contractor. The General Agents shall give consecutive numbers starting with No. 1 to job orders awarded by each General Agent. Job orders and supplemental job orders covering work awarded by a General Agent shall bear the initials of the prime General Agent, as a prefix to the numeral for example, "Job Order No. USL-1." Thus, the first award made by a local Ship Repair and Maintenance office to each respective master repair contractor shall bear "Job

Order No. 1". The first award made by each General Agent to each respective master repair contractor shall also bear "Job Order No. 1" and in addition the Prime General Agents initials. Sub-agents shall use the initials of the Prime General Agent in identifying the job order number. Any additional means of numbering other than the numeral and Prime Agent's initials are not to be used. Supplemental job orders shall contain the original job order number suffixed by the letter "A" on the first supplemental job order, the letter "B" on the second supplemental job order, and so forth.

Sec. 8. Extra work and changes.

(a) At any time after the award of an original job order and during the time the work thereunder is being performed, additional or extra work or changes in the work covered by the job order may be directed by the representative of the Authority.

(b) Such additional or changed work shall be directed by a written Change Order as provided in Article 6 of the NSA-LUMPSUMREP Contract.

(c) A supplemental job order shall be issued to the Contractor covering such Change Order(s), which supplemental order shall include the agreed amount of contract price increase or decrease and any revision in the completion date of the job order work, as modified by the Change Order(s).

(d) In the event a change in the contract price or revision in the completion date cannot be agreed upon the representative of the Authority shall determine the contract price or revised completion date and issue a supplemental job order to the contractor who shall proceed with the work covered by the Change Order(s) and the Contractor may appeal such contract price or revised completion date as provided in Article 27 of the NSA-LUMPSUMREP Contract.

Sec. 9. Payment.

(a) Repair contractors invoices covering work awarded by the field staff of the National Shipping Authority:

(i) Repair Contractors will submit invoices for repair costs covered by job orders under Master Repair Contract or work orders under WORKSMALREP

Contracts, directly to the local office of the National Shipping Authority awarding the work.

(2) The local office of the National Shipping Authority will:

(i) Review repair contractors' invoices to determine that the charges have been billed in accordance with the prices provided in the job order and repair contract.

(ii) Attach to each repair contractor's invoice, a copy of the WORKSMALREP work order or job order and supplemental job order(s), if any; a signed completion certificate; and, in the case of competitive bids, abstract of bids listing the contractors who submitted bids, the bid prices and completion time specified by each contractor, the name of the contractor to whom the work was awarded, and an explanation of the basis for the award when the contract is not awarded to the lowest bidder.

(iii) Review each repair contractor's invoice and attachments to ascertain completeness of supports and whether repair items included therein have been placed under the appropriate repair group numbers as set out in section 18 and make corrections as necessary.

(iv) Forward the invoices and supports to the District Ship Repair and Maintenance office for final review.

(3) The District office shall make a final review and if in order forward the contractor's invoices and other supports relating to (i) voyage and idle status repairs to the principal office of the General Agent, and (ii) reactivation repairs and all others which do not involve General Agency operated ships to the appropriate District Finance Officer.

(4) The General Agent, upon receiving repair contractors' invoices and attachments thereto from the District Ship Repair and Maintenance office will:

(i) Review each invoice and attachments to assure that the payment authorized by the District office appears to be proper on the basis of the attachments.

(ii) Upon determination that all necessary supporting documents are attached, make payment directly to the contractor.

(5) The District Finance Officer, upon receiving repair contractors' invoices pursuant to paragraph (a)(3)(ii) of this section will process them in accordance with prescribed procedures.

(b) Repair contractors invoices covering work awarded by General Agents:

(1) Repair contractors will submit invoices for repair costs covered by job orders under Master Repair Contracts or work orders and WORKSMALREP contracts directly to the principal office of the General Agent or authorized Sub-Agent contracting for the ship repair work.

(2) The General Agent or authorized Sub-Agent, upon receipt of an invoice from a contractor, will follow the procedure outlined in paragraph (a) (2)(i thru iii) and (4)(ii) of this section.

[SRM-5, Rev., 18 FR 5035, Aug. 22, 1953, as amended at 33 FR 5952, Apr. 18, 1968. Redesignated at 45 FR 44587, July 1, 1980]

Sec. 10. Bonds.

(a) All bids in response to an Invitation for Bids and all quotations in response to a request for a quotation in excess of \$2,000, shall be accompanied by a guaranty or a bid bond in a sum equal to twenty-five (25) percent of such bid or quotation to insure the acceptance of the job order covering the awarded work and the furnishing of the performance and payment bonds required by Article 14 of the NSA-LUMPSUMREP Contract. The standard Government form of bid bond (Standard Form 24 Revised November 1950) shall be used.

(b) In compliance with the performance bond and payment bond requirements of Article 14 of the NSA-LUMPSUMREP Contract, the standard form of individual performance bond (Standard Form 25 Revised November 1950) and the standard form of individual payment bond (Standard Form 25A Revised November 1950) respectively, shall be used. Such bonds (in the respective penal sums of 50 percent of the respective job order contract prices but if the job order contract price is in excess of \$1,000,000 in the penal sum of 40 percent of such job order contract price) shall guarantee the Contractor's performance and payment obligations in connection with the work covered by an original job order awarded on either

competitive bid or negotiated basis, as that work may be modified by supplemental job orders to such original job orders.

(c) The individual bid, performance and payment bonds shall be submitted by the contractors to the awarding offices (General Agents or local offices of NSA) to verify the correctness of the penalty amount, contract and job order numbers, etc. The individual bonds shall then be forwarded by the awarding office to the office of the appropriate Coast Director for final action and approval pursuant to existing regulations.

(d) For the convenience of contractors, in lieu of submitting individual bid, performance and payment bonds they may file with the Authority approved annual or blanket bid, performance and payment bonds covering the Contractor's bond obligations under job orders (as such job orders may be modified by supplemental job orders) awarded under said contracts in such annual period. Annual bonds shall be submitted by the Contractors or their surety representative to the appropriate Coast Director's office for clearance pursuant to existing regulations. In this regard all annual bonds must be of the open penalty type.

(e) No repair voucher (progress or final) where bond coverage is required shall be passed for payment until such time as the required bid, performance and payment bonds have been given final clearance.

Sec. 11. Guarantee obligations.

(a) Under the provisions of Article 10 of the NSA-LUMPSUMREP Contract the Contractor's guarantee liability extends to defects and deficiencies in the Contractor's work developing within sixty (60) days from the date of the acceptance of all the work and the accepted redelivery of the vessel to the Authority.

(b) Notice of such defects and deficiencies must be given to the Contractor not later than ninety (90) days after the acceptance of the work.

(c) As soon as practicable, after the acceptance of work performed under a job order, and the supplemental job orders thereto, the office awarding the job order shall furnish to the General

Agent two copies of the specifications, job order and supplemental job orders, together with a statement of the date of the expiration of the Contractor's guarantee responsibility with respect to some work.

(d) The General Agent shall during the period of the Contractor's guarantee responsibility screen all deficiencies and defects and repair items and list separately against the respective specifications, all items which represent defects or deficiencies in the Contractor's work.

(e) In order that the Contractor may be notified of such defects and deficiencies prior to the expiration of the 90-day notice period, the General Agent, particularly with respect to vessels in foreign ports or vessels which may be at sea, shall instruct the Master of the respective vessel to forward the information with respect to defects and deficiencies in the Contractor's work to the General Agent's home office by the most expeditious manner of communication.

(f) In connection with all deficiencies and defects, referred to in paragraph (d) of this section, the General Agent shall immediately notify the Contractor and the local Ship Repair and Maintenance Office Head in the vessel's port of call with copies of such notification to the Chief, Division of Ship Repair and Maintenance in Washington, DC, in all cases and to the Chairman, Trial and Guarantee Survey Boards, if the total contract price is equal to or in excess of \$100,000. If practicable, the local Ship Repair and Maintenance Office Head shall arrange to view the defective or deficient work in question and, if possible, shall secure the correction of such defects or deficiencies by the Contractor in question.

(g) The General Agent, and the representative of the local Ship Repair and Maintenance staff, who acted under the provisions of paragraph (e) of this section promptly shall file with the Chief, Division of Ship Repair and Maintenance in Washington, DC, and also with the Chairman, Trial and Guarantee Survey Boards, if the total contract price equals or exceeds \$100,000, separate or concurring reports setting out the defects and defi-

ciencies, describing the actual conditions found, causes of failure, and the disposition of each defect or deficiency item.

Sec. 12. Disposition of removed equipment and scrap.

(a) Article 8 of the NSA-LUMPSUM REP Contract provides that any ship equipment, fuel, lube oil, supplies, stores, furniture, fixtures, salvage and other movable property removed from the vessel is the property of the United States and shall be disposed of in such manner as the Authority may direct within sixty (60) days from the date of the completion of the work. The representative of the Authority, by appropriate item in the specifications, shall cause the Contractor to segregate all equipment, salvageable material and scrap, removed from a vessel in the performance of repairs, in such a manner as to be readily identifiable, and shall submit a list thereof to the local Property and Supply office which is responsible for arranging for retention, disposal, etc., of said equipment, material, and scrap. A copy of the listing is to be attached as a support to the Ship Repair Summary (MA-159).

(b) After the 60-day period, if no direction for disposal is given the Contractor, the Contractor shall store and protect, in the shipyard or outside of the shipyard at its election, such property of the United States, for the additional period directed by said local Property and Supply office who shall furnish a copy of such written direction to the representative of the Authority. The increased contract price for the cost of the storage for such additional period shall be covered by purchase order prepared by the local Property and Supply office.

(c) All scrap removed from the vessel shall be the property of the United States and shall be handled as provided in paragraph (b) of this section: *Provided, however,* That any scrap or salvage may, upon the written approval of the local Property and Supply office, be purchased or disposed of by the Contractor at the prevailing market price, or at not less than the fair value thereof in the absence of an established market therefor. The net sales price of the

scrap or salvage disposed of by the Contractor shall be promptly paid to the office of the District Finance Officer, or at the option of the office of the District Finance Officer, shall be credited against the moneys due or to become due the Contractors.

[SRM-5, Rev., 18 FR 5035, Aug. 22, 1953, as amended at 33 FR 5952, Apr. 18, 1968. Redesignated at 45 FR 44587, July 1, 1980]

Sec. 13. Insurance.

Article 9 of the NSA-LUMPSUM REP Contract sets forth the Contractor's liabilities and obligations with respect to awarded work. Said Article 9 requires that the Contractor shall maintain insurance to cover such liabilities and obligations. Evidence of such insurance shall be submitted to the Chief, Division of Insurance, Washington, DC, by the contractors for approval.

Sec. 14. Anti-Kickback and Davis-Bacon Acts.

(a) All work awarded under the NSA-LUMPSUMREP Contract is subject to the provisions of the Anti-Kickback Act, and is also subject to the provisions of the Davis-Bacon Act (except in those cases where the Invitations for Bids or job order state that the work covered thereby is not subject to the Davis-Bacon Act). Article 24 of the NSA-LUMPSUMREP Contract requires the compliance of Contractor and its subcontractors with the applicable provisions of said acts. In this respect the Contractor agrees in the NSA-LUMPSUMREP Contract to comply with the regulations of the Secretary of Labor made pursuant to the Anti-Kickback Act.

(b) The Contractor shall, as provided in Article 24(a) of the NSA-LUMPSUM REP Contract, post at the site of the work the wage determination decision of the Secretary of Labor as provided in said Article 24(a).

(c) It shall be the responsibility of the representative of the Authority awarding the work to determine that the Contractor has made the postings required by Article 24(a) of the NSA-LUMPSUMREP Contract.

(d) In lieu of submitting weekly certified copies of all payrolls to the Authority, as provided in Article 24(d) of

the Master LUMPSUMREP Contract the Contractor shall maintain his weekly payrolls for a period of three years and submit weekly an affidavit that the payrolls of the Contractor for the preceding week are correct and complete, that the wage rates contained therein are not less than those determined by the Secretary of Labor and that the classifications set forth for each labor mechanic conforms with the work he performed. The Contractor shall also submit, and shall be responsible for the submission by its subcontractors of the Anti-Kickback Act affidavits as provided in Article 24(f) of the Master LUMPSUMREP Contract. The Contractor shall submit one copy of each of the weekly payroll and Anti-Kickback Act affidavits to the Records Administration Section, Maritime Administration, Washington 25, DC.

(e) The representative of the Authority shall require Contractors, pursuant to the provisions of Article 24(d) of the NSA-LUMPSUMREP Contract, to classify or reclassify any class of laborers or mechanics employed on National Shipping Authority contract work and not listed in the Secretary of Labor's decision (schedule of wages). A report of such cases shall be forwarded to the District Ship Repair and Maintenance office for transmittal to the Office of Maritime Labor Policy.

(f) The representatives of the Authority shall be responsible for establishing procedures insuring that Contractors are complying with the Davis-Bacon Act and in cases of non-compliance withhold payment of contractors' invoices.

(g) The following certification shall be inserted by all contractors on all invoices rendered covering work awarded under the Master Repair Contract subject to the Anti-Kickback and Davis-Bacon Acts.

I hereby certify that in performing the work for which the invoice was rendered that all applicable terms and conditions of the Anti-Kickback and Davis-Bacon Acts as provided in the Master Repair Contract and regulations of the Department of Labor have been complied with.

Sec. 15. Subcontracts.

Under Article 29 of the NSA-LUMPSUMREP Contract, the Contractor is authorized to subcontract portions of the work. However, the Contractor must obtain prior approval from the representative of the Authority, awarding the work, for each subcontract in an amount exceeding 10 percent of the contract price for the work covered by a job order or supplemental job order.

Sec. 16. Liquidated damages.

(a) The liquidated damages payable for each calendar day of delay shall be placed on each job order and supplemental job order whether awarded on a competitive bid or negotiated basis.

(b) The completion certificates are to contain the date on which work is actually completed, whereas the job order and supplemental job orders are to contain a completion date based on a fair and reasonable estimate of time to be allowed the contractor to perform the work. Thus, the difference between the completion date specified on the job order or supplemental job orders and on the completion certificates will be the period for which liquidated damages are assessed. If an extension of an original completion date is considered justifiable, the completion certificates are to bear in detail in the space provided for "exceptions" the reasons why the completion dates were extended beyond that specified in the original job orders. The face of the Ship Repair Summaries (MA-159) shall reflect the amounts of liquidated damages. The penalty amount shall be deducted from the invoice prior to payment for the work involved.

[18 FR 5035, Aug. 22, 1953; 18 FR 5294, Sept. 2, 1953. Redesignated at 45 FR 44587, July 1, 1980]

Sec. 17. Performance of work resulting from damage sustained while undergoing repairs.

(a) When damage is sustained by a vessel during performance of repairs under the NSA Master Contract, negotiations for accomplishment of work necessary to correct such damage are to be made with the repair contractor involved, if practicable, and a job order

issued to the contractor for the repair of damage. Such job orders are to be assigned a new number and are not to be supplemental to the original award. The following "without prejudice" clause is to be made a part of and place on each job order issued for the performance of work discussed in this section.

It is understood and agreed that the work covered by this job order is awarded and accepted without prejudice to, or waiver of, any rights of the United States or the Contractor.

(b) If it is determined that the contractor is at fault and the contractor refuses to accept the responsibility, the procedure outlined in Article 27 of the master repair contract shall be followed. It is to be understood that the payment of this type of account is to be withheld pending establishment that the contractor involved is relieved of all responsibility for the damage.

(c) In the event other than the original contractor effects the damage repairs immediate arrangements are to be made by and through the General Agent to collect from the contractor considered responsible for the damages.

(d) A damage survey is to be conducted in all such cases and a report thereon submitted to the Chief, Division of Ship Repair and Maintenance, Washington, DC.

Sec. 18. Group classification.

In the preparation of specifications, Job Orders, Supplemental Job Orders and WORKSMALREP Contracts costs by Group Numbers as set forth and described below are to be inserted thereon:

Number	Classification

52	<i>Strengthening of Newly Constructed Vessels</i> (strengthening of vessels according to program).

Number	Classification

67	<i>Preparation of Vessels for Lay-up</i> (stripping, draining and preservation. No repairs to be included in this grouping).

Sec. 19. Ship Repair Summaries.

(a) Ship Repair Summaries shall be prepared on Form MA-159 by the General Agents and local offices of the Authority covering all work performed under their respective jurisdiction and submitted to the District Ship Repair and Maintenance office involved. The summaries must be properly identified and contain the correct cost breakdown as set forth in this order. If the summary covers work other than repairs related to a voyage, the summary must so state, e.g., reactivation, lay-up, idle status, etc. The District Ship Repair and Maintenance office shall review the summaries and supports to ascertain that they have been properly prepared in all respects. The originals of all summaries unsupported shall be forwarded by the District offices to the Chief, Operating Cost Control Branch, Office of Ship Operations, National Shipping Authority, Washington, DC, and two copies each of all summaries one of which is to be supported by one copy each of job orders, supplemental job orders, invitation for bids, speci-

fications, invoices, itemized prices, completion certificates, ABS invoices and reports, purchase orders, price warehouse delivery tickets, property removal notices, WORKSMAL REP Contracts, a statement that bid, performance and payment bonds were received and approved, abstract of bids containing the list of contractors invited to bid and response of each, an explanation of the basis for an award when the contract is not awarded to lowest bidder, listing of scrap, salvageable material and equipment removed from a vessel, etc., shall be forwarded to the Chief, Division of Ship Repair and Maintenance, Washington, DC.

(1) Within 60 days after termination of the respective voyages for work awarded by General Agents.

(2) Within 30 days after completion of all work awarded by the Local Offices within a port area.

(b) In the event invoices for particular services are not available such as, American Bureau of Venders Inspectors fees, the summary is nevertheless to be prepared as outlined in this order and estimated costs for the missing billings set forth on the summary. Upon receipt of said invoices a supplementary summary shall promptly be prepared and distributed as outlined in this section.

(c) If no work is performed under a General Agent's jurisdiction for a particular voyage, the General Agent must submit for distribution as stated herein a repair summary stating across the face that no repairs, either foreign or domestic, were performed for the particular voyage involved.

Sec. 20. Reports of awards.

(a) The Coast Directors shall submit to the Chief, Division of Ship Repair and Maintenance, Washington, D.C., a monthly listing of all awards made under their jurisdiction. This listing shall reflect individually the complete contract number, contractor, vessel, type of award, e.g., negotiated or bid, costs and repair period. This listing shall be submitted substantially in the following form:

Contractor	Contract No.	Vessel	Award	Amount	Start	Completed

§ 340.3 General provisions.

(a) The provisions of this rule apply pursuant to authority granted to the President by title I, Defense Production Act of 1950, as amended (50 U.S.C. App. 2061 *et seq.*) that authority having been delegated to the Secretary of Transportation, with respect to civil transportation services, by § 322.3(b) of title 44, Code of Federal Regulations. In order to give priority to performance under contracts deemed necessary or appropriate to promote the national defense and to allocate materials and facilities in such manner, upon such conditions and to such extent as necessary or appropriate to promote the national defense, the following procedures shall be applicable:

(1) In connection with deployment of the Armed Forces of the United States, or other requirements of the nation's defense, a defense agency (as defined in § 340.2(h) of this part) may request priority use or allocation of vessels employed in commercial shipping services, containers, chassis, or port facilities and services.

(2) The Secretary may authorize initiation of priority and allocation authority in accordance with administrative and statutory authorities.

(3) The Administrator, on approval by the Secretary to initiate the use of

priority and allocation authority under this regulation and in conformance with national program priorities, may direct owners and/or operators of vessels, containers, chassis, or port facilities to give priority usage to the defense agency or may allocate vessels, containers, chassis, or facilities for the defense agency's use during specified periods.

(b) A defense agency may transmit requests for assignment of priority for use or for allocation of vessels, containers, chassis, and port facilities and services to the Secretary by letter, memorandum, or electrical message.

(c) Justification for requested priorities or allocations may include references to military operations plans. When classified, justifications may be provided separately by correspondence or staff coordination. NSPOs and NAOs will not include classified information.

(d) The Administrator shall determine, before issuing an NSPO or NAO, that the action is necessary to meet the requirements of the national defense (as determined by the defense agency) and conforms to Secretarial guidance for coordinating the Department's crisis response, and that the proposed approach is the most effective way to do so. The Administrator, in conjunction with the defense agency, shall coordinate with vessel operators, container suppliers, chassis suppliers, port authorities and the Coast Guard to identify vessels, equipment and facilities to meet requirements covered by NSPOs and NAOs. The Administrator shall ensure that arrangements to provide defense support under NSPOs and NAOs satisfy the defense agency's requirements with minimum disruption to commercial activities.

(e) When resources are required for movement of hazardous or other special cargo, the Administrator shall ensure that the Commandant of the Coast Guard and the Captain of the Port and other concerned hazardous materials officials of the U.S. Department of Transportation, as required, are notified and that the views of all concerned agencies and interests are obtained and reflected in actions taken pursuant to this regulation. Any action taken pursuant to this regulation shall conform with existing regulations for the safe

transportation of hazardous materials and or cargoes, subject to Department of Transportation exemptions.

(f) The Secretary shall notify FEMA of the intention to issue any directive granting priority for use or allocation of vessels, containers, chassis, or port facilities and services, and shall provide information copies of NSPOs and NAOs as required to the defense agency concerned, FEMA, the Interstate Commerce Commission and the Coast Guard.

(g) Defense agencies which foresee difficulty in meeting their needs for vessels employed in commercial shipping services, containers, chassis, or port facilities and services shall coordinate with MARAD, the Coast Guard, vessel operators, container suppliers, chassis suppliers, and port authorities concerned before the need arises. The Administrator, after Secretarial review, may issue planning orders for information and guidance of affected agencies confirming tentative arrangements to meet the defense agencies' needs. No action will be taken to give effect to those arrangements until NSPOs and NAOs are issued at the time the services, equipment, or facilities are required.

(h) Defense agencies shall pay for services covered by NSPOs and NAOs on the basis of commercial tariffs, or on the basis of contracts concluded between the operator interests and the defense agencies concerned, or on the basis of existing contracts where both parties so agree.

(i) Defense agencies shall be responsible for payment of costs arising from:

(1) Shifting ships to unoccupied berths for defense use;

(2) Discharging commercial cargo to free ships for defense use; and

(3) Such other costs as may be agreed between the defense agency and the provider of service.

(j) The provisions of this regulation shall apply to foreign vessels, containers, and chassis only when and to the extent that such vessels, containers, and chassis are available to the United States because of control by U.S. citizens (46 App. U.S.C. 802) or by provision of international agreements for use of shipping services and related resources for the common defense.

(k) Recipients of NSPOs and NAOs shall notify the Administrator, without undue delay, when they cannot comply or are experiencing difficulty in complying with the provisions of the Orders.

(iv) Justification for priority use of the requested service.

(2) The Administrator, pursuant to the circumstances specified in §340.4(a)(1), shall identify vessel operators that can provide the necessary service and issue NSPOs in coordination with the Secretary to those operators directing that priority be given to the movement and delivery of the defense agency's cargo and/or passengers by the type of service specified in the NSPO during the specified period.

(3) Each vessel operator in receipt of an NSPO shall:

(i) Give precedence to the cargoes of the defense agency in provision of equipment, loading, ocean transport and delivery; and

(ii) Coordinate with other operators in receipt of NSPOs applicable to the same priority movement program to ensure movement of the defense agency's cargoes on first available sailings.

(b) When a defense agency has need for vessels employed in commercial service on a continuing basis for national defense operations for a specified period or for the duration of a defense emergency which they cannot obtain through established transportation procurement practices, the following procedures shall apply:

(1) The agency shall transmit to the Secretary, with a copy to the Administrator, a request specifying the kinds of services required, the arrangements under which the agency proposes that the services be acquired, managed and compensated, and justification for allocation of the required vessels.

(iii) the approximate time-phased movement requirement in containers and/or chassis of specified sizes and types or in 20-foot equivalent units (TEU); and

(iv) Justification for priority use of containers and/or chassis.

(2) The Administrator pursuant to the circumstances in § 340.5(a)(1) shall:

(i) Identify container service operators capable of meeting the requirement; and

(ii) Issue NSPOs or NAOs in coordination with the Secretary to those container service operators, directing that priority be given to supply of containers and/or chassis against the defense requirement.

(ii) Supply containers and/or chassis to the defense agency in accordance with the defense agency's scheduling needs or supply the first available containers and/or chassis if those needs cannot be met.

(b) When a defense agency requires the allocation of containers and/or chassis on a continuing basis for national defense operations, the following procedures shall apply:

(1) They agency shall transmit to the Secretary, with a copy to the Administrator, request specifying:

(i) The number of containers and/or chassis required by type;

(ii) The general terms and conditions under which the agency proposes to acquire the needed containers and/or chassis and compensate the owners or operators;

(iii) The expected duration of the lease, if the containers and/or chassis are to be leased;

(iv) The locations at which the agency will take possession of the containers and/or chassis and the required delivery schedule; and

(v) Justification for allocation of containers and/or chassis.

(2) The Administrator in coordination with the Secretary shall identify container and chassis suppliers that can supply the required containers and/or chassis, and shall provide, so far as practicable, for balancing the defense agency's requirement against other requirements for containers and/or chassis so as to minimize disruption of inventory distribution, and shall issue NAOs to suppliers, directing the allocation of specified numbers of containers and/or chassis by type for exclusive use of the defense agency for a specified period.

(3) Each container and chassis supplier in receipt of an NAO shall deliver the containers and/or chassis specified in the NAO to the defense agency at the places and times specified in the NAO or separately agreed upon with the defense agency, under terms and

conditions agreed upon with the defense agency.

§ 340.6 Port facilities and services.

(1) Except during periods of Presidentially-declared national defense emergencies, when requests shall be transmitted to the Administrator, the agency shall transmit a request to the Secretary specifying:

(i) The ports at which priority use of port facilities and services are required and the kinds of facilities and services required at each port;

(iii) Justification for priority use of port facilities and services.

(2) The Administrator in coordination with the Secretary shall issue NSPOs to the port authorities concerned, directing that priority be given to the receipt, in transit handling, and outloading of the defense agency's cargo during a specified period and specifying the facilities and services required.

(3) Each port authority in receipt of an NSPO shall:

(i) Make such dispositions of commercial cargoes and ships loading or discharging commercial cargoes as may be necessary to accommodate priority movement of the defense agency's cargoes; and

Shipper agencies may provide individual permits to shippers and depots for specific movements to the port areas. (3) As soon as practicable after occurrence of any event from which the obligation of the United States to hold the operator harmless against loss, expense and liability might arise, written notice of such event shall be given by the operator to the United States, which notice shall contain full particulars of the event. If claim is made or suit is brought thereafter against the operator as a result or because of such event, the operator shall immediately deliver to the United States every demand, notice, summons or other process received by it or its representatives, and the United States shall provide appropriate attachment or appeal bonds or undertakings where required in the course of such litigation.

(4) The operator shall cooperate with the United States and, upon the request of the

United States, shall assist in effecting settlements, securing and giving evidence, obtaining the attendance of witnesses and in the conduct (including defense) of suits; and the United States shall reimburse the operator for reasonable out-of-pocket expenses, other than loss of earnings, incurred in so doing. The operator shall not voluntarily, except at its own cost, make any payment, assume any obligation or incur any expense, other than for such immediate medical and surgical relief to others as shall be imperative at the time of said occurrence of such event.

(5) This undertaking of the United States to hold the operator harmless against loss, expense and liability as herein provided, shall not create or give rise to any right, privilege or power in any person or organization, except the operator, nor shall any person or organization be or become entitled to join the United States as a co-defendant in any action against the operator brought to determine the operator's liability or for any other purpose; *Provided, however,* That as to any risk borne or assumed by the United States through the undertaking set above, the United States shall be and hereby is subrogated by the operator to any claim, demand or cause of action against third persons or organizations which exists or may arise in favor of the operator, and the operator shall, if so required, forthwith execute a formal assignment or transfer of such claim, demand or cause of action.

(6) This undertaking of the United States shall not apply against any loss or expense resulting from enemy attack upon the United States.

Art. 7. *Covenant against assignment or sublease of terminals.* The operator shall not assign or sublet the terminals or any portion thereof nor grant any license with respect thereto, except in the ordinary course of terminal operations and subject to the approval of the NSA.

Art. 8. *Custom of the port.* No rule or custom of the port in conflict with any provision or term of this agreement will be binding upon the United States, unless the operator is legally obligated to comply with the same pursuant to the laws of the United States or laws of any State thereof or pursuant to the terms, provisions, covenants and conditions of any lease covering the terminals and entered into between the operator and its lessor or licensor thereof.

Art. 9. *Extra work.* The United States will neither compensate nor make any payments to the operator for any extra work in connection with the operation of terminals which it may render in addition to the work specifically required by this agreement, except as provided in paragraph 3(e) of part II hereof.

Art. 10. *Status of employees.* All employees of the operator or of any other person or organization employed in performance of the

work shall at all times be the employees of the operator or of such other person or organization, as the case may be, and are not employees of the United States.

Art. 11. *Delegation of authority.* Wherever and whenever any right, power or authority herein is granted or given to the United States, such right, power or authority may be exercised by the NSA or such agent or agents as the United States may appoint, and the act or acts of such agent or agents when taken shall constitute the act of the United States hereunder. In performing the work, the operator may rely upon the instructions and directions of the Director, NSA, his officers and responsible employees, or any person or agency authorized by him. Whenever practicable, instructions and directions to the operator shall be in writing and oral instructions or directions given shall be confirmed promptly in writing. No Director's orders or regulations shall have retroactive effect without the written consent of the General Counsel, Maritime Administration.

Art. 12. *Warranty against contingent fees.* The operator warrants that it has not employed any person to solicit or secure this agreement upon any agreement for a commission, percentage, brokerage or contingent fee. Breach of this warranty shall give the United States the right to annul this agreement or in its discretion to deduct from any amount payable hereunder the amount of such commission, percentage, brokerage, or contingent fee.

Art. 13. *Equal opportunity.* During the performance of this agreement, the operator agrees as follows:

(a) The operator will not discriminate against any employee or applicant for employment because of race, color, religion, sex, age or national origin. The contractor will take affirmative action to insure that all action related to employment is taken without regard to race, color, religion, sex, age or national origin. Such action shall include, but not be limited to, employment, promotion, layoff or termination, direct or indirect compensation and selection for training, except where such provisions are governed by State civil service commissions or comparable government agencies. The contractor agrees to post in conspicuous places, available to employees and applicants, notices to be provided by the NSA setting forth the provisions of this non-discrimination clause.

(b) The operator will, in all solicitations or advertisements for employees placed by or on behalf of the operator, state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, age, or national origin.

(c) The operator will send to each labor union or representative of workers with

which it has a collective bargaining agreement or other contract or understanding, a notice, to be provided by the NSA, advising the labor union or worker's representative of the operator's commitments under section 202 of Executive Order No. 11246 of September 24, 1965, as amended, and shall post copies of the notice in conspicuous places available to employees and applicants for employment.

(d) The operator will comply with all provisions of Executive Order No. 11246, as amended, and by the rules, regulations and orders of the Secretary of Labor.

(e) The operator will furnish all information and reports required by Executive Order No. 11246, as amended, and by the rules, regulations and orders of the Secretary of Labor, or pursuant thereto, and will permit access to its books, records, and accounts by the NSA and the Secretary of Labor for purposes of investigation to ascertain compliance with such rules, regulations and orders.

(f) In the event of the operator's non-compliance with the nondiscrimination clauses of this agreement or with any of such rules, regulations or orders, this agreement may be cancelled, terminated or suspended in whole or in part, and the operator may be declared ineligible for further Government contracts in accordance with procedures authorized in Executive Order No. 11246, as amended, and such other sanctions may be imposed and remedies invoked as provided in Executive Order No. 11246, as amended, or by rule, regulation or order of the Secretary of Labor, or as otherwise provided by law.

(g) The operator will include the provisions of this paragraph in every subcontract or purchase order unless exempted by rules, regulations or orders of the Secretary of Labor issued pursuant to section 204 of Executive Order No. 11246, as amended, so that such provisions will be binding upon each subcontractor or vendor. The operator will take such action with respect to any subcontract or purchase order as the NSA may direct as a means of enforcing such provisions, including sanctions for noncompliance: *Provided, however*, That in the event the operator becomes involved in or is threatened with litigation with a subcontractor or vendor as a result of such direction by the NSA, the operator may request the United States to enter into such litigation to protect the interests of the United States.

Art. 14. *Officials not to benefit.* No persons elected or appointed as members of or delegates to Congress, themselves or by any other persons in trust for them, or for their use or account shall hold or enjoy this agreement in whole or in part, except as provided in Section 433, Title 18, United States Code. The operator shall not employ any member of Congress, either with or without compensation, as an attorney, agent, officer or director.

Art. 15. *Right of Controller General to examine books and records.* The Controller General of the United States or any of his duly authorized representatives shall have access to and the right to examine any pertinent books, documents, papers and records of the operator or any of its subcontractors engaged in the performance of the work under this agreement.

Art. 16. *Renegotiation.* This agreement shall be deemed to contain all the provisions required by section 104 of the Renegotiation Act of 1951. § 349.1 Purpose.

This part prescribes regulations implementing section 302, Merchant Marine Act, 1936 (Act), as amended (46 App. U.S.C. 1132), added by section 10 of Pub. L. 104-239, the Maritime Security Act of 1996. These regulations provide the procedures by which the Maritime Administration (MARAD), under authority delegated by the Secretary of Transportation to the Maritime Administrator, certifies, upon application, that certain merchant seamen are entitled to reemployment rights and

other benefits after completion of their service on vessels used by the United States for a war, armed conflict, national emergency or maritime mobilization need. It also describes the form of administrative assistance MARAD will provide to the seamen certified.

§ 349.2 Application for certification.

Pursuant to 46 App. U.S.C. 1132, an individual may submit an application to MARAD not later than 45 days after the date the individual completes the period of employment described in § 349.3 of this part.

§ 349.3 Certification criteria.

The Administrator shall apply the following criteria for certifying that an individual merchant seaman is entitled to reemployment rights and other benefits substantially equivalent to the rights and benefits provided by chapter 43 of title 38, United States Code, for any member of a Reserve Component of the Armed Forces of the United States who is ordered to active duty. It shall be the responsibility of each applicant for certification to submit relevant documentation to MARAD, Office of Maritime Labor, Training, and Safety, MAR-250, 400 Seventh St., S.W., Room 7302, Washington, D.C. 20590, establishing that—

(a) *Employment as merchant seaman.* The applicant was employed after October 8, 1996, in the activation or operation of a vessel—

(1) in the National Defense Reserve Fleet maintained by MARAD under authority of section 11 of the Merchant Ship Sales Act of 1946 (50 U.S.C. App. 1744) in a period in which that vessel was in use or being activated for use under 50 U.S.C. App. 1744(b);

(2) that is requisitioned under section 902 of the Act (46 App. U.S.C. 1242); or

(3) that is owned, chartered, or controlled by the United States and used by the United States for a war, armed conflict, national emergency, or maritime mobilization need (including for training purposes or testing for readiness and suitability for mission performance).

(b) *Seaman credentials.* During the period of employment described in paragraph (a) of this section, the seaman possessed a valid license, certificate of

registry, or merchant mariner's document issued under chapter 73 (as applicable) of title 46, United States Code, as required by 46 App. U.S.C. 1132(c).

(c) *Additional information.* If applicable, periods of hospitalization, convalescence, illness, injury, shipwreck or detention beyond the mariner's control were incurred in, or aggravated during, the performance of employment described in § 349.3(a).

§ 349.4 Decision on application.

MARAD will issue or deny certification (accompanied by an explanation in writing) to each applicant not later than 20 days after receipt of an application for certification.

§ 349.5 Reemployment rights and benefits.

(a) *General.* An individual who is absent from a position of employment, in the private or public (federal, state or local government) sector, because of temporary employment of any duration described in § 349.3(a), shall be entitled to reemployment rights and benefits upon completion of the temporary employment as a merchant seaman.

(b) *Superior claims.* Pursuant to 38 U.S.C. 4312(g), the right of a person to reemployment shall not entitle such person to retention preference or displacement rights over any person with a superior claim under the provisions of title 5, United States Code, relating to veterans and other preference eligibles.

(c) *Notification of employer.* Any person who is absent from a position of employment by reason of service as described in § 349.3(a) shall be entitled to reemployment rights and benefits provided in § 349.3(e) if—

(1) The person has given advance written or verbal notice of such service to such person's employer, unless giving notice is precluded by military necessity, under regulations prescribed by the Secretary of Defense, or, under all relevant circumstances, is impossible or unreasonable, pursuant to the provisions of 38 U.S.C. 4312(b); and

(2) The person submits an application for reemployment with the employer not later than 14 days after completion of a period of service of less than 181 days, or not later than 90 days after the

completion of a period of service greater than 180 days, or if submitting such application within such period is impossible or unreasonable through no fault of the person, the next first full calendar day when submission of such application becomes possible.

(d) *Waiver of notice requirements.* A person who has not given notice, or who fails to report or apply for employment or re-employment within the appropriate period specified in paragraph (c) of this section shall not automatically forfeit such person's entitlement to the rights and benefits referred to in §349.5(e), but shall be subject to the rules of conduct, established by policy, and the general practices of the employer pertaining to explanations and discipline with respect to absence from scheduled work. MARAD will make a determination on the issue of whether notice of service was required in acting on the application for certification.

(e) *Exception to reemployment rights.* An employer is not required to reemploy an individual if the employer satisfies the burden of proving that, pursuant to 38 U.S.C. 4312(d)—

(1) The employer's circumstances have so changed as to make such reemployment impossible or unreasonable, or such reemployment, if required, would impose an undue hardship on the employer, as defined in 38 U.S.C. 4303(15); or

(2) The employment which the individual left for employment as a merchant seaman was for a brief, nonrecurrent period and there was not at the time of leaving such employment any reasonable expectation that such employment would continue indefinitely or for a significant period.

(f) *Reemployment benefits.* An individual certified by MARAD to be entitled to reemployment shall also be entitled to other "benefits of employment" (other than wages or salary for work performed), as defined in 38 U.S.C. 4303(2), that would have accrued to that individual by reason of an employment contract or agreement or an employer policy, plan or practice and includes rights and benefits under a pension plan, a health plan, an employee stock ownership plan, insurance coverage and awards, bonuses, severance pay, supplemental unemployment and benefits,

vacations and the opportunity to select work hours or location of employment.

(g) *Reemployment position.* (1) An individual certified by MARAD as being entitled to reemployment shall be promptly reemployed by the former employer, according to the order of priority specified in 38 U.S.C. 4313(a), after submitting an application for reemployment. The three categories of priority, in ascending order, are for a merchant seaman who:

(i) Served for 90 days or less;

(ii) Served for more than 90 days; or

(iii) Has a disability incurred in, or aggravated during, the performance of such merchant service.

(2) For a person with such service related disability, the employer shall make "reasonable efforts", as defined in 38 U.S.C. 4303(10), "to accommodate the disability" to allow that person to be employed in the position that would have been occupied had the employment with the employer been continuous, or in the position in which employed on the date service began as a merchant seaman, and if that person is "not qualified" for either position, in a substantially equivalent position, as specified in 38 U.S.C. 4313 (a)(3) and (a)(4).

§349.6 Enforcement.

MARAD shall provide administrative assistance to any individual certified to be entitled to reemployment rights and benefits pursuant to chapter 43 of title 38, United States Code, made applicable by 46 App. U.S.C. 1132(a) and these regulations, who alleges in writing to MARAD the failure, refusal, or imminent failure or refusal of an employer to grant such rights or other benefits. The complaint must be sent to MARAD at the address in §349.3. Such complaint may be in any format and shall include the name and address of the employer against whom the complaint is filed and a summary of the allegations that form the basis for the complaint. MARAD will review, investigate and attempt to resolve the complaint by taking one or more of the following actions:

(a) *Consultation with claimant.* MARAD will communicate with the individual filing the complaint, in writing and/or by telephone or other

§ 349.6

46 CFR Ch. II (10–1–97 Edition)

(d) *Referral to Attorney General or Merit Systems Protection Board.* MARAD will notify the complainant of an unsuccessful effort to resolve a complaint. Pursuant to 38 U.S.C. 4323 and 4324, if the complainant so requests, MARAD will refer to the Attorney General a complaint relating to a private or State employer, or to the Merit Systems Protection Board, for litigation, a complaint relating to a Federal executive agency employer.

L. 89-346 (73 Stat. 597).

(c) To satisfy the statutory requirements, an Affidavit of U.S. Citizenship of a primary corporation by one of its officers duly authorized to execute such Affidavit, should be submitted. This affidavit should contain facts from which the corporation's citizenship can be determined.

(a) In order to establish that a corporation is a citizen of the United States within the meaning of section 2, Shipping Act, 1916, as amended, the form of affidavit to be used as a guide is hereby prescribed for execution in behalf of the primary corporation and filing with an application or, if required, subsequent filing within 30 days after the annual meeting of the stockholders (if the primary corporation is a wholly owned subsidiary and contrary to the bylaw provision does not hold the annual meeting of stockholders, the subsequent filing should be annually and related to the date of the original filing) as evidence of the continuing U.S. citizenship of a "person" as defined in section 1, Shipping Act, 1916, as amended, which shall read as follows:

AFFIDAVIT OF U.S. CITIZENSHIP

These per centum figures apply to corporate stockholders as well as to the primary corporation.]

(The same statement should be made with reference to each class or series of stock, if there is more than one class or series.)

4. Information as to stock, where Corporation has less than 30 stockholders:¹

----------------------------	--	--

<i>Name of stockholder</i>	<i>Number of shares owned (each class or series)</i>	<i>Percentage of shares owned (each class or series)</i>

and that each of said individual stockholders is a citizen of the United States by virtue of birth in the United States, birth abroad of U.S. citizen parents, by naturalization during minority through the naturalization of a parent, by marriage (if a woman) to a U.S. citizen prior to September 22, 1922, or as otherwise authorized by law.

§355.3 Criteria to be applied in support of stock data in affidavit.

(a) The same criteria should be observed in obtaining information to be furnished for stockholders named (direct ownership of required percentage of shares of stock of each class or series) in the Affidavit as those observed for the primary corporation. If, on the other hand, the “fair inference rule” is applied with respect to stock ownership (see *Collier Advertising Service, Inc. v. Hudson River Day Line*, 14 Fed. Supp. 335), the extent of U.S. citizen ownership of stock should be ascertained in the requisite percentage (65 percent for foreign operation and 95 percent for coastwise operation) in order that the veracity of the statutory statements made in the Affidavit (paragraph 5) may be relied upon by the Maritime Administration.

(b) When applying the fair inference rule (where there are more than 30 stockholders, except where one or more of such number actually owns the controlling or 75 percent interest) in order to prove U.S. citizen ownership in the required percentages (1) for foreign operation, 65 percent of the shares of stock of each class or series must be shown to be held by persons with registered addresses within the United States to prove that 51 percent or controlling interest is vested in citizens of the United States and (2) for coastwise operation, 95 percent of the shares of stock of each class or series must be shown to be held by persons having registered addresses within the United States to prove that 75 percent of the interest in the corporation is vested in citizens of the United States.

(c) If the primary corporation is consecutively owned by several “parent” corporations (holders of 100 percent of the stock of each or all classes or series

of stock issued and outstanding), the facts should be given in proper sequence either by chart or in narrative form, revealing the facts of stock ownership. The information with respect to the ultimate parent should include data relative to the basis upon which controlling or 75 percent (depending upon whether the primary corporation operates in the domestic or foreign commerce) is established, together with the names of the owners of record or beneficial owners of 5 percent or more of each class or series of stock, if more than one class or series, and statement that such owners are citizens of the United States. In any case where different classes or series of stock exist, each class or series shall be treated depending upon whether “closely held” or “publicly held,” individually in applying the fair inference rule, if applicable, or giving the relevant information with respect to United States citizens owning of record 51 percent or 75 percent of the interest.

§355.4 Changes in citizenship data.

It shall be incumbent upon the parties filing affidavits under this part to apprise the Maritime Administration promptly in writing relative to changes in data last furnished with respect to officers, directors, and stockholders holding 5 percent or more of the issued and outstanding stock of each class or series, together with statements concerning the citizenship status thereof.

§355.5 Additional material.

If additional material is determined to be essential to clarify or support the evidence of U.S. citizenship, such material shall be furnished by the aforementioned primary corporation upon request by the Maritime Administration.

Maritime Administration, DOT

§ 360.4

SOURCE: General Order 84, 2d Rev., 36 FR 5790, Mar. 27, 1971, unless otherwise noted.

§ 360.1 Purpose.

To set forth the policy and procedures governing the transfer of marine equipment by the Maritime Administration to operators of merchant ships and to shipyards for the construction or repair of merchant ships, on the basis of replacement at the earliest possible date.

§ 360.2 Definitions.

(a) The term *transfer*, as used herein, shall be deemed to be a transfer of possession with passage of title upon delivery of the equipment to the operator or shipyard, and with obligation for replacement of the equipment by the transferee.

(b) The terms *marine equipment* and *equipment*, as used herein, shall be deemed to include machinery, spare parts, and equipment required for the operation, construction, or repair of merchant ships.

§ 360.3 Policy.

(a) Transfers of marine equipment owned by the Maritime Administration will be made, upon request, only in cases of emergency under the following conditions:

(1) There must be a need which cannot be filled within a reasonable time by a manufacturer or other source;

(2) The transferee shall agree to stand all costs incurred in connection with the transfer;

(3) The transferee shall agree to take possession and custody of the equipment at a time and place designated by the Maritime Administration, and there shall be no liability on the part of the Maritime Administration for any failure of the equipment thereafter; and

(4) The equipment transferred shall be replaced by the transferee, at his expense, at the earliest practicable date and at a point designated by the Maritime Administration, with new equipment of the same type and design or with equipment determined by the Maritime Administration to be suitable for the same use as the equipment transferred, in a condition satisfactory to the Maritime Administration and in

compliance with American Bureau of Shipping and U.S. Coast Guard standards.

(b) Transfers which meet the above requirements may be made (1) to operators of U.S.-flag merchant ships and shipyards for the construction or repair of U.S.-flag merchant ships, and (2) to foreign-flag merchant ships and U.S. shipyards for the construction or repair of foreign-flag merchant ships, when it is determined by the Maritime Administration, in consultation with other Government agencies, as appropriate, that the transfer would be beneficial to the American merchant marine, the defense effort, or otherwise in the national interest.

(c) The transferee shall furnish a deposit to the Maritime Administration in the amount of the current acquisition value (new) of the equipment, as determined by the Maritime Administration, plus 10 percent of such amount to cover expenses which may be incurred by the Maritime Administration in connection with the transaction, including possible damages to Maritime Administration properties, and, where applicable, an additional amount equal to the estimated cost of closing any openings or reassembling any machinery made necessary by the transfer. This deposit, less the amount of any expenses or damages incurred by the Maritime Administration in connection with the transfer, will be returned to the transferee upon satisfactory replacement of the equipment.

(d) The transferee shall pay to the Maritime Administration a service charge in the amount of \$200 to cover administrative and operating expenses incurred in processing the transfer. This amount is to be deposited to the credit of the Government, and will not be returned to the transferee.

§ 360.4 Procedure.

(a) Requests for the transfer of marine equipment shall be submitted, in writing, to the Chief, Division of Reserve Fleet, Maritime Administration, Washington, DC 20590, or to the appropriate Region Director in the field, and shall include the following information:

(1) Name and address of organization requesting the transfer;

(2) Description of the equipment required;

(3) Time and method of replacement of equipment;

(4) Name, type, and flag of ship involved, port at which installation is to be made, and trade route and type of trade in which ship is engaged; and

(5) A detailed explanation of the need, establishing that an emergency exists and that the equipment cannot be obtained elsewhere in time for the ship to sail on schedule or to continue a voyage.

(b) Upon determination by the Maritime Administration that the justification for the transfer meets the policy requirements of §360.3 and that the equipment is available for transfer, the authorized transfer official shall obtain from the applicant, in writing, an agreement to the conditions of the transfer, including the conditions set forth in §360.3 and such other conditions as may be appropriate, including the foregoing definition of the term “transfer.”

(c) The transferee shall transmit to the Maritime Administration, Washington, D.C., or the appropriate Region Director a certified or cashier's check payable to “Maritime Adm.-Transportation” in the amount of the required deposit and the service charge, as determined under §360.3 (c) and (d).

(d) Upon approval of the transfer, the Chief, Division of Supply Management or appropriate Region Director shall authorize the issuance of appropriate shipping and other necessary instructions for the transfer of the equipment to the ship operator or shipyard.

(e) Upon determination that the equipment transferred has been satisfactorily replaced and all conditions of the transfer have been complied with, the Maritime Administration will refund to the transferee the amount of his deposit less such deductions as are determined by the Maritime Administration to be appropriate.

Subpart A—Processing of Time-Barred Claims

§370.1 Definitions.

(a) *Time-barred claim* means a claim against the Government, for which the statutory period for filing suit has expired.

(b) *Contract* includes every agreement or contract entered into by the Maritime Administrator and/or Maritime Subsidy Board, the Director National Shipping Authority or their delegatee.

(Sec. 204, 49 Stat. 1987, as amended; 46 U.S.C. 1114)

§370.2 General policy.

(a) Time-barred claims shall be rejected, except as follows:

(1) A time-barred claim which could be asserted in court by way of set-off against a claim in favor of the United States arising out of the same contract may be considered in an overall settlement where settlement will result in a net payment to the United States, provided claimant releases the United States from all claims arising from or in any way connected with said contract.

(2) Time-barred claims in favor of friendly foreign governments shall not be rejected solely because they are time-barred. However, should any such government adopt the practice of asserting the statute of limitations as a defense against claims of the United States, the time-barred claims of that government shall be rejected.

(3) Time-barred claims arising under Second Seamen's War Risk insurance (or similar earlier types of crew insurance) where the policy was issued or the risks were assumed by the Maritime Administration (or its predecessors), shall not be rejected where the beneficiaries were precluded from receiving the proceeds of the policy by reason of regulations or orders of the U.S. Government (i) by reason of the beneficiary being physically or mentally unable to present the claim, (ii) by the beneficiaries being unaware of their entitlement to the proceeds in question, or (iii) where the claim is not “stale” under general principles of equity.

(b) For the purpose of a claim by a General Agent under General Agency Agreements set forth in 32A CFR AGE-1 for reimbursement by the Maritime Administration on account of a timely payment made to a third party within a period of limitations running from the date the claim of the third party accrued, the period of limitations applicable to the General Agent shall run from the date of such payment. In all other cases involving claims arising under General Agency Agreements, including third-party claims, the policy provided in paragraph (a) of this section shall apply.

(c) Consideration of any claim governed by applicable regulations in this chapter II, including without limitation parts 272, 292, and 205 of this chapter, shall be controlled by the time limitations expressly provided for with respect to the submission of such claims.

(b) With respect to books, records, and accounts which, subject to the provision of paragraph (a) of this section, are to be disposed of upon the expiration of the minimum retention period prescribed herein, there shall be filed with the Records Officer, Maritime Administration, Washington, DC, 20590, a written notification, in triplicate, via registered mail at least thirty (30) days prior to the contemplated, disposal requesting permission to dispose of records. The request shall be in such form that the books, records, and accounts can be readily identified. Within thirty (30) days after receipt of such notification the Records Officer shall grant approval for disposal, or advise the necessity for continued retention of all or any specified portion thereof. Failure of the Record Officer to reply within the thirty (30) days period following receipt by the Administration of such request shall constitute approval.

(c) Applications for special authority to dispose of certain books, records, and accounts prior to the expiration of prescribed minimum retention periods, and any inquiries as to the interpretation or applicability of this subpart to specific items shall be submitted to the Records Officer, Maritime Administration. The applicant shall describe in detail the items to be disposed of and explain why continued retention is unnecessary.

tion, a copy of the formal action and name of the incumbent shall be filed with the Records Officer, Maritime Administration.

(b) The person in charge of the retention and disposal program shall maintain a record of all books, records, and accounts held in storage, and in such form that the items and their location are readily identifiable. A copy of the written notification requesting permission to dispose of any books, records, and accounts, and the original approval from the Administration, as required in § 380.22(b), together with a statement showing date, place and method of disposal will suffice as a record of such disposed items. These retention and disposal records shall be available at all times for inspection by Administration officials and auditors.

§ 381.4 Fair and reasonable participation.

In order to insure a fair and reasonable participation by U.S.-flag commercial vessels in liner parcel cargoes subject to the Cargo Preference Act of 1954, as required by that Act, the head of each department or agency having responsibility under that Act shall prescribe regulations or formal staff instructions providing for the cargo mix of liner parcel cargoes transported on ocean vessels to be divided between privately owned U.S.-flag vessels and foreign-flag vessels in such a manner as to yield to the U.S.-flag vessels freight revenue per long ton at least equal to the freight revenue per long ton afforded the foreign-flag vessels participating in the same grant, loan, or purchase transaction. A copy of the regulations or staff instructions prescribed by each department or agency shall be furnished to the Secretary, Maritime Administration, no later than June 30, 1971, for approval.

§ 381.5 Fix American-flag tonnage first.

Each department or agency having responsibility under the Cargo Preference Act of 1954 shall cause each full shipload of cargo subject to said act to be fixed on U.S.-flag vessels prior to any fixture on foreign-flag vessels for at least that portion of all preference cargoes required by that Act and the Food Security Act of 1985 to be shipped on U.S.-flag vessels, computed by purchase authorization or other quantitative unit satisfactory to the agency involved and the Maritime Administration, except where such department or agency determines, with the concurrence of the Maritime Administration, that (a) U.S.-flag vessels are not available at fair and reasonable rates for U.S.-flag commercial vessels, or (b)

that there is a substantially valid reason for fixing foreign-flag vessels first.

[G.O. 103, Amdt. 2, 36 FR 19254, Oct. 1, 1971, as amended at 57 FR 13047, Apr. 15, 1992]

§ 381.6 Informal grievance procedure.

(a) Whenever any person has a question, problem, complaint, grievance, or controversy pertaining to the terms and conditions of any tenders, charter party terms, or other matter involving the administration of the Cargo Preference Act of 1954, such person may request the Maritime Administration to afford him an opportunity to discuss the matter informally with representatives of the Maritime Administration and, if other U.S. Government agencies or foreign missions, embassies, or agencies acting on behalf of a foreign government are involved with them or persons authorized to speak for them.

(b) In such cases, a request may be made by telephone or letter to the Chief, Office of Market Development, Maritime Administration, Washington, DC 20590, (202) 366-4610. When such a request has been received, the Maritime Administrator, Department of Transportation or his designated representative will promptly consider the matter on its merits and provide assistance if possible. If the matter cannot be resolved satisfactorily by the Maritime Administration, the Maritime Administrator, Department of Transportation or his designated representative will then arrange for a meeting at a time and place satisfactory to all interested parties so that the matter may be freely discussed and resolved.

(c) At such meetings, the Maritime Administrator, Department of Transportation or his designated representative may request any U.S. Government agency, foreign mission, embassy, or agency acting on behalf of a foreign government, or others having an interest in the matter to attend such a conference, or to send representatives authorized to speak for them. All such meetings and conferences will be conducted in an informal manner.

[G.O. 103, Amdt. 3, 37 FR 3641, Feb. 18, 1972, as amended at 57 FR 13047, Apr. 15, 1992]

§ 381.7 Federal Grant, Guaranty, Loan and Advance of Funds Agreements.

In order to insure a fair and reasonable participation by privately owned United States-flag commercial vessels in transporting cargoes which are subject to the Cargo Preference Act of 1954 and which are generated by U.S. Government Grant, Guaranty, Loan and/or Advance of Funds Programs, the head of each affected department or agency shall require appropriate clauses to be inserted in those Grant, Guaranty, Loan and/or Advance of Funds Agreements and all third party contracts executed between the borrower/grantee and other parties, where the possibility exists for ocean transportation of items procured, contracted for or otherwise obtained by or on behalf of the grantee, borrower, or any of their contractors or subcontractors. The clauses required by this part shall provide that at least 50 percent of the freight revenue and tonnage of cargo generated by the U.S. Government Grant, Guaranty, Loan or Advance of Funds be transported on privately owned United States-flag commercial vessels. These clauses shall also require that all parties provide to the Maritime Administration the necessary shipment information as set forth in § 381.3. A copy of the appropriate clauses required by this part shall be submitted by each affected agency or department to the Secretary, Maritime Administration, for approval no later than 30 days after the effective date of this part. The following are suggested acceptable clauses with respect to the use of United States-flag vessels to be incorporated in the Grant, Guaranty, Loan and/or Advance of Funds Agreements as well as contracts and subcontracts resulting therefrom:

(a) *Agreement Clauses.* "Use of United States-flag vessels:

"(1) Pursuant to Pub. L. 664 (43 U.S.C. 1241(b)) at least 50 percent of any equipment, materials or commodities procured, contracted for or otherwise obtained with funds granted, guaranteed, loaned, or advanced by the U.S. Government under this agreement, and which may be transported by ocean vessel, shall be transported on privately owned United States-flag commercial vessels, if available.

"(2) Within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, 'on-board' commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (a)(1) of this section shall be furnished to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590."

(b) *Contractor and Subcontractor Clauses.* "Use of United States-flag vessels: The contractor agrees—

"(1) To utilize privately owned United States-flag commercial vessels to ship at least 50 percent of the gross tonnage (computed separately for dry bulk carriers, dry cargo liners, and tankers) involved, whenever shipping any equipment, material, or commodities pursuant to this contract, to the extent such vessels are available at fair and reasonable rates for United States-flag commercial vessels.

"(2) To furnish within 20 days following the date of loading for shipments originating within the United States or within 30 working days following the date of loading for shipments originating outside the United States, a legible copy of a rated, 'on-board' commercial ocean bill-of-lading in English for each shipment of cargo described in paragraph (b) (1) of this section to both the Contracting Officer (through the prime contractor in the case of subcontractor bills-of-lading) and to the Division of National Cargo, Office of Market Development, Maritime Administration, Washington, DC 20590.

"(3) To insert the substance of the provisions of this clause in all subcontracts issued pursuant to this contract."

(Reorganization Plans No. 21 of 1950 (64 Stat. 1273) and No. 7 of 1961 (75 Stat. 840) as amended by Pub. L. 91-469 (84 Stat. 1036) and Department of Commerce Organization Order 10-8 (38 FR 19707, July 23, 1973))

[42 FR 57126, Nov. 1, 1977]

§ 381.8 Subsidized vessel participation.

(a) For the purpose of approving subsidized U.S.-flag liner and bulk vessels competing for the carriage of dry bulk preference cargoes, each department or agency having responsibility under the Cargo Preference Act of 1954 (46 U.S.C. 1214(b)), shall evaluate bids received from the operators of such vessels in the manner described in this section.

(b) When a subsidized vessel operator is the apparent low U.S.-flag responsive bidder for a dry bulk preference cargo, the responsible department or agency shall evaluate the subsidized operator's bid by:

(1) Requesting from MARAD an amount for the operating-differential subsidy (ODS) likely to be paid for the carriage of such cargo expressed as a cost per ton for performing the voyage by the apparent low responsive subsidized bidders;

(2) Deriving "augmented bids" for the subsidized operators by adding the ODS amount to each subsidized operator's bid;

(3) Comparing the augmented bids of the subsidized operators and the bids of unsubsidized operators to determine the apparent low responsive bidder;

(4) Requesting from MARAD a fair and reasonable guideline rate for the apparent low responsive bidder which shall be based on MARAD's calculation of anticipated costs (less ODS in the case of a subsidized vessel) for the voyage plus a reasonable amount for profit for the voyage; and

(5) Determining whether the subsidized operator's unaugmented bid or the unsubsidized operator's bid, whichever was determined to be the lowest responsive bid pursuant to paragraph (b)(3) of this section, is at or below the fair and reasonable guideline rate.

(c) If the amount of dry bulk cargo to be shipped is changed at any time prior to award, the department or agency shall request that MARAD provide new ODS amounts applicable to the carriage. The department or agency shall redetermine the augmented bids before determining the lowest responsive bid and requesting from MARAD a revised fair and reasonable guideline rate in accordance with the provisions of paragraph (b) of this section.

(d) Whenever a bid is submitted for a U.S.-flag vessel for the transportation of dry bulk preference cargo, the responsible department or agency shall only approve bids that apply to an individual vessel, and may not accept combined bids submitted for more than one vessel. If two or more vessels are offered, separate bids shall be submitted for each vessel. A bidder may submit a conditional lower bid for each vessel to be effective only if more than one vessel is contracted to carry the cargo.

(e) The requirements of this section shall apply only to those departments or agencies that directly pay or finance all or part of U.S.-flag ocean freight transportation costs for the carriage of dry bulk preference cargoes, in accordance with this part.

(f) The requirements of this section shall not apply to foreign aid consisting of direct cash transfer payments under specific agreements between departments or agencies and the recipient country with respect to the utilization of U.S.-flag vessels for transportation of commodities purchased with such funds.

[53 FR 24272, June 28, 1988]

§ 381.9 Available U.S.-flag service.

For purposes of shipping bulk agricultural commodities under programs administered by sponsoring Federal agencies from U.S. Great Lakes ports during the 1996-2000 Great Lakes shipping seasons, if direct all-U.S.-flag service, at fair and reasonable rates, is not available at U.S. Great Lakes ports, a joint service involving a foreign-flag vessel(s) carrying cargo no farther than a Canadian port(s) or other point(s) on the Gulf of St. Lawrence, with transshipment via a U.S.-flag privately-owned commercial vessel to the ultimate foreign destination, will be deemed to comply with the requirement of "available" commercial U.S.-flag service under the Cargo Preference Act of 1954. Shipper agencies considering bids resulting in the lowest landed cost of transportation based on U.S.-flag rates and service shall include within the comparison of U.S.-flag rates and service, for shipments originating in U.S. Great Lakes ports, through rates (if offered) to a Canadian port or other point on the Gulf of St.

Lawrence and a U.S.-flag leg for the remainder of the voyage. The “fair and reasonable” rate for this mixed service will be determined by considering the U.S.-flag component under the existing regulations at 46 CFR Part 382 or 383, as appropriate, and incorporating the cost for the foreign-flag component into the U.S.-flag “fair and reasonable” rate in the same way as the cost of foreign-flag vessels used to lighten U.S.-flag vessels in the recipient country’s territorial waters. Alternatively, the supplier of the commodity may offer the Cargo FOB Canadian transshipment point, and MARAD will determine fair and reasonable rates accordingly.

PART 382—DETERMINATION OF FAIR AND REASONABLE RATES FOR THE CARRIAGE OF BULK AND PACKAGED PREFERENCE CARGOES ON U.S.-FLAG COMMERCIAL VESSELS

Sec.

382.1 Scope.

382.2 Data submission.

382.3 Determination of fair and reasonable rates.

382.4 Waiver.

AUTHORITY: Secs. 204 and 901 of the Merchant Marine Act, 1936, as amended (46 App. U.S.C. 1114, 1241); 49 CFR 1.66.

SOURCE: 54 FR 49088, Nov. 29, 1989, unless otherwise noted.

§ 382.1 Scope.

These regulations prescribe the type of information that must be submitted by operators interested in carrying bulk and packaged preference cargoes, and the method for calculating fair and reasonable rates for the carriage of dry (including packaged) and liquid bulk preference cargoes on U.S.-flag commercial vessels, except less than full cargoes on liner vessels, pursuant to section 901 of the Merchant Marine Act, 1936, as amended.

§ 382.2 Data Submission.

(a) *General.* The operators shall submit information, described in paragraphs (b) and (c) of this section, to the Director, Office of Ship Operating As-

sistance, Maritime Administration, Washington, DC 20590. To the extent a vessel is time chartered, the operator shall also submit operating expenses for that vessel. All submissions shall be certified by the operators and are subject to verification, at MARAD’s discretion, by the Office of the Inspector General, Department of Transportation. MARAD’s calculations of the fair and reasonable rates for U.S.-flag vessels shall be performed on the basis of cost data provided by the U.S.-flag vessel operator as specified herein. Failure of a vessel operator to submit the required cost data will result in MARAD being unable to construct the guideline rate for the affected vessel, which may result in such vessel not being approved by the sponsoring Federal agency.

(b) *Required information for each vessel.* The following information shall be submitted not later than 120 days following the effective date of this part for the previous calendar year and shall be updated not later than April 30 for each subsequent calendar year. In instances where a vessel has not previously participated in the carriage of cargoes described in § 382.1, the information shall be submitted not later than the same date as the offer for carriage of such cargoes is submitted to the sponsoring Federal agency, and/or its program participant, and/or its agent and/or program’s agent, or freight forwarder.

(1) Vessel name.

(2) Vessel DWT and net registered tonnage for the Suez and Panama Canals.

(3) Date built, rebuilt and/or purchased.

(4) Normal operating speed.

(5) Daily fuel consumption at normal operating speed, in metric tons (U.S. gallons for tugs) and by type of fuel, per day.

(6) Fuel consumption in port while pumping and standing, in metric tons (U.S. gallons for tugs), by type of fuel, per day.

(7) Total capitalized vessel costs (list and date capitalized improvements separately), and applicable interest rates for indebtedness (where capital leases are involved, the operator shall report

the imputed capitalized cost and imputed interest rate).

(8) Operating cost information, such information to be submitted, by vessel, in the format stipulated by 46 CFR 232.1, Form MA-172 Schedule 301. Tug/barge operators shall submit such information separately for each tug and barge employed in the preference trade. Information shall be applicable to the most recently completed calendar year.

(9) Number of vessel operating days pertaining to data reported in paragraph (b)(8) of this section for the year ending December 31. For purposes of this regulation an operating day is defined as any day on which a vessel or barge unit is in a seaworthy condition, fully manned, and either in operation or standing ready to begin operations.

(c) *Required port and cargo handling information.* The following port and cargo handling costs shall be provided for each cargo preference voyage within 60 days of the termination of the voyage, identifying the vessel, cargo and tonnage, and round-trip voyage itinerary including dates of arrival and departure at port or ports of loading and discharge.

(1) *Port expenses.* Total expenses or fees, by port, for pilots, tugs, line handlers, wharfage, port charges, fresh water, lighthouse dues, quarantine service, customs charges, shifting expense, and any other appropriate expense.

(2) *Cargo expense.* Separately list expenses or fees for stevedores, elevators, equipment, and any other appropriate expenses other than dispatch.

(3) *Extra cargo expenses.* Separately list expenses or fees for vacuators and/or cranes, lightening (indicate tons moved and cost per ton), grain-to-grain cleaning of holds or tanks and any other appropriate expenses.

(4) *Canal expenses.* Total expenses or fees for agents, tolls (light or loaded), tugs, pilots, lock tenders and boats, and any other appropriate expenses. Indicate waiting time and time of passage.

(d) *Other requirements.* Unless otherwise provided, operators shall use 46 CFR part 232, Uniform Financial Reporting Requirements for guidance in submitting cost data. Data require-

ments stipulated in paragraph (b) of this section that are not included under those reporting instructions shall be submitted in a similar format. If the operator has already submitted to MARAD, for other purposes, any data required under paragraph (b) of this section its submission need not be duplicated to satisfy the requirements of this regulation.

(e) *Presumption of confidentiality.* MARAD will initially presume that the material submitted in accordance with the requirements of these regulations is privileged or confidential within the meaning of 5 U.S.C. 552(b)(4). In the event of a subsequent request for any portion of that data under 5 U.S.C. 552, MARAD will inform the submitter of such request and allow the opportunity to comment. The submitter shall claim confidentiality at that time by memorandum or letter, stating the basis, in detail, for such assertion of exemption to disclosure, including, but not limited to, statutory and decisional authorities. Those parts not so claimed will be subject to initial determination by the Freedom of Information Act Officer.

[54 FR 49088, Nov. 29, 1989, as amended at 56 FR 57808, Nov. 14, 1991]

§382.3 Determination of fair and reasonable rates.

Fair and reasonable rates for the carriage of preference cargoes on U.S.-flag commercial vessels shall be determined as follows:

(a) *Operating cost component.* An operating cost component, based on actual operating costs of each participating vessel, shall be determined on the basis of operating cost data for the calendar year immediately preceding the current year that has been submitted in accordance with §382.2. The operating cost component shall include all operating cost categories, as defined by 46 CFR 232.5, Form MA-172 Schedule 301, Operating Expenses. (For purposes of this rule, charter hire expenses are not considered operating costs.) Such data shall be escalated by MARAD yearly to the current period utilizing escalation

factors for wage and nonwage costs applied to those cost categories in escalating operating subsidy costs for the same period. Fuel costs shall be determined individually based on the actual fuel consumptions, at sea and in port, for each vessel and current fuel prices in effect at the time of the preference cargo voyage(s).

(b) *Capital component*— (1) *General*. A capital cost component shall be constructed for each eligible vessel consisting of vessel depreciation, interest, return on working capital, and return on equity.

(2) *Items included*. The capital cost component shall include:

(i) *Depreciation*. The owner's capitalized vessel cost, including capitalized improvements, shall be depreciated on a straight-line basis over a 20-year economic life, unless the owner has purchased or reconstructed the vessel when its age was greater than 10 years old. To the extent a vessel is chartered or leased, the operator shall submit the capitalized cost and imputed interest rate (in the event these items are not furnished they shall be constructed by MARAD). When vessels more than 10 years old are purchased, a depreciation period of 10 years shall be used. Capitalized improvements made to vessels more than 10 years old will be depreciated over a 10-year period. When vessels more than 10 years old are reconstructed, MARAD will determine the depreciation period. The residual value of the vessel shall be assumed to be 2.5 percent of total capitalized cost.

(ii) *Interest*. The cost of debt shall be determined by applying the vessel owner's actual interest rate to the outstanding vessel indebtedness. It shall be assumed that original vessel indebtedness is 75 percent of the owner's capitalized vessel cost, including capitalized improvements, and that annual principal payments are made in equal installments over the 20-year economic life. If an actual interest rate is not available, MARAD shall select an appropriate interest rate. Where an operator uses a variable interest rate, the operator's actual interest rate at the time of calculation of the guideline rate shall be used. A current long-term interest rate (the title XI rate if avail-

able) will be used for operators without vessel debt.

(iii) *Return on working capital*. Working capital shall equal the dollar amount necessary to cover 100 percent of the operating and voyage costs of the vessel for the voyage. The rate of return shall be based on an average of the most recent return of stockholders' equity for a cross section of transportation companies, including maritime companies.

(iv) *Return on equity*. The rate of return on equity shall be the same rate as described in paragraph (b)(2)(iii) of this section. For the purpose of determining equity, it shall be assumed that the vessel's constructed net book value, less outstanding constructed principal, is equity. The constructed net book value shall equal the owner's capitalized cost minus accumulated straight-line depreciation.

(3) *Voyage component*. The annual depreciation, interest, and return on equity shall be divided by 300 vessel operating days to yield the daily cost factors. Total voyage days shall be applied to the daily cost factors and totaled with the return on working capital for the voyage to determine the daily capital cost component.

(c) *Port and cargo handling cost component*. MARAD shall calculate an estimate of all port and cargo handling costs on the basis of the reported cargo tender terms. The port and cargo handling cost component shall be based on the most current information available verified by information submitted in accordance with § 382.2(c), or as otherwise determined by MARAD.

(d) *Brokerage and overhead component*. An allowance for broker's commission and overhead expenses of 8.5 percent shall be added to the sum of the operating cost component, the capital cost component, and the port and cargo handling cost component.

(e) *Determination of voyage days*. The following assumptions shall be made in determining the number of preference cargo voyage days:

(1) The voyage shall be round-trip with the return in ballast, unless the vessel is scrapped or sold immediately after discharge of the preference cargo. In this event, only voyage days from

the load port to the discharge port, including time allowed to discharge, shall be included. In the event a backhaul cargo is obtained, an adjustment to allowable voyage days shall be made.

(2) Cargo is loaded and discharged as per cargo tender terms interpreted in accordance with the "international rules for the interpretation of trade terms" (INCOTERMS).

(3) Total loading and discharge time includes the addition of a factor to account for delays and days not worked.

(4) One extra port day is included at each anticipated bunkering port.

(5) An allowance shall be included for canal transits, when appropriate.

(6) Transit time shall be based on the vessel's normal operating speed, and shall include for single unit vessels and fully integrated tug/barge units (ITB's), as defined by the definition of Pushing Mode ITB contained in U.S. Coast Guard Navigation and Vessel Inspection Circular 2-18, change 1, enclosure (1), an additional five percent to account for weather conditions. An allowance of ten percent shall be added for all other tug/barge units.

(f) *Determination of cargo carried.* The amount of cargo tonnage used to calculate the rate shall be based on the charter party terms. However, in no case shall less than 70 percent of deadweight be used for rate calculation purposes. In instances when separate parcels of preference cargo are booked or considered for booking on the same vessel, whether under a single program or different programs, a guideline rate for each parcel shall be provided based on the combined voyage.

(g) *Total rate.* The fair and reasonable rate shall be the total of the operating cost component, the capital cost component, the port and cargo handling cost component, and the broker's commission and overhead component divided by the amount of cargo to be carried as determined by paragraph (f) of this section, expressed as cost per ton.

§ 382.4 Waiver.

In special circumstances and for good cause shown, the procedures prescribed in this part may be waived in keeping with the circumstances of the present, so long as the procedures adopted are

consistent with the Act and with the intent of these regulations.

PART 383—DETERMINATION OF FAIR AND REASONABLE GUIDELINE RATES FOR THE CARRIAGE OF LESS-THAN-SHIPLOAD LOTS OF BULK PREFERENCE CARGOES CARRIED ON U.S.-FLAG LINER VESSELS

AUTHORITY: 46 App. U.S.C. 1114(b), 1241(b); 49 CFR 1.66.

SOURCE: 57 FR 21036, May 18, 1992, unless otherwise noted.

§ 383.1 Scope.

Part 383 prescribes regulations applying to the waterborne transportation of dry bulk preference cargoes in less than full shiploads on U.S.-flag commercial liner vessels. These regulations contain the method that the Maritime Administration (MARAD) shall use in calculating fair and reasonable rates, and the type of information that shall be submitted by liner operators interested in carrying such preference cargoes. For the purpose of these regulations, the term *less-than-full shipload* shall include all cargoes up to the full deadweight capacity of the specific vessel used by an operator in the carriage of a preference cargo, provided that said vessel has been engaged in the liner trades. For these purposes, Liner Trades is defined as service provided on an advertised schedule, giving relatively frequent sailings between specific U.S. ports or ranges and designated foreign ports or ranges.

§ 383.2 Data submission.

(a) *General.* Operators wishing to employ liner vessels in the carriage of liner parcels of dry bulk preference cargoes shall submit information, as provided in paragraph (b) of this section, as applicable, to the Director, Office of Ship Operating Assistance, Maritime Administration, Washington, DC 20590. The information in paragraph

(b)(1) of this section shall be submitted annually not later than April 30 of each year. The information in paragraphs (b)(2) and (b)(3) of this section shall be submitted initially and thereafter only when changes occur. All submissions shall be certified by the operator as true, accurate and complete and are subject to verification by MARAD. MARAD's calculations of fair and reasonable guideline rates for U.S.-flag vessels shall be performed on the basis of cost data provided by U.S.-flag vessel operators as specified herein. Failure of a vessel operator to submit the required cost data will result in MARAD being unable to construct the guideline rate for any affected vessel, which may result in such vessel not being approved by the sponsoring Federal agency.

(b) *Required Information for each vessel.* (1) For each vessel that an operator wishes to be considered for the carriage of preference cargoes, operating cost information shall be submitted by vessel type, in the format prescribed at 46 CFR 232.1, Form MA-172, including cargo carried, operating revenue and expenses (Schedule 301). Such information shall be applicable to the most recently completed calendar year.

(2) Total vessel costs capitalized (list and date capitalized improvements separately) and applicable interest rates for indebtedness shall be submitted for each vessel.

(3) Fuel consumption, by grades of fuel consumed, shall be submitted for each vessel at normal operating speed and while in port in metric tons per day.

(4) An operator who already submits the information in paragraph (b)(1) of this section to MARAD, in conjunction with other MARAD programs, need not submit a duplicate of the information.

(c) *Required port and cargo handling information.* For each parcel carried under the provisions of this part, the following port and cargo handling costs related to the carriage of such parcel shall be provided within 90 days of the termination of the voyage:

(1) *Port expenses.* Total expenses or fees, by port, for pilots, tugs, line handlers, wharfage, port charges, fresh water, lighthouse dues, quarantine service, customs charges, shifting ex-

pense, and any other appropriate expense associated with the loading or discharge of the preference cargo.

(2) *Cargo expense.* Separately list expenses or fees for stevedores, elevators, equipment, and any other appropriate expenses associated with the loading or discharge of the preference cargo (excluding despatch).

(3) *Extra cargo expenses.* Separately list expenses or fees for vacuators and/or cranes, lightening (indicate tons moved and cost per ton), grain-to-grain cleaning of holds and any other appropriate expenses.

(4) *Canal expenses.* Total expenses or fees for agents, tolls (light or loaded), tugs, pilots, lock tenders and boats, and any other appropriate expenses.

(d) *Confidentiality.* If the data submitted under this rule contains information that the submitter considers to be commercial or financial information and privileged or confidential, or otherwise exempt from disclosure under the Freedom of Information Act (FOIA) (5 U.S.C. 552), the submitter shall assert claim of exemption at the time the data is submitted. The claim shall be made in a letter contained in a sealed envelope marked "Confidential Information", addressed to the Secretary, Maritime Administration. The submitter shall stamp or mark "Confidential" on the top of each page containing information claimed to be confidential. In claiming an exemption under FOIA, the submitter must state the basis for such action, including supporting information showing: That the information claimed to be confidential is a trade secret or commercial or financial information in accordance with statutory and decisional authority, and that measures have been taken by the submitter of the information to ensure that the information has not been disclosed or otherwise made available to the public, or if the information has been disclosed or otherwise made available to the public, which such disclosure or availability does not compromise the confidential nature of the information. In the event of a subsequent request for any portion of the data under the FOIA, those submissions not so claimed by the submitter will be disclosed and those so claimed

will be subject to the initial determination by the Secretary, Maritime Administration. If the Secretary makes a determination unfavorable to the submitter, the submitter will be advised that MARAD will not honor the request for confidentiality at the time of any request for production of information under the FOIA by third parties.

§ 383.3 Determination of fair and reasonable rates.

(a) *Cost components.* MARAD shall calculate fair and reasonable rates for all liner vessels participating in this program. The fair and reasonable rate shall include an operating cost component, a fuel cost component, a capital cost component, and a component for port and cargo handling expenses.

(b) *Operating cost component—(1) General.* MARAD shall calculate a daily operating cost for each vessel based on the actual operating costs of the owner's vessels of the same type. This cost shall be obtained from cost data for the calendar year immediately preceding the current year submitted in accordance with paragraph (b)(1) of this section. Such data shall be escalated by MARAD to the current year.

(2) *Items included.* The operating cost component shall include all costs relating to vessel operation (net of operating differential subsidy), with the exception of fuel costs and charter hire, and shall include the expense categories as defined by 46 CFR 232.1, Form MA-172, Schedule 301, Operating Expenses.

(c) *Fuel component.* Fuel costs shall be determined as a separate component for each vessel, based on the vessel's rate of consumption and current fuel prices.

(d) *Capital component—(1) General.* MARAD shall calculate the daily capital component of the fair and reasonable rate for each participating vessel, consisting of vessel depreciation, interest, return on working capital, and return on equity.

(2) *Items included.* The capital component shall include:

(i) *Depreciation.* The owner's capitalized vessel cost, including capitalized improvements, shall be depreciated on a straight-line basis over a 25-year eco-

nomic life, unless the owner has purchased or reconstructed the vessel when its age was greater than 15 years old. To the extent a vessel is chartered or leased, the operator shall submit the capitalization cost and imputed interest rate (in the event these items are not furnished, they shall be constructed by MARAD). When vessels more than 15 years old are purchased, a depreciation period of 10 years shall be used. Capitalized improvements made to vessels more than 15 years old shall be depreciated over a 10-year period. When vessels more than 15 years old are reconstructed, MARAD will determine the depreciation period. The residual value of the vessel shall be assumed to be 2.5 percent of total capitalized cost.

(ii) *Interest.* The cost of debt shall be determined by applying the vessel owner's actual interest rate to the outstanding vessel indebtedness. It shall be assumed that original vessel indebtedness is 75 percent of the owner's capitalized vessel cost, including capitalized improvements, and that annual principal payments are made in equal installments over the 25-year economic life. If an actual interest rate is not available, MARAD shall select an appropriate interest rate. Where an operator uses a variable interest rate, the operator's actual interest rate at the time of calculation of the guideline rate shall be used. A current long-term interest rate (the title XI rate if available) will be used for operators without vessel debt.

(iii) *Return on working capital.* Working capital shall equal the dollar amount necessary to cover 100 percent of the operating and voyage costs of the vessel for the voyage. The rate of return shall be based on an average of the most recent (over a five year period) return of stockholders' equity for a cross section of transportation companies, including maritime companies.

(iv) *Return on equity.* The rate of return on equity shall be determined as in paragraph (d)(2)(iii) of this section. For the purpose of determining equity it shall be assumed that the vessel's constructed net book value less constructed principal outstanding in equity. The constructed net book value shall equal the owner's capitalized cost

minus accumulated straight-line depreciation. For vessels whose depreciable period has expired (excluding improvements) as determined in paragraph (d)(2)(i), the scrap value of the vessel shall be considered as the vessel's equity.

(v) *Voyage component.* The annual depreciation, interest, and return on equity shall be divided by 300 vessel operating days to yield the daily cost factors. Total voyage days shall be applied to the daily cost factors and totaled with the return on working capital for the voyage to determine the capital cost component.

(e) *Port and cargo handling component—(1) General.* MARAD shall calculate an estimate of port and cargo handling costs consisting of a U.S. port and cargo handling element and a foreign element, as applicable. The port and cargo handling cost component shall be based on the most current information available verified by information submitted in accordance with this section, or as otherwise determined by MARAD. Since Government shipper agencies have at times required steamship lines to perform services beyond their usual scope of operation on some shipments, additional services such as bagging at discharge, rail or truck loading, on carriage to inland destinations, and other sundry expenses have been included in the ocean freight rate in the past. In order to provide a fair and reasonable guideline rate, these expenses will be identified separately from the guideline rate and should be reviewed and approved by the sponsoring Government shipper agency. In the event such charges are not approved, the cargo preference requirement must be met by utilizing a U.S.-flag vessel for the ocean transportation, if such a vessel will accept a rate at or below the guideline rate for the ocean transportation only.

(2) *Items included.* Port and cargo handling charges shall include the following, assuming full berth term quotations:

(i) *U.S. port and cargo handling charges.* In this category MARAD shall include domestic port and cargo handling charges for commodity, port of lading, and lot size based on the cargo tender.

(ii) *Foreign port and cargo handling charges.* To the extent possible, MARAD shall include in this category all known foreign port cargo handling and canal charges that would normally be included. These estimates shall be made for commodity, port of discharge, and lot size based on the cargo tender.

(3) *Terms.* If the terms of the tender are other than full berth terms to the vessel owner, adjustment to the guideline rate shall be made on an *ad hoc* basis by request to MARAD. This provision shall be interpreted in accordance with Incoterms, as amended, published by the International Chamber of Commerce, Paris, France.

(f) *Determination of voyage days and cargo carried.* For purposes of determining the vessel operating, fuel, and capital cost components of the fair and reasonable rate (and certain other costs, i.e., canal tolls), the voyage length and cargo tons shall be based on an average of voyage days total payable tons carried for all appropriate vessel types and voyages of the operator on the service for which the fair and reasonable rate is being calculated, as determined from data submitted in accordance with § 383.2(b)(1). Appropriate adjustments will be made to existing data in instances where an operator commences operation of a newly authorized service. The component for port and cargo handling charges shall be based on cargo tender terms.

(g) *Total rate.* The operating cost component, fuel cost component, capital cost component, and port and handling cost component, each expressed as a cost per ton, shall be added together. The sum of the four components, plus an additional 13.5 percent of the sum to account for brokers' commissions and general and administrative expenses, shall yield the guideline rate.

§ 383.4 Waiver.

In special circumstances and for good cause shown, the procedures prescribed in this part may be waived in keeping with the circumstances of the present, so long as the procedures adopted are consistent with the Act and with the intent of these regulations.

SOURCE: 45 FR 66168, Oct. 6, 1980, unless otherwise noted.

§385.1 Scope.

This part sets forth information about the Maritime Administration (MarAd) assistance regulations: Their purpose, authority, applicability, issuance, arrangement, implementation, and exception procedure; definitions of terms; and general MarAd assistance policies.

REGULATION SYSTEM

§385.2 Scope.

Sections 385.2 through 385.9 set forth introductory information pertaining to the MarAd assistance regulations: Their purpose, authority, applicability, exclusions, issuance, arrangement, publication, and exceptions.

§385.3 Purpose.

Sections 385.2 through 385.9 establish the MarAd assistance regulations which codify, implement, and publish uniform assistance policies and selected procedures applicable to MarAd and recipients of MarAd assistance awards. The MarAd assistance regulations do not, in and of themselves, provide authority for the use of assistance instruments nor the making of assistance awards where statutory authority has not been otherwise provided. Generic authority to award grants and cooperative agreements is provided in Pub. L. 95-224, the Federal Grant and Cooperative Agreement Act of 1977. The assistance regulations are distinct from the Federal and MarAd and Department of Transportation procurement regulations.

§385.4 Authority.

The MarAd assistance regulations are issued pursuant to section 204(b) of the Merchant Marine Act, 1936, as amended (46 U.S.C. 1114(b)), and pursuant to delegation of authority by the Secretary of Transportation to the Maritime Administrator, Department of Transportation.

§385.5 Applicability.

The MarAd assistance regulations apply to all MarAd research and development programs which will result in assistance awards, and to all recipients

eligible for MarAd assistance awards such as state and local governments, institutions of higher education, hospitals, other nonprofit organizations, individuals, profitmaking organizations, and foreign organizations. The provisions of this part govern the award and administration of all such financial assistance matters, including resolutions and guidelines issued by MarAd except:

- (a) As otherwise required by statute; and
- (b) As otherwise provided by specific program regulations.

§ 385.6 Exclusions.

Excluded from this part are requirements pertaining to procurement contracts subject to the Federal Property and Administrative Services Act of 1949 and the Federal and MarAd procurement regulations, interagency agreements, memorandums of understanding and programs or projects which directly disseminate technical information, or provide consultation, technical service, information, and data counseling to recipients without the use of an assistance instrument. Also excluded is the sale, lease, license, or other authorization to use Federal property, when such use is not incidental to the purpose of stimulation or support.

§ 385.7 Issuance.

The MarAd assistance regulations are issued in the Code of Federal Regulations as Part 385, Chapter II, of Title 46, Shipping, after publication in the FEDERAL REGISTER. Copies of the MarAd assistance regulations in the FEDERAL REGISTER and Code of Federal Regulations may be purchased from the Superintendent of Documents, Government Printing Office, Washington, DC 20402.

§ 385.8 Arrangement.

- (a) *General Plan.* The general format, numbering system, and nomenclature used in this part conform with FEDERAL REGISTER standards.
- (b) *Citation.* The MarAd assistance regulations will be cited in accordance with FEDERAL REGISTER standards. Thus, this paragraph, when referred to within divisions of the MarAd assistance regulations, should be cited as

“§ 385.8(b).” When this section is referred to formally in other documents outside of this part, it should be cited as “46 CFR 385.8(b).”

(c) *Implementation.* Instructions and procedures needed by MarAd to internally implement this part will be contained in a separate MarAd Financial Assistance Manual, which will be available to the public upon request.

§ 385.9 Exceptions, deviations, or waivers.

Requests for exceptions, deviations, or waivers from the requirements of this part, unless exceptions are required by program legislation or program regulations, shall be submitted to the Grants Officer. Exceptions may be approved by the Grants Officer on matters within the scope of his authority, or obtained by said Grants Officer from higher authority within the Department of Transportation or from the Office of Management and Budget when required by law or other applicable Federal requirement.

DEFINITION OF TERMS

§ 385.20 Scope.

Only those definitions needed to understand this part will be defined. Generally, terms defined elsewhere in statutes, OMB circulars, and other Federal requirements will not be restated. Special attention is directed to the definitions in the Standard General Provisions of MarAd’s grant and cooperative agreements (See § 385.62).

§ 385.21 Definitions.

- (a) *Assistance* is where the principal purpose of the relationship is the transfer of money, property, services or anything of value to a recipient in order to accomplish a public purpose of support or stimulation authorized by Federal statute rather than of acquisition, by purchase, lease, or barter, of property or services for the direct benefit or use of the Federal Government.
- (b) *Assistance instrument* is a general term which identifies a class of instruments used to award assistance. These instruments include grant and cooperative agreements, as defined in § 385.32 (c) and (d) of this part.

(c) *Act* means the Federal Grant and Cooperative Agreement Act of 1977 (Pub. L. 95-224).

(d) *MarAd* means the Maritime Administration within the Department of Transportation.

(e) *Secretary* means the Secretary of Transportation.

(f) *Maritime Administrator* means the Maritime Administrator, Department of Transportation to whom the Secretary has delegated authority to administer within MarAd the provisions of the Act.

(g) *Grants Officer* means the primary delegate of the Maritime Administrator responsible for administration of grants and cooperative agreements for research and development within MarAd.

(h) *Awards Officer* means the principal executive subordinate to the Grants Officer responsible for the day-to-day administration of grants and cooperative agreements for research and development.

GENERAL POLICIES

§ 385.31 Scope.

Sections 385.31 through 385.62 set forth the regulations applicable to all assistance instruments as defined herein.

§ 385.32 Selection of award instrument.

(a) *General.* This section provides guidance on the appropriate use of award instruments consistent with the Act and the supplementary interpretative guidelines required by section 9 of the Act, which were published by the OMB in the FEDERAL REGISTER of August 18, 1978 (41 FR 36860), and are incorporated by reference herein. This section applies to all program and individual transactions where the choice of award instruments is within the administrative discretion of MarAd and is not otherwise prescribed or limited by law. A variety of award instruments is available as the means for defining the terms and conditions and the nature of the relationship between MarAd and eligible recipients. The award instruments are intended to be different in purpose, application, content, and nature. When properly employed, they

create different relationships between the parties. Because of these differences, the decision to use a particular instrument must be made deliberately. The determination of whether a program, to be implemented through individual transactions, is principally one of acquisition or assistance will be made by the Grants Officer. MarAd generally will employ the cooperative agreement form of assistance instrument but will employ the grant form where deemed appropriate.

(b) *Procurement contract.* A procurement contract shall be used as the legal instrument to reflect a relationship between the Federal Government and a state or local government or other recipient whenever (1) the principal purpose of the instrument is the acquisition by purchase, lease, or barter, of property or services for the direct benefit or use of the Federal Government; or (2) whenever MarAd determines in a specific instance that the use of a type of procurement contract is appropriate.

(c) *Grant agreement.* A type of grant agreement shall be used as the legal instrument to reflect a relationship between the Federal Government and a state or local government or other recipient whenever the principal purpose of the relationship is the transfer of money, property, services, or anything of value to the state or local government or other recipient in order to accomplish a public purpose of support or stimulation authorized by Federal statute, rather than acquisition, by purchase, lease, or barter, of property or services for the direct benefit or use of the Federal Government; and no substantial involvement is anticipated between MarAd, acting for the Federal Government, and the state or local government or other recipient during performance of the contemplated activity.

(d) *Cooperative agreement.* A type of cooperative agreement shall be used as the legal instrument to reflect a relationship between the Federal Government and a state or local government or other recipient whenever the principal purpose of the relationship is the transfer of money, property, services, or anything of value to the state or local government or other recipient in

order to accomplish a public purpose of support or stimulation authorized by Federal statute, rather than acquisition by purchase, lease, or barter, of property or services for the direct benefit or use of the Federal Government; and substantial involvement is anticipated between MarAd, acting for the Federal Government, and the state or local government or other recipient during performance of the contemplated activity.

§ 385.33 Unsolicited applications and proposals for financial assistance awards.

(a) *Policy.* Although it is MarAd policy to solicit applications and proposals for assistance awards where possible, MarAd also values obtaining innovative ideas, methods, and approaches in maritime transportation areas offered by the public through unsolicited applications and proposals. It is the policy of the Government to foster and encourage the submission of unsolicited proposals. This § 385.33 is designed to encourage the submission of unsolicited proposals relating to MarAd's mission and to eliminate restraints which discourage the generation and acceptance of innovative ideas through unsolicited proposals.

(b) *Scope.* This section applies to unsolicited proposals being considered for support through an assistance instrument. This section does not apply when a procurement contract is the appropriate award instrument in accordance with § 385.32(b).

(c) *Definition of unsolicited proposal.* The term *unsolicited proposal* means a written offer to perform a proposed task or effort, initiated and submitted to MarAd by a prospective recipient (offeror) without solicitation by MarAd, and with the objective of obtaining an award. The term may include both requests for support of a new project and requests for additional support of a previously funded project (renewals).

(d) *Advance consultation.* Organizations or individuals who are interested in submitting an unsolicited proposal are encouraged, before expending extensive effort in preparing a detailed unsolicited proposal or submitting any proprietary information to the Govern-

ment, to make preliminary inquiries of MarAd program staff as to the general interest in the type of project contemplated. Prior contact with agency technical personnel is permissible and is encouraged, with the limited objectives of conveying to the prospective recipient an understanding of the agency mission and interest relative to the type of project contemplated. The project officer shall not indicate or imply in discussions with the potential proposer that a proposal will result in an award. Nothing is to be suggested to encourage or authorize the potential proposer to perform any work at MarAd expense in anticipation of support or an award. If there have been prior discussions with a particular MarAd program office, a statement of this fact should be stated on the face of the proposal.

(e) *Guides.* Guides for preparing the content of unsolicited proposals are available from the Awards Officer (M-900), Maritime Administration, U.S. Department of Transportation, Washington, DC 20590. Notwithstanding these guides, state and local governments may submit unsolicited applications or proposals using the application forms authorized by OMB Circular No. A-102, Attachment M.

(f) *Submission point.* All unsolicited proposals for new or renewals of financial assistance awards shall be submitted to Awards Officer (M-900), Maritime Administration, U.S. Department of Transportation, Washington, DC 20590.

(g) *Receipt and review.* (1) Receipt of unsolicited proposals will be acknowledged promptly by the Awards Officer and then forwarded expeditiously to potentially interested program offices for comment. Each unsolicited proposal that is circulated for a comprehensive evaluation shall have a legend attached or imprinted on it by the Awards Officer, identifying it as an unsolicited proposal and stating that it shall be used only for purposes of evaluation.

(2) The responsible program officials shall evaluate the proposal fairly and objectively using the criteria in §§ 385.50 through 385.52.

(3) An unsolicited proposal may include data which the proposer does not want disclosed for purposes other than

the evaluation of the proposal. In such case, the proposer should mark each page containing such data with the words "Proprietary Data—Restricted Use" at the top of the page. In the event that an unsolicited proposal, in whole or in part, indicates that the proposer wishes to impose restrictions on the use or disclosure of the data contained in the proposal, MarAd personnel handling the proposal will take care to ensure that the information in the proposal is not disclosed outside of MarAd. The Awards Officer has responsibility for ensuring that proposal reviewers are free of any direct affiliation with the individual(s) or institution submitting the proposal. MarAd policy on the use of information contained in proposals is to use such information only for evaluation purposes, except to the extent such information is generally available to the public, is already the property of the Government, or is available to the Government without restriction. Accordingly, if a proposal contains information the proposer wishes to protect, the proposer shall mark the cover page of the proposal with the following Notice:

NOTICE: The data contained in pages — of this proposal have been submitted in confidence and contain trade secrets and/or privileged or confidential commercial or financial information, and such data shall be used or disclosed only for evaluation purposes: *Provided*, That if this proposer receives an award as a result of or in connection with the submission of this proposal the Government shall have the right to use or disclose the data herein to the extent provided in the award. This restriction does not limit the Government's right to use or disclose data obtained without restriction from any source, including the proposer.

MarAd shall ensure that all copies of the proposal carry the above Notice, and that it is not disclosed outside MarAd, except with the consent of the proposer.

(h) *Criteria* for acceptance of an unsolicited proposal are those listed in §§ 385.50 through 385.52. If an unsolicited proposal fails to meet any of the criteria, the proposer will be notified by the Awards Officer in accordance with paragraph (j) of this section.

(i) *Funding determination*. The responsibility for deciding funding availability rests solely with the Grants Officer

and will not be considered by the proposal reviewers.

(j) *Nonsupport of proposal*. If the proposal does not offer sufficient technical merit or program value; is not relevant to the accomplishment of a public purpose authorized by MarAd program legislation; or if funds are not available; the proposal will be returned to the proposer, if the proposer so requests. The Awards Officer shall prepare a letter to the proposer which sets forth the basis for rejection of the unsolicited proposal or application.

(k) *Support of proposal*. There is no prescribed format for the program documentation necessary to justify providing assistance. The minimum requirements are that: there be a reasonable basis for acceptance based on the criteria set forth in §§ 385.50 through 385.52; the rationale for providing support be written, and approvals be obtained as required by MarAd; and, that a copy of the documentation be included in the assistance instrument award file. The rationale for providing assistance may be included in documents required for project approval.

§ 385.34 Responsibility for issuing solicitations for proposals or applications.

(a) It is MarAd policy to favor solicitation of proposals or applications, where discretionary assistance awards are available, in preference to relying on unsolicited proposals, in order to maximize opportunities for open participation by the public in MarAd assistance awards.

(b) The Awards Officer shall be responsible for issuing solicitations, announcements, or the like, which call for the submission of proposals and applications by a certain due date which, if favorably acted upon by MarAd, may result in assistance awards.

§ 385.35 Program opportunity notices.

(a) A program opportunity notice can be used to stimulate the flow of unsolicited proposals or applications when the program objectives cannot be defined sufficiently to prepare a program solicitation.

(b) The program opportunity notice will contain the following, at a minimum:

(1) A number assigned for control and reference purposes;

(2) A brief description of the broad, general technical program or areas needing investigation (generally 50 words or less);

(3) A statement of the principal program objective in possibly funding unsolicited proposals as either:

(i) The acquisition of concepts, property, or services for the direct benefit or use of the Federal Government; or

(ii) The transfer of money, property, or services to a recipient for support or stimulation authorized by Federal statute;

(4) A statement about how unsolicited proposals will be evaluated and accepted:

(i) If the principal program objective is to accomplish a public purpose of support or stimulation, the criteria in §§ 385.50 through 385.52 shall be applied;

(ii) If the principal program objective is the acquisition of concepts, property, or services for the direct benefit or use of the Federal Government (i.e., procurement), the policy regarding evaluation and acceptance of unsolicited proposals in 41 CFR 9–4.9 shall apply;

(5) Restrictions, if any, as to who may submit proposals;

(6) A contact where additional information may be obtained;

(7) An expiration date which identifies when the program opportunity notice will no longer be current. This date shall not be used as a required common due date for submission of proposals;

(8) A statement that MarAd reserves the right to support or not support, in whole or in part, any or all proposals received;

(9) A statement that MarAd assumes no responsibility for any costs associated with specific proposal preparation if no award is made; but that if an award is made, MarAd will pay its allocable share of bid and proposal expenses as provided for in applicable Federal cost principles;

(10) A statement that proposals submitted pursuant to the notice shall be mailed to the Awards Officer (M-900),

Maritime Administration, Room 4885, U.S. Department of Transportation, Washington, DC 20590.

(11) A reference that detailed information concerning assistance policy and procedures is contained in these assistance regulations, 46 CFR part 385;

(12) As much information as possible as to how proposals and applications will be evaluated;

(13) Policies and procedures for patents, data, and copyrights. Proposers have the right to request in advance of or within thirty (30) days after the effective date of award a waiver of all or any part of the United States rights in subject inventions.

(c) The program opportunity notice shall be in a format that best reflects the needs of the specific program, for example, letter, booklet, bulletin, or other documents.

(d) The program opportunity notice shall be distributed widely. It may be distributed to industry associations, including small business associations; schools, colleges, and universities; appropriate professional and scientific journals; state, local, and regional governmental organizations; the Commerce Business Daily; other MarAd offices; and individuals and organizations who request copies on a one-time basis.

(e) The submission of innovative methods, approaches or ideas will not be restricted to those problems or technical areas published in the program opportunity notice. Alternatives will be eligible for consideration.

§ 385.36 Public notice of availability of assistance awards.

(a) In order to maximize involvement of prospective recipients in MarAd assistance programs, it is MarAd's policy, wherever possible, to provide timely notice to the public as to the availability of assistance awards.

(b) Early notice regarding legislated grant or other assistance programs will be provided by MarAd to the Office of Management and Budget for publication in the Catalog of Federal Domestic Assistance pursuant to Office of Management and Budget Circular No. A-89. When legislated assistance programs or program objectives which are to be implemented through assistance

instruments reach the point where applications or proposals need to be obtained, timely notice of such solicitations will be published in the FEDERAL REGISTER, Commerce Business Daily, trade and professional journals which are widely circulated to state and local governments, and news media, as appropriate to communicate with potentially interested applicants.

(c) When a MarAd assistance project involves making assistance available through prime recipients to subrecipients, such as through states to local governments, prime recipients should provide timely advance notice to subrecipients as to the availability of such assistance, and provide a reasonable time period for subrecipients to prepare applications and secure prerequisite local approvals.

§ 385.37 Requirement for unrestricted solicitations for discretionary assistance awards.

(a) *Policy.* It is MarAd policy to maximize the opportunity for prospective recipients to be considered for assistance awards where eligibility is not prescribed by law. Therefore, when eligibility is not prescribed by law or a final program regulation, and when discretionary assistance awards are selected to accomplish a program objective, applications or proposals will be obtained, wherever practicable, by issuance of a written solicitation. When MarAd initiates the solicitation of applications or proposals, eligibility to be considered for discretionary awards will not be restricted by MarAd to one category of recipients or to a single recipient without adequate basis.

(b) *Justification of restricted eligibility.* Where program legislation explicitly restricts eligibility, e.g., to state governments, no justification is required. When program regulations restrict eligibility beyond the restrictions required by the program legislation, the basis for the restriction shall be set forth in the program rulemaking.

41 CFR 9-3.805-51 shall be used as a guide in preparing the "justification for restricting eligibility." The reasons offered will be evaluated for consistency with the policy in paragraph (a) of this section, MarAd's overall mission, and the objective of maintaining an

open and fair system of making assistance awards.

(c) *Approvals.* Justifications of restricted eligibility will be signed by the Grants Officer and will be reviewed by Office of General Counsel for legal sufficiency prior to issuance of the restricted solicitation. The signed justification will be filed in official award file.

§ 385.38 Joint funding.

(a) Pursuant to section 10(c) of the Act, MarAd is authorized to participate in joint funded projects with other Federal agencies in any funding relationship which will serve the best interest of all of the participating agencies' program. Such joint funding project may include more than one type of assistance relationship, e.g., some components of project may be funded by grants and other components of the project may be funded by cooperative agreements.

(b) It is MarAd's positive policy, further, to encourage cost-sharing on the part of applicants for financial assistance. The willingness of applicants to cost-share is a primary factor in making, or not making, an assistance award.

§ 385.39 Socio-economic and environmental policies.

A number of socio-economic and environmental policies of the Federal Government are incorporated into the standard general provisions of the grant agreement and cooperative agreements, and are identified as explicit criteria in §§ 385.51 and 385.52.

§ 385.40 Disputes.

Procedures for resolution of disputes between a recipient and MarAd appear in the standard general provisions of the grant and cooperative agreements referenced in § 385.62, of this part.

CRITERIA FOR AWARD

§ 385.50 Scope.

Sections 385.51 and 385.52 set forth the criteria to be used by MarAd in evaluating all projects and all potential recipients prior to award of a grant or cooperative agreement.

§ 385.51 Criteria: Projects.

The criteria to be used by MarAd in evaluating all projects prior to award of a grant or cooperative agreement are as follows:

(a) In terms of the accomplishment of a public purpose—

(1) The potential contribution which the proposed work is expected to make to the MarAd assistance mission;

(2) The economic, environmental, and societal significance which a successful demonstration or project may have for the nation, and in particular the national merchant marine program;

(3) The relationship of the proposal to:

(i) The public need for the potential results of the research, development, or demonstration effort, and whether it is unlikely that similar results would be achieved in a timely manner in the absence of Federal assistance;

(ii) Whether the potential opportunities for non-Federal interests to recapture the investment in the undertaking through the normal commercial utilization of proprietary knowledge appear inadequate to encourage timely results;

(iii) The extent of the problems treated and whether the objectives sought by the undertaking are national, widespread, or regional in their significance;

(iv) The extent of opportunities to induce non-Federal support of the undertaking;

(v) The degree of risk of loss of the investment inherent in the research, and the availability of risk capital to the non-Federal entities which might otherwise engage in the field of the research so as to further timely development of the technology; and,

(vi) The availability of appropriations to MarAd.

(b) In terms of the particular objectives of the project, whether the project has:

(1) High technical merit which promises or represents an innovative idea, method, or approach;

(2) Program value not previously recognized or pursued by MarAd; and,

(3) A reasonable degree of probability of achieving the stated objectives.

§ 385.52 Criteria: Applicant.

The criteria to be used by MarAd in evaluating all applicants prior to award of a grant or cooperative agreement are as follows:

(a) The qualifications, capabilities, resources (both financial and technical) and experience of the applicant;

(b) The facilities or techniques which the proposer possesses and offers which are considered to be integral factors for achieving the objectives of the proposal;

(c) The qualifications, capabilities, and experiences of the proposed investigator, team leader, or key personnel, who are considered to be critical in achieving the objectives of the proposal;

(d) The precision and detail with which the applicant states its plan to further the formally adopted socio-economic and environmental policies of the United States e.g., the encouragement of minority business enterprises); and,

(e) The extent to which the applicant will share the total estimated cost of the project.

FORMS OF AGREEMENTS

§ 385.60 Scope.

Sections 385.61 through 385.62 describe the form and content of the two parts which comprise a grant agreement or a cooperative agreement which will be executed by MarAd and a recipient of financial assistance.

§ 385.61 Grant and cooperative agreements: Special provisions.

(a) MarAd has adopted two format matrices, one for grant agreements and one for cooperative agreements, to accommodate the variables inherent in undertaking a project with a particular recipient. These variables include, for example, identity of the recipient, scope of work, schedule of performance and obligations assumed by both parties.

(b) The format matrices are available on request from the Awards Officer,

and a copy of each is included in the information kit provided to all potential recipients of financial assistance.¹

(c) MarAd will adapt the appropriate format matrix to the extent deemed necessary when drafting the particular agreement to be executed by MarAd and a recipient of financial assistance for a specific project.

§ 385.62 Grant and cooperative agreements: Standard general provisions.

(a) MarAd has adopted two standard general provisions which apply to grant and cooperative agreements, respectively, and said provisions are hereby incorporated by reference into these regulations.²

(b) MarAd reserves the right to amend or to render inapplicable any portion of the particular standard general provisions required for any particular grant or cooperative agreement: *Provided*, That such modification shall be accomplished only by means of an explicit statement in the special provisions executed by MarAd and a particular recipient.

(2) *Establishment of a fund*. A fund is established by an agreement (“agreement”), which is a contract between the party (“party”) and the United States.

(3) *Purpose of the fund*. Section 607 provides that any agreement entered into with the Secretary of Transportation must be for the purpose of providing replacement vessels, additional vessels or reconstructed vessels to be

built and documented in the United States and operated in the United States foreign, Great Lakes or non-contiguous domestic trade.

(4) *Benefits of a fund*. Section 607 provides for the nontaxability of certain deposits of money or other property placed into a fund established pursuant to an agreement within certain ceilings. These ceilings are equal to:

(i) Earnings or gains realized from the operation of an agreement vessel;

(ii) Net proceeds realized from the sale or other disposition of an agreement vessel or from insurance or indemnification from the loss of an agreement vessel; and

(iii) Earnings from the investment or reinvestment of amounts on deposit in the fund.

(5) *Delegation*. The Secretary of Transportation has delegated the authority for matters relating to the United States Merchant Marine to the Maritime Administrator, Department of Transportation (“Maritime Administrator”).

(c) *Joint regulations*. For purposes of of this part, the term *joint regulations* shall mean the regulations prescribed by the Secretary of Transportation and the Secretary of the Treasury under section 607 of the Act and published in title 26, part 3 of the Code of Federal Regulations (reprinted in part 391 of this chapter).

(d) *Cross references*. For rules relating to the Federal Income Tax aspects of a fund, see the joint regulations. § 390.2 Application for an agreement.

(a) *In general*—(1) *Application instructions*. The Maritime Administrator has adopted instructions for making application for an agreement. These instructions are contained in appendix I to this part.

(2) *General eligibility requirements.* Section 607 of the Act specifies who is eligible for a fund and the application instructions specify what information is required to establish such eligibility. An applicant must:

(i) Be a citizen of the United States within the meaning of section 2 of the Shipping Act, 1916, as amended (46 U.S.C. 802, 803). See part 355 of this title for requirements for establishing United States citizenship;

(ii) Own or be the lessee of one or more eligible vessels or share thereof as defined in section 607(k)(1) of the Act, or be party to a contract for the construction of one or more eligible vessels, or share thereof, as defined in paragraph (b) of § 390.5;

(iii) Have a program which furthers the purposes of the Act (see § 390.3 relating to policy considerations) and provides for the acquisition, construction or reconstruction of a qualified vessel, as defined in section 607(k)(2) of the Act. Such provisions state that the vessel will be operated in the United States foreign, Great Lakes or non-contiguous domestic trade as defined in sections 607(k) and 905(a) of the Act; and

(iv) Demonstrate the financial capabilities to accomplish the program.

(b) *Information which may be required in conjunction with the application.* An applicant must provide such facts, documents and materials as the Maritime Administrator may require in considering whether to enter into an agreement. An applicant should be ready to make available such applicable materials, including, but not limited to: Design plans, data concerning the reasonableness of the cost of the program, construction contracts, financial statements, certificates of incorporation, bylaws, articles of partnership, stock ownership data and other information including judgments and pending litigation which would affect the proposed program. § 390.3 Policy considerations.

(a) *In general.* It is the policy of the United States, as set forth in section 101 of the Act, that for the national defense and the development of its foreign and domestic commerce, the United States shall have a merchant marine: sufficient to carry a substantial portion of its water-borne export and import foreign commerce and to provide shipping service essential for maintaining the flow of such commerce at all times; capable of serving as auxiliaries in time of war or national emergency; owned and operated by United States citizens insofar as practicable and composed of the best equipped, safest and most suitable types of vessels, constructed and documented in the United States and manned with United States citizens.

(b) *Unacceptable programs—(1) In general.* The Maritime Administrator will not enter into an agreement where the proposed program is not, in his opinion, in consonance with the policies of the Act.

(2) *Specific unacceptable programs.* The Maritime Administrator will not enter into an agreement where the proposed program is merely to accomplish the following:

(i) Reconstruction of an existing vessel, unless such reconstruction will exceed \$1,000,000 in cost, will be capitalized under the Internal Revenue Code of 1954, as amended, and the regulations thereunder and will result in a vessel which is significantly more competitive;

(ii) Acquisition of an existing vessel; or

(iii) Payment of the principal on existing indebtedness.

(3) *Waiver.* The Maritime Administrator may, for good cause shown, waive the provisions of paragraph (b)(2) of this section. For example, the Maritime Administrator may waive the monetary limit in paragraph (b)(2)(i) of this section where the applicant proposes to reconstruct a small vessel.

§ 390.4 Description of the agreement.

(a) *In general.* The agreement consists of a standard part and appended schedules. The standard part of the agreement contains recitals, covenants and warranties which apply to all parties.

The appended schedules set forth the particular program of the party and contain other information unique to each agreement. See § 390.6 (relating to administration of the agreement) for procedures and criteria for the modification of schedules.

(b) *Schedule A—Eligible agreement vessels.* Schedule A lists the names of eligible agreement vessels (as defined in § 390.5), whether owned or leased, and the allowable percentage of the depreciation ceiling, if any, available for deposit purposes by the party. See § 390.7 (relating to deposits) for allowable depreciation in the case of leased vessels.

(c) *Schedule B—Program—(1) In general.* Schedule B sets forth the program of the party including the cost of the program and the time in which the program shall be accomplished.

(2) *Items in Schedule B.* Schedule B shall contain:

(i) A statement describing each qualified agreement vessel (as defined in § 390.5) to be acquired, constructed or reconstructed. In the case of reconstruction, the statement will include a general description of the work to be performed;

(ii) The anticipated date on which the acquisition, construction or reconstruction of each qualified agreement vessel will commence;

(iii) The anticipated total cost, including any costs which will not be paid from the fund, of the acquisition, construction or reconstruction of each qualified agreement vessel; and

(iv) The amount to be withdrawn from the fund with respect to the acquisition, construction or reconstruction of each qualified agreement vessel.

(3) *Submission of contracts.* When a contract is executed for any acquisition, construction or reconstruction relating to the agreement, such contract shall be submitted within 30 days after execution to the Maritime Administrator who shall then determine whether such undertaking is in accordance with the program set forth in Schedule B.

(d) *Schedule C—Depositories.* Schedule C lists, by name and address, the depositories of the fund. See § 390.7 (relating to deposits).

(e) *Schedule D—Minimum deposits.* Schedule D sets forth the minimum de-

posits which must be made into the fund. See § 390.7 (relating to deposits) for the procedure in setting minimum deposits.

(f) *Submission of proposed schedules.* An applicant shall submit proposed schedules with his application. The specific information required in such schedules is set forth in the application instructions referred to in paragraph (a)(1) of § 390.2. A sample agreement (standard part and appended schedules) is contained in appendix II to this part.

[41 FR 4265, Jan. 29, 1976, as amended at 55 FR 34928, Aug. 27, 1990]

§ 390.6 Administration of the agreement.

(a) *In general.* The Maritime Administrator will administer and enforce the agreement in a manner which will insure that the fund is properly established, that the assets in the fund are used to accomplish the program and that the party fully complies with all obligations and responsibilities. This section specifies the reports which must be submitted to the Maritime Administrator and sets forth the procedures for administering the agreement.

(b) *Reporting requirements*—(1) *In general.* This paragraph describes the reports required to be submitted to the Maritime Administrator by the party.

(2) *Submission dates.* Reports must be submitted annually, in triplicate, for the party's taxable year not later than 90 days after the close of each reporting period. An affidavit regarding the operation of qualified agreement vessels as required by paragraph (b)(7) of this section shall be submitted concurrently with each annual report.

(3) *Cumulation.* The annual report submitted following the close of the party's taxable year shall be cumulative for the party's entire taxable year.

(4) *Certification.* The annual report shall be accompanied by an opinion of an independent certified public accountant to the effect that exhibits (see paragraph (b)(5) of this section) composing the accounting have been

prepared in accordance with all published orders, rules, regulations and instructions issued or adopted by the Maritime Administrator.

(5) *Format.* The reports shall consist of the following exhibits:

(i) “Exhibit A”—a summary of cash, securities and stock on deposit (showing the adjusted basis for securities and stock), including a subtotal of cash, securities and stock on deposit, net amount of accrued deposits to and accrued withdrawals from the fund and the fund total at the end of the period, and if applicable, a summary of the portion of the fund which represents a “CCF: Security Amount” pursuant to an Agreement Covering the Dual Use of a Capital Construction Fund;

(ii) “Exhibit A-1”—a summary of balances in all cash accounts within the fund at the end of the period;

(vi) “Exhibit C”—a summary showing the opening balance, additions thereto due to deposits to the fund, subtractions therefrom due to withdrawals from the fund, and the closing balance for the period for each of the three separate accounts: ordinary income account, capital gains account and capital account; and

(vii) “Exhibit D”—a summary, by vessel, of the qualified withdrawals made from the fund during the period.

(6) *Sample report.* A sample report is contained in appendix III of this part.

(7) *Affidavit.* An official of the party who is knowledgeable about the operation of the party’s qualified agreement vessels shall submit an affidavit for each taxable year indicating that the party’s qualified agreement vessels operated only in qualified trades during such taxable year, or if any such vessel operated in a trade other than a qualified trade, the details of such operation. See §390.5(c) of this part for a

description of what constitutes a qualified trade. A sample affidavit is contained in appendix V of this part.

(8) *Failure to submit reports.* The failure by a party to make the timely submission of any report or affidavit required by this section shall constitute a material breach of the agreement unless the Maritime Administrator shall determine that such failure was excusable. See §390.13 (relating to the failure to fulfill a substantial obligation under the agreement).

(c) *Review in the event of changed circumstances.* Each agreement provides that the party shall promptly inform the Maritime Administrator of any change in circumstances which affects its agreement. Such changes may be mere form, such as a change of the party’s name, or substantive such as the sale of an eligible agreement vessel. The Maritime Administrator may require a full review of the agreement if in his opinion the changed circumstances materially affect the agreement.

(d) *Modification of agreement—(1) In general.* The agreement is subject to modification and amendment by mutual consent. However, except in special circumstances, the Maritime Administrator will not consent to modification or amendment of the standard part of the agreement unless such modification or amendment is of uniform application to similarly situated parties. The Maritime Administrator will normally agree to modification or amendment of the schedules subject to the restriction in paragraph (d)(2) of this section.

(2) *Limitations on modification of schedules.* The Maritime Administrator will not agree to modification or amendment of the schedules (as described in §390.4) when, in his opinion, such modification or amendment delays imposition of Federal Income Tax in a manner not contemplated or authorized by the Act, or if the proposed modification or amendment would not be in consonance with the policies of the Act, these rules and regulations or the joint regulations.

(e) *Fund adjustment upon modification.* Upon application by a party for modification or amendment of the agreement, the Maritime Administrator will

determine whether the requested modification or amendment would result in an amount held in the fund in excess of an amount determined to be necessary or appropriate to carry out the program. If such an excess is created in the fund by such modification or amendment, the Maritime Administrator will require a nonqualified withdrawal (as defined in § 390.10) of such excess as a condition to the modification or amendment.

§ 390.7 Deposits into the fund.

(a) *In general*—(1) *Source of deposits.* Section 607(b) of the Act provides ceilings within which fund deposits may be made. This section provides rules for the qualification of depositories, timing of deposits, the type of property which may be deposited and the level of deposits.

(2) *Tax aspects of deposits.* For the Federal Income Tax aspects of deposits into a fund, see section 607(d) of the Act and § 3.3 of the joint regulations (§ 391.3 of this chapter).

(b) *Depositories*—(1) *In general.* Section 607(c) of the Act provides that amounts in a fund must be kept in the depository or depositories specified in the agreement and be subject to such trustee or other fiduciary requirements as the Maritime Administrator may specify.

(2) *Qualifications.* The Maritime Administrator has established general qualifications for depositories for all maritime programs authorized under the Act, including the capital construction fund program. The general qualifications are published in Part 351 of this title.

(3) *Fiduciary requirements.* Except in unusual circumstances, the Maritime Administrator will not impose special trustee or other fiduciary requirements upon depositories of a fund. For rules relating to a fund held in trust for investment purposes, see paragraph (h) of this section.

(4) *Type and name of accounts.* Unless otherwise specified in the agreement, the party may select the type or types of accounts in which assets of the fund may be deposited. For example, the

party may select a savings account for cash and a trust account for intangible property which is held in the fund. Each account shall be in the name of the party and identified as a capital construction fund account.

(5) *Compensating balances.* The obligation of the assets in the fund as a compensating balance shall constitute a material breach of the agreement.

(c) *Timing of deposits*—(1) *In general.* Section 607(d)(2) of the Act provides that deposits shall not be taxable only when they are made in accordance with the agreement and not later than the time provided in the joint regulations.

(2) *Deposits prior to the time provided in joint regulations.* The party may make deposits for any taxable year prior to the time provided in joint regulations in accordance with the following rules:

(i) Amounts representing taxable income attributable to the operation of agreement vessels for a taxable year may be deposited at any time during such taxable year, and thereafter within the time provided for in the joint regulations, based upon the party's estimated Federal taxable income for such vessels for the entire taxable year;

(ii) Amounts representing net proceeds from the sale or other disposition (including mortgaging) with respect to agreement vessels may be deposited when accrued and thereafter within the time provided for in the joint regulations;

(iii) Amounts representing receipts from the investment or reinvestment of amounts held in a fund may be deposited when accrued and thereafter within the time provided for in the joint regulations; and

(iv) Amounts representing depreciation with respect to agreement vessels for a taxable year may be deposited at any time during such taxable year, and thereafter within the time provided for in the joint regulations.

(3) *Deposits required prior to the time provided in joint regulations.* The Maritime Administrator may require that deposits be made earlier than the latest time provided for in the joint regulations. Generally, the Maritime Administrator will require early deposits only when necessary for the party to meet its agreed upon obligations.

(d) *Types of property which may be deposited into a fund*—(1) *Form of deposits.* Deposits may be made into a fund only in the form of money or intangible property of the type in which assets of the fund may be invested pursuant to section 607(c) of the Act, the Agreement, and these regulations, other than the securities or common and preferred stock of the party or a company related to the party within the meaning of paragraph (d)(2) of this section, except that in the case of deposits representing net proceeds from the sale or other disposition of any agreement vessel to other than a purchaser or transferee related to the party (within the meaning of paragraph (d)(2) of this section) or deposits representing receipts from the investment or reinvestment of amounts held in a fund, any intangible property received may be deposited.

(2) *Related purchaser.* For purposes of this paragraph a purchaser or transferee is a related person to the party if—

(i) The relationship between purchaser or transferee and the party would result in disallowance of losses under section 267 or 707 of the Code, or

(ii) The purchaser or transferee and the party are members of the same controlled group of corporations (as defined in section 1563(a) of the Code, except that “more than 50 percent” shall be substituted for “at least 80 percent” each place it appears therein).

(e) *Level of deposits*—(1) *In general.* Section 607(a) of the Act states that the agreement must provide for the deposit in the fund of amounts agreed upon but only to the extent necessary or appropriate to provide for qualified withdrawals to accomplish the program set forth in the agreement.

(2) *Maximum level of deposits.* The party shall not be permitted to deposit more than is necessary to complete its program. See §390.4 (relating to description of the agreement).

(3) *Minimum level of deposits.* Each agreement shall contain an agreed upon minimum deposit schedule applicable to each three-year period under the agreement. The minimum deposit shall be calculated taking into consideration the scheduling of the anticipated qualified withdrawals. The purpose of the minimum deposit is to in-

sure that the party has made a sufficient commitment to accomplish its program. See §390.13 (relating to failure to fulfill a substantial obligation under the agreement).

(4) *Determination of minimum deposits.* The minimum deposit shall be set by the Maritime Administrator. In determining the minimum deposit, the Maritime Administrator shall give consideration to the anticipated ceilings, financial history, current conditions and future business expectations of the party.

(5) *Waiver of minimum deposit.* The Maritime Administrator shall waive a failure to meet the minimum deposit schedule when the party has deposited all allowable taxable income as specified in Article 5(c) of this agreement attributable to the operation of agreement vessels, net proceeds from all sales or other dispositions of agreement vessels, all receipts from the investment or reinvestment of amounts held in the fund and all earned depreciation on agreement vessels. The Maritime Administrator may also waive the minimum deposit schedule in any case where the party can demonstrate that such deposits will adversely affect its ability to operate its agreement vessels. In the event of a waiver, the Maritime Administrator may require modification of the schedules. See §390.6 (relating to administration of the agreement).

(6) *Selection of ceiling.* Except as may be otherwise provided in the agreement or these rules and regulations, the party may choose the ceilings with respect to which deposits are made.

(f) *Allocation of depreciation deposits*—

(1) *In general.* Section 607(b)(2) of the Act provides that in the case of a lessee of an eligible agreement vessel the maximum amount which may be deposited with respect to such vessel, under the depreciation ceiling, shall be reduced by any amount which the owner is required or permitted to deposit with respect to such vessel under its depreciation ceiling.

(2) *Method of allocation.* When an agreement vessel is leased, the party's agreement shall fix a percentage of the annual depreciation which the party may deposit. The percentage shall be that agreed upon between the lessors

and the lessees unless the Maritime Administrator determines that the agreed upon percentage will result in an accumulation of assets in the fund or funds which is greater than or less than an amount necessary or appropriate to carry out the party's program. See paragraph (e) of this section (relating to level of deposits).

(g) [Reserved]

(h) *Funds held in trust for investment purposes.* A fund may be transferred in whole or in part to the control of an unrelated trustee for investment purposes with the prior written permission of the Maritime Administrator. The Maritime Administrator shall approve such a transfer when:

(1) The trustee meets the requirements for a depository under paragraph (b) of this section;

(2) The trust instrument provides that all investment restrictions stated in section 607(c) of the Act and §390.8 of these regulations will be observed;

(3) The trust instrument provides that the trustee will give consideration to the party's withdrawal requirements under the agreement when investing the fund;

(4) The trustee agrees to be bound by all rules and regulations which have been or will be promulgated governing the investment or management of the fund.

(i) *Federal ship mortgage guarantee or insurance.* A fund may serve in lieu of a Restricted Fund required in connection with Federal Ship Mortgage Guarantee or Insurance under Title XI of the Act and the regulations thereunder upon approval by the Maritime Administrator. Approval by the Maritime Administrator shall be conditioned upon the execution by the party of an agreement, satisfactory in form and substance to the Maritime Administrator, governing the dual use of the fund. Applications for permission to use the fund in this dual capacity should be made in writing to the Secretary, Maritime Administration.

§ 390.8 Investment of the fund.

(a) *In general.* Section 607(c) of the Act provides that assets in the fund must be invested in accordance with certain restrictions. The rules in this section provide for the quality of secu-

rities, restrictions on the type of stock in which a fund may invest, related company investments and miscellaneous prohibited activities.

(b) *Permissible investments—*(1) *In general.* The party, at its discretion, or the party's trustee, if established pursuant to paragraph (h) of §390.7, may invest in the types of securities specified in this paragraph.

(2) *Interest bearing securities.* The party or the party's trustee may invest in any obligation of the United States Government, including any agency or instrumentality thereof, and in the interest bearing securities listed below:

(i) Any obligation of a state or local government, including any agency or instrumentality thereof, or any domestic obligation, which is rated by Moody's Investors Service, Inc., as "Baa" or better or by Standard and Poor's Corporations as "BBB" or better;

(ii) Bankers' acceptances, certificates of deposit, repurchase agreements, and short-term commercial obligations, provided that the latter must be readily marketable and rated not lower than "Prime" by Moody's Investors Services, Inc. or "B" by Standard & Poor's Corp.; and

(3) *Guaranteed interest bearing securities.* The party or the party's trustee may invest in interest bearing securities which do not meet the investment criteria set forth in this paragraph (b) *Provided, That:*

(i) The types of interest bearing securities and their terms and conditions are acceptable to the Maritime Administration;

(ii) All principal and interest of the interest bearing securities are unconditionally guaranteed in a form satisfactory to the Maritime Administration and neither the securities nor the obligation to pay interest on the securities

is that of a party or a company related to the party within the meaning of section 482 of the Internal Revenue Code of 1954, as amended, and the regulations thereunder; and

(iii) The guarantor, which may be an affiliate of the party, must be either a person that has any unsecured securities with a credit rating of “Baa” or better if rated by Moody’s Investors Services, Inc., or “BBB” or better if rated by Standard & Poor’s Corporations, or a person whose commercial paper rated not lower than “Prime” by Moody’s Investors Services, Inc. or “B” junior securities are rated in the highest grade by Moody’s Commercial Paper Service or in one of the two highest grades by Standard & Poor’s Corporations, and is otherwise acceptable to the Maritime Administration.

(4) *Common and preferred stocks.* The party or the party’s trustee may invest in the following common and preferred stocks:

(i) Stock of domestic corporations which is fully listed and registered at the time of purchase on an exchange registered with the Securities and Exchange Commission as a national securities exchange and which would be acquired by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and the preservation of their capital; and

(ii) Preferred stock of a corporation if the common stock of that corporation meets the requirements of this paragraph and if the preferred stock of such corporation would meet such requirements but for the fact that such preferred stock cannot be listed and registered as required because it is nonvoting stock.

(c) *Limitations on investments—(1) Interest bearing securities.* The value of securities of any one issuer held in the Fund compared to the value of the total assets of the fund shall not exceed 10 percent in the case of non-governmental securities referred to in paragraph (b)(2)(i) of this section.

(2) *Common and preferred stock.* The value of common and preferred stock of any one issuer held in the fund shall not exceed 25 percent of the value of the total assets of the fund. In no case may more than 60 percent of the value

of the total assets of the fund be invested in common or preferred stock.

(3) *Margin or short sale.* No interest bearing securities or common and preferred stock shall be purchased on margin or be sold short for the account of a fund.

(4) *Related company investments.* Funds shall not be invested in the interest bearing securities or common and preferred stock of the party or of a company related to the party within the meaning of section 482 of the Internal Revenue Code of 1954, as amended, and the regulations thereunder.

(5) *Subsequent investments.* If at any time the fair market value of the interest bearing securities or common and preferred stock in the fund is more than the limitations stated in this paragraph (c), any subsequent deposit to or withdrawal from the fund or investment made within the fund shall be made in such a way as tends to restore the fund to a posture in which the fair market values of such securities or stock do not exceed such limitations. Values of such securities and stocks shall be the fair market values as determined by the party on the last day of each semi-annual and annual reporting period.

§ 390.9 Qualified withdrawals.

(a) *In general—(1) Defined.* In accordance with section 607(f) of the Act, qualified withdrawals are those made from a fund in accordance with the agreement, but only if they are for:

(i) The acquisition, construction or reconstruction of a qualified agreement vessel;

(ii) The acquisition, construction or reconstruction of barges or containers which are part of the complement of a qualified agreement vessel; or

(iii) The payment of the principal on indebtedness incurred in connection with the acquisition, construction or reconstruction of a qualified agreement vessel or a barge or container which is part of the complement of a qualified agreement vessel.

(2) *Tax aspects of a qualified withdrawal.* For the tax aspects of a qualified withdrawal, see section 607(g) of

the Act and §3.6 of the joint regulations (§391.6 of this chapter).

(b) *Purpose of qualified withdrawals—*

(1) *Acquisition of qualified agreement vessels.* (i) The term *acquisition of a qualified agreement vessel* shall mean any transaction, including a corporate merger, where the party obtains a proprietary interest in an existing vessel and such a proprietary interest will, in the opinion of the Maritime Administrator, further the purposes and policies of the Act. See §390.3 (relating to policy considerations).

(ii) Qualified withdrawals for the acquisition of a qualified agreement vessel shall only be allowed for amounts determined by independent appraisal to be the fair market value of the vessel, at the time of the acquisition, or the actual cost directly allocable to acquiring only the vessel, whichever is less.

(2) *Construction of qualified agreement vessels.* The term *construction of a qualified agreement vessel* shall mean the construction of a vessel with the aid of qualified withdrawals.

(3) *Reconstruction of qualified agreement vessels.* Once an agreement has been entered into, the term *reconstruction of a qualified agreement vessel* shall mean any improvement to an existing vessel which increases the vessel's competitiveness and involves an aggregate sum in excess of \$100,000. The Maritime Administrator may waive the monetary limit in this subparagraph in the case of small vessels.

(4) *Payment of principal on indebtedness.* Section 607(f)(1)(C) provides that any indebtedness which the party proposes to pay through qualified withdrawals must be shown to the satisfaction of the Maritime Administrator to have been incurred in direct connection with the acquisition, construction or reconstruction of a qualified agreement vessel. The fact that indebtedness is secured by an interest in a qualified agreement vessel is insufficient by itself to demonstrate the direct connection. It is not necessary that the lien or mortgage securing the indebtedness be on the vessel. For example, if the party mortgages an office building in order to finance the construction of a vessel, payments of principal on the

mortgage may be made with qualified withdrawals.

(c) *Limitations on qualified withdrawals—*(1) *Capitalized costs requirement.* All qualified withdrawals must be for costs which are capitalized under the Internal Revenue Code of 1954, as amended, and the regulations thereunder and so reported on the party's Federal Income Tax return.

(2) *Executed contract requirement and reimbursement of general funds.* Qualified withdrawals may be made for the purpose of reimbursing general funds subject to the following limitations:

(i) Qualified withdrawals may not be made until a construction, reconstruction or acquisition contract is executed. However, the party may reimburse its general funds for expenditures applicable to the construction, reconstruction or acquisition contract which occurred prior to the date of contracting if such reimbursements are made within 120 days from the date of such contracting.

(ii) The party may also reimburse its general funds for expenditures which could have been paid initially by a qualified withdrawal, if such reimbursements are made within 120 days of such expenditure.

(iii) The party may reimburse its general funds for expenditures made prior to the time an agreement or amendment is entered into, but after the party has made application therefor, if such expenditures would otherwise qualify for reimbursement pursuant to paragraphs (c)(3) (i) and (ii) of this section but for the fact that an agreement or amendment has not been executed, and if such reimbursement is effected within 120 days of the execution of an agreement or amendment.

(3) *Prepayment of indebtedness.* The party shall not prepay principal on indebtedness with qualified withdrawals without the prior written consent of the Maritime Administrator.

(4) *Qualified withdrawals paid to related persons.* A withdrawal, including payments for indebtedness, paid to a related person, within the meaning of section 482 of the Internal Revenue Code of 1954, as amended, and the regulations thereunder, shall not constitute a qualified withdrawal unless the Maritime Administrator determines that no

portion of such payment constitutes a dividend, a return of capital or a contribution of capital under the Internal Revenue Code. Transactions which include payments to a related person, will be approved if the cost of the item to be acquired, constructed or reconstructed through qualified withdrawals is or was at the time of the acquisition, construction or reconstruction its fair market value. The party must obtain the prior written permission of the Maritime Administrator before any qualified withdrawals may be paid to a related person. Any such withdrawal prior to approval shall be a nonqualified withdrawal.

(d) *Permission to make qualified withdrawals.* Once a program has been approved, prior approval of the Maritime Administrator is not required for specific qualified withdrawals except as provided in paragraphs (c)(4) and (c)(5) of this section. However, the Maritime Administrator will give prior approval to qualified withdrawals upon written request.

[41 FR 4265, Jan. 29, 1976, as amended at 55 FR 34929, Aug. 27, 1990]

§ 390.10 Nonqualified withdrawals.

(a) *In general*—(1) *Defined.* Any withdrawal from a fund which is not a qualified withdrawal is a nonqualified withdrawal.

(2) *Tax aspects of a nonqualified withdrawal.* For the tax aspects of a nonqualified withdrawal, see section 607(h) of the Act and § 3.7 of the joint regulations (§ 391.7 of this chapter).

(b) *Permission required*—(1) *In general.* The prior written permission of the Maritime Administrator is required before a nonqualified withdrawal may be made.

(2) *Failure to secure permission.* A nonqualified withdrawal made without the prior written permission of the Maritime Administrator shall constitute a material breach of the agreement unless the Maritime Administrator shall determine that failure to obtain prior written consent was excusable. See § 390.13 (relating to failure to fulfill a substantial obligation under the agreement).

(3) *Types of nonqualified withdrawals which will be permitted.* Generally, the Maritime Administrator will give per-

mission to make nonqualified withdrawals when:

(i) The party has incurred operating losses from the operations of agreement vessels which have impaired his working capital and it becomes necessary to reimburse its general funds to the extent of such losses;

(ii) The party desires to make an expenditure for research, development or design and such an expenditure is incident to new and advanced ship design, machinery and equipment;

(iii) The withdrawal would be a qualified withdrawal except for the fact that there is no tax basis left that can be reduced; or

(iv) The party demonstrates, to the satisfaction of the Maritime Administrator, that it cannot fulfill its program due to circumstances beyond its control or due to a change in circumstances which makes the completion of its program economically unfeasible.

§ 390.11 Sale or other disposition of agreement vessels.

(a) *Eligible agreement vessels.* The sale or other disposition (including mortgages) of eligible agreement vessels shall not require prior approval of the Maritime Administrator, but shall require written notification within 10 days after the sale or other disposition. Such notification shall include a description of the transaction, the identity of the transferee, the proceeds to be realized, the date of the transaction and whether the proceeds will be deposited into the fund.

(b) *Qualified agreement vessels*—(1) *In general.* If a qualified agreement vessel whose basis has been reduced through the application of qualified withdrawals is sold or disposed of (including mortgaged) within one year, interest on the amount of gain attributable to the basis reduction shall attach if the Maritime Administrator determines that the disposition was contrary to the policies of the Act, the joint regulations or these regulations. See § 390.13 (relating to failure to fulfill a substantial obligation under the agreement).

(2) *Period of one year defined.* The one-year period shall mean 365 days from

the date of final delivery from the shipyard in the case of construction or reconstruction and 365 days from the date of first loading of the vessel in the case of an acquisition.

(3) *Prior approval.* The party shall obtain the written approval of the Maritime Administrator prior to the sale or other disposition (including mortgage) of a qualified agreement vessel.

(4) *Deposit requirement.* The Maritime Administrator will not normally require the deposit of the net proceeds from the sale of a qualified agreement vessel but shall require the deposit of the net proceeds from the mortgage of a qualified agreement vessel for which qualified withdrawals from the fund have been made.

(c) *Sale or other disposition of agreement vessels to related persons—*(1) *In general.* Section 3.2(c)(4) of the joint regulations (§391.2(c)(4) of this chapter) requires that the net proceeds from the sale or other disposition of an agreement vessel shall be the fair market value of the vessel when the party and the purchaser are owned or controlled directly or indirectly by the same interests within the meaning of section 482 of the Internal Revenue Code of 1954, as amended, and the regulations thereunder. In such case, the party shall furnish data to establish that the amount realized or to be realized is the fair market value.

(2) *Data to be submitted.* Sufficient data must be submitted to support a determination by the Maritime Administrator of the fair market value including the original cost of the vessel, dates of original delivery, acquisition and reconstruction, as applicable, cost of improvements, sales price, costs of sale and any other information which would assist in making such determination.

§390.12 Liquidated damages.

(a) *Liquidated damages—*(1) *In general.* Each agreement entered into under section 607 of the Act shall contain a liquidated damages provision for the purpose of placing the party into its prefund position for each day a qualified agreement vessel is operated in violation of the geographic trading restrictions contained in the Act and §390.5. The liquidated damages provi-

sion requires that the party repay the time value of the deferral of Federal Income Tax which the party has received.

(2) *Calculation of liquidated damages.* The liquidated damages specified in this paragraph shall be calculated as follows:

(i) With respect to each vessel operated in violation of the applicable trading restrictions, add (A) the sum of qualified withdrawals for the vessel which have been made from the ordinary income and capital gain accounts to the date of breach, and (B) the amount of any unpaid principal on indebtedness for the vessel which may be paid from the fund less any portion of such amount which by operation of law must be withdrawn from the capital account balance on deposit in the fund on the date of the breach.

(ii) Multiply the total derived in paragraph (a)(2)(i) of this section by an assumed effective Federal Income Tax rate of 30 percent;

(iii) Compound the product derived in paragraph (a)(2)(ii) of this section at 8 percent annually (A) for 20 years, if the duration of the trading restrictions applicable to the vessel is 20 years in accordance with paragraph (b)(1)(i) of this section; (B) for 10 years, if the duration of the trading restrictions applicable to the vessel is 10 years in accordance with paragraphs (b)(1)(ii), (iii) or (iv) of this section; or (C) for 5 years, if the duration of the trading restrictions applicable to the vessel is 5 years in accordance with paragraph (b)(1)(iv) of this section.

(iv) Subtract the amount calculated in paragraph (a)(2)(ii) of this section from the product derived in paragraph (a)(2)(iii) of this section;

(v) Divide the result derived in paragraph (a)(2)(iv) of this section by 2; and

(vi) Divide the result derived in paragraph (a)(2)(v) of this section (A) by 7300 (days) if the duration of the trading restrictions applicable to the vessel is 20 years; (B) by 3650 (days) if the duration of the trading restrictions applicable to the vessel is 10 years; or (C) by 1825 (days) if the duration of the trading restrictions applicable to the vessel is 5 years.

(3) *Formula.* The calculation of the daily rate of liquidated damages may be reduced to the following formula:

$$X = [I(QT) - S]/2D$$

Where:

X = Daily rate in dollars.

Q = Summation of qualified withdrawals, other than withdrawals from the capital account, permitted from the fund.

T = Assumed effective tax rate of 30 pct.

S = Tax savings = $(Q)(T)$.

I = Discount factor to be applied for vessels subject to 20-yr trading restriction = 4.660957; for vessels subject to 10-yr trading restriction = 2.158925; for vessels subject to 5-yr trading restriction = 1.469328 (value of \$1 compounded at 8 pct for 20, 10, and 5 yr respectively).

D = 7,300 d for vessels subject to 20-yr trading restriction; 3,650 d for vessels subject to 10-yr trading restriction; 1,825 d for vessel subject to 5-yr trading restriction.

The formula may be further reduced to:

$$X = 0.5491436Q/7,300$$

for vessels subject to 20 year trading restriction,

$$X = 0.1738388Q/3,650$$

for vessels subject to 10 year trading restriction,

$$X = 0.0703992Q/1,825$$

for vessels subject to 5 year trading restriction.

(4) *Example.* The provisions of paragraphs (c)(2) and (c)(3) of this section may be illustrated by the following example:

Assume that a qualified agreement vessel has been constructed with qualified withdrawals from a fund. The total cost was \$20 million of which \$6 million was withdrawn from the fund for a downpayment. Pursuant to the agreement, an additional \$4 million may be withdrawn from the fund to pay principal on indebtedness. Thus, \$10 million has been or may be withdrawn from the fund with respect to this vessel. The daily rate of liquidated damages would be:

$$X = 0.5491436 (10,000,000)/7300 \text{ or } X = \$752.25$$

(5) *Payment of liquidated damages.* The amount derived in paragraph (a)(2) of this section shall be the daily rate of liquidated damages and shall be paid to the Maritime Administrator, for deposit in the Treasury of the United States, within 30 days from the date the qualified agreement vessel first entered the prohibited geographic trade and shall be for all amounts owing

from such date thereafter until the date payment is due. Payments, for continuing breaches, shall be made at 30 day intervals.

(6) *Other remedies.* Nothing in this paragraph shall diminish the Maritime Administrator's other remedies for breach under the Act, the rules and regulations or the agreement.

(b) *Duration of restrictions—(1) In general.* The geographic trading restrictions in the Act and §390.5 and the liquidated damages provision shall apply for:

(i) 20 years from the date of final delivery on qualified agreement vessels constructed or acquired within one year of final delivery from the shipyard with the aid of qualified withdrawals;

(ii) 10 years from the date of completion of reconstruction for qualified agreement vessels reconstructed with the aid of qualified withdrawals;

(iii) 10 years from the date of acquisition of qualified agreement vessels acquired with the aid of qualified withdrawals more than one year after final delivery of the vessel from the shipyard;

(iv) 10 years from the date of the first qualified withdrawal from the fund to pay the existing indebtedness on a qualified agreement vessel which was included in Schedule B for that purpose unless the qualified vessel was more than fifteen years old on the date of the first qualified withdrawal in which case the period shall be five years.

(2) *Transfer of qualified agreement vessel.* In the event a qualified agreement vessel is sold or transferred to another person (see paragraph (b)(3) of §390.11 requiring prior permission), the transferor shall require in the bill of sale that the transferee agree with the Maritime Administrator to comply with the geographic trading restrictions and to pay liquidated damages for any breach of such agreement that occurs after the transfer. The transferor shall remain liable for any violations that occurred prior to the approved transfer. However, in the case of a like kind exchange which is governed by section 1031 of the Internal Revenue Code of 1954, as amended, if the vessel acquired by the party has an economic life equal

to or greater than the length of the geographic trading restrictions that remain applicable to the transferred vessel, the acquired vessel shall be deemed to be a qualified agreement vessel and the geographic trading restrictions of the transferred vessel shall attach to the acquired vessel.

[41 FR 4265, Jan. 29, 1976 as amended at 42 FR 34283, July 5, 1977]

§ 390.13 Failure to fulfill a substantial obligation under the agreement.

(a) *In general.* Section 607(f)(2) of the Act requires the Maritime Administrator to determine whether there has been a failure to fulfill a substantial obligation under an agreement.

(b) *Contracting Officer's tentative conclusion—(1) Notice.* If the Contracting Officer tentatively concludes that any substantial obligation under the agreement, the joint regulations or these regulations is not being fulfilled by the party he shall serve written notice of his tentative conclusion upon the party by certified mail with return receipt requested. The notice shall contain the following information:

(i) A statement of the grounds upon which the tentative conclusion is based;

(ii) The amount the Contracting Officer tentatively concludes should be withdrawn as a nonqualified withdrawal; and

(iii) A statement that the tentative conclusion shall become a final decision unless the party requests, within 30 days, an opportunity either to cure its breach or to be heard and offer evidence in opposition to the tentative conclusion.

(2) *Effect of notice.* The notice of the tentative conclusion shall become a final decision as described in paragraph (d)(1) of this section, unless within 30 days of receipt of such a written notice the party by personal delivery or by certified mail, requests the opportunity either to cure its breach or to be heard and offer evidence in opposition to the tentative conclusion, in which case no further withdrawals from the fund, without the written prior approval of the Contracting Officer, shall be made by the party until a binding final decision is reached by the Maritime Administration.

(c) *Basis for Contracting Officer's tentative conclusion.* In determining whether a party has not fulfilled a substantial obligation under its agreement, the Contracting Officer shall consider among other things:

(1) The effect of the party's action or omission upon its ability to either carry out the purpose of the fund, accomplish its Schedule B program (see § 390.4(c)) or satisfy its minimum level of deposits in Schedule D (see § 390.4(e)).

(2) Whether the party has made material misrepresentations in connection with its application, agreement or any modification or amendment thereto or has failed to disclose material information that may affect its agreement or the purpose of the fund.

(d) *Contracting Officer's decision and appeals to the Maritime Administrator—*

(1) *Where there has not been a request to cure or to be heard.* If the Contracting Officer issues a written notice under paragraph (b) of this section and the party does not request within 30 days an opportunity either to cure its breach or to be heard and offer evidence in opposition to the tentative conclusion, the Contracting Officer's tentative conclusion shall become the final decision, which decision shall be final, conclusive and binding upon the party, and no appeal therefrom shall be taken to the Maritime Administrator.

(2) *Where there has been a request to cure or to be heard.* If the Contracting Officer issues a written notice under paragraph (b) of this section and the party requests within 30 days an opportunity either to cure its breach or to be heard and offer evidence in opposition to the tentative conclusion, the party shall be offered such an opportunity. Request to cure must include a proposal to cure the breach. If the Contracting Officer accepts the party's proposal to cure its breach, then such determination shall be final. A party requesting to be heard and offer evidence in opposition to the Contracting Officer's tentative conclusion shall be permitted to submit, in writing, any information, evidence or argument within a period set by the Contracting Officer after considering the wishes of the party. The Contracting Officer

shall reduce his final decision to writing and furnish the party a copy, by certified mail—return receipt requested, which decision shall be final and conclusive and shall bind the party unless within 30 days of receipt of the decision the party appeals from said decision by personal delivery or by certified mail to the Maritime Administrator with notice to the Contracting Officer.

(e) *Appeals to the Maritime Administrator.* Appeals with a request for a hearing on the record, if desired, are to be transmitted pursuant to paragraph (d) of this section and are to be addressed to the Maritime Administrator. Upon the filing of an appeal, the Contracting Officer shall transmit the entire record and a copy of his final decision to the Maritime Administrator. If a request for a hearing on the record is granted, the Maritime Administrator shall proceed pursuant to the Rules of Practice and Procedure in Part 201 of this title. The decision of the Maritime Administrator on any question of fact shall be final, conclusive and binding upon the party unless determined by a court of competent jurisdiction to be fraudulent, capricious, or arbitrary, or so grossly erroneous as necessarily to imply bad faith or is not supported by substantial evidence.

§ 390.14 Departmental reports and certification.

(a) *In general.* For each calendar year, the Secretary of Transportation shall provide the Secretary of the Treasury, within 120 days after the close of such calendar year, a written report with respect to those capital construction funds under the Secretary of Transportation's jurisdiction.

(b) *Content of reports.* Each report shall set forth the name and taxpayer identification number of each person:

- (1) Establishing a capital construction fund during such calendar year;
- (2) Maintaining a capital construction fund as of the last day of such calendar year;
- (3) Terminating a capital construction fund during such calendar year;
- (4) Making any withdrawal from or deposit into (and the amounts thereof) a capital construction fund during such calendar year; or

(5) With respect to which a determination has been made during such calendar year that such person has failed to fulfill a substantial obligation under any capital construction fund agreement to which such person is a party.

6. *Withdrawals from the Fund:* (A) The Party may make such qualified withdrawals (as that term is defined in the Act and the rules and regulations) as shall be necessary to fulfill the obligations set forth in Schedule B hereof. The amount shall be calculated in accordance with the rules and regulations.

(B) The Party agrees to pay the daily rate of liquidated damages to the Maritime Administrator, for deposit in the Treasury of the United States, within the time limits provided for in the rules and regulations.

§ 391.0 Statutory provisions; section 607, Merchant Marine Act, 1936, as amended.

SEC. 607 (a) Agreement Rules.

Any citizen of the United States owning or leasing one or more eligible vessels (as defined in subsection (k)(1)) may enter into an agreement with the Secretary of Transportation under, and as provided in, this section to establish a capital construction fund (hereinafter in this section referred to as the "fund") with respect to any or all of such vessels. Any agreement entered into under this section shall be for the purpose of providing replacement vessels, additional vessels, or reconstructed vessels, built in the United States and documented under the laws of the United States for operation in the United States foreign, Great Lakes, or noncontiguous domestic trade or in the fisheries of the United States and shall provide for the deposit in the fund of the amounts agreed upon as necessary or appropriate to provide for qualified withdrawals under subsection (f). The deposits in the fund, and all withdrawals from the fund, whether qualified or nonqualified, shall be subject to such conditions and requirements as the Secretary of Transportation may by regulations prescribe or are set forth in such agreement; except that the Secretary of Transportation may not require any person to deposit in the fund for any taxable year more than 50 percent of that portion of such person's taxable income for such year (computed in the manner provided in subsection (b)(1)(A)) which is attributable to the operation of the agreement vessels.

(b) Ceiling on Deposits.

(1) The amount deposited under subsection (a) in the fund for any taxable year shall not exceed the sum of:

(A) That portion of the taxable income of the owner or lessee for such year (computed as provided in chapter 1 of the Internal Revenue

Code of 1954 but without regard to the carryback of any net operating loss or net capital loss and without regard to this section) which is attributable to the operation of the agreement vessels in the foreign or domestic commerce of the United States or in the fisheries of the United States.

(B) The amount allowable as a deduction under section 167 of the Internal Revenue Code of 1954 for such year with respect to the agreement vessels.

(C) If the transaction is not taken into account for purposes of subparagraph (A), the net proceeds (as defined in joint regulations) from (i) the sale or other disposition of any agreement vessel, or (ii) insurance or indemnity attributable to any agreement vessel, and

(D) The receipts from the investment or reinvestment of amounts held in such fund.

(2) In the case of a lessee, the maximum amount which may be deposited with respect to an agreement vessel by reason of paragraph (1)(B) for any period shall be reduced by any amount which, under an agreement entered into under this section, the owner is required or permitted to deposit for such period with respect to such vessel by reason of paragraph (1)(B).

(3) For purposes of paragraph (1), the term *agreement vessel* includes barges and containers which are part of the complement of such vessel and which are provided for in the agreement.

(c) Requirements as to Investments.

Amounts in any fund established under this section shall be kept in the depository or depositories specified in the agreement and shall be subject to such trustee and other fiduciary requirements as may be specified by the Secretary of Transportation. They may be invested only in interest-bearing securities approved by the Secretary of Transportation; except that, if the Secretary of Transportation consents thereto, an agreed percentage (not in excess of 60 percent) of the assets of the fund may be invested in the stock of domestic corporations. Such stock must be currently fully listed and registered on an exchange registered with the Securities and Exchange Commission as a national securities exchange, and must be stock which would be acquired by prudent men of discretion and intelligence in such matters who are seeking a reasonable income and the preservation of their capital. If at any time the fair market value of the stock in the fund is more than the agreed percentage of the assets in the fund, any subsequent investment of amounts deposited in the fund, and any subsequent withdrawal from the fund, shall be made in such a way as to tend to restore the fund to a situation in which the fair market value of the stock does not exceed such agreed percentage. For purposes of this subsection, if the common

stock of a corporation meets the requirements of this subsection, and if the preferred stock of such corporation would meet such requirements but for the fact that it cannot be listed and registered as required because it is nonvoting stock, such preferred stock shall be treated as meeting the requirements of this subsection.

(d) Nontaxability for Deposits.

(1) For purposes of the Internal Revenue Code of 1954—

(A) Taxable income (determined without regard to this section) for the taxable year shall be reduced by an amount equal to the amount deposited for the taxable year out of amounts referred to in subsection (b)(1)(A).

(B) Gain from a transaction referred to in subsection (b)(1)(C) shall not be taken into account if an amount equal to the net proceeds (as defined in joint regulations) from such transaction is deposited in the fund.

(C) The earnings (including gains and losses) from the investment and reinvestment of amounts held in the fund shall not be taken into account.

(D) The earnings and profits of any corporation (within the meaning of section 316 of such Code) shall be determined without regard to this section, and

(E) In applying the tax imposed by section 531 of such Code (relating to the accumulated earnings tax), amounts while held in the fund shall not be taken into account.

(2) Paragraph (1) shall apply with respect to any amount only if such amount is deposited in the fund pursuant to the agreement and not later than the time provided in joint regulations.

(e) Establishment of Accounts.

For purposes of this section—

(1) Within the fund established pursuant to this section three accounts shall be maintained:

- (A) The capital account,
- (B) The capital gain account, and
- (C) The ordinary income account.

(2) The capital account shall consist of—

(A) Amounts referred to in subsection (b)(1)(B),

(B) Amounts referred to in subsection (b)(1)(C) other than that portion thereof which represents gain not taken into account by reason of subsection (d)(1)(B),

(C) 85 percent of any dividend received by the fund with respect to which the person maintaining the fund would (but for subsection (d)(1)(C)) be allowed a deduction under section 243 of the Internal Revenue Code of 1954, and

(D) Interest income exempt from taxation under section 103 of such Code.

(3) The capital gain account shall consist of—

(A) Amounts representing capital gains on assets held for more than 6 months and referred to in subsection (b)(1)(C) or (b)(1)(D), reduced by—

(B) Amounts representing capital losses on assets held in the fund for more than 6 months.

(4) The ordinary income account shall consist of—

(A) Amounts referred to in subsection (b)(1)(A),

(B)(i) Amounts representing capital gains on assets held for 6 months or less and referred to in subsection (b)(1)(C) or (b)(1)(D), reduced by—

(ii) Amounts representing capital losses on assets held in the fund for 6 months or less,

(C) Interest (not including any tax-exempt interest referred to in paragraph (2)(D)) and other ordinary income (not including any dividend referred to in subparagraph (E)) received on assets held in the fund,

(D) Ordinary income from a transaction described in subsection (b)(1)(C), and

(E) 15 percent of any dividend referred to in paragraph (2)(C).

(5) Except on termination of a fund, capital losses referred to in paragraph (3)(B) or in paragraph (4)(B)(ii) shall be allowed only as an offset to gains referred to in paragraph (3)(A) or (4)(B)(i), respectively.

(f) Purposes of Qualified Withdrawals.

(1) A qualified withdrawal from the fund is one made in accordance with the terms of the agreement but only if it is for:

(A) The acquisition, construction, or reconstruction of a qualified vessel,

(B) The acquisition, construction, or reconstruction of barges and containers which are part of the complement of a qualified vessel, or

(C) The payment of the principal on indebtedness incurred in connection with the acquisition, construction or reconstruction of a qualified vessel or a barge or container which is part of the complement of a qualified vessel.

Except to the extent provided in regulations prescribed by the Secretary of Transportation, subparagraph (B), and so much of subparagraph (C) as relates only to barges and containers, shall apply only with respect to barges and containers constructed in the United States.

(2) Under joint regulations, if the Secretary of Transportation determines that any substantial obligation under any agreement is not being fulfilled, he may, after notice and opportunity for hearing to the person maintaining the fund, treat the entire fund or any portion thereof as an amount withdrawn from the fund in a nonqualified withdrawal.

(g) Tax Treatment of Qualified Withdrawals.

(1) Any qualified withdrawal from a fund shall be treated—

(A) First as made out of the capital account,

(B) Second as made out of the capital gain account, and

(C) Third as made out of the ordinary income account.

(2) If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the ordinary income account, the basis of such vessel, barge, or container shall be reduced by an amount equal to such portion.

(3) If any portion of a qualified withdrawal for a vessel, barge, or container is made out of the capital gain account, the basis of such vessel, barge, or container shall be reduced by an amount equal to—

(A) Five-eighths of such portion, in the case of a corporation (other than an electing small business corporation, as defined in section 1371 of the Internal Revenue Code of 1954), or

(B) One-half of such portion, in the case of any other person.

(4) If any portion of a qualified withdrawal to pay the principal on any indebtedness is made out of the ordinary income account or the capital gain account, then an amount equal to the aggregate reduction which would be required by paragraphs (2) and (3) if this were a qualified withdrawal for a purpose described in such paragraphs shall be applied, in the order provided in joint regulations, to reduce the basis of vessels, barges, and containers owned by the person maintaining the fund. Any amount of a withdrawal remaining after the application of the preceding sentence shall be treated as a non-qualified withdrawal.

(5) If any property the basis of which was reduced under paragraph (2), (3), or (4) is disposed of, any gain realized on such disposition, to the extent it does not exceed the aggregate reduction in the basis of such property under such paragraphs, shall be treated as an amount referred to in subsection (h)(3)(A) which was withdrawn on the date of such disposition. Subject to such conditions and requirements as may be provided in joint regulations, the preceding sentence shall not apply to a disposition where there is a redeposit in an amount determined under joint regulations which will insofar as practicable, restore the fund to the position it was in before the withdrawal.

(h) Tax Treatment of Nonqualified Withdrawals.

(1) Except as provided in subsection (i), any withdrawal from a fund which is not a qualified withdrawal shall be treated as a non-qualified withdrawal.

(2) Any nonqualified withdrawal from a fund shall be treated—

(A) First as made out of the ordinary income account,

(B) Second as made out of the capital gain account, and

(C) Third as made out of the capital account.

For purposes of this section, items withdrawn from any account shall be treated as withdrawn on a first-in-first-out basis; ex-

cept that (i) any nonqualified withdrawal for research, development, and design expenses incident to new and advanced ship design, machinery and equipment, and (ii) any amount treated as a nonqualified withdrawal under the second sentence of subsection (g)(4), shall be treated as withdrawn on a last-in-first-out basis.

(3) For purposes of the Internal Revenue Code of 1954—

(A) Any amount referred to in paragraph (2)(A) shall be included in income as an item of ordinary income for the taxable year in which the withdrawal is made.

(B) Any amount referred to in paragraph (2)(B) shall be included in income for the taxable year in which the withdrawal is made as an item of gain realized during such year from the disposition of an asset held for more than 6 months, and

(C) For the period on or before the last date prescribed for payment of tax for the taxable year in which this withdrawal is made—

(i) No interest shall be payable under section 6601 of such Code and no addition to the tax shall be payable under section 6651 of such Code.

(ii) Interest on the amount of the additional tax attributable to any item referred to in subparagraph (A) or (B) shall be paid at the applicable rate (as defined in paragraph (4)) from the last date prescribed for payment of the tax for the taxable year for which such item was deposited in the fund, and

(iii) No interest shall be payable on amounts referred to in clauses (i) and (ii) of paragraph (2) or in the case of any non-qualified withdrawal arising from the application of the recapture provision of section 606(5) of the Merchant Marine Act of 1936 as in effect on December 31, 1969.

(4) For purposes of paragraph (3)(C)(ii), the applicable rate of interest for any non-qualified withdrawal—

(A) Made in a taxable year beginning in 1970 or 1971 is 8 percent, or

(B) Made in a taxable year beginning after 1971, shall be determined and published jointly by the Secretary of the Treasury and the Secretary of Transportation and shall bear a relationship to 8 percent which the Secretaries determine under joint regulations to be comparable to the relationship which the money rates and investment yields for the calendar year immediately preceding the beginning of the taxable year bear to the money rates and investment yields for the calendar year 1970.

(i) Certain Corporate Reorganizations and Changes in Partnerships.

Under joint regulations—

(1) A transfer of a fund from one person to another person in a transaction to which section 381 of the Internal Revenue Code of 1954 applies may be treated as if such transaction did not constitute a nonqualified withdrawal, and

(2) A similar rule shall be applied in the case of a continuation of a partnership (within the meaning of subchapter K of such Code).

(j) Treatment of Existing Funds.

(1) Any person who was maintaining a fund or funds (hereinafter in this subsection referred to as “old fund”) under this section (as in effect before the enactment of this subsection) may elect to continue such old fund but—

(A) May not hold moneys in the old fund beyond the expiration date provided in the agreement under which such old fund is maintained (determined without regard to any extension or renewal entered into after April 14, 1970),

(B) May not simultaneously maintain such old fund and a new fund established under this section, and

(C) If he enters into an agreement under this section to establish a new fund, may agree to the extension of such agreement to some or all of the amounts in the old fund.

(2) In the case of any extension of an agreement pursuant to paragraph (1)(C), each item in the old fund to be transferred shall be transferred in a nontaxable transaction to the appropriate account in the new fund established under this section. For purposes of subsection (h)(3)(C), the date of the deposit of any item so transferred shall be July 1, 1971, or the date of the deposit in the old fund, whichever is the later.

(c) *Code.* For purposes of this part, the term *Code* means the Internal Revenue Code of 1954, as amended.

§ 391.2 Ceiling on deposits.

(a) *In general*—(1) *Total ceiling.* Section 607(b) of the Act provides a ceiling on the amount which may be deposited by a party for a taxable year pursuant to an agreement. The amount which a party may deposit into a fund may not exceed the sum of the following subceilings:

(i) The lower of (a) the taxable income (if any) of the party for such year (computed as provided in chapter 1 of the Code but without regard to the carryback of any net operating loss or net capital loss and without regard to section 607 of the Act) or (b) taxable in-

come (if any) of such party for such year attributable under paragraph (b) of this section to the operation of agreement vessels (as defined in paragraph (f) of this section) in the foreign or domestic commerce of the United States or in the fisheries of the United States (see section 607(b)(1)(A) of the Act),

(ii) Amounts allowable as a deduction under section 167 of the Code for such year with respect to the agreement vessels (see section 607(b)(1)(B) of the Act),

(iii) The net proceeds (if not included in paragraph (a)(i) of this section) from (a) the sale or other disposition of any agreement vessels or (b) insurance or indemnity attributable to any agreement vessels (see section 607(b)(1)(C) of the Act and paragraph (c) of this section), and

(iv) Earnings and gains from the investment or reinvestment of amounts held in such fund (see section 607(b)(1)(D) of the Act and paragraphs (d) and (g) of this section).

(2) *Overdeposits.* (i) If for any taxable year an amount is deposited into the fund under a subceiling computed under paragraph (a)(1) of this section which is in excess of the amount of such subceiling for such year, then at the party's option such excess (or any portion thereof) may—

(a) Be treated as a deposit into the fund for that taxable year under another available subceiling, or

(b) Be treated as not having been deposited for the taxable year and thus, at the party's option, may be disposed of either by it being—

(1) Treated as a deposit into the fund under any subceiling available in the first subsequent taxable year in which a subceiling is available, in which case such amount shall be deemed to have been deposited on the first day of such subsequent taxable year, or

(2) Repaid to the party from the fund.

(ii)(a) When a correction is made for an overdeposit, proper adjustment shall be made with respect to all items for all taxable years affected by the overdeposit, such as, for example, amounts in each account described in § 391.4, treatment of nonqualified withdrawals, the consequences of qualified withdrawals and the treatment of

losses realized or treated as realized by the fund. Thus, for example, if the party chooses to have the fund repay to him the amount of an overdeposit, amounts in each account, basis of assets, and any affected item will be determined as though no deposit and repayment had been made. Accordingly, in such a case, if there are insufficient amounts in an account to cover a repayment of an overdeposit (as determined before correcting the overdeposit), and the party had applied the proceeds of a qualified withdrawal from such account towards the purchase of a qualified vessel (within the meaning of § 391.11(a)(2)), then such account and the basis of the vessel shall be adjusted as of the time such withdrawal was made and proceeds were applied, and repayment shall be made from such account as adjusted. If a party chooses to treat the amount of an overdeposit as a deposit under a subceiling for a subsequent year, similar adjustments to affected items shall be made. If the amount of a withdrawal would have exceeded the amount in the fund (determined after adjusting all affected amounts by reason of correcting the overdeposit), the withdrawal to the extent of such excess shall be treated as a repayment made at the time the withdrawal was made.

(b) If the accounts (as defined in § 391.4) that were increased by reason of excessive deposits contain sufficient amounts at the time the overdeposit is discovered to repay the party, the party may, at his option, demand repayment of such excessive deposits from such accounts in lieu of making the adjustments required by paragraph (a)(2)(ii)(a) of this section.

(iii) During the period beginning with the day after the date an overdeposit was actually made and ending with the date it was disposed of in accordance with paragraph (a)(2)(i)(b) of this section, there shall be included in the party's gross income for each taxable year the earnings attributed to any amount of overdeposit on hand during such a year. The earnings attributable to any amount of overdeposit on hand during a taxable year shall be an amount equal to the product of—

(a) The average daily earnings for each one dollar in the fund (as deter-

mined in paragraph (a)(2)(iv) of this section),

(b) The amount of overdeposit (as determined in paragraph (a)(2)(vi) of this section), and

(c) The number of days during the taxable year the overdeposit existed.

(iv) For purposes of paragraph (a)(2)(iii)(a) of this section, the average daily earnings for each dollar in the fund shall be determined by dividing the total earnings of the fund for the taxable year by the sum of the products of—

(a) Any amount on hand during the taxable year (determined under paragraph (a)(2)(v) of this section), and

(b) The number of days during the taxable year such amount was on hand in the fund.

(v) For purposes of this paragraph—

(a) An amount on hand in the fund or an overdeposit shall not be treated as on hand on the day deposited but shall be treated as on hand on the day withdrawn, and

(b) The fair market value of such amounts on hand for purposes of this subparagraph shall be determined as provided in § 20.2031-2 of the Estate Tax Regulations of this chapter but without applying the blockage and other special rules contained in paragraph (e) thereof.

(vi) For purposes of paragraph (a)(2)(iii)(b) of this section, the amount of overdeposit on hand at any time is an amount equal to—

(a) The amount deposited into the fund under a subceiling computed under paragraph (a)(1) of this section which is in excess of the amount of such subceiling, less

(b) The sum of—

(1) Amounts described in paragraph (a)(2)(vi)(a) of this section treated as a deposit under another subceiling for the taxable year pursuant to paragraph (a)(2)(i) of this section,

(2) Amounts described in paragraph (a)(2)(vi)(a) of this section disposed of (or treated as disposed of) in accordance with paragraphs (a)(2)(i) or (ii) of this section prior to such time.

(vii) To the extent earnings attributed under paragraph (a)(2)(iii) of this section represent a deposit for any taxable year in excess of the subceiling described in paragraph (a)(1)(iv) of this

section for receipts from the investment or reinvestment of amounts held in the fund, such attributed earnings shall be subject to the rules of this paragraph for overdeposits.

(3) *Underdeposit caused by audit adjustment.* [Reserved]

(4) *Requirements for deficiency deposits.* [Reserved]

(b) *Taxable income attributable to the operation of an agreement vessel*—(1) *In general.* For purposes of this section, taxable income attributable to the operation of an agreement vessel means the amount, if any, by which the gross income of a party for the taxable year from the operation of an agreement vessel (as defined in paragraph (f) of this section) exceeds the allowable deductions allocable to such operation (as determined under paragraph (b)(3) of this section). The term *taxable income attributable to the operation of the agreement vessels* means the sum of the amounts described in the preceding sentence separately computed with respect to each agreement vessel (or share therein) or, at the party's option, computed in the aggregate.

(2) *Gross income.* (i) Gross income from the operation of agreement vessels means the sum of the revenues which are derived during the taxable year from the following:

(a) Revenues derived from the transportation of passengers, freight, or mail in such vessels, including amounts from contracts for the charter of such vessels to others, from operating differential subsidies, from collections in accordance with pooling agreements and from insurance or indemnity net proceeds relating to the loss of income attributable to such agreement vessels.

(b) Revenues derived from the operation of agreement vessels relating to commercial fishing activities, including the transportation of fish, support activities for fishing vessels, charters for commercial fishing, and insurance or indemnity net proceeds relating to the loss of income attributable to such agreement vessels.

(c) Revenues from the rental lease, or use by others of terminal facilities, revenues from cargo handling operations and tug and lighter operations, and revenues from other services or op-

erations which are incidental and directly related to the operation of an agreement vessel. Thus, for example, agency fees, commissions, and brokerage fees derived by the party at his place of business for effecting transactions for services incidental and directly related to shipping for the accounts of other persons are includible in gross income from the operation of agreement vessels where the transaction is of a kind customarily consummated by the party for his own account at such place of business.

(d) Dividends, interest, and gains derived from assets set aside and reasonably retained to meet regularly occurring obligations relating to the shipping or fishing business directly connected with the agreement vessel which obligations cannot at all times be met from the current revenues of the business because of layups or repairs, special surveys, fluctuations in the business, and reasonably foreseeable strikes (whether or not a strike actually occurs), and security amounts retained by reason of participation in conferences, pooling agreements, or similar agreements.

(ii) The items of gross income described in paragraphs (b)(2)(i) (c) and (d) of this section shall be considered to be derived from the operations of a particular agreement vessel in the same proportion that the sum of the items of gross income described in paragraphs (b)(2)(i) (a) and (b) of this section which are derived from the operations of such agreement vessel bears to the party's total gross income for the taxable year from operations described in paragraphs (b)(2)(i) (a) and (b) of this section.

(iii) In the case of a party who uses his own or leased agreement vessels to transport his own products, the gross income attributable to such vessel operations is an amount determined to be an arm's length charge for such transportation. The arm's length charge shall be determined by applying the principles of section 482 of the Code and the regulations thereunder as if the party transporting the product and the owner of the product were not the same person but were controlled taxpayers within the meaning of §1.482-1(a)(4) of the Income Tax Regulations of this

chapter. Gross income attributable to the operation of agreement vessels does not include amounts for which the party is allowed a deduction for percentage depletion under sections 611 and 613 of the Code.

(3) *Deductions.* From the gross income attributable to the operation of an agreement vessel or vessels as determined under paragraph (b)(2) of this section, there shall be deducted in accordance with the principles of §1.861-8 of the Income Tax Regulations of this chapter, the expenses, losses, and other deductions definitely related and therefore allocated and apportioned thereto and a ratable part of any expenses, losses, or other deductions which are not definitely related to any gross income of the party. Thus, for example, if a party has gross income attributable to the operation of an agreement vessel and other gross income and has a particular deduction definitely related to both types of gross income, such deductions must be apportioned between the two types of gross income on a reasonable basis in determining the taxable income attributable to the operation of the agreement vessel.

(4) *Net operating and capital loss deductions.* The taxable income of a party attributable to the operation of agreement vessels shall be computed without regard to the carryback of any net operating loss deduction allowed by section 172 of the Code, the carryback of any net capital loss deduction allowed by section 165(f) of the Code, or any reduction in taxable income allowed by section 607 of the Act.

(5) *Method of accounting.* Taxable income must be computed under the method of accounting which the party uses for Federal income tax purposes. Such method may include a method of reporting whereby items of revenue and expense properly allocable to voyages in progress at the end of any accounting period are eliminated from the computation of taxable income for such accounting period and taken into account in the accounting period in which the voyage is completed.

(c) *Net proceeds from transactions with respect to agreement vessels.* [Reserved]

(d) *Earnings and gains from the investment or reinvestment of amounts held in a*

fund—(1) *In general.* (i) Earnings and gains received or accrued by a party from the investment or reinvestment of assets in a fund is the total amount of any interest or dividends received or accrued, and gains realized, by the party with respect to assets deposited in, or purchased with amounts deposited in, such fund. Such earnings and gains are therefore required to be included in the gross income of the party unless such amount, or a portion thereof, is not taken into account under section 607(d)(1)(C) of the Act and §391.3(b)(2)(ii) by reason of a deposit or deemed deposit into the fund. For rules relating to receipts from the sale or other disposition of nonmoney deposits into the fund, see paragraph (g) of this section.

(ii) Earnings received or accrued by a party from investment or reinvestment of assets in a fund include the ratable monthly portion of original issue discount included in gross income pursuant to section 1232(a)(3) of the Code. Such ratable monthly portion shall be deemed to be deposited into the ordinary income account of the fund, but an actual deposit representing such ratable monthly portion shall not be made. For basis of a bond or other evidence of indebtedness issued at a discount, see §391.3(b)(2)(ii)(b).

(2) *Gain realized.* (i) The gain realized with respect to assets in the fund is the excess of the amount realized (as defined in section 1001(b) of the Code and the regulations thereunder) by the fund on the sale or other disposition of a fund asset over its adjusted basis (as defined in section 1011 of the Code) to the fund. For the adjusted basis of nonmoney deposits, see paragraph (g) of this section.

(ii) Property purchased by the fund (including property considered under paragraph (g)(1)(iii) of this section as purchased by the fund) which is withdrawn from the fund in a qualified withdrawal (as defined in §391.5) is treated as a disposition to which subdivision (i) of this subparagraph applies. For purposes of determining the amount by which the balance within a particular account will be reduced in the manner provided in §391.6(b) (relating to order of application of qualified withdrawals against accounts) and for

purposes of determining the reduction in basis of a vessel, barge, or container (or share therein) pursuant to § 391.6(c), the value of the property is its fair market value on the day of the qualified withdrawal.

(3) *Holding Period.* Except as provided in paragraph (g) of this section, the holding period of fund assets shall be determined under section 1223 of the Code.

(e) *Leased vessels.* In the case of a party who is a lessee of an agreement vessel, the maximum amount which such lessee may deposit with respect to any agreement vessel by reason of section 607(b)(1)(B) of the Act and paragraph (a)(1)(ii) of this section (relating to depreciation allowable) for any period shall be reduced by the amount (if any) which, under an agreement entered into under section 607 of the Act, the owner is required or permitted to deposit for such period with respect to such vessel by reason of section 607(b)(1)(B) of the Act and paragraph (a)(1)(ii) of this section. The amount of depreciation depositable by the lessee under this paragraph is the amount of depreciation deductible by the lessor on its income tax return, reduced by the amount described in the preceding sentence or the amount set forth in the agreement, whichever is lower.

(f) *Definition of agreement vessel.* For purposes of this section, the term *agreement vessel* (as defined in § 391.11 (a)(3) and 46 CFR 390.6) includes barges and containers which are the complement of an agreement vessel and which are provided for in the agreements, agreement vessels which have been contracted for or are in the process of construction, and any shares in an agreement vessel. Solely for purposes of this section, a party is considered to have a "share" in an agreement vessel if he has a right to use the vessel to generate income from its use whether or not the party would be considered as having a proprietary interest in the vessel for purposes of State or Federal law. Thus, a partner may enter into an agreement with respect to his share of the vessel owned by the partnership and he may make deposits of his distributive share of the sum of the four subceilings described in paragraph (a)(1) of this section. Notwithstanding

the provisions of Subchapter K of the Code (relating to the taxation of partners and partnerships), the Internal Revenue Service will recognize, solely for the purposes of applying this part, an agreement by an owner of a share in an agreement vessel even though the "share" arrangement is a partnership for purposes of the Code.

(g) *Special rules for nonmoney deposits and withdrawals—*(1) *In general.* (i) Deposits may be made in the form of money or property of the type permitted to be deposited under the agreement. (For rules relating to the types of property which may be deposited into the fund, see 46 CFR 390.7(d), and 50 CFR Part 259.) For purposes of this paragraph, the term *property* does not include money.

(ii) Whether or not the election provided for in paragraph (g)(2) of this section is made—

(a) The amount of any property deposit, and the fund's basis for property deposited in the fund, is the fair market value of the property at the time deposited, and

(b) The fund's holding period for the property begins on the day after the deposit is made.

(iii) Unless such an election is made, deposits of property into a fund are considered to be a sale at fair market value of the property, a deposit of cash equal to such fair market value, and a purchase by the fund of such property for cash. Thus, in the absence of the election, the difference between the fair market value of such property deposited and its adjusted basis shall be taken into account as gain or loss for purposes of computing the party's income tax liability for the year of deposit.

(iv) For fund's basis and holding period of assets purchased by the fund, see paragraphs (d) (2) and (3) of this section.

(2) *Election not to treat deposits of property other than money as a sale or exchange at the time of deposit.* A party may elect to treat a deposit of property as if no sale or other taxable event had occurred on the date of deposit. If such election is made, in the taxable year the fund disposes of the property, the party shall recognize as gain or loss the amount he would have recognized

on the day the property was deposited into the fund had the election not been made. The party's holding period with respect to such property shall not include the period of time such property was held by the fund. The election shall be made by a statement to that effect, attached to the party's Federal income tax return for the taxable year to which the deposit relates, or, if such return is filed before such deposit is made, attached to the party's return for the taxable year during which the deposit is actually made.

(3) *Effect of qualified withdrawal of property deposited pursuant to election.* If property deposited into a fund, with respect to which an election under paragraph (g)(2) of this section is made, is withdrawn from the fund in a qualified withdrawal (as defined in §391.5) such withdrawal is treated as a disposition of such property resulting in recognition by the party of gain or loss (if any) as provided in paragraph (g)(2) of this section with respect to nonfund property. In addition, such withdrawal is treated as a disposition of such property by the fund resulting in recognition of gain or loss by the party with respect to fund property to the extent the fair market value of the property on the date of withdrawal is greater or less (as the case may be) than the adjusted basis of the property to the fund on such date. For purposes of determining the amount by which the balance within a particular account will be reduced in the manner provided in §391.6(b) (relating to order of application of qualified withdrawals against accounts and for purposes of determining the reduction in basis of a vessel, barge, or container (or share therein) pursuant to §391.6(c), the value of the property is its fair market value on the day of the qualified withdrawal. For rules relating to the effect of a qualified withdrawal of property purchased by the fund (including deposited property considered under paragraph (g)(1)(iii) of this section as purchased by the fund), see paragraph (d)(2)(ii) of this section.

(4) *Effect of nonqualified withdrawal of property deposited pursuant to election.* If property deposited into a fund with respect to which an election under paragraph (g)(2) of this section is made, is

withdrawn from the fund in a nonqualified withdrawal (as defined in §391.7(b)), no gain or loss is to be recognized by the party with respect to fund property or nonfund property but an amount equal to the adjusted basis of the property to the fund is to be treated as a nonqualified withdrawal. Thus, such amount is to be applied against the various accounts in the manner provided in §391.7(c), such amount is to be taken into account in computing the party's taxable income as provided in §391.7(d), and such amount is to be subject to interest to the extent provided for in §391.7(e). In the case of withdrawals to which this subparagraph applies, the adjusted basis of the property in the hands of the party is the adjusted basis on the date of deposit, increased or decreased by the adjustments made to such property while held in the fund, and in determining the period for which the party has held the property there shall be included, in addition to the period the fund held the property, the period for which the party held the property before the date of deposit of the property into the fund. For rules relating to the basis and holding period of property purchased by the fund (including deposited property considered under paragraph (g)(1)(ii) of this section as purchased by the fund) and withdrawn in a nonqualified withdrawal see §391.7(f).

(5) *Examples.* The provisions of this paragraph are illustrated by the following examples:

Example (1). X Corporation, which uses the calendar year as its taxable year, maintains a fund described in §391.1 X's taxable income (determined without regard to section 607 of the Act) is \$100,000, of which \$80,000 is taxable income attributable to the operation of agreement vessels (as determined under paragraph (b)(1) of this section). Under the agreement, X is required to deposit into the fund all earnings and gains received from the investment or reinvestment of amounts held in the fund, an amount equal to the net proceeds from transactions referred to in §391.2(c), and an amount equal to 50 percent of its earnings attributable to the operation of agreement vessels provided that such 50 percent does not exceed X's taxable income from all sources for the year of deposit. The agreement permits X to make voluntary deposits of amounts equal to 100 percent of its earnings attributable to the operation of agreement vessels, subject to the limitation

with respect to taxable income from all sources. The agreement also provides that deposits attributable to such earnings may be in the form of cash or other property. On March 15, 1973, X deposits, with respect to its 1972 earnings attributable to the operation of agreement vessels, stock with a fair market value at the time of deposit of \$80,000 and an adjusted basis to X of \$10,000. Such deposit represents agreement vessel income of \$80,000. At the time of deposit, such stock had been held by X for a period exceeding 6 months. X does not elect under subparagraph (2) of this paragraph to defer recognition of the gain. Accordingly, under subparagraph (1)(iii) of this paragraph, the deposit is treated as a deposit of \$80,000 and X realizes a long-term capital gain of \$70,000 on March 15, 1973.

Example (2). The facts are the same as in example (1), except that X elects in accordance with subparagraph (2) of this paragraph not to treat the deposit as a sale or exchange. On July 1, 1974, the fund sells the stock for \$85,000. The basis to the fund of the stock is \$80,000 (see subparagraph (1)(ii)(a) of this paragraph). With respect to non fund property, X recognizes \$70,000 of long-term capital gain on the sale includible in its gross income for 1974. With respect to fund property, X realizes \$5,000 of long-term capital gain (the difference between the amount received by the fund on the sale of the stock, \$85,000, and the basis to the fund of the stock, \$80,000), an amount equal to which is required to be deposited into the fund with respect to 1974, as a gain from the investment or reinvestment of amounts held in the fund. Since the fund held the stock for a period exceeding 6 months, the \$5,000 is allocated to the fund's capital gain account under § 391.4(c).

Example (3). The facts are the same as in example (2), except that the fund sells the stock on July 1, 1974, for \$75,000. As the basis to the fund of the stock is \$80,000 with respect to fund property, X realizes a long-term capital loss on the sale (the difference between the amount received by the fund on the sale of the stock, \$75,000, and the basis to the fund of the stock, \$80,000), of \$5,000, an amount equal to which is required to be charged against the fund's capital gain account under § 391.4(e). Under subparagraph (2) of this paragraph, X recognizes \$70,000 of long-term capital gain with respect to nonfund property on the sale which is includible in its gross income for 1974.

Example (4). The facts are the same as in example (2), except that on July 1, 1974, X makes a qualified withdrawal (as defined in § 391.5(a)) of the stock and uses it to pay indebtedness pursuant to § 391.5(b). On the disposition by X considered to occur under subparagraph (3) of this paragraph on the qualified withdrawal, X recognizes \$70,000 of long-term capital gain with respect to nonfund

property, which is includible in its gross income for 1974, and a long-term capital gain of \$5,000 with respect to fund property, an amount equal to which is allocated to the fund's capital gain account under § 391.4(c). The fund is treated as having a qualified withdrawal of an amount equal to the fair market value of the stock on the day of withdrawal, \$85,000 (see subparagraph (3) of this paragraph). In addition, \$85,000 is applied against the various accounts in the order provided in § 391.6(b). The basis of the vessel with respect to which the indebtedness was incurred is to be reduced as provided in § 391.6(c).

Example (5). The facts are the same as in example (2), except that X withdraws the stock from the fund in a nonqualified withdrawal (as defined in § 391.7(b)). Under subparagraph (4) of this paragraph, X recognizes no gain or loss with respect to fund or nonfund property on such withdrawal. An amount equal to the basis of the stock to the fund (\$80,000) is applied against the various accounts in the order provided in § 391.7(c), and is taken into account in computing X's taxable income for 1974 as provided in § 391.7(d). In addition, X must pay interest on the withdrawal as provided in § 391.7(e). The basis to X of the stock is \$10,000 notwithstanding the fact that the fair market value of such stock was \$85,000 on the day of withdrawal (see paragraph (g)(4) of this section).

§ 391.3 Nontaxability of deposits.

(a) *In general.* Section 607(d) of the Act sets forth the rules concerning the income tax effects of deposits made with respect to ceilings described in section 607(b) and § 391.2. The specific treatment of deposits with respect to each of the subceilings is set forth in paragraph (b) of this section.

(b) *Treatment of deposits—(1) Earnings of agreement vessels.* Section 607(d)(1)(A) of the Act provides that taxable income of the party (determined without regard to section 607 of the Act) shall be reduced by an amount equal to the amount deposited for the taxable year out of amounts referred to in section 607(b)(1)(A) of the Act and § 391.2(a)(1)(i). For computation of the foreign tax credit, see paragraph (i) of this section.

(2) *Net proceeds from agreement vessels and fund earnings.* (i)(a) Section 607(d)(1)(B) provides that gain from a transaction referred to in section 607(b)(1)(C) of the Act and § 391.2(a)(1)(iii) (relating to ceilings on deposits of net proceeds from the sale

or other disposition of agreement vessels) is not to be taken into account for purposes of the Code if an amount equal to the net proceeds from transactions referred to in such sections is deposited in the fund. Such gain is to be excluded from gross income of the party for the taxable year to which such deposit relates. Thus, the gain will not be taken into account in applying section 1231 of the Code for the year to which the deposit relates.

(b) [Reserved]

(ii)(a) Section 607(d)(1)(C) of the Act provides that the earnings (including gains and losses) from the investment and reinvestment of amounts held in the fund and referred to in section 607(b)(1)(D) of the Act and § 391.2(a)(1)(iv) shall not be taken into account for purposes of the Code if an amount equal to such earnings is deposited into the fund. Such earnings are to be excluded from the gross income of the party for the taxable year to which such deposit relates.

(b) However, for purposes of the basis adjustment under section 1232(a)(3)(E) of the Code, the ratable monthly portion of original issue discount included in gross income shall be determined without regard to section 607(d)(1)(C) of the Act.

(iii) In determining the tax liability of a party to whom paragraph (b)(1) of this section applies, taxable income, determined after application of paragraph (b)(1) of this section, is in effect reduced by the portion of deposits which represent gain or earnings respectively referred to in paragraph (b)(2) (i) or (ii) of this section. The excess, if any, of such portion over taxable income determined after application of paragraph (b)(1) of this section is taken into account in computing the net operating loss (under section 172 of the Code) for the taxable year to which such deposits relate.

(3) *Time for making deposits.* (i) This section applies with respect to an amount only if such amount is deposited in the fund pursuant to the agreement and not later than the time provided in paragraph (b)(2) (ii), (iii), or (iv) of this section for the making of such deposit or the date the Secretary of Transportation provides, whichever is earlier.

(ii) Except as provided in paragraph (b)(2) (iii) or (iv) of this section, a deposit may be made not later than the last day prescribed by law (including extensions thereof) for filing the party's Federal income tax return for the taxable year to which such deposit relates.

(iii) If the party is a subsidized operator under an operating-differential subsidy contract, and does not receive on or before the 59th day preceding such last day, payment of all or part of the accrued operating-differential subsidy payable for the taxable year, the party may deposit an amount equivalent to the unpaid accrued operating-differential subsidy on or before the 60th day after receipt of payment of the accrued operating-differential subsidy.

(iv) A deposit pursuant to § 391.2(a)(3)(i) (relating to underdeposits caused by audit adjustments) must be made on or before the date prescribed for such a deposit in § 391.2(a)(4).

(4) *Date of deposits.* (i) Except as otherwise provided in paragraphs (b)(4) (ii) and (iii) of this section (with respect to taxable years beginning after December 31, 1969, and prior to January 1, 1972), in § 391.2(a)(2)(i), or in § 391.10(b), deposits made in a fund within the time specified in paragraph (b)(3) of this section are deemed to have been made on the date of actual deposit.

(ii)(a) For taxable years beginning after December 31, 1969, and prior to January 1, 1971, where an application for a fund is filed by a taxpayer prior to January 1, 1972, and an agreement is executed and entered into by the taxpayer prior to March 1, 1972,

(b) For taxable years beginning after December 31, 1970, and prior to January 1, 1972, where an application for a fund is filed by a taxpayer prior to January 1, 1973, and an agreement is executed and entered into by the taxpayer prior to March 1, 1973, and

(c) For taxable years beginning after December 31, 1971, and prior to January 1, 1975, where an agreement is executed and entered into by the taxpayer on or prior to the due date, with extensions, for the filing of his Federal income tax return for such taxable year, deposits in a fund which are made within 60 days after the date of execution of the agreement, or on or before the due

date, with extensions thereof, for the filing of his Federal income tax return for such taxable year or years, whichever date shall be later, shall be deemed to have been made on the date of the actual deposit or as of the close of business of the last regular business day of each such taxable year or years to which such deposits relate, whichever day is earlier.

(iii) Notwithstanding paragraph (b)(4)(ii) of this section, for taxable years beginning after December 31, 1970, and ending prior to January 1, 1972, deposits made later than the last date permitted under paragraph (b)(4)(ii) but on or before January 9, 1973, in a fund pursuant to an agreement with the Secretary of Transportation acting by and through the Administrator of the National Oceanic and Atmospheric Administration, shall be deemed to have been made on the date of the actual deposit or as of the close of business of the last regular business day of such taxable year, whichever is earlier.

(c) *Determination of earnings and profits.* [Reserved]

(d) *Accumulated earnings tax.* As provided in section 607(d)(1)(E) of the Act amounts, while held in the fund, are not to be taken into account in computing the "accumulated taxable income" of the party within the meaning of section 531 of the Code. Amounts while held in the fund are considered held for the purpose of acquiring, constructing, or reconstructing a qualified vessel or barges and containers which are part of the complement of a qualified vessel or the payment of the principal on indebtedness incurred in connection with any such acquisition, construction, or reconstruction. Thus, for example, if the reasonable needs of the business (within the meaning of section 537 of the Code) justify a greater amount of accumulation for providing replacement vessels than can be satisfied out of the fund, such greater amount accumulated outside of the fund shall be considered to be accumulated for the reasonable needs of the business. For a further example, although amounts in the fund are not taken into account in applying the tax imposed by section 531 of the Code, to the extent there are amounts in a fund

to provide for replacing a vessel, amounts accumulated outside of the fund to replace the same vessel are not considered to be accumulated for the reasonable needs of the business.

(e) *Nonapplicability of section 1231.* If an amount equivalent to gain from a transaction referred to in section 607(b)(1)(C) of the Act and § 391.2(c) (1) and (5) is deposited into the fund and, therefore, such gain is not taken into account in computing gross income under the provisions of paragraph (b)(2) of this section, then such gain will not be taken into account for purposes of the computations under section 1231 of the Code.

(f) *Deposits of capital gains.* In respect of capital gains which are not included in the gross income of the party by virtue of a deposit to which section 607(d) of the Act and this section apply, the following provisions of the Code do not apply; the minimum tax for tax preferences imposed by section 56 of the Code; the alternative tax imposed by section 1201 of the Code on the excess of the party's net long-term capital gain over his net short-term capital loss; and, in the case of a taxpayer other than a corporation, the deduction provided by section 1202 of the Code of 50 percent of the amount of such excess. However, section 56 may apply upon a nonqualified withdrawal with respect to amounts treated under § 391.7(d)(2) as being made out of the capital gain account.

(g) *Deposits of dividends.* The deduction provided by section 243 of the Code (relating to the deductions for dividends from a domestic corporation received by a corporation) shall not apply in respect of dividends (earned on assets held in the fund) which are deposited into a fund, and which, by virtue of such deposits and the provisions of section 607(d) of the Act and this section, are not included in the gross income of the party.

(h) *Presumption of validity of deposit.* All amounts deposited in the fund shall be presumed to have been deposited pursuant to an agreement unless, after an examination of the facts upon the request of the Commissioner of Internal Revenue or his delegate, the Secretary of Transportation determines otherwise. The Commissioner or his

delegate will request such a determination where there is a substantial question as to whether a deposit is made in accordance with an agreement.

(i) *Special rules for application of the foreign tax credit*—(1) *In general.* For purposes of computing the limitation under section 904 of the Code on the amount of the credit provided by section 901 of the Code (relating to the foreign tax credit), the party's taxable income from any source without the United States and the party's entire taxable income are to be determined after application of section 607(d) of the Act. Thus, amounts deposited for the taxable year with respect to amounts referred to in section 607(b)(1)(A) of the Act and § 391.2(a)(1)(i) (relating to taxable income attributable to the operation of agreement vessels) shall be treated as a deduction in arriving at the party's taxable income from sources without the United States (subject to the apportionment rules and paragraph (i)(2) of this section) and the party's entire taxable income for the taxable year. Amounts deposited with respect to gain described in section 607(d)(1)(B) of the Act and § 391.2(c) (relating to net proceeds from the sale or other disposition of an agreement vessel and net proceeds from insurance or indemnity) and amounts deposited with respect to earnings described in section 607(d)(1)(C) of the Act and paragraph (b)(2)(ii) (relating to earnings from the investment and reinvestment of amounts held in a fund) of this section are not taken into account for purposes of the Code and hence are not included in the party's taxable income from sources without the United States or in the party's entire taxable income for purposes of this paragraph.

(2) *Apportionment of taxable income attributable to agreement vessels.* For purposes of computing the overall limitation under section 904(a)(2) of the Code the amount of the deposit made with respect to taxable income attributable to agreement vessels pursuant to § 391.2(a)(1)(i) which is allocable to sources without the United States is the total amount of such deposit multiplied by a fraction the numerator of which is the gross income from sources without the United States from the op-

eration of agreement vessels and the denominator of which is the total gross income from the operation of agreement vessels computed as provided in § 391.2(b)(2). For purposes of this paragraph, gross income from sources without the United States attributable to the operation of agreement vessels is to be determined under sections 61 through 863 of the Code and under the taxpayer's usual method of accounting provided such method is reasonable and in keeping with sound accounting practice. Any computation under the per-country limitation of section 904(a)(1) shall be made in the manner consistent with the provisions of the preceding sentences of this paragraph.

§ 391.4 Establishment of accounts.

(a) *In general.* Section 607(e)(1) of the Act requires that three bookkeeping or memorandum accounts are to be established and maintained within the fund: The capital account, the capital gain account, and the ordinary income account. Deposits of the amounts under the subceilings in section 607(b) of the Act and § 391.2 are allocated among the accounts under section 607(e) of the Act and this section.

(b) *Capital account.* The capital account shall consist of:

(1) Amounts referred to in section 607(b)(1)(B) of the Act and § 391.2(a)(1)(ii) (relating to deposits for depreciation),

(2) Amounts referred to in section 607(b)(1)(C) of the Act and § 391.2(a)(1)(iii) (relating to deposits of net proceeds from the sale or other disposition of agreement vessels) other than that portion thereof which represents gain not taken into account for purposes of computing gross income by reason of section 607(d)(1)(B) of the Act and § 391.3(b)(2) (relating to nontaxability of gain from the sale or other disposition of an agreement vessel),

(3) Amounts representing 85 percent of any dividend received by the fund with respect to which the party would, but for section 607(d)(1)(C) of the Act and § 391.3(b)(2)(ii) (relating to nontaxability of deposits of earnings from investment and reinvestment of amounts held in a fund), be allowed a deduction under section 243 of the Code, and

(4) Amounts received by the fund representing interest income which is exempt from taxation under section 103 of the Code.

(c) *Capital gain account.* The capital gain account shall consist of amounts which represent the excess of (1) deposits of long-term capital gains on property referred to in section 607(b)(1) (C) and (D) of the Act and § 391.2(a)(1) (iii) and (iv) (relating respectively to certain agreement vessels and fund assets), over (2) amounts representing losses from the sale or exchange of assets held in the fund for more than 6 months (for purposes of this section referred to as “long-term capital losses”). For purposes of this paragraph and paragraph (d)(2) of this section, an agreement vessel disposed of at a gain shall be treated as a capital asset to the extent that gain thereon is not treated as ordinary income, including gain which is ordinary income under section 607(g)(5) of the Act (relating to treatment of gain on disposition of a vessel with a reduced basis) and § 391.6(e) or under section 1245 of the Code (relating to gain from disposition of certain depreciable property). For provisions relating to the treatment of short-term capital gains on certain transactions involving agreement vessels or realized by the fund, see paragraph (d) of this section. For rules relating to the treatment of capital losses on assets held in the fund, see paragraph (e) of this section.

(d) *Ordinary income account.* The ordinary income account shall consist of:

(1) Amounts referred to in section 607(b)(1)(A) of the Act and § 391.2(a)(1)(i) (relating to taxable income attributable to the operation of an agreement vessel),

(2) Amounts representing (i) deposits of gains from the sale or exchange of capital assets held for 6 months or less (for purposes of this section referred to as “short-term capital gains”) referred to in section 607(b)(1) (C) or (D) of the Act and § 391.2(a)(1) (iii) and (iv) (relating respectively to certain agreement vessels and fund assets), reduced by (ii) amounts representing losses from the sale or exchange of capital assets held in the fund for 6 months or less (for purposes of this section referred to as “short-term capital losses”). For rules

relating to the treatment of certain agreement vessels as capital assets, see paragraph (c) of this section,

(3) Amounts representing interest (not including any tax-exempt interest referred to in section 607(e)(2)(D) of the Act and paragraph (b)(4) of this section) and other ordinary income received on assets held in the fund (not including any dividend referred to in section 607(e)(2)(C) of the Act and paragraph (d)(5) of this section),

(4) Amounts representing ordinary income from a transaction (involving certain net proceeds with respect to an agreement vessel) described in section 607(b)(1)(C) of the Act and § 391.2(a)(1)(iii), including gain which is ordinary income under section 607(g)(5) of the Act and § 391.6(e) (relating to treatment of gain on the disposition of a vessel with a reduced basis) or under section 1245 of the Code (relating to gain from disposition of certain depreciable property), and

(5) Fifteen percent of any dividend referred to in section 607(e)(2)(C) of the Act and paragraph (b)(3) of this section received on any assets held in the fund.

(e) *Limitation on deduction for capital losses on assets held in a fund.* Except on termination of a fund, long-term (and short-term) capital losses on assets held in a fund shall be allowed only as an offset to long-term (and short-term) capital gains on assets held in the fund, but only if such gains are deposited into the fund, and shall not be allowed as an offset to any capital gains on assets not held in the fund. The net long-term capital loss of the fund for the taxable year shall reduce the earliest long-term capital gains in the capital gain account at the beginning of the taxable year and the next short-term capital loss for the taxable year shall reduce the earliest short-term capital gains remaining in the ordinary income account at the beginning of the taxable year. Any such losses that are in excess of the capital gains in the respective accounts shall reduce capital gains deposited into the respective accounts in subsequent years (without regard to section 1212, relating to capital loss carrybacks and carryovers). On termination of a fund, any net long-term capital loss in the capital gain account and any net short-term capital

loss remaining in the ordinary income accounts is to be taken into account for purposes of computing the party's taxable income for the year of termination as a long-term or short-term (as the case may be) capital loss recognized in the year the fund is terminated. With respect to the determination of the basis to a fund of assets held in such fund, see § 391.2(g).

§ 391.5 Qualified withdrawals.

(a) *In general.* (1) A qualified withdrawal is one made from the fund during the taxable year which is in accordance with section 670(f)(1) of the Act, the agreement, and with regulations prescribed by the Secretary of Transportation and which is for the acquisition, construction, or reconstruction of a qualified vessel (as defined in § 391.11(a)(2)) or barges and containers which are part of the complement of a qualified vessel (or shares in such vessels, barges, and containers), or for the payment of the principal of indebtedness incurred in connection with the acquisition construction, or reconstruction of such qualified vessel (or a barge or container which is part of the complement of a qualified vessel).

(2) For purposes of this section the term *share* is used to reflect an interest in a vessel and means a proprietary interest in a vessel such as, for example, that which results from joint ownership. Accordingly, a share within the meaning of § 391.2(f) (relating to the definition of "agreement vessel" for the purpose of making deposits) will not necessarily be sufficient to be treated as a share within the meaning of this section.

(3) For purposes of this section, the term *acquisition* means any of the following:

(i) Any acquisition, but only to the extent the basis of the property acquired in the hands of the transferee is its cost. Thus, for example, if a party transfers a vessel and \$1 million in an exchange for another vessel which qualifies for nonrecognition of gain or loss under section 1031(a) of the Code (relating to like-kind exchange), there is an acquisition to the extent of \$1 million.

(ii) With respect to a lessee's interest in a vessel, expenditures which result

in increasing the amounts with respect to which a deduction for depreciation (or amortization in lieu thereof) is allowable.

(b) *Payments on indebtedness.* Payments on indebtedness may constitute qualified withdrawals only if the party shows to the satisfaction of the Secretary of Transportation a direct connection between incurring the indebtedness and the acquisition, construction, or reconstruction of a qualified vessel or its complement of barges and containers whether or not the indebtedness is secured by the vessel or its complement of barges and containers. The fact that an indebtedness is secured by an interest in a qualified vessel, barge, or container is insufficient by itself to demonstrate the necessary connection.

(c) *Payments to related persons.* Notwithstanding paragraph (a) of this section, payments from a fund to a person owned or controlled directly or indirectly by the same interests as the party within the meaning of section 482 of the Code and the regulations thereunder are not to be treated as qualified withdrawals unless the party demonstrates to the satisfaction of the Secretary of Transportation that no part of such payment constitutes a dividend, a return of capital, or a contribution to capital under the Code.

(d) *Treatment of fund upon failure to fulfill obligations.* Section 607(f)(2) of the Act provides that if the Secretary of Transportation determines that any substantial obligation under the agreement is not being fulfilled, he may, after notice and opportunity for hearing to the party, treat the entire fund, or any portion thereof, as having been withdrawn as a nonqualified withdrawal. In determining whether a party has breached a substantial obligation under the agreement, the Secretary will consider among other things, (1) the effect of the party's action or omission upon his ability to carry out the purposes of the fund and for which qualified withdrawals are permitted under section 607(f)(1) of the Act, and (2) whether the party has made material misrepresentations in connection

with the agreement or has failed to disclose material information. For the income tax treatment of nonqualified withdrawals, see § 391.7.

§ 391.6 Tax treatment of qualified withdrawals.

(a) *In general.* Section 607(g) of the Act and this section provide rules for the income tax treatment of qualified withdrawals including the income tax treatment on the disposition of assets acquired with fund amounts.

(b) *Order of application of qualified withdrawals against accounts.* A qualified withdrawal from a fund shall be treated as being made: First, out of the capital account; second, out of the capital gain account; and third, out of the ordinary income account. Such withdrawals will reduce the balance within a particular account on a first-in-first-out basis, the earliest qualified withdrawals reducing the items within an account in the order in which they were actually deposited or deemed deposited in accordance with this part. The date funds are actually withdrawn from the fund determines the time at which withdrawals are considered to be made.

(c) *Reduction of basis.* (1) If any portion of a qualified withdrawal for the acquisition, construction, or reconstruction of a vessel, barge, or container (or share therein) is made out of the ordinary income account, the basis of such vessel, barge, or container (or share therein) shall be reduced by an amount equal to such portion.

(2) If any portion of a qualified withdrawal for the acquisition, construction or reconstruction of a vessel, barge, or container (or share therein) is made out of the capital gain account, the basis of such vessel, barge, or container (or share therein) shall be reduced by an amount equal to—

(i) Five-eighths of such portion, in the case of a corporation (other than an electing small business corporation, as defined in section 1371 of the Code), or

(ii) One-half of such portion, in the case of any other person.

(3) If any portion of a qualified withdrawal to pay the principal of an indebtedness is made out of the ordinary income account or the capital gain account, then the basis of the vessel,

barge, or container (or share therein) with respect to which such indebtedness was incurred is reduced in the manner provided by paragraphs (c) (1) and (2) of this section. If the aggregate amount of such withdrawal from the ordinary income account and capital gain account would cause a basis reduction in excess of the party's basis in such vessel, barge, or container (or share therein), the excess is applied against the basis of other vessels, barges, or containers (or shares therein) owned by the party at the time of withdrawal in the following order: (i) Vessels, barges, or containers (or shares therein) which were the subject of qualified withdrawals in the order in which they were acquired, constructed, or reconstructed; (ii) agreement vessels (as defined in section 607(k)(3) of the Act and § 391.11(a)(3)) and barges and containers which are part of the complement of an agreement vessel (or shares therein) which were not the subject of qualified withdrawals, in the order in which such vessels, barges, or containers (or shares therein) were acquired by the party; and (iii) other vessels, barges, and containers (or shares therein), in the order in which they were acquired by the party. Any amount of a withdrawal remaining after the application of this paragraph is to be treated as a nonqualified withdrawal. If the indebtedness was incurred to acquire two or more vessels, barges, or containers (or shares therein), then the basis reduction in such vessels, barges, or containers (or shares therein) is to be made pro rata in proportion to the adjusted basis of such vessels, barges, or containers (or shares therein) computed, however, without regard to this section and adjustments under section 1016(a) (2) and (3) of the Code for depreciation or amortization.

(d) *Basis for depreciation.* For purposes of determining the allowance for depreciation under section 167 of the Code in respect of any property which has been acquired, constructed, or reconstructed from qualified withdrawals, the adjusted basis for determining gain on such property is determined after applying paragraph (c) of this section. In the case of reductions in the basis of

any property resulting from the application of paragraph (c)(3) of this section, the party may adopt a method of accounting whereby (1) payments shall reduce the basis of the property on the day such payments are actually made, or (2) payments made at any time during the first half of the party's taxable year shall reduce the basis of the property on the first day of the taxable year, and payments made at any time during the second half of the party's taxable year shall reduce the basis of the property on the first day of the succeeding taxable year. For requirements respecting the change of methods of accounting, see § 1.446–1(e)(3) of the Income Tax Regulations of this chapter.

(e) *Ordinary income treatment of gain from disposition of property acquired with qualified withdrawals.* [Reserved]

§ 391.7 Tax treatment of nonqualified withdrawals.

(a) *In general.* Section 607(h) of the Act provides rules for the tax treatment of nonqualified withdrawals, including rules for adjustments to the various accounts of the fund, the inclusion of amounts in income, and the payment of interest with respect to such amounts.

(b) *Nonqualified withdrawals defined.* Except as provided in section 607 of the Act and § 391.8 (relating to certain corporate reorganizations, changes in partnerships, and transfers by reason of death), any withdrawal from a fund which is not a qualified withdrawal shall be treated as a nonqualified withdrawal which is subject to tax in accordance with section 607(h) of the Act and the provisions of this section. Examples of nonqualified withdrawals are amounts remaining in a fund upon termination of the fund, and withdrawals which are treated as nonqualified withdrawals under section 607(f)(2) of the Act and § 391.5(d) (relating to failure by a party to fulfill substantial obligation under agreement) or under the second sentence of section 607(g)(4) of the Act and § 391.6(c)(3) (relating to payments against indebtedness in excess of basis).

(c) *Order of application of nonqualified withdrawals against deposits.* A nonqualified withdrawal from a fund shall

be treated as being made: First, out of the ordinary income account; second, out of the capital gain account; and third, out of the capital account. Such withdrawals will reduce the balance within a particular account on a first-in-first-out basis, the earliest nonqualified withdrawals reducing the items within an account in the order in which they were actually deposited or deemed deposited in accordance with this part. Nonqualified withdrawals for research, development, and design expenses incident to new and advanced ship design, machinery, and equipment, and any amount treated as a nonqualified withdrawal under the second sentence of section 607(g)(4) of the Act and § 391.6(c)(3), shall be applied against the deposits within a particular account on a last-in-first-out basis. The date funds are actually withdrawn from the fund determines the time at which withdrawals are considered to be made. For special rules concerning the withdrawal of contingent deposits of net proceeds from the installment sale of an agreement vessel, see § 391.2(c)(6).

(d) *Inclusion in income.* (1) Any portion of a nonqualified withdrawal which, under paragraph (c) of this section, is treated as being made out of the ordinary income account is to be included in gross income as an item of ordinary income for the taxable year in which the withdrawal is made.

(2) Any portion of a nonqualified withdrawal which, under paragraph (c) of this section, is treated as being made out of the capital gain account is to be included in income as an item of long-term capital gain recognized during the taxable year in which the withdrawal is made.

(3) For effect upon a party's taxable income of capital losses remaining in a fund upon the termination of a fund (which, under paragraph (b) of this section, is treated as a nonqualified withdrawal of amounts remaining in the fund), see § 391.4(e).

(e) *Interest.* (1) For the period on or before the last date prescribed by law, including extensions thereof, for filing the party's Federal income tax return for the taxable year during which a nonqualified withdrawal is made, no interest shall be payable under section 6601 of the Code in respect of the tax on

any item which is included in gross income under paragraph (d) of this section, and no addition to such tax for such period shall be payable under section 6651 of the Code. In lieu of the interest and additions to tax under such sections, simple interest on the amount of the tax attributable to any item included in gross income under paragraph (d) of this section is to be paid at the rate of interest determined for the year of withdrawal under paragraph (e)(2) of this section. Such interest is to be charged for the period from the last date prescribed for payment of tax for the taxable year for which such item was deposited in the fund to the last date for payment of tax for the taxable year in which the withdrawal is made. Both dates are to be determined without regard to any extensions of time for payment. Interest determined under this paragraph which is paid within the taxable year shall be allowed as a deduction for such year under section 163 of the Code. However, such interest is to be treated as part of the party's tax for the year of withdrawal for purposes of collection and in determining any interest or additions to tax for the year of withdrawal under section 6601 or 6651, respectively, of the Code.

(2) For purposes of section 607(h)(3)(C)(ii) of the Act, and for purposes of certain dispositions of vessels constructed, reconstructed, or acquired with qualified withdrawals described in § 391.6(e), the applicable rate of interest for any nonqualified withdrawal—

(i) Made in a taxable year beginning in 1970 and 1971 is 8 percent.

(ii) Made in a taxable year beginning after 1971, the rate for such year as determined and published jointly by the Secretary of the Treasury or his delegate and the Secretary of Transportation. Such rate shall bear a relationship to 8 percent which the Secretaries determine to be comparable to the relationship which the money rates and investment yields for the calendar year immediately preceding the beginning of the taxable year bear to the money rates and investment yields for the calendar year 1970. The determination of the applicable rate for any such taxable year will be computed by multiplying 8 percent by the ratio which

(a) the average yield on 5-year Treasury securities for the calendar year immediately preceding the beginning of such taxable year, bears to (b) the average yield on 5-year Treasury securities for the calendar year 1970. The applicable rate so determined shall be computed to the nearest one-hundredth of 1 percent. If such a determination and publication is made, the latest published percentage shall apply for any taxable year beginning in the calendar year with respect to which publication is made.

(3) No interest shall be payable in respect of taxes on amounts referred to in section 607(h)(2) (i) and (ii) of the Act (relating to withdrawals for research and development and payments against indebtedness in excess of basis) or in the case of any nonqualified withdrawal arising from the application of the recapture provision of section 606(5) of the Merchant Marine Act, 1936, as in effect on December 31, 1969.

(f) *Basis and holding period in the case of property purchased by the fund or considered purchased by the fund.* In the case of a nonqualified withdrawal of property other than money which was purchased by the fund (including deposited property considered under § 391.2(g)(1)(ii) as purchased by the fund), the adjusted basis of the property in the hands of the party is its adjusted basis to the fund on the day of the withdrawal. In determining the period for which the taxpayer has held the property withdrawn in a nonqualified withdrawal, there shall be included only the period beginning with the date on which the withdrawal occurred. For basis and holding period in the case of nonqualified withdrawals of property other than money deposited into the fund, see § 391.2(g)(4).

§ 391.8 Certain corporate reorganizations and changes in partnerships, and certain transfers on death. [Reserved]

§ 391.9 Consolidated returns. [Reserved]

§ 391.10 Transitional rules for existing funds.

(a) *In general.* Section 607(j) of the Act provides that any person who was

maintaining a fund or funds under section 607 of the Merchant Marine Act, 1936, prior to its amendment by the Merchant Marine Act of 1970 (for purposes of this part referred to as “old fund”) may continue to maintain such old fund in the same manner as under prior law subject to the limitations contained in section 607(j) of the Act. Thus, a party may not simultaneously maintain such old fund and a new fund established under the Act.

(b) *Extension of agreement to new fund.* If a person enters into an agreement under the Act to establish a new fund, he may agree to the extension of such agreement to some or all of the amounts in the old fund and transfer the amounts in the old fund to which the agreement is to apply from the old fund to the new fund. If an agreement to establish a new fund is extended to amounts from an old fund, each item in the old fund to which such agreement applies shall be considered to be transferred to the appropriate account in the new fund in a nontaxable transaction which is in accordance with the provisions of the agreement under which such old fund was maintained. For purposes of determining the amount of interest under section 607(h)(3)(C) of the Act and § 391.7(e), the date of deposit of any item so transferred shall be deemed to be July 1, 1971, or the date of the deposit in the old fund, whichever is the later.

§ 391.11 Definitions.

(a) As used in the regulations in this part and as defined in section 607(k) of the Act—

(1) The term *eligible vessel* means any vessel—

(i) Constructed in the United States, and if reconstructed, reconstructed in the United States,

(ii) Documented under the laws of the United States, and

(iii) Operated in the foreign or domestic commerce of the United States

or in the fisheries of the United States. Any vessel which was constructed outside of the United States but documented under the laws of the United States on April 15, 1970, or constructed outside the United States for use in the U.S. foreign trade pursuant to a contract entered into before April 15, 1970, shall be treated as satisfying the requirements of paragraph (a)(1) of this section and the requirements of paragraph (a)(2)(i) of this section.

(2) The term *qualified vessel* means any vessel—

(i) Constructed in the United States and, if reconstructed, reconstructed in the United States,

(ii) Documented under the laws of the United States, and

(iii) Which the person maintaining the fund agrees with the Secretary of Transportation will be operated in the U.S. foreign, Great Lakes, or noncontiguous domestic trade or in the fisheries of the United States.

(3) The term *agreement vessel* means any eligible vessel or qualified vessel which is subject to an agreement entered into under section 607 of the Act.

(4) The term *vessel* includes cargo handling equipment which the Secretary of Transportation determines is intended for use primarily on the vessel. The term *vessel* also includes an ocean-going towing vessel or an ocean-going barge or comparable towing vessel or barge operated in the Great Lakes.

(b) Insofar as the computation and collection of taxes are concerned, other terms used in the regulation in this part, except as otherwise provided in the Act or this part, have the same meaning as in the Code and the regulations thereunder.
